The conference agreement provides \$152,000,000 for salaries and expenses of the Treasury Inspector General for Tax Administration (TIGTA) as proposed by the Senate, instead of \$149,000,000 as proposed by the House.

#### SPECIAL INSPECTOR GENERAL FOR THE TROUBLED ASSET RELIEF PROGRAM

##### SALARIES AND EXPENSES

The conference agreement provides \$23,300,000 for salaries and expenses of the Office of the Special Inspector General for the Troubled Asset Relief Program (SIGTARP). The Emergency Economic Stabilization Act (Public Law 110-343) provided the SIGTARP with a direct appropriation of \$50,000,000 to cover the costs of its audit, investigative and related expenses. It is the understanding of the conferees that this funding level is adequate to allow the SIGTARP to continue its work only for a portion of fiscal year 2010. The conferees have provided additional budget authority in this Act to allow the critical work of the SIGTARP to continue for the entirety of fiscal year 2010.

#### FINANCIAL CRIMES ENFORCEMENT NETWORK

##### SALARIES AND EXPENSES

The conference agreement provides \$111,010,000 for salaries and expenses of the Financial Crimes Enforcement Network (FinCEN), instead of \$117,760,000 as proposed by the House and \$104,260,000 as proposed by the Senate. The conference agreement provides an increase of \$8,250,000 above the budget request. The conferees modify Senate report language and direct that, of the increase above the budget request, not less than \$2,000,000 be used to improve collaboration with other Financial Intelligence Units (FIUs) around the world regarding international anti-money laundering and counterterrorism financing efforts, and to help FIUs to build and strengthen investigative and analytical capabilities.

FinCEN is directed to submit a semiannual report to the House and Senate Appropriations Committees summarizing the agency's progress regarding its information technology modernization effort, including milestones planned and achieved, progress on cost and schedule, management of contractor oversight, strategies to involve stakeholders, and acquisition management efforts.

#### TREASURY FORFEITURE FUND (RESCISSION)

The conference agreement includes a rescission of \$90,000,000 of the unobligated balances in the Treasury Forfeiture Fund, instead of \$50,000,000 as proposed by both the House and the Senate.

The conferees direct the Department to provide information in the Department of the Treasury fiscal year 2011 budget request, as well as updates every 60 days thereafter, on the projected amount of Super Surplus available for obligation in fiscal year 2011.

#### FINANCIAL MANAGEMENT SERVICE SALARIES AND EXPENSES

The conference agreement provides \$244,132,000 for salaries and expenses of the Financial Management Service (FMS) as proposed by both the House and the Senate. *Treasury Securities Sold to Foreign Investors.*—The conferees reiterate the House language requesting that FMS include in the Monthly Treasury Statement the amounts of Treasury securities sold to foreign investors

in the most recent month of available data, as well as a breakdown, by country, of foreign ownership of Treasury securities.

**Federal Government Payment of Card Transaction Fees.**—The conferees reiterate the Senate language regarding the Federal Government's payment of interchange and other fees on credit and debit card transactions and direct FMS to report to the House and Senate Appropriations Committees, within 180 days of enactment of this Act, on the potential cost savings and other benefits to the Federal Government if FMS were able to effectively negotiate (1) changes in the rates and fees assessed by card networks and (2) modifications to the rules and regulations of the card networks which restrict the Federal Government's ability to determine the types of card payments it accepts and the methods by which its transactions are processed.

#### ALCOHOL AND TOBACCO TAX AND TRADE BUREAU

##### SALARIES AND EXPENSES

The conference agreement provides \$103,000,000 for salaries and expenses of the Alcohol and Tobacco Tax and Trade Bureau as proposed by the Senate, instead of \$99,500,000 as proposed by the House. Within this amount, \$3,000,000, available until September 30, 2011, is provided for the hiring, training, and equipping of special agents and related support personnel.

#### UNITED STATES MINT

##### UNITED STATES MINT PUBLIC ENTERPRISE FUND

The conference agreement provides that not more than \$26,700,000 in new liabilities and obligations may be incurred during fiscal year 2010 for circulating coinage and protective service capital investments of the U.S. Mint, as proposed by both the House and the Senate.

#### BUREAU OF THE PUBLIC DEBT

##### ADMINISTERING THE PUBLIC DEBT

The conference agreement provides \$192,244,000 for costs associated with administering the public debt, as proposed by both the House and the Senate. The conference agreement further directs that \$10,000,000 in user fees be used to offset the appropriated amounts.

#### COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS FUND PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$246,750,000 for the Community Development Financial Institutions (CDFI) Fund program as proposed by the Senate, instead of \$243,600,000 as proposed by the House. Within this amount, up to \$18,000,000 is for administrative expenses and \$12,000,000 is for technical assistance and other purposes for Native American, Native Hawaiian, and Alaskan Native communities.

Of the funds provided, \$80,000,000, as requested and as proposed by both the House and the Senate, is to be transferred to the Capital Magnet Fund. The Capital Magnet Fund is authorized by the Housing and Economic Recovery Act of 2008 (Public Law 110-289) to support affordable housing and related community development efforts. The conference agreement provides temporary funding, in lieu of contributions from Fannie Mae and Freddie Mac. The conferees intend the funding to provide start-up capital and fully expect that the Capital Magnet Fund will operate without additional appropriations in the future when Fannie Mae and Freddie Mac begin the required contributions.

Further, within the funds provided, \$4,150,000 is included for a competitive grants

pilot program aimed at providing financial counseling services to prospective homebuyers, as authorized by the Housing and Economic Recovery Act of 2008 (Public Law 110-289). Of this amount, \$3,150,000, as proposed by the Senate, is for a pilot program to be conducted in Hawaii for financial education and pre-homeownership counseling. In developing the competitive grants process, the Department is directed to consult with other Federal agencies and public and private organizations with expertise in community-based financial counseling programs.

The Department is directed to fund the Bank Enterprise Award program at a level not less than \$25,000,000.

#### INTERNAL REVENUE SERVICE TAXPAYER SERVICES

The conference agreement provides \$2,278,830,000 for Internal Revenue Service (IRS) Taxpayer Services, instead of \$2,273,830,000 as proposed by the House and \$2,275,830,000 as proposed by the Senate. Within the overall amount, not less than \$10,000,000 is for low-income taxpayer clinic grants, and not less than \$6,100,000 is for the Tax Counseling for the Elderly program. Not less than \$205,954,000 is provided for operating expenses of the IRS Taxpayer Advocate Service.

In addition, within the overall amount provided, \$12,000,000, available until September 30, 2011, is included for the Community Volunteer Income Tax Assistance (VITA) matching grants demonstration program. The conferees urge the IRS to make every effort to expand the quantity and funding level of VITA grants focused on serving persons with disabilities proportional to the growing disability population requiring tax assistance.

**Taxpayer Assistance Blueprint (TAB).**—The conferees reiterate House and Senate report language regarding IRS efforts, in conjunction with the IRS Oversight Board and the IRS Taxpayer Advocate, to update the TAB. The conferees direct the IRS to continue to submit annual updates to the TAB and include the updates as part of the annual IRS budget submission, beginning with the submission of the fiscal year 2012 budget request.

#### ENFORCEMENT (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$5,504,000,000 for Enforcement as proposed by both the House and the Senate.

##### OPERATIONS SUPPORT

The conference agreement provides \$4,083,884,000 for Operations Support, instead of \$4,082,984,000 as proposed by the House and the Senate.

##### BUSINESS SYSTEMS MODERNIZATION

The conference agreement provides \$263,897,000 for Business Systems Modernization (BSM), instead of \$253,674,000 as proposed by the House and \$274,119,000 as proposed by the Senate. The amount represents an increase of \$10,223,000 above the budget request. The conferees have provided the additional funds to support the IRS in furthering its new strategy for the Customer Account Data Engine. In addition, the conferees support additional funding being made available for this effort from IRS user fee collections, if the IRS determines that these funds are available and warranted.

Language is retained requiring approval by the House and Senate Committees on Appropriations of a GAO-reviewed expenditure plan for BSM prior to the obligation of the funds, except in the case of funds for IRS labor costs.

#### HEALTH INSURANCE TAX CREDIT ADMINISTRATION

The conference agreement provides \$15,512,000 for administration of the Health Insurance Tax Credit program as proposed by both the House and the Senate.

#### ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

##### (INCLUDING TRANSFER OF FUNDS)

Section 101 provides transfer authority.

Section 102 requires the IRS to maintain training in taxpayer rights.

Section 103 requires the IRS to safeguard taxpayer information.

Section 104 permits funding for 1-800 help line services and directs the Commissioner to make improving phone service a priority.

Section 105 directs that, of the funds made available by this Act to the IRS, not less than \$7,100,000,000 shall be available for tax enforcement, and that an additional \$890,000,000 shall be available for enhanced tax law enforcement, as proposed by the Senate.

Section 106 prohibits funds made available in this Act from being used to enter into, renew, extend, administer, implement, enforce, or provide oversight of any private tax collection contract, as proposed by the Senate.

Unless otherwise noted, these provisions were contained in similar form in both the House and Senate versions of the bill.

#### ADMINISTRATIVE PROVISIONS—DEPARTMENT OF THE TREASURY

##### (INCLUDING TRANSFERS OF FUNDS)

Section 107 allows Treasury to use funds for certain specified expenses.

Section 108 allows for the transfer of up to 2 percent of funds between "Departmental Offices" and the various Treasury bureaus, except the IRS.

Section 109 allows for the transfer of up to 2 percent from the IRS accounts to TIGTA.

Section 110 directs that the purchase of vehicles be consistent with vehicle management principles.

Section 111 prohibits funding to redesign the \$1 note.

Section 112 allows for the transfer of funds from "Financial Management Service, Salaries and Expenses" to the Debt Collection Fund conditional on future reimbursement.

Section 113 extends a pay demonstration program for one year.

Section 114 prohibits funds to build a United States Mint museum without the approval of the House and Senate Committees on Appropriations and the authorizing committees of jurisdiction.

Section 115 prohibits funding for consolidating the functions of the United States Mint and the Bureau of Engraving and Printing without the approval of the House and Senate Committees on Appropriations and the authorizing committees of jurisdiction.

Section 116 specifies that funds for Treasury intelligence activities are deemed to be specifically authorized until enactment of the fiscal year 2010 intelligence authorization act.

Section 117 permits the Bureau of Engraving and Printing to use up to \$5,000 from the Industrial Revolving Fund for reception and representation expenses.

Unless otherwise noted, these provisions were contained in similar form in both the House and Senate versions of the bill.

The conference agreement does not include section 116 of the House bill permitting the Secretary to establish additional accounts for various bureaus involved in the administration of refund payments under 31 U.S.C. 1324.

## TITLE II

EXECUTIVE OFFICE OF THE PRESIDENT  
AND FUNDS APPROPRIATED TO THE  
PRESIDENT

## COMPENSATION OF THE PRESIDENT

The conference agreement provides \$450,000 for compensation of the President as proposed by both the House and the Senate.

## THE WHITE HOUSE

## SALARIES AND EXPENSES

The conference agreement provides \$59,143,000 for the salaries and expenses of the White House, instead of \$59,319,000 as proposed by both the House and the Senate. The agreement also specifies that not less than \$1,400,000 shall be for the Office of National AIDS Policy. Relative to the House and Senate bills, the conferees have shifted \$176,000 from this account to the Office of Management and Budget (OMB) to reflect the Administration's decision to locate the new Intellectual Property Enforcement Coordinator at OMB rather than the White House.

## EXECUTIVE RESIDENCE AT THE WHITE HOUSE

## OPERATING EXPENSES

The conference agreement provides \$13,838,000 for the Executive Residence at the White House as proposed by both the House and the Senate.

## WHITE HOUSE REPAIR AND RESTORATION

The conference agreement provides \$2,500,000 for repair, alteration and improvement of the Executive Residence at the White House as proposed by both the House and the Senate.

## COUNCIL OF ECONOMIC ADVISERS

## SALARIES AND EXPENSES

The conference agreement provides \$4,200,000 for the salaries and expenses of the Council of Economic Advisers as proposed by both the House and the Senate.

## NATIONAL SECURITY COUNCIL

## SALARIES AND EXPENSES

The conference agreement provides \$12,231,000 for the salaries and expenses of the National Security Council as proposed by both the House and the Senate.

## OFFICE OF ADMINISTRATION

## SALARIES AND EXPENSES

The conference agreement provides \$115,280,000 for the salaries and expenses of the Office of Administration as proposed by both the House and the Senate.

## OFFICE OF MANAGEMENT AND BUDGET

## SALARIES AND EXPENSES

The conference agreement provides \$92,863,000 for the salaries and expenses of the Office of Management and Budget (OMB), instead of \$92,687,000 as proposed by both the House and the Senate. Relative to the House and Senate bills, the conferees have shifted \$176,000 to this account from the White House, to reflect the Administration's decision to locate the new Intellectual Property Enforcement Coordinator at OMB rather than the White House.

The conferees urge OMB to focus efforts on planning and implementing a modernization of the Federal Government's core budgeting system using funds provided for fiscal years 2009 and 2010.

## OFFICE OF NATIONAL DRUG CONTROL POLICY

## SALARIES AND EXPENSES

The conference agreement provides \$29,575,000 for salaries and expenses of the Office of National Drug Control Policy (ONDCP), instead of \$27,575,000 as proposed by the House and \$28,575,000 as proposed by

the Senate. The additional funding is intended to allow for an increase in ONDCP staff to as close to 118 full-time equivalents as possible. The conferees are pleased that ONDCP has taken steps to implement the recommendations and action items contained in the 2008 report by the National Academy of Public Administration, and direct that ONDCP continue to do so and keep the Committees on Appropriations informed of its progress.

*Budget Justifications.*—The conferees direct that the ONDCP congressional budget justification (CBJ) shall remain separate, as well as summarized within the justification of the Executive Office of the President, as in previous years. In addition, the conferees expect more detail and context in the fiscal year 2011 ONDCP CBJ, so that the Committees can better understand the scope and intended direction of the programs.

*Staffing Reports.*—The conferees remain interested in receiving quarterly reports on staffing, including current levels, vacancies, new hires, and plans for new hires. The staffing reports shall include office, position title, job classifications, and bonuses, and be retroactive to fiscal year 2009.

COUNTERDRUG TECHNOLOGY ASSESSMENT  
CENTER

## (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$5,000,000 for the Counterdrug Technology Assessment Center (CTAC), instead of \$1,000,000 as proposed by the Senate. The House did not propose funding for this program.

In recent years, funding for CTAC has decreased due to a lack of confidence in the previous management as well as concern about the direction of the program and projects funded. Now that ONDCP has signaled a new direction for the program, more tailored to its original mission, the conference agreement provides \$5,000,000 for a newly-invigorated program, contingent upon receipt and approval by the Committees on Appropriations of information including the mission, detailed program description, and spending plan for CTAC. The conferees understand that CTAC's new program will supplement and enhance other government-sponsored research in both drug supply and drug demand reduction, with a focus on development of new scientific technologies, including prevention technology research.

FEDERAL DRUG CONTROL PROGRAMS  
HIGH INTENSITY DRUG TRAFFICKING AREAS  
PROGRAM

## (INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$239,000,000 for the High Intensity Drug Trafficking Areas Program (HIDTA), instead of \$248,000,000 as proposed by the House and \$234,000,000 as proposed by the Senate. The conference agreement specifies that each HIDTA be funded at not less than the fiscal year 2009 base level, unless the ONDCP Director submits to the Committees on Appropriations justification for changes to those levels based on clearly articulated priorities and published performance measures. The conferees intend that increased funding provided above the fiscal year 2009 level is for program adjustments and discretionary activities (particularly Native American programs and prevention programs). Allocation of funds among discretionary activities is to be determined in consultation with the HIDTA Directors, and the Committees on Appropriations are to be notified of planned uses not later than 90 days after enactment of this Act.

OTHER FEDERAL DRUG CONTROL PROGRAMS  
(INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$154,400,000 for Other Federal Drug Control Programs, instead of \$132,400,000 as proposed by the House and \$174,750,000 as proposed by the Senate. The agreement allocates funds among specific programs as follows:

National Youth Anti-Drug Media Campaign .....	\$45,000,000
Drug-Free Communities Program .....	95,000,000
(National Community Anti-Drug Coalition training .....	2,000,000
National Drug Court Institute .....	1,000,000
United States Anti-Doping Agency .....	10,000,000
World Anti-Doping Agency (U.S. membership dues) ..	1,900,000
National Alliance for Model State Drug Laws ..	1,250,000
Performance Measures Development .....	250,000

The conference agreement's \$45,000,000 funding level for the media campaign is \$25,000,000 more than proposed by the House and \$25,000,000 less than proposed by the Senate. The conferees direct ONDCP to maintain funding for non-advertising services of the media campaign at not less than the fiscal year 2003 ratio and to continue the corporate outreach program. Further, the conferees direct that not more than 10 percent of the amount appropriated for the media campaign may be used for administration, advertising production, research and testing, labor, and related costs. To help save on production costs, the conferees suggest that ONDCP consider "recycling" advertisements from past years as well as developing new material. In order to combat methamphetamine use within scarce resources, the conferees encourage ONDCP to focus methamphetamine prevention advertising on geographic areas with the highest level of methamphetamine abuse.

## UNANTICIPATED NEEDS

The conference agreement provides \$1,000,000 for unanticipated needs as proposed by both the House and the Senate.

PARTNERSHIP FUND FOR PROGRAM INTEGRITY  
INNOVATION

## (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$37,500,000 for the Partnership Fund for Program Integrity Innovation, instead of \$40,000,000 as proposed by both the House and the Senate. The agreement adopts the Senate approach of requiring establishment of an interagency council consisting of representatives of appropriate Federal agencies, States and other stakeholders to make decisions and determinations regarding pilot projects under the Partnership Fund and requiring the council to report semiannually to the Committees on Appropriations.

The conferees expect OMB to play a coordinating role in designing pilots, developing performance measures, and allocating funds, but intend that the interagency council will be the exclusive decision making body and that funds will be transferred to appropriate Federal agencies to manage and evaluate the individual pilot projects. The OMB Director, as chair of the council, should seek consensus and maximum input from council members and participating Federal and State agencies. Under the conference agreement, the interagency council, in consultation with OMB, will submit a progress report

to the Appropriations Committees by March 31, 2010 and semiannually thereafter until the program is concluded. Reports are to include detailed information on goals, objectives, performance measures, and evaluations of the Partnership Fund and each pilot project, along with an operating plan detailing current and planned funding allocations.

#### SPECIAL ASSISTANCE TO THE PRESIDENT

##### SALARIES AND EXPENSES

The conference agreement provides \$4,604,000 for salaries and expenses to enable the Vice President to provide special assistance to the President as proposed by both the House and the Senate.

#### OFFICIAL RESIDENCE OF THE VICE PRESIDENT

##### OPERATING EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$330,000 for operating expenses for the official residence of the Vice President as proposed by both the House and the Senate.

#### ADMINISTRATIVE PROVISIONS—EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

##### (INCLUDING TRANSFERS OF FUNDS)

Section 201 provides transfer authority among various Executive Office of the President accounts.

Section 202 requires a detailed narrative and financial plan for Office of National Drug Control Policy funds.

Section 203 provides transfer authority among Office of National Drug Control Policy accounts.

Section 204 governs reprogramming of Office of National Drug Control Policy funds.

These administrative provisions were included in similar form in both the House and Senate versions of the legislation.

### TITLE III

#### THE JUDICIARY

##### SUPREME COURT OF THE UNITED STATES

##### SALARIES AND EXPENSES

The conference agreement provides \$74,034,000 for the salaries and expenses of the Supreme Court as proposed by the House, instead of \$74,081,000 as proposed by the Senate.

##### CARE OF THE BUILDING AND GROUNDS

The conference agreement provides \$14,525,000 for the care of the Supreme Court building and grounds as proposed by both the House and the Senate.

#### UNITED STATES COURT OF APPEALS FOR THE FEDERAL CIRCUIT

##### SALARIES AND EXPENSES

The conference agreement provides \$32,560,000 for the salaries and expenses of the United States Court of Appeals for the Federal Circuit, instead of \$33,577,000 as proposed by the House and \$32,300,000 as proposed by the Senate. The court appears to have added additional staff during fiscal year 2009 beyond what was identified in its fiscal year 2009 financial plan. The conferees have not provided additional funds for fiscal year 2010 to cover the annualized cost of these new positions.

#### UNITED STATES COURT OF INTERNATIONAL TRADE

##### SALARIES AND EXPENSES

The conference agreement provides \$21,350,000 for the salaries and expenses of the United States Court of International Trade as proposed by the House, instead of \$21,374,000 as proposed by the Senate.

#### COURTS OF APPEALS, DISTRICT COURTS, AND OTHER JUDICIAL SERVICES

##### SALARIES AND EXPENSES

The conference agreement provides \$5,011,018,000 for the salaries and expenses of the Courts of Appeals, District Courts, and Other Judicial Services, instead of \$5,080,709,000 as proposed by the House and \$5,076,845,000 as proposed by the Senate. In addition, the agreement provides \$5,428,000 from the Vaccine Injury Compensation Trust Fund, as proposed by both the House and the Senate. Reductions in this account below the levels proposed in the House and Senate bills largely result from more recent estimates provided by the Judiciary, reflecting updated cost estimates and revised projections of fee income and carryover balances.

*Five-Year Plan for Courthouse Construction.*—The conferees appreciate the five-year priority plans for courthouse construction which have been provided by the Judicial Conference of the United States in recent years, and have found those plans to be helpful in their deliberations. Some construction projects have apparently been omitted from those plans, however, on the basis that the Judicial Conference intended them to be carried out through “build to suit” leases rather than through Federal construction. There is considerable disagreement as to the circumstances (if any) under which leasing might be more suitable than construction in the case of courthouses, and the conferees have directed that the General Services Administration and the Judiciary prepare a joint report on that issue. The conferees, therefore, strongly urge the Judicial Conference to provide one integrated list of courthouse construction priorities in future years, ranked in overall priority order regardless of the financing mechanism being proposed for each. That list should also include any construction projects deemed emergencies as well as any projects funded in prior years but for which additional funding is needed. A single list along these lines will facilitate due consideration of Judicial Branch priorities.

*Greenville, Mississippi Federal Building and Courthouse.*—The conferees understand that the United States Marshals Service (USMS) has serious concerns about the security deficiencies that exist in the current Federal building and courthouse facility in Greenville, Mississippi. These deficiencies have caused this facility to score among the lowest of such facilities in a nationwide USMS facility assessment. The conferees are concerned that these deficiencies pose a security threat to USMS personnel and their protectees detained at the Greenville facility. The conferees request that the Judicial Conference review the security deficiencies of the Greenville facility, evaluate all alternatives to remedy this situation, and report its findings to the House and Senate Committees on Appropriations no later than 180 days after enactment of this Act.

##### DEFENDER SERVICES

The conference agreement provides \$977,748,000 for Defender Services, instead of \$982,699,000 as proposed by the House and \$975,504,000 as proposed by the Senate.

*Panel Attorney Pay Rates.*—The conference agreement increases the non-capital panel attorney rate from \$110 to \$125 per hour, instead of \$139 as proposed by the House and \$115 as proposed by the Senate. Private panel attorney rates in capital cases are provided a cost-of-living adjustment from \$175 to \$177 per hour.

##### FEES OF JURORS AND COMMISSIONERS

The conference agreement provides \$61,861,000 for Fees of Jurors and Commis-

sioners, instead of \$62,275,000 as proposed by both the House and the Senate.

##### COURT SECURITY

##### (INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$452,607,000 for court security, instead of \$457,353,000 as proposed by both the House and the Senate. The reduction in this account below the House and Senate level largely reflects updated estimates of costs for reimbursement of the Federal Protective Service.

#### ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS

##### SALARIES AND EXPENSES

The conference agreement provides \$83,075,000 for the salaries and expenses of the Administrative Office of the United States Courts, as proposed by both the House and the Senate.

#### FEDERAL JUDICIAL CENTER

##### SALARIES AND EXPENSES

The conference agreement provides \$27,328,000 for the salaries and expenses of the Federal Judicial Center, as proposed by both the House and the Senate.

#### JUDICIAL RETIREMENT FUNDS

##### PAYMENT TO JUDICIARY TRUST FUNDS

The conference agreement provides \$82,374,000 for payments to the judiciary trust funds, as proposed by both the House and the Senate.

#### UNITED STATES SENTENCING COMMISSION

##### SALARIES AND EXPENSES

The conference agreement provides \$16,837,000 for the salaries and expenses of the United States Sentencing Commission, as proposed by both the House and the Senate.

#### ADMINISTRATIVE PROVISIONS—THE JUDICIARY

##### (INCLUDING TRANSFER OF FUNDS)

Section 301 makes funds appropriated for salaries and expenses available for services authorized by 5 U.S.C. 3109.

Section 302 provides transfer authority among Judiciary appropriations.

Section 303 permits not more than \$11,000 to be used for official reception and representation expenses of the Judicial Conference.

Section 304 requires a comprehensive financial plan from the Judiciary, which will establish a baseline for reprogrammings and transfers.

Section 305 extends through fiscal year 2010 the delegation of authority to the Judiciary for contracts for repairs of less than \$100,000, as proposed by the House. The Senate proposed language amending 40 U.S.C. 3314(a) to make this delegation permanent.

Section 306 continues a pilot program under which the United States Marshals Service provides perimeter security services at selected courthouses.

Section 307 extends for one year the authorization of temporary district judgeships in Kansas, Ohio, and Hawaii. The House proposed language extending the judgeships in Kansas and Ohio while the Senate bill contained no similar provisions.

Except where otherwise noted, the provisions listed above were included in similar form in the House and Senate versions of the legislation. The conference agreement does not include language proposed by the Senate authorizing a cost-of-living salary adjustment for justices and judges of the United States during fiscal year 2010.

TITLE IV  
DISTRICT OF COLUMBIA

FEDERAL FUNDS  
FEDERAL PAYMENT FOR RESIDENT TUITION  
SUPPORT

The conference agreement includes \$35,100,000 for District of Columbia resident tuition support as proposed by both the House and the Senate. The District of Columbia is expected to adhere to the authorizing statute with regard to the administrative expenses associated with operation of this program.

FEDERAL PAYMENT FOR EMERGENCY PLANNING  
AND SECURITY COSTS IN THE DISTRICT OF COLUMBIA

The conference agreement provides \$15,000,000 for emergency planning and security costs in the District of Columbia as proposed by the House instead of \$15,350,000 as proposed by the Senate.

The Senate proposed \$350,000 under this heading for the District of Columbia National Guard tuition assistance program. The conference agreement includes \$375,000 for the D.C. Guard tuition assistance program under the "Federal Payment for the District of Columbia National Guard" heading of this title.

FEDERAL PAYMENT TO THE DISTRICT OF  
COLUMBIA COURTS

The conference agreement provides \$261,180,000 for the District of Columbia Courts, instead of \$268,920,000 as proposed by the House and \$258,517,000 as proposed by the Senate. Within the amount provided, \$12,022,000 is for the District of Columbia Court of Appeals, \$108,524,000 is for the District of Columbia Superior Court, \$65,114,000 is for the District of Columbia Court System, and \$75,520,000 is for capital improvements to Court facilities. Official reception and representation expenses for the Court of Appeals, Superior Court, and Court System are each limited to \$2,500 as proposed by the Senate instead of \$1,500 as proposed by the House.

FEDERAL PAYMENT FOR DEFENDER SERVICES IN  
DISTRICT OF COLUMBIA COURTS

The conference agreement includes \$55,000,000 for Defender Services in District of Columbia Courts as proposed by both the House and the Senate.

FEDERAL PAYMENT TO THE COURT SERVICES  
AND OFFENDER SUPERVISION AGENCY FOR THE  
DISTRICT OF COLUMBIA

The conference agreement provides \$212,408,000 to the Court Services and Offender Supervision Agency for the District of Columbia as proposed by both the House and the Senate.

FEDERAL PAYMENT TO THE PUBLIC DEFENDER  
SERVICE FOR THE DISTRICT OF COLUMBIA

The conference agreement includes \$37,316,000 for the Public Defender Service for the District of Columbia as proposed by both the House and the Senate.

FEDERAL PAYMENT TO THE DISTRICT OF  
COLUMBIA WATER AND SEWER AUTHORITY

The conference agreement provides \$20,000,000 for the District of Columbia Water and Sewer Authority (WASA) as proposed by the Senate instead of \$20,400,000 as proposed by the House. The amount provided is to continue implementation of the Combined Sewer Overflow Long-Term Plan with a 100 percent match provided by WASA.

The conference agreement does not include funding proposed by the House for the District of Columbia Department of Environ-

ment to conduct a study of lead levels in the District of Columbia's drinking water.

FEDERAL PAYMENT TO THE CRIMINAL JUSTICE  
COORDINATING COUNCIL

The conference agreement provides \$2,000,000 for the Criminal Justice Coordinating Council as proposed by the House instead of \$1,774,000 as proposed by the Senate.

FEDERAL PAYMENT FOR JUDICIAL COMMISSIONS

The conference agreement provides \$500,000 for Judicial Commissions as proposed by both the House and the Senate. Within the amount provided, \$295,000 is for the Commission on Judicial Disabilities and Tenure, and \$205,000 is for the Judicial Nomination Commission.

FEDERAL PAYMENT TO THE OFFICE OF THE  
CHIEF FINANCIAL OFFICER FOR THE DISTRICT  
OF COLUMBIA

The conference agreement provides \$1,850,000 to the Office of the Chief Financial Officer for the District of Columbia. The funding is for grants to the following organizations with the requirement that the funds be spent primarily in the District of Columbia to benefit District residents:

Project name	Amount
Children's National Medical Center, Washington, DC, expand pediatric intensive care unit .....	\$1,000,000
Living Classrooms of the National Capital Region, Washington, DC, education and job skills training for disadvantaged young adults .....	100,000
National Building Museum, Washington, DC, education programs and exhibitions .....	150,000
Safe Kids USA, Washington, DC, safety services for families in need .....	125,000
Samaritan Ministry of Greater Washington, Washington, DC, Next Step Program .....	100,000
The Washington Center, Washington, DC, construction and build out of academic space .....	125,000
Washington Hospital Center, Washington, DC, trauma center and other critical hospital upgrades .....	50,000
Whitman-Walker Clinic, Washington, DC, health care services .....	200,000

FEDERAL PAYMENT FOR SCHOOL IMPROVEMENT

The conference agreement includes \$75,400,000 for school improvement in the District of Columbia as proposed by the Senate instead of \$74,400,000 as proposed by the House. Within the amount provided, \$42,200,000 is to improve public school education, \$20,000,000 is to expand public charter schools, and \$13,200,000 is for the Secretary of Education for opportunity scholarships for low-income students in the District of Columbia for the 2010–2011 school year, of which up to \$1,000,000 may be used to administer and fund assessments, and up to \$1,000,000 may be used for testing of scholarship students to determine and compare academic performance of the participating schools as proposed by the Senate.

The conference agreement includes language proposed by both the House and the Senate specifying that opportunity scholarships funded in this Act for school year 2010–2011 be limited to students who received scholarships in school year 2009–2010.

The conference agreement continues the requirement that schools enrolling scholarship students have and maintain a valid certificate of occupancy issued by the District of Columbia and that core subject matter teachers have 4-year bachelor's degrees as proposed by both the House and the Senate. The agreement includes new language requiring schools enrolling scholarship students to be in compliance with the accreditation and other standards prescribed for purposes of the District of Columbia compulsory school attendance laws as specified under title 5, chapter 21 of D.C. Municipal Regulations. The agreement also includes new language requiring the Secretary of Education

to ensure that site inspections of participating schools are conducted at least twice annually.

The conference agreement includes language proposed by the Senate requiring the Secretary of Education to submit a report to Congress by June 15, 2010 detailing the academic rigor and quality of each participating school and that for the purposes of submitting the report the Secretary shall administer to eligible students participating in the Opportunity Scholarship Program the same tests of academic performance as those administered to students enrolled in the District of Columbia Public Schools in the 2009–2010 school year. The conference agreement does not include language proposed by the Senate specifying that after school year 2009–2010 only schools determined by the Secretary of Education to be of superior academic rigor and quality to D.C. Public Schools may participate in the scholarship program.

The conferees believe that questions as to the future of a school voucher program in the District of Columbia, including the appropriate rules and limitations for such a program, would best be decided by the elected representatives of the people of the District. This would put the District in the same position as other jurisdictions that decide whether or not to have a school voucher program, consistent with the principles of home rule.

Although the authorization for the Opportunity Scholarship Program has expired, as noted above the conference agreement includes funds to continue scholarships in school year 2010–2011 for those students already participating. The conferees are aware of proposals to expand the scholarship program to include additional students. If the elected leaders of the District decide that such proposals are in the best interests of students and families in the District, there is time prior to the beginning of school year 2010–2011 for the Mayor and Council to enact legislation establishing and funding a school voucher program that could admit additional students.

FEDERAL PAYMENT FOR CONSOLIDATED  
LABORATORY FACILITY

The conference agreement provides \$15,000,000 for a consolidated laboratory facility in the District of Columbia as proposed by both the House and the Senate. The conferees note that this is the final Federal payment needed to complete work on this important project.

FEDERAL PAYMENT FOR THE DISTRICT OF  
COLUMBIA NATIONAL GUARD

The conference agreement provides \$375,000 for the District of Columbia National Guard instead of \$2,375,000 as proposed by the House. The funds provided are for the D.C. National Guard tuition assistance program. No funds are provided in the conference agreement for support costs associated with the D.C. National Guard.

The Senate did not propose funding for D.C. Guard support costs although the Senate proposed \$350,000 for the D.C. National Guard tuition assistance program under the "Federal Payment for Emergency Planning and Security Costs" heading of this title.

The conference agreement includes language proposed by the House that the D.C. National Guard's tuition assistance program will hereafter be known as the "Major General David F. Wherley, Jr. District of Columbia National Guard Retention and College Access Program". General Wherley was a former commanding general of the D.C. National Guard and was killed in the tragic

Metrorail train crash that occurred in Washington, D.C. on June 22, 2009. As commanding general of the D.C. National Guard, General Wherley was in frequent contact with Congress in order to further the ability of the Guard to serve the citizens of the District of Columbia, as well as the Nation's elected leadership. Among a number of initiatives, General Wherley advocated on behalf of the Capital Guardians for funding for a retention and college access program to ensure that members of the D.C. National Guard received some of the same benefits for their service as members of the National Guard in neighboring states. The D.C. National Guard and the entire community of the District of Columbia lost a dedicated leader and public servant in General Wherley. In honor of his service to the District of Columbia and his commitment to those he worked with, the D.C. National Guard tuition assistance program will hereafter carry his name.

#### FEDERAL PAYMENT FOR HOUSING FOR THE HOMELESS

The conference agreement provides \$17,000,000 for a permanent supportive housing program to reduce homelessness in the District of Columbia instead of \$19,200,000 as proposed by the House. The Senate version of the bill did not include funding for this program.

#### FEDERAL PAYMENT FOR YOUTH SERVICES

The conference agreement provides \$4,000,000 for a reconnecting disconnected youth program in the District of Columbia instead of \$5,000,000 as proposed by the House. The Senate version of the bill did not include funding for this program.

#### FEDERAL PAYMENT FOR PUBLIC HEALTH SERVICES

The conference agreement does not provide a Federal payment to the District of Columbia for HIV/AIDS prevention programs. The House proposed \$4,000,000 for this program; the Senate version of the bill did not include funding.

#### DISTRICT OF COLUMBIA FUNDS

The conference agreement provides authority for the District of Columbia to spend \$10,016,041,000 from the General Fund of the District of Columbia. Of the funds provided, \$5,637,824,000 is from local funds, of which \$394,417,000 is from the general fund balance; \$2,661,782,000 is from Federal grant funds; \$1,711,249,000 is from other funds; and \$5,187,000 is from private funds. In addition, the District may use \$185,725,000 from funds previously appropriated in this Act as Federal payments.

For capital construction, the conference agreement provides an additional \$3,249,642,000. Of the funds provided, \$2,685,760,000 is from local funds; \$54,893,000 is from the District of Columbia Highway Trust Fund; \$186,805,000 is from the Local Street Maintenance Fund; and \$322,184,000 is from Federal grant funds. In addition, \$1,834,494,000 of prior year local funds and \$91,327,000 from Local Street Maintenance funds are rescinded. In total, \$1,323,821,000 is provided for capital construction.

Any changes to the financial plan submitted by the District of Columbia for Federal funds must follow the reprogramming guidelines set forth under title VIII of this Act.

#### TITLE V

##### INDEPENDENT AGENCIES

##### ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

##### SALARIES AND EXPENSES

The conference agreement includes \$1,500,000 for the Administrative Conference

of the United States (ACUS) as proposed by both the House and the Senate. The conferees expect ACUS to use 50 percent of fiscal year 2009 carryover balances to fund fiscal year 2010 operating expenses as permitted under section 609 of division D of the Omnibus Appropriations Act, 2009 (Public Law 111-8). Funds remain available until September 30, 2011 as proposed by the Senate.

##### CHRISTOPHER COLUMBUS FELLOWSHIP FOUNDATION

##### SALARIES AND EXPENSES

The conference agreement includes \$750,000 for the Christopher Columbus Fellowship Foundation, instead of \$1,000,000 as proposed by the Senate. The House did not include an appropriation for this account.

##### COMMODITY FUTURES TRADING COMMISSION

##### SALARIES AND EXPENSES

This conference agreement does not include funding for the Commodity Futures Trading Commission. While the Senate included funding for the Commission in its version of the bill, \$168,800,000 in fiscal year 2010 funding for the Commission has been enacted in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2010 (Public Law 111-80).

##### CONSUMER PRODUCT SAFETY COMMISSION

##### SALARIES AND EXPENSES

The conference agreement includes \$118,200,000 for the Consumer Product Safety Commission (CPSC) as proposed by the House, instead of \$115,000,000 as proposed by the Senate.

Funding is provided for the ongoing implementation and enforcement of recently enacted consumer protection legislation, including the Consumer Product Safety Improvement Act, the Virginia Graeme Baker Pool and Spa Safety Act, and the Children's Gasoline Burn Prevention Act. Funding is also provided to support expansion of the CPSC's Import Safety Initiative which positions CPSC investigators at key ports of entry to stop defective products from entering the United States. The conferees expect new staff hires, including at key ports of entry, as part of these implementation and enforcement efforts.

The conference agreement also provides funding to assist the CPSC in further identifying and addressing problems that may be associated with imported drywall from China.

The conference agreement modifies House report language regarding the Consumer Product Safety Improvement Act (CPSIA) of 2008 (Public Law 110-314). The CPSIA was signed into law on August 14, 2008 and is considered to be the most significant piece of consumer protection legislation enacted since the CPSC was established in the early 1970s. The legislation received nearly unanimous bipartisan support in Congress. Congress passed this legislation in the wake of a massive number of consumer product recalls in 2007 and 2008—more than 20 million—many of which involved toys manufactured in China. The conferees strongly support this legislation but are aware of concerns surrounding implementation of certain aspects of the law. The conferees believe there may be parts of some products subject to the strict lead ban under section 101(a) of the CPSIA that likely were not intended to be included. This includes parts of youth motorized off-road vehicles and bicycles, and may include parts of some sporting equipment and ordinary books. The conferees urge the CPSC to continue considering exemptions

under section 101(b) of the CPSIA for parts of products that, based on the CPSC's determination, present no real risk of lead exposure to children. The conferees are also aware of concerns among small manufacturers and crafters regarding the third-party testing requirements under section 102 of the CPSIA and urge the CPSC to consider those when issuing rules and guidance on third-party testing.

The conferees further encourage the CPSC to continue to work with the off-road vehicle and other industries to reduce lead content in accessible components of all children's products to the greatest extent possible, where complete compliance is deemed not necessary or not feasible by the CPSC. The conferees note that the CPSC has already instituted a stay of enforcement until May 1, 2011 on the lead standard with regard to youth motorized recreational vehicles (which include all-terrain vehicles, motorcycles, and snowmobiles) with the expectation that the industries would work constructively with the CPSC in reducing lead levels as feasible. The CPSC is directed to assess enforcement efforts of section 101(a), including difficulties encountered, as well as recommendations for improvement to the statute, and to report to the House and Senate Appropriations Committees, as well as the House Energy and Commerce Committee and the Senate Commerce, Science, and Transportation Committee, no later than January 15, 2010.

##### ELECTION ASSISTANCE COMMISSION

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$17,959,000 for the salaries and expenses of the Election Assistance Commission as proposed by the House, instead of \$16,530,000 proposed by the Senate.

Included in this total is \$3,500,000 to be transferred to the National Institute of Standards and Technology for election reform activities as proposed by the House. The Senate proposed a transfer of \$3,250,000. Further included in the total is \$750,000 for the Help America Vote College Program and \$300,000 for a competitive grant program to support community involvement in student and parent mock elections, as proposed by the House.

##### ELECTION REFORM PROGRAMS

The conference agreement provides a total of \$75,000,000 for this account, instead of \$106,000,000 as proposed by the House and \$52,000,000 as proposed by the Senate.

Within this total, \$70,000,000 is designated for requirements payments under the Help America Vote Act, compared to \$100,000,000 in the House bill and \$50,000,000 in the Senate bill. Also within the total is \$3,000,000 for grants to carry out research on voting technology improvements to ensure accessibility for voters with disabilities, and \$2,000,000 for a pilot program of grants to States and units of local government for pre-election logic and accuracy testing and post-election voting systems verification. The House proposed \$4,000,000 and \$2,000,000 for these grant programs, respectively, while the Senate proposed \$2,000,000 for voting technology research grants only.

##### FEDERAL COMMUNICATIONS COMMISSION

##### SALARIES AND EXPENSES

The conference agreement includes \$335,794,000 for the salaries and expenses of the Federal Communications Commission

(FCC) as proposed by the House and the Senate. The House recedes to the Senate in providing that \$335,794,000 be derived from offsetting fee collections with no net direct appropriation.

The conferees believe that all persons living under the American flag, including those living in the United States territories, should have equal access to communications services.

The 9/11 Commission identified the need to increase the assignment of spectrum for first responders in its July 2004 report. The conferees are disappointed that the Federal Government has yet to address this critical need. The FCC is directed to work expeditiously to conduct a successful auction of the D Block spectrum so that first responders have an interoperable communications network.

Conferees urge the FCC to ensure that public, educational, and governmental (PEG) channels remain on the basic service tier of programming and to prevent cable service providers from impeding the public's access to PEG programming.

The conferees are concerned that some Federal agencies may not be improving controls over wireless networks as delineated in the Government Accountability Office's 2005 report (GAO-05-383). Therefore, the conferees direct GAO to update its report and include a review of Federal agencies and their wireless networks, including an assessment of vulnerabilities to attack and unauthorized penetration; an examination of best practices within Federal agencies for deploying and monitoring secure wireless networks; and an assessment of state-of-the-art technology solutions that could help protect these networks. GAO shall report its findings to the House and Senate Committees on Appropriations within 120 days of enactment of this Act.

The conferees emphasize the importance of effective auditing of the Universal Service Fund (USF). The FCC is directed to work with the Universal Service Administrative Company and the FCC Inspector General to re-evaluate auditing processes to ensure that audits are more uniform and not unduly onerous, that all auditors are familiar with the telecommunications industry, and that lessons learned from audits are translated into better performance in the future. Senate report language requiring a report on USF audit activity within 60 days of enactment of this Act is adopted.

#### ADMINISTRATIVE PROVISIONS—FEDERAL COMMUNICATIONS COMMISSION

Section 501 extends an exemption for the Universal Service Fund as proposed by the Senate. The House did not include a similar provision.

Section 502 prohibits the Federal Communications Commission from changing rules governing the Universal Service Fund regarding single connection or primary line restrictions as proposed by the Senate. The House did not include a similar provision.

#### FEDERAL DEPOSIT INSURANCE CORPORATION OFFICE OF THE INSPECTOR GENERAL

The conference report includes \$37,942,000 to fund the Office of Inspector General (OIG) as proposed by both the House and the Senate. The OIG's appropriations are derived from the Deposit Insurance Fund. However, if the OIG performs work in connection with the Federal Savings and Loan Insurance Corporation Resolution Fund, the cost of such work can be derived from that Fund.

#### FEDERAL ELECTION COMMISSION SALARIES AND EXPENSES

The conference agreement provides \$66,500,000 for the salaries and expenses of the

Federal Election Commission, instead of \$65,100,000 as proposed by the House and \$67,000,000 as proposed by the Senate. Of the increase provided above the President's budget request, \$1,500,000 is for maintaining current staffing levels and services, and \$1,000,000 is for addressing audit findings related to information technology, enhancing public access to electronic records, and addressing increased workload demands.

#### FEDERAL LABOR RELATIONS AUTHORITY

##### SALARIES AND EXPENSES

The conference agreement includes \$24,773,000 for the Federal Labor Relations Authority as proposed by the House and the Senate.

#### FEDERAL TRADE COMMISSION

##### SALARIES AND EXPENSES

The conference agreement provides \$291,700,000 for the salaries and expenses of the Federal Trade Commission (FTC) as proposed by the House, rather than \$289,300,000 as proposed by the Senate. This appropriation is partially offset by not to exceed \$102,000,000 from premerger notification filing fees and \$21,000,000 from fees to implement the Telemarketing Sales Rule. These offsets are the same as proposed by both the House and the Senate, except that the House proposed \$19,000,000 in fees from the Telemarketing Sales Rule.

The increase above the President's budget request provided in the conference agreement is to strengthen the FTC's capacity to protect consumers and prevent anti-competitive practices, as well as to support required activities related to health information technology provisions in the American Recovery and Reinvestment Act. Among other priorities, the conferees request the FTC to direct a portion of the increase toward investigations into fraud related to the housing crisis (including mortgage and other financial services fraud) and into unfair and deceptive practices associated with Federal programs promoting economic stimulus and stabilization. The conferees also note that, of the increase above fiscal year 2009, \$15,000,000 is to cover one-time relocation costs associated with the upcoming expiration of a lease.

The conferees appreciate that the FTC has delayed implementation of the Red Flags Rule while it works with health care providers and small businesses to minimize the burdens on providers and firms that present low risk for identity theft. The conferees urge the FTC to continue to work with these groups on the implementation of the Red Flags Rule.

The conferees also encourage the FTC to continue its efforts in the areas of call spoofing and violations of the Do Not Call Registry and to fully pursue further violations.

#### GENERAL SERVICES ADMINISTRATION

##### REAL PROPERTY ACTIVITIES

##### FEDERAL BUILDINGS FUND

##### LIMITATIONS ON AVAILABILITY OF REVENUE

The conference agreement provides resources from the General Services Administration (GSA) Federal Buildings Fund totaling \$8,543,585,000, instead of \$8,445,460,000 as proposed by the House and \$8,488,585,000 as proposed by the Senate.

*Construction and Acquisition.*—The conference agreement provides \$894,037,000 for construction and acquisition, instead of \$722,537,000 as proposed by the House and \$734,037,000 as proposed by the Senate. Funds are provided for the following specific construction projects and acquisitions, in the amounts indicated:

Alabama:	
Mobile, United States Courthouse .....	\$50,000,000
California:	
Calexico, Calexico West, Land Port of Entry .....	9,437,000
Colorado:	
Lakewood, Denver Federal Center Remediation .....	9,962,000
District of Columbia:	
Columbia Plaza .....	100,000,000
Southeast Federal Center Remediation .....	15,000,000
Florida:	
Miami, FBI Field Office Consolidation .....	190,675,000
Georgia:	
Savannah, United States Courthouse .....	7,900,000
Maine:	
Madawaska, Land Port of Entry .....	50,127,000
Maryland:	
White Oak, Food and Drug Administration Consolidation .....	137,871,000
Greenbelt, United States Courthouse .....	10,000,000
Pennsylvania:	
Lancaster, United States Courthouse .....	6,500,000
Texas:	
El Paso, Tornillo-Guadalupe, Land Port of Entry .....	91,565,000
San Antonio, United States Courthouse .....	4,000,000
Utah:	
Salt Lake City, United States Courthouse .....	211,000,000

The conferees understand that the need for a replacement courthouse in Yuma, Arizona, as discussed in the Senate report, will be addressed with funds previously appropriated.

*Five-Year Construction Plans.*—The conferees have included bill language that clarifies the requirement that the annual budget submission to Congress for GSA contain two separate 5-year plans. These plans were required by the Omnibus Appropriations Act, 2009 for fiscal year 2010 and thereafter. The conferees expect that GSA and the Office of Management and Budget will ensure that plans are submitted to Congress contemporaneously with the annual budget submission for fiscal year 2011 and each year thereafter. Requests for courthouse construction projects, including those proposed as lease-construction projects, shall be included in the 5-year plan for Federal construction, and this plan shall reflect the priorities of the Judicial Conference of the United States.

*Report on Lease Construction.*—The conferees reiterate language in the Senate report directing GSA and the Judicial Conference to submit a joint report to the Committees on Appropriations within 120 days of enactment identifying the circumstances under which it would be appropriate to provide court facilities using a lease-construct strategy.

*Repairs and Alterations.*—The conference agreement provides \$413,776,000 for repairs and alterations, instead of \$400,276,000 as proposed by the House and \$453,776,000 as proposed by the Senate. Funds are provided for the following specific projects, in the amounts indicated:

District of Columbia: .....	
East Wing Infrastructure Systems Replacement .....	\$84,500,000
Eisenhower Executive Office Building Roof Replacement .....	15,000,000

New Executive Office Building .....	30,276,000
Special Emphasis Programs:	
Fire and Life Safety Program .....	20,000,000
Energy and Water Retrofit and Conservation Measures .....	2,000,000
Federal High-Performance Green Buildings ...	2,000,000
Basic Repairs and Alterations .....	260,000,000

While unable to appropriate the full amount needed for the East Wing Infrastructure Systems Replacement project, the conferees recognize the need for this undertaking and would support additional funding if it became available. The conferees understand that bids for construction projects have recently often been coming in below the budgeted amounts, and would invite a transfer/reprogramming request redirecting such savings to the East Wing project.

The conferees are strongly supportive of the special emphasis programs for Energy and Water Retrofit and Conservation Measures and Federal High-Performance Green Buildings. Although this conference report provides less for those two programs than appropriated in fiscal year 2009, that is only because large amounts are currently available for such purposes under the American Recovery and Reinvestment Act.

The conference agreement does not include the funding proposed by the Senate for the Eisenhower Executive Office Building Court-ward Replacement.

*Installment Acquisition Payments.*—The conference agreement includes \$140,525,000 for installment acquisition payments, as proposed by both the House and the Senate.

*Rental of Space.*—The conference agreement provides \$4,804,871,000 for rental of space, instead of \$4,843,996,000 as proposed by the House and \$4,829,871,000 as proposed by the Senate.

*Building Operations.*—The conference agreement provides \$72,290,376,000 for building operations, instead of \$2,338,126,000 as proposed by the House and \$2,330,376,000 as proposed by the Senate.

#### GENERAL ACTIVITIES

##### GOVERNMENT-WIDE POLICY

The conference agreement appropriates \$59,665,000 for GSA Government-wide Policy activities, instead of \$63,165,000 proposed by the House and \$61,165,000 proposed by the Senate. The agreement does not provide the \$1,500,000 requested by the President to shift funding for certain expenses of the Federal Acquisition Institute from the Acquisition Workforce Training Fund to this appropriation.

*Office of Federal High-Performance Green Buildings.*—The conference agreement, like the Senate bill, does not include language proposed by the House providing \$3,000,000 for the Office of Federal High-Performance Green Buildings. That Office and its mission remain a very high priority for the conferees. The only reason no new funding is included in this legislation is that GSA appears to have obligated little, if any, of the amount provided for the Office of Federal High-Performance Green Buildings in the American Recovery and Reinvestment Act (ARRA), and therefore ample carryover balances remain. The conferees reiterate the language in the Senate report directing GSA to use the funds provided in ARRA to hire the necessary staff and ensure that the Office immediately begins fulfilling its respon-

sibilities, to submit to the Committees on Appropriations a detailed expenditure plan within 30 days of enactment of this Act, and to report on the obligation of the ARRA funds on a monthly basis.

*Study on Pricing of Office Supplies.*—The conferees note that GSA is authorized to award contracts to private firms under terms and conditions that mirror commercial practices for commercial supplies and services through its Multiple Award Schedule Program. Recently, some Federal agencies have announced savings through improvements in the process of purchasing office products outside of GSA's schedules. Therefore, the conferees direct the Administrator of GSA to review the ten largest Federal agencies to (1) determine the level of funds spent on office products during fiscal year 2009 through the GSA schedules and outside of these schedules, (2) compare the prices paid through the schedules and outside the schedules for representative items within major categories of individual office products, and (3) determine the extent to which agencies conducted a cost-benefit analysis of alternative options. The Administrator shall report to the Committees on Appropriations its findings not later than 180 days after enactment of this Act. Additionally, the conferees direct GAO to assess the data collected by GSA and report to the Committees on Appropriations its assessment, with particular attention on the potential for savings.

#### OPERATING EXPENSES

The conference agreement provides \$72,881,000 for operating expenses of GSA as proposed by the House instead of \$71,881,000 as proposed by the Senate. Included in this total is \$1,000,000 for a payment to the Oklahoma City National Memorial Foundation as proposed by the House.

##### OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$59,000,000 for the Office of Inspector General, instead of \$60,080,000 as proposed by the House and \$58,000,000 as proposed by the Senate.

##### ELECTRONIC GOVERNMENT FUND

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$34,000,000 for the Electronic Government Fund, instead of \$33,000,000 as proposed by the House and \$35,000,000 as proposed by the Senate. As specified in both bills, these funds may be transferred to other Federal agencies to carry out the purposes of the Electronic Government Fund, but only after a spending plan and explanation for each project has been submitted to the Committees on Appropriations.

##### ALLOWANCES AND STAFF FOR FORMER

##### PRESIDENTS

The conference agreement includes \$3,756,000 for allowances and staff for former Presidents, as proposed by both the House and the Senate.

##### FEDERAL CITIZEN SERVICES FUND

The conference agreement appropriates \$36,515,000 for deposit into the Federal Citizen Services Fund and authorizes use of appropriations, revenues and collections in the Fund in an aggregate amount not to exceed \$61,000,000. These provisions are the same as proposed by both the House and the Senate.

##### ADMINISTRATIVE PROVISIONS—GENERAL

##### SERVICES ADMINISTRATION

##### (INCLUDING TRANSFERS OF FUNDS)

Section 510 specifies that funds are available for hire of motor vehicles.

Section 511 authorizes transfers within the Federal Buildings Fund, with advance approval of the Committees on Appropriations.

Section 512 prohibits use of funds to transmit a fiscal year 2011 request for courthouse construction unless the request meets design guide standards, reflects the priorities in the Judicial Conference 5-year construction plan, and includes a standardized courtroom utilization study.

Section 513 specifies that funds in this Act may not be used to increase the amount of occupiable space or provide services such as cleaning or security for any agency that does not pay the rental charges assessed by GSA.

Section 514 permits GSA to pay certain construction-related claims against the Federal Government from savings achieved in other projects.

Section 515 requires that the delineated area of procurement for leased space match the approved prospectus, unless the Administrator provides an explanatory statement to the appropriate congressional committees.

Section 516 authorizes certain relief and disaster assistance organizations to purchase from the Federal supply schedules.

All of these administrative provisions were included in both the House and Senate versions of the legislation.

##### HARRY S. TRUMAN SCHOLARSHIP FOUNDATION

##### SALARIES AND EXPENSES

The conference agreement includes \$660,000 for a payment to the Harry S. Truman Scholarship Foundation Trust Fund as proposed by the Senate. The House did not propose funding for this purpose.

##### MERIT SYSTEMS PROTECTION BOARD

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$42,918,000 for the salaries and expenses of the Board as proposed by both the House and the Senate. Within the amount provided, \$40,339,000 is a direct appropriation and \$2,579,000 is a transfer from the Civil Service Retirement and Disability Fund to adjudicate retirement appeals.

##### MORRIS K. UDALL AND STEWART L. UDALL FOUNDATION

##### MORRIS K. UDALL AND STEWART L. UDALL TRUST FUND

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$2,500,000 for payment to the Morris K. Udall and Stewart L. Udall Trust Fund, instead of \$2,200,000 as proposed by the House and \$3,850,000 as proposed by the Senate. The conference agreement reflects the new name of the Foundation and the Trust Fund, as specified in the Morris K. Udall and Stewart L. Udall Foundation Act (Public Law 111-90).

##### ENVIRONMENTAL DISPUTE RESOLUTION FUND

The conference agreement includes \$3,800,000 for payment to the Environmental Dispute Resolution Fund as proposed by the House, instead of \$3,000,000 as proposed by the Senate.

##### NATIONAL ARCHIVES AND RECORDS

##### ADMINISTRATION

##### OPERATING EXPENSES

The conference agreement provides \$339,770,000 for operating expenses of the National Archives and Records Administration (NARA), as proposed by both the House and the Senate.

The conferees reiterate House language directing NARA to report to the Committees within 30 days of enactment on information security improvements made or planned, and further direct NARA to promptly inform relevant committees of jurisdiction when any formal law enforcement investigation is

commenced into alleged theft of electronic or other materials which may contain personally identifying information.

#### OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$4,100,000 for NARA's Office of Inspector General as proposed by both the House and the Senate.

#### ELECTRONIC RECORDS ARCHIVES

The conference agreement provides \$85,500,000 for the Electronic Records Archives (ERA) project as proposed by both the House and the Senate. Of this amount, \$61,757,000 is available until September 30, 2012. The bill retains the directive requiring NARA to submit, and for the Committees on Appropriations to approve, a GAO-reviewed spending plan for ERA prior to the obligation of multi-year funds.

#### REPAIRS AND RESTORATION

The conference agreement provides \$27,500,000 for repairs and restoration as proposed by both the House and the Senate. Included in the amount is \$17,500,000, as requested by the President, for necessary expenses related to the repair and renovation of the Franklin D. Roosevelt Presidential Library in Hyde Park, NY, which NARA has listed as its top capital improvement priority.

#### NATIONAL HISTORICAL PUBLICATIONS AND RECORDS COMMISSION

##### GRANTS PROGRAM

The conference agreement provides \$13,000,000 for NARA's grants program as proposed by the House, instead of \$12,000,000 as proposed by the Senate. Of the amount provided, \$4,500,000, as requested, is for the initiative to provide online access to the papers of the Founding Fathers. The conference agreement does not specify further set-asides within this account.

#### NATIONAL CREDIT UNION ADMINISTRATION CENTRAL LIQUIDITY FACILITY

For the second year, the conference report provides the National Credit Union Administration (NCUA) Central Liquidity Facility (CLF) the ability to lend, during fiscal year 2010, up to the maximum level provided for by section 307(a)(4)(A) of the Federal Credit Union Act. This gives the NCUA flexibility to assist with credit unions' financial liquidity during the current economic downturn. The NCUA will be expected to keep the House and Senate Committees on Appropriations fully informed on the activities of the CLF.

The conference report limits administrative expenses to \$1,250,000 as proposed by both the House and the Senate.

#### COMMUNITY DEVELOPMENT REVOLVING LOAN FUND

The conference report includes \$1,250,000 for the Community Development Revolving Loan Fund as proposed by the House, instead of \$1,000,000 as proposed by the Senate.

#### OFFICE OF GOVERNMENT ETHICS

##### SALARIES AND EXPENSES

The conference agreement provides \$14,000,000 for salaries and expenses of the Office of Government Ethics, instead of \$14,415,000 as proposed by the House and \$13,665,000 as proposed by the Senate.

#### OFFICE OF PERSONNEL MANAGEMENT

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF TRUST FUNDS)

The conference agreement provides \$215,708,000 for salaries and expenses compared to \$211,208,000 as proposed by the House

and \$207,708,000 as proposed by the Senate. Within the amount provided, \$102,970,000 is a direct appropriation and \$112,738,000 is a transfer from Office of Personnel Management (OPM) trust funds.

The direct appropriation of \$102,970,000 includes \$5,908,000 to remain available until September 30, 2011 for the Enterprise Human Resources Integration project, and \$1,364,000 to remain available until September 30, 2011 for the Human Resources Line of Business project.

The transfer from trust funds of \$112,738,000 includes \$9,300,000 to remain available until September 30, 2011 for the cost of implementing the new integrated financial system, and \$4,000,000 to remain available until September 30, 2011 for the cost of automating the retirement recordkeeping systems.

The conference agreement includes funding for new initiatives to expand the recruitment and hiring of veterans government-wide, and to streamline the Federal hiring process.

The conference agreement also includes funding to pilot several wellness initiatives for Federal employees in areas such as smoking cessation, disease management and prevention, and risk assessment, as well as funding to conduct an Employee Viewpoint Survey (formerly known as the Human Capital Survey) annually instead of every other year as is the current practice, and with more comprehensive data analysis.

The conferees reiterate House report language directing that future work on the retirement modernization program move forward within the framework of the recommendations made by the Government Accountability Office in its April 2009 report (GAO-09-529) on the subject.

The conferees reiterate Senate report language directing OPM to carry out the Inter-governmental Personnel Act Mobility Program and to report to the Committees on Appropriations no later than 120 days after enactment of this Act on how the mobility program is being used to alleviate the nursing shortage and on the demonstrable steps OPM has taken to encourage government-employed nurses to teach at accredited schools of nursing.

#### OFFICE OF INSPECTOR GENERAL

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF TRUST FUNDS)

The conference agreement provides \$24,363,000 for salaries and expenses of the Office of Inspector General instead of \$23,576,000 as proposed by the House and \$22,564,000 as proposed by the Senate. Within the amount provided, \$3,148,000 is a direct appropriation and \$21,215,000 is a transfer from Office of Personnel Management trust funds. Increased funding is provided to cover standard pay adjustments for OIG staff and to support increased workload stemming from fraudulent background investigations.

#### GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEES HEALTH BENEFITS

The conference agreement provides such sums as necessary for health benefits payments as proposed by both the House and the Senate.

#### GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEE LIFE INSURANCE

The conference agreement provides such sums as necessary for life insurance payments as proposed by both the House and the Senate.

#### PAYMENT TO CIVIL SERVICE RETIREMENT AND DISABILITY FUND

The conference agreement provides such sums as necessary for retirement and dis-

ability payments as proposed by both the House and the Senate.

#### OFFICE OF SPECIAL COUNSEL

##### SALARIES AND EXPENSES

The conference agreement includes \$18,495,000 for the salaries and expenses of the Office of Special Counsel as proposed by both the House and the Senate.

#### POSTAL REGULATORY COMMISSION

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$14,333,000 for the salaries and expenses of the Postal Regulatory Commission, as proposed by both the House and the Senate. It does not include language proposed by the House requiring any unobligated balances remaining at the end of fiscal years 2009 and 2010 to be transferred back to the Postal Service Fund.

Proposed Closings of Postal Facilities.—The conferees are aware of considerable public concerns about plans by the Postal Service to close or consolidate retail post offices and other mail facilities, and believe that the Postal Regulatory Commission has an important role to play in evaluating those concerns and fostering well-informed decision making. The conferees commend the Commission for undertaking its current investigation of the national service implications of the Postal Service "Station and Branch Optimization and Consolidation Initiative" and urge the Commission to initiate such other proceedings as appropriate to fully evaluate the effects of proposed closings and consolidations on service levels, costs, postal employees, and the affected communities. Among other issues, the Commission should examine whether Postal Service actions, including notification and appeal procedures, are in accord with applicable law.

#### PRIVACY AND CIVIL LIBERTIES OVERSIGHT BOARD

##### SALARIES AND EXPENSES

The conference agreement provides \$1,500,000 for the salaries and expenses of the Privacy and Civil Liberties Oversight Board as proposed by the Senate, rather than \$2,000,000 as proposed by the House. The funds shall remain available for two years as proposed by the House, instead of one year as proposed by the Senate.

#### SECURITIES AND EXCHANGE COMMISSION

##### SALARIES AND EXPENSES

The conference report includes \$1,111,000,000 for the Securities and Exchange Commission (SEC), instead of \$1,036,000,000 as proposed by the House and \$1,126,000,000 as proposed by the Senate.

The conference report provides that the SEC Office of Inspector General shall receive no less than \$4,400,000 as proposed by the House, a provision not included in the Senate bill.

The conference report provides that, in addition to \$16,084,200 derived from prior year unobligated balances, an additional \$1,094,915,800 shall be derived from offsetting collections.

The SEC's Office of Global Security Risk shall submit reports to the House and Senate Committees on Appropriations every six months as described in the House and Senate reports and ensure that all companies sold on United States exchanges operating in State Department-designated terrorist-sponsoring states are disclosing such activities to investors.

The conferees acknowledge efforts to identify ways to harmonize oversight of futures

and securities products to achieve greater protection of investors, ensure market integrity, and promote price transparency. The GAO is directed to assess the harmonization report issued on October 16, 2009 jointly by the SEC and the Commodity Futures Trading Commission and report to Congress not later than March 1, 2010 with comments on the report and recommendations on ways to reduce or eliminate discrepancies and gaps in oversight, enhance regulatory effectiveness and efficiency, and heighten market transparency.

An increase over the requested level is provided to support the SEC's performance-based pay system, as well as to enhance enforcement, capital market oversight, and investor protection activities, including investigations of accounting fraud, market manipulation, insider trading, and investment scams that target seniors and low-income communities. The SEC should also increase its effort to improve oversight of investment banking institutions.

#### SELECTIVE SERVICE SYSTEM SALARIES AND EXPENSES

The conference agreement includes \$24,275,000 for the salaries and expenses of the Selective Service System, instead of \$24,400,000 as proposed by the Senate and \$24,150,000 as proposed by the House.

#### SMALL BUSINESS ADMINISTRATION SALARIES AND EXPENSES

The conference agreement includes \$433,438,000 for the salaries and expenses account of the Small Business Administration (SBA), instead of \$428,387,000 as proposed by the House and \$444,000,000 as proposed by the Senate.

Of the amount provided under this heading, \$248,088,000 is for operating expenses of the SBA including funds for an additional 80 full-time equivalents to address increased workload needs, and \$185,350,000 is for non-credit programs. In addition, \$153,000,000 from the Business Loans Program Account and \$75,588,200 from the Disaster Loans Program Account may be transferred to and merged with the Salaries and Expenses account for the administrative expenses related to those accounts.

The conferees direct that no less than the following amounts shall be dedicated to the following SBA non-credit programs:

Veterans Programs .....	\$2,500,000
7(j) Technical Assistance Programs .....	3,400,000
Small Business Development Centers .....	113,000,000
SCORE .....	7,000,000
Women's Business Centers .....	14,000,000
Women's Business Council .....	1,000,000
Native American Outreach .....	1,250,000
Drug-free Workplace Program .....	1,000,000
Microloan Technical Assistance .....	22,000,000
PRIME .....	8,000,000
HUBZone .....	2,200,000
Entrepreneurial Development Initiative .....	10,000,000

Total, non-credit programs .....

185,350,000

The conferees direct that the amounts provided for SBA's non-credit business assistance programs, as specified in the table above, shall be administered in the same manner as previous years and shall not be reduced, reallocated, or reprogrammed to provide additional funds for other programs, initiatives, or activities. In addition, the conferees expect that the National Ombudsman;

the Office of Advocacy, including support for the Advocacy Database; international trade programs; and the defense transition program receive no less than the fiscal year 2009 level of funding.

The conference agreement includes language proposed by the Senate increasing from 25 percent to 50 percent for fiscal year 2010 the formula specified under section 7(m)(4)(A) of the Small Business Act for calculating microloan technical assistance grants to lending intermediaries. The conference agreement does not include language proposed by the Senate that would waive the matching fund requirements for intermediaries receiving microloan technical assistance grants.

The conference agreement includes \$10,000,000 for the Administrator's Entrepreneurial Development Initiative as proposed by the Senate instead of \$15,000,000 as proposed by the House. The conference agreement does not include language proposed by the Senate that would waive section 7(e) of the Small Business Act for the purpose of providing grant funding in executing this initiative. The conferees modify House report language directing SBA to submit a detailed spending plan for the Entrepreneurial Development Initiative within 45 days of enactment of this Act and that obligation of funds for the initiative will be contingent upon approval of such a spending plan by the House and Senate Committees on Appropriations. The plan should include a discussion of the strategies and goals of the Entrepreneurial Development Initiative and the methodologies for selecting funding recipients and assessing performance, as requested in the Senate report.

The conferees reiterate Senate report language strongly encouraging SBA to consider funding veterans' business outreach centers that have significant experience conducting outreach to veterans including those previously receiving Federal funding.

The conference agreement does not include funding for SBA relocation costs. The House and Senate proposed \$10,000,000 associated with a potential move of SBA headquarters to another location within Washington, D.C. A decision was made in October 2009 that SBA will be staying in its current building under a new lease, obviating the need to provide relocation costs in this Act. The conference agreement does provide funding to cover higher space rental and operating costs associated with the new lease.

The conference agreement provides sufficient funds to administer small business development and entrepreneurship initiatives provided in section 523.

The conference agreement includes language proposed by the Senate providing \$2,000,000 for the Federal and State Technology Partnership Program.

#### OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$16,300,000 for the Office of Inspector General of the Small Business Administration as proposed by both the House and the Senate. An additional \$1,000,000 is available for transfer into this account from the Disaster Loans Program Account.

#### SURETY BOND GUARANTEES REVOLVING FUND

The conference agreement provides \$1,000,000 for this account as proposed by both the House and the Senate.

#### BUSINESS LOANS PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$236,000,000 for the Business Loans Program Account as proposed by both the House and

the Senate. Of the amount provided, \$3,000,000 is for the cost of direct loans in the microloan program, \$80,000,000 is for the cost of guaranteed loans as authorized by section 7(a) of the Small Business Act, and \$153,000,000 is for administrative expenses to carry out the direct and guaranteed loan programs and may be transferred to and merged with Salaries and Expenses.

#### DISASTER LOANS PROGRAM ACCOUNT (INCLUDING TRANSFERS OF FUNDS)

The conference agreement includes \$78,278,200 for the Disaster Loans Program Account instead of \$104,000,000 as proposed by both the House and the Senate. Of the amount provided, \$1,690,000 is for the cost of guaranteed loans, of which \$352,357 is for loan guarantees as authorized by section 42 of the Small Business Act, and \$1,337,643 is for loan guarantees as authorized by section 12085 of Public Law 110-246. The remaining \$76,588,200 is for administrative expenses to carry out the direct and guaranteed loan programs, of which \$65,278,200 is for direct administrative expenses of loan making and servicing to carry out the direct loan program, which may be transferred to and merged with Salaries and Expenses; \$9,000,000 is for indirect administrative expenses for the direct loan program, which may be transferred to and merged with Salaries and Expenses; \$1,000,000 is for the Office of Inspector General for audits and reviews of disaster loans and the disaster loan programs; and \$1,310,000 is for administrative expenses to carry out the guaranteed loan programs, which may be transferred to and merged with Salaries and Expenses. Any direct loan subsidies required in fiscal year 2010 will be derived from available unobligated balances.

The \$76,588,200 provided for disaster administrative expenses takes into account a November 2009 report from SBA regarding actual no-year balances that carried forward from fiscal year 2009 into fiscal year 2010. Actual carryforward balances for disaster administrative expenses are \$41,000,000 above the carryforward estimates included in the budget request. In light of this information, the conference agreement reflects a fiscal year 2010 appropriation \$25,721,800 below the amounts recommended by the House and the Senate. The conferees note, however, that when all sources of funding are considered, including the higher than anticipated carryforward balances, disaster administrative expenses are funded above SBA's fiscal year 2010 budget request in order to provide additional flexibility in the event fiscal year 2010 funding needs exceed the level requested.

#### ADMINISTRATIVE PROVISIONS—SMALL BUSINESS ADMINISTRATION (INCLUDING TRANSFER OF FUNDS)

Section 520 allows transfers between accounts as proposed by both the House and the Senate.

Section 521 as proposed by the Senate specifies that disaster loans issued in Alaska or North Dakota shall be administered by the Small Business Administration and shall not be sold during fiscal year 2010.

Section 522 makes a technical correction to Public Law 111-8.

Section 523 provides \$59,000,000 for small business development and entrepreneurship initiatives, including programmatic and construction activities, to be awarded as follows:

Project Name	Amount
Agriculture & Land-based Training Association, Salinas, CA for Farmworker to Farmer Business Incubator .....	\$3,110,000

<i>Project Name</i>	<i>Amount</i>	<i>Project Name</i>	<i>Amount</i>	<i>Project Name</i>	<i>Amount</i>

facilities for closure or consolidation, whether those criteria are being applied reasonably and consistently in particular cases, the adequacy of efforts to communicate and consult with affected communities and stakeholders, and the quality of efforts to evaluate the results of closures and consolidations.

*Financial Condition of the Postal Service.*—The conferees are concerned about the financial condition of the Postal Service. In fiscal year 2009, the Postal Service posted a net loss of \$3.8 billion that would have totaled \$7.8 billion, had Congress not reduced the Postal Service's retiree health benefits payment by \$4 billion. Significant declines in mail volume, exacerbated by the struggling economy, have contributed to the most recent Postal Service financial crisis.

The conferees applaud the Postal Service for its efforts to reduce costs. In fiscal year 2009, the Postal Service reduced its operating expenses by \$6.1 billion. These cost-cutting efforts must continue in close coordination with stakeholders and with careful consideration of the effect proposed cuts may have on service and volume.

Despite cost-cutting efforts, the financial condition of the Postal Service remains dire. The conferees understand that the Postal Service has requested legislative relief from the requirement that the Postal Service pre-fund a significant portion of its future retiree health benefits through the end of fiscal year 2016. Congress reduced the fiscal year 2009 payment from \$5.4 billion to \$1.4 billion. The Postal Service continues to seek a reduction or elimination of future mandated payments.

The conferees understand that both the Postal Service Inspector General (IG) and the Postal Regulatory Commission (PRC) have reviewed the payment stream under the Postal Accountability and Enhancement Act of 2006 (PAEA). The IG concluded that the current schedule would result in an overpayment to the retirement fund by the end of fiscal year 2016, and the PRC study concluded that the unfunded liability would not be as high as originally estimated. Because some experts, including OPM, have expressed concerns about the assumptions made in the Postal Service IG and PRC reports, the conferees urge the Postal Service to coordinate with OPM and OMB to develop a fiscally responsible legislative proposal, for consideration by the appropriate congressional committees, that would grant a limited measure of relief from the PAEA requirements to pre-fund retiree health benefits. These proposals should consider: (1) whether the PAEA-mandated stream of future payments overfunds through fiscal year 2016 the anticipated liability of the Postal Service for future retiree health benefits, (2) whether modifications to the mandated payments could meet the unliquidated liability goals contained in the PAEA, and (3) whether a decrease in mandated payments will reduce the incentive of the Postal Service to continue to cut additional costs.

OFFICE OF INSPECTOR GENERAL  
SALARIES AND EXPENSES  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$244,397,000 for the Office of Inspector General, as proposed by both the House and the Senate. It does not include language proposed by the House requiring any unobligated balances remaining at the end of fiscal years 2009 and 2010 to be transferred back to the Postal Service Fund.

UNITED STATES TAX COURT  
SALARIES AND EXPENSES

The conference agreement provides \$49,241,000 for salaries and expenses of the United States Tax Court as proposed by the Senate, instead of \$49,242,000 as proposed by the House.

TITLE VI  
GENERAL PROVISIONS—THIS ACT

Section 601 prohibits paying expenses or otherwise compensating non-Federal parties in regulatory or adjudicatory proceedings funded in this Act.

Section 602 prohibits obligations beyond the current fiscal year and prohibits transfers of funds unless expressly so provided herein.

Section 603 limits consulting service expenditures to contracts where such expenditures are a matter of public record, with exceptions.

Section 604 prohibits funds from being transferred to any department, agency, or instrumentality of the United States without express authority provided in this or any other appropriations Act.

Section 605 prohibits the use of funds to engage in activities that would prohibit the enforcement of section 307 of the 1930 Tariff Act.

Section 606 prohibits funds from being expended unless the recipient agrees to comply with the Buy American Act.

Section 607 prohibits funding to a person or entity convicted of violating the Buy American Act.

Section 608 provides reprogramming authority and requires agencies to submit financial plans to the House and Senate Appropriations Committees.

Section 609 provides that not to exceed 50 percent of unobligated balances from salaries and expenses may remain available for certain purposes.

Section 610 provides that no funds may be used by the Executive Office of the President to request any official background investigation from the Federal Bureau of Investigation unless the person has given consent or there are national security circumstances.

Section 611 requires that cost accounting standards not apply to a contract under the Federal Employees Health Benefits Program.

Section 612 permits the Office of Personnel Management to accept funds regarding the nonforeign area cost of living allowances.

Section 613 prohibits the expenditure of funds for abortions under the Federal Employees Health Benefits Program.

Section 614 provides an exemption from section 613 if the life of the mother is in danger or the pregnancy is a result of an act of rape or incest.

Section 615 waives restrictions on the purchase of non-domestic articles, materials, and supplies in the case of acquisition by the Federal Government of information technology.

Section 616 prohibits the acceptance by any regulatory agency or commission funded by this Act, or by their officers or employees, of payment or reimbursement for travel, subsistence, or related expenses from any person or entity (or their representative) that engages in activities regulated by such agency or commission.

Section 617 provides authority for the Public Company Accounting Oversight Board to obligate funds for a scholarship program.

Section 618 rescinds \$1,500,000 in unobligated balances for the Privacy and Civil Liberties Oversight Board, as proposed by the Senate.

Section 619 defines "payment of cash in advance" for purposes of section 908(b)(1) of the Trade Sanctions Reform and Export Enhancement Act of 2000.

Section 620 revises the Federal and District of Columbia Government Real Property Act of 2006 to advance the date for GSA to transfer the Old Naval Hospital to the District to not later than 60 days after date of enactment of this Act, as proposed by the House.

Section 621 permits the SEC and CFTC to fund a joint advisory committee to advise on emerging regulatory issues, notwithstanding section 708 of this Act. This provision was not included in either the House or Senate bills.

Section 622 provides that projects contained in the House report that are considered congressional earmarks for purposes of clause 9 of House of Representatives rule XXI, when intended to be awarded to a for-profit entity, shall be awarded under a full and open competition. This provision was not included in either the House or Senate bills.

The above provisions were included in similar form in both the House and Senate unless otherwise noted.

The conference agreement does not include House section 619 prohibiting the use of funds in this Act to implement or enforce section 101(a) of the Consumer Product Safety Improvement Act (CPSIA) of 2008 in regard to youth motorized off-highway vehicles. The conferees note that off-highway vehicles manufactured and sold during fiscal year 2010 are not subject to the strict lead limits of the CPSIA. The conferees are aware that the Consumer Product Safety Commission (CPSC) granted a stay of enforcement of CPSIA section 101(a) for certain components of those vehicles until May 1, 2011, and that CPSC is requiring compliance plans from industry that will indicate how products will be modified to comply with the lead standard as well as which parts have high lead content. The conferees recognize that practical issues exist in applying the CPSIA to these and certain other products, and address the issue in the CPSC account under title V.

The conference agreement does not include section 901 of the House bill concerning first-class travel by Federal employees. The conferees support Federal regulations stipulating that employees of Federal departments and agencies must use coach-class accommodations for official business travel except as provided under sections 301–10.123 and 301–10.124 of title 41 of the Code of Federal Regulations. The House language was redundant to those regulations.

TITLE VII  
GENERAL PROVISIONS—GOVERNMENT-WIDE

DEPARTMENTS, AGENCIES, AND CORPORATIONS

Section 701 requires all agencies have a written policy for ensuring a drug-free workplace.

Section 702 sets specific limits on the cost of passenger vehicles with exceptions for police, heavy duty, electric hybrid and clean fuels vehicles.

Section 703 makes appropriations available for quarters/cost-of-living allowances.

Section 704 modifies provisions proposed by the House and the Senate that prohibit the use of appropriated funds to compensate officers or employees of the Federal Government in the continental United States unless they are citizens of the United States or qualify under other specified exceptions. This provision eliminates the differential treatment of individuals by country of origin

and excepts from the prohibition individuals who are lawfully admitted for permanent residence and are seeking United States citizenship.

Section 705 ensures that appropriations made available to any department or agency for space, services and rental charges shall also be available for payment to the General Services Administration.

Section 706 allows the use of receipts from the sale of materials for acquisition, waste reduction and prevention, environmental management programs and other Federal employee programs as appropriate.

Section 707 allows funds for administrative expenses of government corporations and certain agencies to also be available for rent in the District of Columbia, services under 5 U.S.C. 3109, and the objects specified under this head.

Section 708 prohibits funds for interagency financing of boards (with exception), commissions, councils, committees or similar groups to receive multi-agency funding without prior approval.

Section 709 precludes funds for regulations which have been disapproved by joint resolution.

Section 710 sets ceilings on pay rates for certain Federal employees for fiscal year 2010.

Section 711 limits the amount of funds that can be used for redecoration of offices under certain circumstances to \$5,000, unless advance notice is transmitted to the House and Senate Committees on Appropriations.

Section 712 allows for interagency funding of national security and emergency preparedness telecommunications initiatives.

Section 713 requires agencies to certify that a Schedule C appointment was not created solely or primarily to detail the employee to the White House.

Section 714 prohibits the payment of any employee who prohibits, threatens, prevents or otherwise penalizes another employee from communicating with Congress.

Section 715 prohibits Federal employee training not directly related to the performance of official duties.

Section 716 prevents funds from being used to implement or enforce non-disclosure agreement policies unless certain provisions are included.

Section 717 prohibits executive branch agencies from using funds for propaganda or publicity purposes in support or defeat of legislative initiatives.

Section 718 prohibits any Federal agency from disclosing an employee's home address to any labor organization, absent employee authorization or court order.

Section 719 prohibits funds to be used to provide non-public information such as mailing or telephone lists to any person or organization outside the government without the approval of the House and Senate Committees on Appropriations.

Section 720 prohibits the use of funds for propaganda and publicity purposes not authorized by Congress.

Section 721 directs agency employees to use official time in an honest effort to perform official duties.

Section 722 authorizes the use of funds to finance an appropriate share of the Federal Accounting Standards Advisory Board administrative costs.

Section 723 authorizes the transfer of funds to GSA to finance various government-wide initiatives in financial management, information technology, human capital, procurement, and performance improvement, under certain conditions.

Section 724 permits breastfeeding in a Federal building or on Federal property if the woman and child are authorized to be there.

Section 725 permits interagency funding of the National Science and Technology Council and requires OMB to provide a report on the budget and resources of the National Science and Technology Council.

Section 726 requires that the Federal forms that are used in distributing Federal funds must indicate the agency providing the funds, the Federal Domestic Assistance Number, and the amount provided.

Section 727 prohibits the use of funds to monitor personal information relating to the use of Federal Internet sites to collect, review, or create any aggregate list that includes personally identifiable information relating to access to or use of any Federal Internet site of such agency.

Section 728 requires health plans participating in the Federal Employees Health Benefits Program to provide contraceptive coverage and provides exemptions to certain religious plans.

Section 729 recognizes the U.S. Anti-Doping Agency as the official anti-doping agency for Olympic, Pan American and Paralympic sport in the United States.

Section 730 allows funds for official travel to be used by departments and agencies, if consistent with OMB and Budget Circular A-126, to participate in the fractional aircraft ownership pilot program.

Section 731 prohibits funds for implementation of OPM regulations limiting detailees to the Legislative Branch or implementing limitations on the Coast Guard Congressional Fellowship Program.

Section 732 restricts the use of funds for Federal law enforcement training facilities with an exception for the Federal Law Enforcement Training Center.

Section 733 prohibits funds for E-Government initiatives sponsored by OMB prior to 15 days following submission of a report to the House and Senate Committees on Appropriations and receipt of the Committees' approval to transfer funds. The section also prohibits funds for new E-Government initiatives without the explicit approval of the Committees.

Section 734 provides authority to transfer funds between agencies to ensure the uninterrupted, continuous operation of the Midway Atoll Airfield.

Section 735 prohibits funds to begin or announce a study or public-private competition regarding conversion to contractor performance pursuant to OMB Circular A-76.

Section 736 prohibits executive branch agencies from creating prepackaged news stories that are broadcast or distributed in the United States unless the story includes a clear notification within the text or audio of that news story that the prepackaged news story was prepared or funded by that executive branch agency.

Section 737 prohibits funds from being used in contravention of the Privacy Act or associated regulations.

Section 738 requires agencies to evaluate the creditworthiness of an individual before issuing a government travel charge card and prohibits agencies from issuing a government travel charge card to individuals who have an unsatisfactory credit history.

Section 739 requires OMB to submit a crosscut budget report on Great Lakes restoration activities not later than 45 days after the submission of the budget of the President to Congress.

Section 740 prohibits funds in this or any other Act to be used for Federal contracts

with inverted corporations, unless the contract preceded this Act or the Secretary grants a waiver in the interest of national security.

Section 741 prohibits agencies from using funds to implement regulations changing the competitive areas under reductions-in-force for Federal employees.

Section 742 repeals section 748 of division D of the Omnibus Appropriations Act, 2009 (Public Law 111-8) to permit the President to modify or replace Executive Order 13423 with a new executive order, but it must achieve equal or better environmental and energy results.

Section 743 creates an annual requirement for every civilian agency to compile an inventory of service contracts performed for, or on behalf of, the agency during the prior fiscal year. In the absence of complete and reliable information on the extent of their reliance on service contractors, Federal agencies are not well-equipped to determine whether they have the right balance of contractor and in-house resources needed to accomplish their missions. This section requires agencies to review the contents of the inventory and report on actions taken and requires the Government Accountability Office to provide a series of reports on the implementation of the requirements in this section. It also modifies or replaces several provisions contained in the House and the Senate bills relating to tabulating the size of the Federal Government's contractor workforce.

Section 744 modifies Senate section 736 to provide that the adjustment in rates of basic pay for employees under statutory pay systems taking effect in fiscal year 2010 shall be an increase of 2 percent as recommended by the President and supported in the House bill. The conference agreement provides for a base pay adjustment and a locality pay adjustment.

Section 745 makes a technical correction to section 751 of division D of the Omnibus Appropriations Act, 2009 (Public Law 111-8).

Section 746 clarifies references to "this Act".

Section 747 establishes a disclosure and arbitration process to determine whether dealers that had their franchise agreements terminated or not assumed by a successor company should be added to dealer networks of automobile manufacturers partially owned by the Federal Government. This provision is a substitute for language contained in the House bill which also addressed concerns regarding terminated auto dealers. The Senate had no comparable provision.

The conferees believe that it is in the national interest that the United States automobile industry regain profitability and maintain sufficient dealerships to meet consumer demand. Evidence obtained in numerous Congressional hearings in 2009 demonstrates that automobile dealerships are integral parts of their local economy and provide millions of direct and indirect jobs in the United States. Automobile dealers are essential to the success of automobile manufacturers because they facilitate distribution, sales, and servicing of hundreds of millions of vehicles annually. It is also apparent to Congress that high-performing, historically profitable, and experienced automobile dealers with longstanding relationships with their customers are best positioned to help automobile manufacturers succeed financially. It is in the best interest of automobile manufacturers, the automotive industry, dealers, and the public to have a competitive and viable automobile distribution network

throughout the country, including in urban, suburban, and rural areas. It is in the interest of the local economies, the national economy, and the economic recovery to preserve successful small businesses.

The conferees believe that this procedure will best protect the due process rights and property interests of all parties, and safeguard the economic public interest, including the substantial taxpayer investment in this critical industry. The approach taken by the conference agreement provides for an independent arbitrator to assess, on a case-by-case basis, the merits of each dealer's request to be added to the automobile manufacturer's dealer network. By doing so, the Conferees expect that this policy will strengthen this key industry, bolster the nation's economic recovery, and benefit communities across the country.

The conference agreement would permit covered manufacturers and dealers to also, where they both prefer, to use voluntary negotiation outside the arbitration process where possible, to resolve issues of possible dispute, including equitable compensation.

The above provisions were included in similar form in both the House and Senate unless otherwise noted.

The conference report does not include House section 744 directing the Attorney General to transmit documents to Congress concerning notification of Miranda rights to captured foreign persons suspected of terrorism. The conferees understand that this issue has been addressed in the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84).

#### TITLE VIII

##### GENERAL PROVISIONS—DISTRICT OF COLUMBIA (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes the following general provisions for the District of Columbia:

Section 801 specifies that an appropriation for a particular purpose or object shall be considered as the maximum amount that may be expended for said purpose or object.

Section 802 authorizes appropriations for travel and dues of organizations.

Section 803 allows the use of local funds for making refunds or paying judgments against the District of Columbia government.

Section 804 prohibits the use of Federal funds for propaganda designed to support or defeat legislation before Congress or any state legislature, but allows the District of Columbia to use local funds to lobby on any matter.

Section 805 sets out reprogramming procedures for Federal funds.

Section 806 provides that appropriations under the Act shall be applied to objects for which the appropriation was made.

Section 807 prohibits the use of Federal funds for the salaries and expenses of a Shadow U.S. Senator or U.S. Representative.

Section 808 places restrictions on the use of District of Columbia government vehicles.

Section 809 prohibits the use of Federal funds for a petition or civil action which seeks to require voting rights for the District of Columbia in Congress.

Section 810 allows the District of Columbia to use local funds for needle exchange programs and allows the use of Federal funds for needle exchange programs provided that District health or law enforcement officials do not object. The House bill placed detailed geographic restrictions on the sites where needle exchange programs could be operated using either local or Federal funds, while the Senate bill prohibited use of Federal funds but did not restrict local funds.

Section 811 concerns a "conscience clause" on legislation that pertains to contraceptive coverage by health insurance plans.

Section 812 requires an annual report on crime, access to substance abuse treatment, management of parolees, education, rat abatement and indicators of child well-being as proposed by the Senate.

Section 813 prohibits the use of Federal funds to legalize or reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (or any tetrahydrocannabinols derivative) as proposed by the House.

Section 814 prohibits the use of Federal funds for abortion unless certain circumstances apply.

Section 815 requires the CFO to submit a revised operating budget no later than 30 calendar days after the enactment of this Act for agencies the CFO certifies as requiring a reallocation in order to address unanticipated program needs.

Section 816 requires the CFO to submit a revised operating budget for D.C. Public Schools, no later than 30 calendar days after the enactment of this Act, that aligns schools budgets to actual enrollment.

Section 817 authorizes the transfer of local funds to capital and enterprise funds.

Section 818 specifies that references to this Act in this title or title IV, are treated as referring only to the provisions of this title and title IV.

The above provisions were included in similar form in both the House and Senate unless otherwise noted.

##### DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the conference report or the accompanying joint statement of managers, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the conference report nor the joint statement of managers contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the Rules of the House of Representatives, none of the congressional earmarks listed below were committed to the conference committee on H.R. 3288. However, all following items were either (1) included in the Financial Services and General Government Appropriations Act, 2010 as passed by the House (H.R. 3170) or as reported in the Senate (S. 1432), or (2) in the report of the committee of either House on H.R. 3170 or S. 1432.

### FINANCIAL SERVICES AND GENERAL GOVERNMENT [Presidentially Directed Spending Items]

House bill, fiscal year 2010 .....	+41,500
Senate bill, fiscal year 2010 .....	-37,000

## DIVISION D—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010, put in place by this division incorporates the following agreements of the managers. Funds for the individual programs and activities within the accounts in this division are displayed in the detailed table at the end of the statement of the managers for this Act. Funding levels that are not displayed in the detailed table are identified within this statement of the managers. All references within this explanatory statement to the Recovery Act mean the American Recovery and Reinvestment Act of 2009 (Public Law 111μ095).

In implementing this conference agreement, the Departments and agencies should be guided by the language and instructions set forth in House Report 111μ09220 and Senate Report 111μ0966 accompanying the bill, H.R. 3293. In cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and those that are jointly concurred in have been endorsed in this explanatory statement.

In cases in which the House or the Senate report requests or directs the submission of a report, such report is to be submitted to both the Committees on Appropriations of the House of Representatives and the Senate.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this division, including the requirement to make a written request to the Committees on Appropriations of the House of Representatives and the Senate 15 days prior to reprogramming, or to the announcement of intent to reprogram funds in excess of 10 percent or \$500,000, whichever is less, between programs, projects, and activities.

Departments and agencies funded in this division shall submit statements on the effect of this Act to the Appropriations Committees within 45 days of enactment of this Act, pursuant to section 518. The Committees on Appropriations of the House of Rep-

resentatives and the Senate expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects, and activities, particularly in accounts where the final appropriation is different than that of the budget request. Further, these statements also shall include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2010 budget.

## TITLE I

## DEPARTMENT OF LABOR

## EMPLOYMENT AND TRAINING ADMINISTRATION

## TRAINING AND EMPLOYMENT SERVICES

## (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$3,828,530,000 for Training and Employment Services instead of \$3,802,961,000 as proposed by the House and \$3,798,536,000 as proposed by the Senate. Of the amount appropriated, \$1,772,000,000 is an advance appropriation for fiscal year 2011 as proposed by both the House and the Senate.

Within the total for the Dislocated Worker Assistance National Reserve, the conference agreement does not include bill language to allow up to \$30,000,000 of this appropriation to be made available to the Career Pathways Innovation Fund as proposed by the Senate. The conferees urge the Secretary to give favorable consideration to grant applications from States whose allotment for dislocated worker employment and training activities in Public Law 111μ098 was less than their allotment for such activities in Public Law 110μ09161. The conference agreement includes bill language to suspend section 173(e) of the Workforce Investment Act (WIA). Section 173(e) of the WIA facilitated the transition from the Job Training Partnership Act formula to the WIA formula; however, the WIA formula has been in effect for a decade and the transition is complete. The conferees note that suspending this provision will allow more funds to be available to respond to natural disasters and mass layoffs. Neither the House nor the Senate proposed a similar provision.

The conference agreement designates \$78,410,000 for migrant and seasonal farmworker formula grants instead of \$78,610,000 as proposed by the House and \$78,310,000 as proposed by the Senate. In addition, the conference agreement designates \$5,700,000 for migrant and seasonal farmworker housing instead of \$5,500,000 as proposed by the House and \$5,800,000 as proposed by the Senate.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement includes \$30,000,000 for a new competitive grant program to provide transitional jobs activities instead of \$35,000,000 as proposed by the House and \$40,000,000 as proposed by the Senate. The conference agreement provides an additional \$15,000,000 for these activities within the Reintegration of Ex-Offenders program, resulting in a total of \$45,000,000 for transitional jobs activities. The conferees direct the Department of Labor to consult with the Department of Health and Human Services' Administration for Children and Families in designing the grant competition and awarding grants, consistent with House Report 111-09220. In addition, the conferees note that funds should be used to leverage other resources to support program growth, consistent with Senate Report 111-0966. The conference agreement includes bill language allowing up to 10-09percent of funding for transitional jobs activities to be available for evaluation of such projects or transferred to

the Department of Health and Human Services or the Department of Justice for support of transitional jobs activities as proposed by the Senate. The House bill included a provision to ensure that a sufficient portion of funds available for transitional jobs activities would be used for an evaluation of the program.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement also includes \$5,500,000 as proposed by the House to continue a program of competitive grants to address the employment and training needs of young parents. The Senate did not include funds for this activity. The Department should continue to award these competitive grants based on the criteria outlined in House Report 110-231.

The conference agreement includes \$48,889,000 for the following projects in the following amounts:

Project	Amount
Access Community Health Network, Chicago, IL for a job training initiative .....	400,000
Alabama Institute for the Deaf and Blind, Talladega, AL for an employer training and job development initiative .....	200,000
Arkansas State University-Beebe, Searcy, AR for a training program for employment in the natural gas industry .....	200,000

Michigan Works, Benton Harbor, MI for the basic workforce transformation program .....	250,000	Southern Utah University, Cedar City, UT, for a renewable energy job training initiative .....	400,000	West Los Angeles College, Culver City, CA for the Pathways to 21st Century Careers program ..	600,000
Milton S Eisenhower Foundation, Washington, DC, for job training, job placement and GED acquisition programs in Iowa .....	400,000	Southwest Virginia Community College, Richlands, VA for green jobs training in rural communities .....	400,000	Workforce Opportunity Council, Concord, NH, for the advanced manufacturing portable classroom social services research training program .....	100,000
Mississippi Gulf Coast Community College, Perkinston, MS, for workforce training .....	350,000	Spokane Area Workforce Development Council, Spokane, WA, to support comprehensive regional planning efforts to address the workforce challenges of the Spokane area .....	250,000	Workforce Services Unlimited, Inc., Circleville, OH for a job training initiative .....	450,000
Mississippi State University, Mississippi State, MS, for the Mississippi Integrated Workforce Performance System .....	500,000	St. Nicholas Neighborhood Preservation Corporation, Brooklyn, NY for a workforce development initiative .....	150,000	Wrightco Educational Foundation, Ebensburg, PA, for security and communications technology job training programs ...	100,000
Mississippi Technology Alliance, Ridgeland, MS, for workforce training .....	250,000	Summit Academy OIC, Minneapolis, MN for a program focused on weatherization technician training and residential energy auditing .....	400,000	WRTP/BIG STEP, Milwaukee, WI for workforce skills training to match needs in the construction, manufacturing and healthcare sectors .....	100,000
Mississippi Valley State University, Itta Bena, MS, for training and development at the Automated Identification Technology/Automatic Data Collection Program .....	500,000	Team Taylor County, Campbells-ville, KY, for job training programs .....	100,000	Youngstown Neighborhood Development Corporation, Youngstown, OH for its Youngstown Grey to Green Initiative to provide training in green jobs .....	305,000
Montana State University, Billings, MT, for job training .....	100,000	The Healing Place, Richmond, VA, for job training services ....	150,000	Youth Radio, Oakland, CA for training of at-risk youth in media production, digital technology and broadcast engineering .....	250,000
National Center for Family Literacy, Louisville, KY for integration of career awareness and job readiness activities into a family literacy program .....	100,000	Tulane University, New Orleans, LA for a community health worker training program .....	250,000	Within the funds provided for Reintegration of Ex-offenders, the conference agreement includes \$15,000,000 for transitional jobs	
National Council of Negro Women, Washington, DC for a job readiness, life skills, and training program for disadvantaged women .....	350,000	UMWA Career Centers, Inc., Washington, PA for its mine worker training and employment programs .....	550,000		
Northeast Iowa Ironworkers-Cedar Rapids Local 89, Cedar Rapids, IA, for workforce development .....	250,000	University of Hawaii-Maui, Kahului, HI, for Community College Training & Education Opportunities program .....	2,000,000		
Northern Marianas Trade Institute, Saipan, MP for vocational and technical training programs .....	200,000	University of Hawaii-Maui, Kahului, HI, for the Remote Rural Hawaii Job Training Project .....	2,300,000		
		Upper Rio Grande Workforce Solutions, El Paso, TX for its Rural Initiatives Program .....	200,000		

activities as proposed by the House. The Senate included funds for transitional jobs activities within the Pilots, Demonstrations and Research program. The conference agreement designates that funds shall be available for obligation on April 1, 2010 as proposed by the Senate. The House proposed that funds shall be available for obligation on July 1, 2010. The conferees expect the Department of Labor to consult with the Department of Justice in awarding competitive grants for transitional jobs activities.

The conferees support the Department's proposed spending priorities for the Reintegration of Ex-offenders program, as identified in the congressional budget justification. Given that the conference agreement adopts a funding level below the request, the conferees request that an operating plan be submitted to the Committees on Appropriations of the House of Representatives and the Senate not later than 45 days after enactment of this Act.

The conference agreement establishes a separate line item for the Career Pathways Innovation Fund. The Career Pathways Innovation Fund replaces the Community-Based Job Training Grants program, which previously received funding under the Dislocated Worker Assistance National Reserve. The conference agreement includes a set-aside of not less than \$65,000,000 for competitive grants that prepare workers for careers in the health care sector as proposed by the House. The Senate did not include a set-aside within the Career Pathways Innovation Fund.

The conferees note that from November 2000 to November 2009 manufacturing employment in the United States declined by more than 5.5 million jobs. The conferees encourage the Secretary to consider competitive grant opportunities to train and place returning veterans, the underemployed, high school graduates, and traditional manufacturing employees so they can achieve the skills necessary to fill jobs in growing sectors of the high skilled, high tech and precision manufacturing industry.

The conferees direct the Department of Labor and the Department of Health and Human Services to establish an interagency taskforce and submit a strategic plan for addressing emerging needs in the health care sector, consistent with House Report 111-220.

#### COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

The conference agreement includes \$825,425,000 for Community Service Employment for Older Americans (CSEOA) instead of \$615,425,000 as proposed by the House and \$575,425,000 as proposed by the Senate. Within the total, \$225,000,000 is available upon the enactment of this Act and shall remain available through December 31, 2011. Neither the House nor the Senate proposed a similar availability period.

The conferees are aware that additional resources provided in the Recovery Act are insufficient to meet the needs of low-income older workers adversely impacted by the recession. Many CSEOA grantees are maintaining waiting lists for available community service jobs but are unable to fill those jobs due to funding limitations. In determining those current grantees that can effectively use funds made available immediately in this Act, the Secretary should take into account demonstrated need, financial management, and sustained and satisfactory performance.

#### STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement includes \$4,113,681,000 for State Unemployment Insurance and Employment Service Operations in-

stead of \$4,097,056,000 as proposed by the House and \$4,113,806,000 as proposed by the Senate.

The conference agreement includes \$60,000,000 for in-person reemployment and eligibility assessments and unemployment insurance improper payment reviews. This amount includes \$50,000,000 available for these purposes through a discretionary spending cap adjustment established in the fiscal year 2010 congressional budget resolution. In addition to increasing support for in-person reemployment and eligibility assessments, the Department should continue to make a portion of these funds available for technology-based overpayment prevention, detection, and collection activities. In fiscal year 2009, the Department funded State requests for technology-based projects through a combination of the discretionary spending cap adjustment and the appropriation for State Operations for Unemployment Insurance. The conferees encourage continuation of this practice.

The conference agreement includes \$12,000,000 within One-Stop Career Centers and Labor Market Information funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the Office of Disability Employment Policy (ODEP) account. The House proposed \$10,000,000 in ODEP for similar activities.

#### ADVANCES TO THE UNEMPLOYMENT TRUST FUND AND OTHER FUNDS

The conference agreement includes such sums as necessary for Advances to the Unemployment Trust Fund and Other Funds as proposed by both the House and the Senate. The conference agreement also includes bill language to reestablish the longstanding policy of making funds in this account available for two fiscal years. Neither the House nor the Senate proposed a similar provision.

#### PROGRAM ADMINISTRATION

The conference agreement includes \$147,656,000 for Program Administration instead of \$146,406,000 as proposed by the House and \$148,906,000 as proposed by the Senate.

#### EMPLOYEE BENEFITS SECURITY ADMINISTRATION

##### SALARIES AND EXPENSES

The conference agreement includes \$154,861,000 for the Employee Benefits Security Administration instead of \$154,060,000 as proposed by the House and \$155,662,000 as proposed by the Senate.

#### EMPLOYMENT STANDARDS ADMINISTRATION

##### SALARIES AND EXPENSES

##### (INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The conference agreement includes \$493,506,000 for the Employment Standards Administration (ESA) instead of \$486,756,000 as proposed by the House and \$498,956,000 as proposed by the Senate.

The conferees support the Administration's reorganization of ESA to eliminate overlapping leadership and management positions. The conference agreement includes bill language to allow funds identified in the table accompanying this Act for ESA Program Direction and Support to be reallocated among the agencies included in this account or transferred to any other account within the Department for the same purposes. Neither the House nor the Senate proposed a similar provision.

The conference agreement rescinds \$50,000,000 from unobligated funds collected

pursuant to section 286(v) of the Immigration and Nationality Act instead of \$65,000,000 as proposed by both the House and the Senate. The rescission is effective on September 30, 2010 as proposed by the House. The Senate proposed that the rescission be effective on September 1, 2010. Sufficient funds will remain to enable the Department of Labor to conduct enforcement activities under the current legislative authority. The conference agreement also includes bill language in section 524 to provide additional authority for ESA to conduct enforcement programs and activities that focus on industries likely to employ nonimmigrants.

#### ADMINISTRATIVE EXPENSES, ENERGY EMPLOYEES OCCUPATIONAL ILLNESS COMPENSATION FUND

The conference agreement includes \$51,900,000 for the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) instead of \$51,197,000 as proposed by both the House and the Senate. The funding level reflects expansion of the Office of the Ombudsman's responsibilities to include claimants for benefits under Part B of the EEOICPA, as authorized by the National Defense Authorization Act for fiscal year 2010.

#### OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

##### SALARIES AND EXPENSES

The conference agreement includes \$558,620,000 for the Occupational Safety and Health Administration (OSHA) instead of \$554,620,000 as proposed by the House and \$561,620,000 as proposed by the Senate.

Within the funds provided for Federal Enforcement, the conferees intend for the Department to use the increase above the fiscal year 2009 funding level to continue a multi-year process of rebuilding OSHA's enforcement capacity and increasing the pace of standard setting.

The conference agreement includes bill language designating that grants to States shall be no less than 50 percent of the costs of State occupational safety and health programs required to be incurred under plans approved by the Secretary as proposed by the House. The Senate proposed that grants to States may be up to 55 percent of the costs of State occupational safety and health programs.

The conferees strongly urge the Secretary not to permanently redistribute any of the additional State Plan grant funding provided under this appropriation for which a State is unable to provide its required match in fiscal year 2010 because of the pressures on State budgets. The Secretary is further urged to adopt past agency practice that would allow each State an opportunity next fiscal year to match and receive funding that is available but was not matched this fiscal year.

The conferees believe that after every effort is made to allow State grant funds to be matched by States—consistent with past agency practice—any remaining funds that cannot be matched in fiscal year 2010 by States should be reprogrammed for Federal enforcement activities, consistent with section 516 of this Act. Utilizing maximum flexibility to respond to individual State issues related to the match requirement, or reprogramming for Federal enforcement, will meet the goal of increasing resources that can lead to improved workplace safety and health for America's workers.

The conferees include \$1,000,000 within OSHA to continue a recordkeeping enforcement initiative on injury and illness recording, consistent with Senate Report 111-66. The House did not include a similar provision.

MINE SAFETY AND HEALTH ADMINISTRATION  
SALARIES AND EXPENSES

The conference agreement includes \$357,293,000 for the Mine Safety and Health Administration (MSHA) instead of \$353,193,000 as proposed by the House and \$357,143,000 as proposed by the Senate.

The conference agreement includes \$2,000,000 over the budget request for MSHA to increase spot inspections in the active workings of coal mines for the purpose of obtaining compliance with section 202 of the Federal Coal Mine Health and Safety Act of 1969. The conferees expect MSHA to submit quarterly reports on enforcement of section 202 of such Act, including findings from the spot inspection program, to the Committees on Appropriations of the House of Representatives and the Senate. Within the amount available for standards development, the conference agreement provides sufficient funding for MSHA to conduct risk assessments for the proposed rules to reduce miners' exposure to respirable coal mine dust and silica and related regulatory activities.

The conferees direct the Secretary to provide sufficient resources for the National Mine Safety and Health Academy and MSHA's Approval and Certification Center, consistent with Senate Report 111-66. The conference agreement continues to recognize the Joseph A. Holmes Safety Association as a principal safety association as proposed by the Senate. The conference agreement does not make this recognition permanent as proposed by the House.

Within the amount provided for Program Administration, the conference agreement provides \$1,450,000 for an award to the United Mine Workers of America to continue a project, initiated with the fiscal year 2008 appropriation, for classroom and simulated rescue training for mine rescue teams as proposed by the Senate. The House did not include a similar provision.

BUREAU OF LABOR STATISTICS  
SALARIES AND EXPENSES

The conference agreement includes \$611,447,000 for the Bureau of Labor Statistics (BLS) instead of \$611,623,000 as proposed by the House and \$611,271,000 as proposed by the Senate.

The conference agreement continues bill language providing that the Current Employment Survey shall maintain the content of the survey issued prior to June 2005 with respect to the collection of data for the women worker series as proposed by the House. The Senate did not include a similar provision. The conferees include \$1,300,000 within BLS funding to continue efforts to improve injury and illness data, consistent with Senate Report 111-66. The House did not include a similar provision.

OFFICE OF DISABILITY EMPLOYMENT POLICY  
SALARIES AND EXPENSES

The conference agreement includes \$39,031,000 for the Office of Disability Employment Policy (ODEP) as proposed by the Senate instead of \$37,031,000 as proposed by the House.

The conference agreement includes \$12,000,000 within ODEP funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the ETA account. The House included \$10,000,000 in the ODEP account for similar activities.

DEPARTMENTAL MANAGEMENT  
SALARIES AND EXPENSES  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$355,154,000 for Departmental Management instead of \$350,154,000 as proposed by the House and \$357,154,000 as proposed by the Senate.

*International Labor Affairs Bureau*

The conference agreement includes \$92,669,000 for the International Labor Affairs Bureau (ILAB) instead of \$91,419,000 as proposed by the House and \$93,919,000 as proposed by the Senate. The conference agreement also includes new language providing ILAB with an extra quarter to obligate funding for its technical assistance programs and authority to support microfinance activities. The conferees take this action to better enable ILAB to design its international labor activities, confirm government support for proposed programs and collaborate closely with the State Department and other program partners in effectively utilizing this appropriation.

The conference agreement designates \$40,000,000 for the United States' contribution to the International Labour Organization's International Program for the Elimination of Child Labor in order to expand this successful effort. The conference agreement also designates \$20,000,000 to continue the program of basic education grants in countries where the growing numbers of children removed from abusive and exploitative child labor need access to basic education, to be administered in accordance with Senate Report 111-66.

In addition, the conference agreement designates \$6,500,000 to continue support for the implementation of model programs designed to address worker rights in countries with which the United States has trade preference programs as proposed by the House. The Senate included a similar directive in its report.

The conferees also support the Department's proposed spending priorities for research, policy, reporting, and administration—as identified in the congressional budget justification. The increased funding level over fiscal year 2009 is sufficient to support an additional 12 full-time equivalents (FTE)—consistent with House Report 111-220—including 4 FTEs for the Office of Child Labor, Forced Labor, and Human Trafficking.

*Legal Services*

For Legal Services, the conferees agree that the increased funding level over fiscal year 2009 is intended to include adequate enforcement support for the Mine Safety and Health Administration.

OFFICE OF JOB CORPS

The conference agreement provides \$1,708,205,000 for the Office of Job Corps instead of \$1,705,320,000 as proposed by the House and \$1,711,089,000 as proposed by the Senate.

The conference agreement includes sufficient funds, together with funds from previous fiscal years, to support construction of a new Job Corps center previously approved through the competitive bidding process. The conference agreement also includes sufficient funds to initiate a competition for two new Job Corps centers. In the selection process, the conferees direct the Department to follow guidance provided in House Report 111-220 and Senate Report 111-66 regarding the criteria to be considered in selecting two new sites.

VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$256,127,000 for Veterans Employment and

Training instead of \$257,127,000 as proposed by the House and \$255,127,000 as proposed in the Senate.

GENERAL PROVISIONS  
OPERATING PLAN

The conference agreement continues a provision prohibiting the obligation of funds for demonstration, pilot, multiservice, research, and multistate projects under section 171 of the Workforce Investment Act prior to the submission of a report on the planned use of such funds as proposed by the House. The Senate did not include a similar provision.

WORKFORCE INVESTMENT ACT PROVISIONS

The conference agreement continues a provision requiring that the Secretary of Labor take no action to amend the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998 or to modify the procedure for designation of local areas as specified in that Act until such time as legislation reauthorizing the Act is enacted as proposed by the Senate. The House did not include a similar provision.

TRANSFER PLAN  
(INCLUDING TRANSFER OF FUNDS)

The conferees direct the Secretary to submit a plan for the transfer of the administration of the Job Corps program from the Office of the Secretary to the Employment and Training Administration as proposed by the House. Not less than 30 days after submitting the plan to the Committees on Appropriations of the House of Representatives and the Senate, the Secretary may transfer the administration and appropriation of the Job Corps program from the Office of the Secretary and the provisions of section 102 of Public Law 109-149 shall no longer be applicable. The Senate bill contained a similar provision.

TITLE II  
DEPARTMENT OF HEALTH AND HUMAN  
SERVICES

HEALTH RESOURCES AND SERVICES  
ADMINISTRATION

HEALTH RESOURCES AND SERVICES

The conference agreement includes \$7,498,522,000 for health resources and services, of which \$7,473,522,000 is provided as budget authority and \$25,000,000 is made available under section 241 of the Public Health Service Act instead of \$7,331,817,000 as proposed by the House and \$7,263,799,000 as proposed by the Senate.

The conference agreement includes bill language designating \$1,000,000 of funding for Rural Flexibility Grants to telehealth services, including pilots and demonstrations using electronic health records to coordinate rural veterans care with the Department of Veterans Affairs VISTA-Electronic Health Record. The Senate proposed \$2,000,000 for this activity. The House did not propose funding.

The conference agreement includes \$800,000 within Rural Outreach Grants for the community health integration models demonstration authorized in the Medicare Improvements for Patients and Providers Act of 2008 as proposed by the Senate. The House did not propose to fund the demonstration.

The conferees intend that telehealth funding may be used for new and existing regional and national resource centers that focus on operational clinical, statutory, or regulatory barriers to the delivery of telehealth services including credentialing and licensure and the establishment of one or more resource centers focused on

telehomecare. The Senate proposed similar language. The House did not propose language.

The conference agreement does not include bill language allocating funding for base grant adjustments for existing community health centers as proposed by the House. The Senate did not propose a similar provision.

The conference agreement includes no less than the fiscal year 2009 funding level for Native Hawaiian Health Care activities within the Community Health Centers program as proposed by the Senate. The House did not propose similar language.

The conferees expect that the \$75,000,000 included for State Health Access Grants will be awarded in the same manner and with the same requirements as in fiscal year 2009 consistent with House Report 111-220. The Senate did not propose similar language.

The conference agreement includes bill language providing \$1,932,865,000 for Parts A and B of the Ryan White HIV/AIDS Treatment Modernization Act, to be available through September 30, 2012, as proposed by the House. The Senate proposed \$1,916,873,000.

The conference agreement includes language proposed by the House limiting 2009 program year reductions in Ryan White Part A grants for metropolitan and transitional areas to 7.6 percent by providing \$6,021,000 for supplemental grants for fiscal year 2009. The Senate bill did not propose similar language.

The conference agreement does not include bill language proposed by both the House and Senate continuing legislative authority for Ryan White activities through fiscal year 2010. This language is not necessary because the reauthorization for the program has recently been signed into law.

The conferees intend that the Health Resources and Services Administration (HRSA) allocate funds for the Minority AIDS Initiative within the Ryan White HIV Programs at a level above the fiscal year 2009 funding level. The House proposed a specific level of funding, and the Senate proposed funding at no less than the fiscal year 2009 level for the Minority AIDS Initiative.

The conference agreement includes bill language setting aside \$92,551,000 for Special Projects of Regional and National Significance (SPRANS) as proposed by the Senate instead of \$92,649,000 as proposed by the House. The conference agreement assumes the following set-asides within SPRANS:

Budget activity	House	Senate	Conference
Oral Health .....	\$4,859,000	\$4,859,000	\$4,859,000
Epilepsy .....	4,000,000	3,416,000	3,708,000
Sickle Cell .....	3,774,000	3,774,000	3,774,000
First-time Motherhood .....	4,956,000	4,956,000	4,956,000
Doulas .....	1,504,000	1,504,000	1,504,000
Fetal Alcohol Syndrome .....	0	486,000	486,000

In addition to the SPRANS funding for Oral Health activities, an additional \$17,500,000 is included for Dental Health Improvement Act State grants (authorized under section 340G of the Public Health Service Act) within Allied Health. The House proposed \$20,000,000 for these State grants. The Senate proposed \$10,000,000.

The conferees intend that doula demonstration funding be allocated evenly among urban and rural settings, with an emphasis on breastfeeding initiation and retention as proposed by the Senate. The House proposed similar language.

The conference agreement includes bill language that identifies not less than \$7,575,000 for General Dentistry programs and not less than \$7,575,000 for Pediatric Dentistry programs, including Faculty Loan Repayment, as proposed by the Senate. The

House proposed \$5,000,000 for the dentistry programs. The conference agreement also includes bill language stating that Dental Faculty Loan Repayments shall be made using the same terms and conditions as the Nursing Faculty Loan Repayment program unless otherwise authorized. This is similar to language proposed by the Senate. The House did not propose comparable language.

The conferees expect HRSA to use National Health Service Corps recruitment funds only to support multi-year, rather than single year, commitments consistent with Senate Report 111-66. The House did not propose similar language.

The conferees are aware that the National Health Service Corps may require fewer amendments to contracts made under the Recovery Act than were anticipated. The conferees intend that funds provided in the Recovery Act for amendments may also be used for new scholar and loan repayment awards. The conferees also intend that Recovery Act funds provided for National Health Service Corps field operations may be used to fund multi-year contracts that support the orientation, monitoring, compliance, and relocation of scholar and loan repayment awardees who received funding through the Recovery Act.

The conference agreement includes funding for Allied Health Training programs as follows:

Budget activity	House	Senate	Conference
State Dental Health Grants .....	\$20,000,000	\$10,000,000	\$17,500,000
Chiropractic-medical School Demo Grants .....	1,945,000	1,945,000	1,945,000
Graduate Psychology Training .....	1,945,000	3,945,000	2,945,000

The conferees intend that the increase over fiscal year 2009 funding for Public Health, Preventive Medicine, and Dental Public Health programs be used to expand fellowships and training in the area of Preventive Medicine as proposed by the Senate. The House did not propose similar language.

The conferees intend that, as proposed by the Senate, the funding increase over fiscal year 2009 for the Nurse Education, Practice, and Retention program be used to establish a new initiative to train nursing home aides and home health aides, with grants made to colleges or community-based training programs. The House did not propose this provision.

The conference agreement includes bill language providing \$10,000,000 as a direct lump sum payment to the Denali Commission as proposed by the Senate. The House did not propose funding for the Denali Commission. The conferees concur in the language proposed in Senate Report 111-66 regarding the allocation of Denali Commission funding. The House did not propose any Denali Commission language.

The conference agreement includes bill language providing \$35,000,000 for the Delta Health Initiative as authorized in section 219 of division G of Public Law 110-161, and associated administrative costs. The Senate proposed \$40,000,000 for this initiative, which was not funded in the House bill.

The conference agreement includes \$338,002,000 within Health Care-related Facilities and Activities for the following projects in the following amounts:

Project	Amount
Adams State College, Alamosa, CO, for facilities and equipment related to nurse training .....	125,000
Advocate Good Shepherd Hospital, Barrington, IL for facilities and equipment .....	70,000

Project	Amount
Advocate South Suburban Hospital, Hazel Crest, IL for facilities and equipment .....	300,000
Advocates for a Healthy Community, Inc., Springfield, MO for facilities and equipment .....	750,000
Akron Children's Hospital, Akron, OH for facilities and equipment .....	250,000
Alaska Native Tribal Health Consortium, Anchorage, AK, for facilities and equipment .....	1,000,000
Alaska Native Tribal Health Consortium, Anchorage, AK, for training dental health care workers .....	2,000,000

Zufall Health Center, Dover, NJ for facilities and equipment .....	225,000

The conference agreement includes bill language not proposed in either the House or the Senate bill authorizing a three-year grant period for the Patient Navigator program.

The conferees intend that the Traumatic Brain Injury Protection and Advocacy Services component of the Traumatic Brain Injury program receive the same proportion of funding it received in fiscal year 2009 as proposed by the House. The Senate proposed similar language.

Within the funding provided for the Autism and Other Related Developmental Disorders program, the conference agreement includes an increase of not less than \$2,200,000 to expand the Leadership Education in Neurodevelopmental and Related Disabilities (LEND) program as proposed by the House. The Senate did not specify a funding level for the LEND program. In addition, the conference agreement includes an increase of not less than \$2,200,000 for research on evidence-based practices for interventions for individuals with autism and other developmental disabilities instead of \$2,000,000 as proposed by the Senate. The House did not specify a funding level for this research activity.

The conferees understand that the Organ Procurement and Transplantation Network (OPTN) is planning a forum to consider further changes in policy regarding the broader allocation of donor livers in addition to the June 2009 Status 1 recipients OPTN decision. However, HRSA has informed the conferees that a further policy proposal will not be ready for the OPTN Board to review before 2011 or 2012. At least six months before any further change is implemented, the conferees direct OPTN to submit to the Committees on Appropriations of the House of Representatives and the Senate a report analyzing and describing the potential impact of any changes to broaden the geographic allocation of livers on the following:

(1) Access to transplantation for all patients who are listed at both smaller volume transplant centers and who are listed at centers outside major urban areas;

(2) Mortality of all patients on a waiting list at either smaller volume transplant centers or transplant centers located outside major urban areas;

(3) Model for End-Stage Liver Disease (MELD) score of all patients at time of transplant;

(4) Access to transplant and mortality rates for all patients whose primary insurance is Medicare or Medicaid and who are on waiting lists;

(5) Organ wastage rates;

(6) One-year and three-year graft and patient survival, and total years prolonged by transplantation;

(7) Ischemia time and function of the donor liver;

(8) Transportation and other costs associated with broadening the sharing of donor livers; and

(9) Organ donation rates and public attitudes on organ donation (such as willingness to donate) in aggregate and in localities that are net exporters of organs.

The report shall also describe in detail all comments received up to one year prior to and/or in conjunction with the OPTN 2010 public forum on broader allocation of livers, as well as any comments received from a planned subsequent public comment period, and shall indicate what steps will be taken to address such public comments.

No changes to current OPTN policy on broader allocation of livers shall be permitted (a) prior to the submission of this re-

port, and (b) absent formal notification to the Committees on Appropriations of the House of Representatives and the Senate. Further, the conferees direct that any policy change on broader allocation of livers be tested first in demonstrations, similar to the demonstration recently conducted in Iowa and North and South Dakota, before nationwide implementation, and be made in an incremental manner, reflecting the accumulation and analysis of data on the impact of policy changes.

The conferees have included \$1,000,000 within the organ transplantation program to support the costs of developing the report described above.

The conference agreement includes sufficient resources to allocate funding to all certified poison control centers, or centers granted a waiver by the Secretary, based on service population. The Senate proposed similar language. The House did not propose any language.

#### COVERED COUNTERMEASURE PROCESS FUND

The conference agreement does not include funding for the Covered Countermeasure Process Fund as proposed by the House. The Senate proposed \$5,000,000 for the Fund. The Fund received support from fiscal year 2009 supplemental appropriations provided in Public Law 111-32.

#### CENTERS FOR DISEASE CONTROL AND PREVENTION

##### DISEASE CONTROL, RESEARCH, AND TRAINING

The conference agreement includes \$6,390,387,000 in discretionary appropriations for Disease Control, Research, and Training at the Centers for Disease Control and Prevention (CDC) instead of \$6,314,032,000 as proposed by the House and \$6,733,377,000 as proposed by the Senate. In addition, \$352,357,000 is made available under section 241 of the Public Health Service (PHS) Act instead of \$368,863,000 as proposed by the House and \$40,075,000 as proposed by the Senate.

##### Infectious Diseases

##### Immunization and Respiratory Diseases

Within the program level total for Immunization and Respiratory Diseases, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Section 317 Immunization Program .....	\$496,847,000	\$496,847,000	\$496,847,000
Program Operations .....	61,621,000	63,621,000	62,621,000
Influenza .....	158,992,000	158,992,000	158,992,000
Pandemic Influenza .....	156,344,000	156,344,000	156,344,000

Within the total for Program Operations, the conference agreement includes a \$1,000,000 increase for vaccine safety research instead of a \$2,000,000 increase as proposed by the Senate. The House did not propose similar language.

#### HIV/AIDS, Viral Hepatitis, STD, and TB Prevention

Within the total for HIV/AIDS, Viral Hepatitis, STD, and TB prevention, the con-

ference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Domestic HIV/AIDS Prevention and Research .....	\$744,914,000	\$711,045,000	\$727,980,000
HIV Prevention by Health Departments .....	N/A	N/A	328,887,000
HIV Surveillance .....	N/A	N/A	109,455,000
National, Regional, Local, Community, and Other Organizations .....	N/A	N/A	134,793,000
Enhanced HIV Testing .....	N/A	N/A	65,273,000
Improving Program Effectiveness .....	N/A	N/A	89,572,000
Viral Hepatitis .....	20,150,000	18,367,000	19,259,000
Sexually Transmitted Diseases .....	152,750,000	N/A	153,875,000
Tuberculosis .....	144,268,000	144,268,000	144,268,000

In order to support a multi-faceted approach to HIV research and prevention practices, the conferees have established five new sub-budget lines that are structured around

the principles of transparency, accountability, and comprehensiveness. The conferees expect that the fiscal year 2011 budget justification will follow this format, pro-

viding detailed explanations of funded activities, and how any proposed increases or reductions will be applied across each line. The conferees further insist that any future

movement of funds between these lines must go through the formal reprogramming review process.

The conference agreement does not include bill language regarding the Early Diagnosis Grants program. The House proposed bill language specifically eliminating funding for the program while the Senate proposed to limit funding for the program to \$15,000,000. The Ryan White HIV/AIDS Treatment Extension Act of 2009 did not reauthorize this activity; therefore, the conferees expect CDC not to carve out any funding for this activity in fiscal year 2010.

Within the total for Domestic HIV/AIDS Prevention and Research programs, the con-

ference agreement provides funding at no less than the fiscal year 2009 level to support activities that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders. The House proposed \$95,700,000 for these activities. The Senate did not propose similar language.

The conferees direct CDC to include in the fiscal year 2011 congressional budget justification a description of efforts and timelines to update hepatitis C screening guidelines, including information on pilot studies that are ongoing and planned for the

future using a one-time, age-based screen to target the age demographic with the highest prevalence. Neither the House nor the Senate proposed similar language.

The conferees intend that the increase provided for STD prevention be used to expand Infertility Prevention Services and Infrastructure Projects in all regions as proposed by the Senate. The House did not propose similar language.

#### *Zoonotic, Vector-borne, and Enteric Diseases*

Within the total for Zoonotic, Vector-borne, and Enteric Diseases, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Vector-borne Diseases, including West Nile Virus .....	\$26,717,000	N/A	\$26,717,000
Lyme Disease .....	8,938,000	N/A	8,938,000
Food Safety .....	26,942,000	N/A	26,942,000
Prion Disease .....	5,474,000	N/A	5,474,000
Chronic Fatigue Syndrome .....	4,825,000	N/A	4,825,000

#### *Preparedness, Detection, and Control of Infectious Diseases*

Within the total for Preparedness, Detection, and Control of Infectious Diseases, the conference agreement includes \$15,150,000 for the National Healthcare Safety Network as proposed by the House. The Senate did not include similar language. Funding shall be used consistent with the language in House Report 111-220.

Also within the total for Preparedness, Detection, and Control of Infectious Diseases, the conference agreement includes

\$136,281,000 for the Emerging Infectious Diseases program instead of \$141,383,000 as proposed by the House. The Senate did not include similar language.

The conferees are aware of various studies in Japan, the United Kingdom and the U.S. Department of Defense into substances that reduce the bio-load of surfaces in hospital rooms. In particular, some copper alloys in place of stainless steel or plastics may reduce the spread of microbial infectious organisms. The conferees request that CDC review the literature available and report to the Committees on Appropriations of the

House of Representatives and the Senate on the status of this research and its potential for reducing healthcare-associated infections. Neither the House nor the Senate proposed similar language.

#### *Health Promotion*

#### *Chronic Disease Prevention, Health Promotion, and Genomics*

Within the total for Chronic Disease Prevention, Health Promotion, and Genomics, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Heart Disease and Stroke .....	\$54,221,000	\$56,221,000	\$56,221,000
Delta Health Intervention .....	3,007,000	5,000,000	5,000,000
Diabetes .....	65,998,000	65,998,000	65,998,000
Cancer Prevention and Control .....	349,454,000	380,234,000	370,346,000
Breast and Cervical Cancer .....	209,699,000	220,000,000	214,850,000
WISEWOMAN .....	20,573,000	21,000,000	20,787,000
Breast Cancer Awareness for Young Women .....	5,000,000	0	5,000,000
Cancer Registries .....	46,472,000	50,000,000	51,236,000
Colorectal Cancer .....	39,063,000	50,000,000	44,532,000
Comprehensive Cancer .....	16,386,000	25,000,000	20,693,000
Johanna's Law .....	6,807,000	6,807,000	6,807,000
Ovarian Cancer .....	5,414,000	6,000,000	5,707,000
Prostate Cancer .....	13,275,000	14,000,000	13,638,000
Skin Cancer .....	1,880,000	2,500,000	2,190,000
Geraldine Ferraro Cancer Education Program .....	4,677,000	4,677,000	4,677,000
Cancer Survivorship Resource Center .....	781,000	1,250,000	1,016,000
Arthritis and Other Chronic Diseases .....	26,803,000	26,294,000	27,299,000
Arthritis .....	13,318,000	13,318,000	13,318,000
Psoriasis .....	1,500,000	0	1,500,000
Epilepsy .....	7,976,000	7,976,000	7,976,000
National Lupus Patient Registry .....	4,009,000	5,000,000	4,505,000
Tobacco .....	106,408,000	115,000,000	110,704,000
Nutrition, Physical Activity, and Obesity .....	44,402,000	44,991,000	44,991,000
Health Promotion .....	27,803,000	30,408,000	29,856,000
Behavioral Risk Factor Surveillance System .....	7,316,000	7,316,000	7,316,000
Community Health Promotion .....	6,468,000	6,468,000	6,468,000
Sleep Disorders .....	861,000	861,000	861,000
Mind-Body Institute .....	0	1,500,000	1,500,000
Glaucoma .....	3,519,000	3,519,000	3,519,000
Visual Screening Education .....	3,229,000	3,229,000	3,229,000
Alzheimer's Disease .....	1,692,000	2,000,000	1,846,000
Inflammatory Bowel Disease .....	686,000	686,000	686,000
Interstitial Cystitis .....	660,000	660,000	660,000
Excessive Alcohol Use .....	2,000,000	3,000,000	2,500,000
Chronic Kidney Disease .....	2,233,000	2,030,000	2,132,000
School Health .....	62,780,000	57,645,000	57,645,000
Healthy Passages Study .....	3,493,000	3,493,000	3,493,000
Food Allergies .....	497,000	497,000	497,000
Safe Motherhood/Infant Health .....	49,891,000	44,782,000	44,782,000
Preterm Birth .....	2,005,000	2,005,000	2,005,000
Sudden Infant Death Syndrome .....	207,000	207,000	207,000
Oral Health .....	15,074,000	15,000,000	15,000,000
Prevention Research Centers .....	33,203,000	35,000,000	33,675,000
Healthy Communities .....	22,823,000	22,823,000	22,823,000
Racial & Ethnic Approaches to Community Health .....	39,644,000	39,644,000	39,644,000
Genomics .....	12,308,000	12,308,000	12,308,000
Primary Immune Deficiency Syndrome .....	3,107,000	3,107,000	3,107,000
Public Health Genomics .....	9,201,000	9,201,000	9,201,000

Within the total provided for cancer prevention and control, the conference agreement includes \$5,000,000 for breast cancer awareness for young women, as proposed by the House. The Senate did not include similar language. Funding shall be used con-

sistent with the language in House Report 111-220.

The conference agreement includes \$3,000,000 to enhance and expand CDC's existing cancer registry in order to carry out the goals of the Caroline Pryce Walker Conquer

Childhood Cancer Act with respect to pediatric cancer. The Senate provided increased funding for the pediatric cancer registry within the CDC Cancer Registry program, while the House provided funding for this activity in the Office of the Secretary. The

conferees commend CDC for convening a panel of experts in the field of pediatric cancer research and direct the CDC to submit to the Appropriations Committees no later than February 1, 2010 a detailed plan for improving the types of data, the speed of reporting, and the access of data to researchers.

As proposed by the House, the conference agreement includes sufficient funding within Safe Motherhood/Infant Health for the development of a national public health plan for the prevention, detection, and management of infertility. The Senate did not include similar language. The conferees request that CDC report on the development of this plan to the Committees on Appropriations of the House of Representatives and the Senate no later than April 1, 2010.

Within the total provided for Nutrition, Physical Activity, and Obesity, the conference agreement includes \$500,000 to continue a study by the Institute of Medicine that will examine and provide recommendations regarding front-of-package nutrition symbols consistent with the language in Senate Report 111-66. The House did not propose similar language.

The increase provided for the Office of Smoking and Health is intended to expand counter marketing programs as proposed by the Senate. In addition, similar to what was proposed by the Senate, the conferees direct the Office of Smoking and Health to transfer no less than last year's level to the Environmental Health Laboratory to analyze tobacco products and cigarette smoke. This transfer is to be provided in a manner that supplements and in no way replaces existing funding for tobacco-related activities. The House did not propose similar language. The conferees further request that CDC submit to the Committees on Appropriations of the House of Representatives and the Senate a comprehensive plan to substantially reduce the rates of tobacco use in the U.S. over the next five fiscal years. The plan should be submitted no later than April 1, 2010 and include recommendations for national and community-based activities that are necessary to meet the goal.

As proposed by the Senate, the conference agreement includes increased funding within the total for Prevention Research Centers to support additional Comprehensive Centers. The House did not propose similar language.

As proposed by the House, the conference agreement includes funding to support the collection of epidemiological and longitudinal data on individuals with psoriasis and psoriatic arthritis, including children and adolescents, to better understand the comorbidities associated with psoriasis, examine the relationship of psoriasis to other public health concerns, and gain insight into the long-term impact and treatment of these two conditions. The Senate did not propose similar language.

The conference agreement provides funding to support CDC's initiative for Healthy Communities. Within the total provided, \$4,000,000 is for the continuation of the community-based grant program focusing on poor nutrition and physical inactivity. Neither the House nor the Senate proposed similar language.

#### *Birth Defects, Developmental Disabilities, Disability and Health*

Within the total for Birth Defects, Developmental Disabilities, Disability and Health, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Birth Defects and Developmental Disabilities .....	\$42,776,000	\$42,494,000	\$42,636,000
Birth Defects .....	21,182,000	21,500,000	21,342,000
Craniofacial Malformation .....	1,755,000	2,000,000	1,878,000
Fetal Death .....	846,000	846,000	846,000
Alveolar Capillary Dysplasia .....	247,000	247,000	247,000
Fetal Alcohol Syndrome .....	10,140,000	10,140,000	10,140,000
Folic Acid .....	3,426,000	2,826,000	3,126,000
Infant Health .....	8,028,000	8,028,000	8,028,000
Human Development and Disability .....	78,194,000	82,444,000	80,820,000
Disability & Health (including Child Development) .....	13,611,000	13,611,000	13,611,000
Charcot Marie Tooth Disorders .....	0	1,000,000	1,000,000
Limb Loss .....	2,906,000	2,906,000	2,906,000
Tourette Syndrome .....	1,749,000	1,749,000	1,749,000
Early Hearing Detection and Intervention .....	10,888,000	10,888,000	10,888,000
Muscular Dystrophy .....	6,291,000	6,291,000	6,291,000
Special Olympics Healthy Athletes .....	5,534,000	5,534,000	5,534,000
Paralysis Resource Center .....	6,015,000	7,748,000	6,882,000
Attention Deficit Hyperactivity Disorder .....	1,751,000	1,751,000	1,751,000
Fragile X .....	1,905,000	1,905,000	1,905,000
Spina Bifida .....	5,483,000	7,000,000	6,242,000
Autism .....	22,061,000	22,061,000	22,061,000
Blood Disorders .....	19,912,000	19,912,000	19,912,000
Hemophilia .....	17,203,000	17,203,000	17,203,000
Thalassemia .....	1,865,000	1,865,000	1,865,000
Diamond Blackfan Anemia .....	517,000	517,000	517,000
Hemochromatosis .....	327,000	327,000	327,000

As proposed by the Senate, the additional funding provided for craniofacial malformation above the fiscal year 2009 funding level shall be used to support the continued analysis of data from the quality of life surveys of children with oral clefts completed in 2008. The House did not propose similar language. The conferees expect the increased funding to be used consistent with the language in Senate Report 111-66.

As proposed by the Senate, the conference agreement includes \$1,000,000 to launch a National Charcot Marie Tooth (CMT) Resource Center to promote a collaborative relationship between CMT patients and their providers and to ensure CMT patients are being properly diagnosed and treated with the lat-

est standards of care. The House did not propose similar language.

The conferees are pleased by advances that have allowed children with congenital heart disease (CHD) to live longer; however, there is little data on adults living with this condition. The conferees encourage CDC to develop a population-based adult CHD surveillance plan to determine the prevalence of CHD in the adult population. The conferees direct CDC to provide a progress report on this effort within 90 days of enactment of this Act.

#### *Health Information and Service*

##### *Public Health Informatics/Health Marketing*

Within the total for Public Health Informatics/Health Marketing, the conference agreement includes a program level

total of \$70,597,000 for Public Health Informatics as proposed by the House and \$79,374,000 for Health Marketing instead of \$82,504,000 as proposed by the House. The Senate did not include similar language.

The conferees intend that within the total for Health Marketing, no less than the level provided in fiscal year 2009, or \$1,831,000, shall be provided to support the activities of the Task Force on Community Preventive Services. Neither the House nor the Senate proposed similar language.

#### *Environmental Health and Injury Prevention*

##### *Environmental Health*

Within the total for Environmental Health, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Environmental Health Laboratory .....	\$43,729,000	\$42,962,000	\$43,346,000
Newborn Screening Quality Assurance Program .....	6,915,000	6,915,000	6,915,000
Newborn Screening for Severe Combined Immunodeficiency Diseases .....	988,000	988,000	988,000
Environmental Health Activities .....	81,565,000	81,480,000	78,043,000
Safe Water .....	7,237,000	7,237,000	7,237,000
Volcanic Emissions .....	0	500,000	200,000
Environmental and Health Outcome Tracking Network .....	33,124,000	31,309,000	33,124,000
Amyotrophic Lateral Sclerosis (ALS) Registry .....	5,027,000	7,000,000	6,014,000
Climate Change .....	15,000,000	7,540,000	7,540,000
Polycythemia Vera (PV) Cluster .....	0	5,027,000	2,513,000
International Emergency and Refugee Health .....	N/A	6,500,000	6,262,000
Asthma .....	30,924,000	30,924,000	30,924,000
Healthy Homes (formerly Childhood Lead Poisoning) .....	34,805,000	34,805,000	34,805,000

As proposed by the House, increased resources provided for the Environmental and Health Outcome Tracking Network above the fiscal year 2009 funding level will enable at least one additional State to participate in the network. The Senate did not propose similar language.

As proposed by the Senate, increased resources provided for Volcanic Emissions above the fiscal year 2009 funding level are for the establishment of a research center that embraces a multidisciplinary approach in studying the short- and long-term health

effects of volcanic emissions. The House did not propose similar language.

#### *Injury Prevention and Control*

Within the total for Injury Prevention and Control, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Intentional Injury .....	\$102,648,000	N/A	\$102,648,000
Domestic Violence and Sexual Violence .....	31,900,000	N/A	31,900,000
Child Maltreatment .....	7,104,000	N/A	7,104,000
Youth Violence Prevention .....	20,076,000	N/A	20,076,000
Domestic Violence Community Projects .....	5,525,000	N/A	5,525,000
Rape Prevention .....	42,623,000	N/A	42,623,000
All Other Intentional Injury .....	2,524,000	N/A	2,524,000
Unintentional Injury .....	31,704,000	N/A	31,704,000
Traumatic Brain Injury .....	6,152,000	N/A	6,152,000
All Other Unintentional Injury .....	25,552,000	N/A	25,552,000
Elderly Falls .....	2,000,000	N/A	2,000,000
Injury Control Research Centers .....	10,719,000	N/A	10,719,000
National Violent Death Reporting System .....	3,544,000	N/A	3,544,000

#### *National Institute for Occupational Safety and Health*

Within the program level total for the National Institute for Occupational Safety and

Health (NIOSH), the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Education and Research Centers .....	\$23,740,000	\$25,000,000	\$24,370,000
Personal Protective Technology .....	17,218,000	17,218,000	17,218,000
Pan Flu Preparedness for Healthcare Workers .....	3,031,000	3,031,000	3,031,000
Healthier Workforce Centers .....	4,072,000	6,000,000	5,036,000
National Occupational Research Agenda .....	117,406,000	117,406,000	117,406,000
World Trade Center .....	70,723,000	70,723,000	70,723,000
Mining Research .....	51,469,000	50,516,000	53,705,000
Other Occupational Safety and Health Research .....	84,713,000	84,713,000	84,713,000
Miners Choice .....	648,000	648,000	648,000
Nat'l Mesothelioma Registry & Tissue Bank .....	1,024,000	1,024,000	1,024,000

The total provided for NIOSH includes sufficient funding to maintain staffing levels at the Morgantown facility and to increase research funding at that facility as proposed by the Senate. The House did not propose similar language.

Within the total for Mining Research, the conference agreement includes \$3,189,000 for a Mine Technology and Safety Test Bed, consistent with the language in House Report 111-220. The Senate did not include similar language.

The 2009 H1N1 virus pandemic has highlighted the need to protect health care workers who have been on the front lines providing care to those who have become infected and sick. The current pandemic also has revealed that there are major gaps in our

scientific knowledge about the modes of transmission of influenza and the most effective methods to prevent transmission and protect health care workers, including the type of respiratory protection that should be utilized to protect health care workers from exposure. The conference agreement includes increased funding over the fiscal year 2009 level for the National Occupational Research Agenda. The conferees urge NIOSH to direct some of this increase to intramural and extramural research to implement the recommendations of the 2008 and 2009 Institute of Medicine reports, including research to determine relative contribution of various routes of influenza transmission; and for each mode of transmission, efficacious means to prevent and control transmission,

and to limit exposure to health care workers. The House included similar language.

#### *Energy Employees Occupational Illness Compensation*

Within the total for the mandatory Energy Employees Occupational Illness Compensation program, the conference agreement includes bill language designating \$4,500,000 for use by, or in support of, the Advisory Board on Radiation and Worker Health as proposed by the Senate. The House did not propose similar language.

#### *Global Health*

Within the funds provided for Global Health, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Global AIDS Program .....	\$118,979,000	\$118,979,000	\$118,979,000
Global Immunization Program .....	153,475,000	153,876,000	153,676,000
Polio Eradication .....	101,599,000	102,000,000	101,800,000
Other Global/Measles .....	51,876,000	51,876,000	51,876,000
Global Disease Detection .....	37,756,000	37,000,000	37,756,000
Global Malaria Program .....	9,405,000	9,405,000	9,405,000
Other Global Health .....	3,519,000	13,519,000	8,519,000

The conferees are supportive of CDC's long-term goal of establishing three global disease detection regional centers per World Health Organization region, and also recognize a critical need to bring the existing global disease detection regional centers to

full capacity. Additional funding above the fiscal year 2009 funding level for global disease detection shall be used to support no less than one new global disease detection regional center and increase capacity in one

or more existing centers. Both the House and Senate proposed similar language.

#### *Terrorism Preparedness and Response*

Within the funds provided for Terrorism Preparedness and Response, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Public Health Emergency Prep. Cooperative Agreements .....	\$714,949,000	\$714,949,000	\$714,949,000
Centers for Public Health Preparedness .....	30,013,000	30,013,000	30,013,000
Advanced Practice Centers .....	5,263,000	5,263,000	5,263,000
All Other State and Local Capacity .....	10,875,000	10,875,000	10,875,000
Upgrading CDC Capacity .....	120,795,000	120,744,000	120,744,000
Anthrax .....	0	4,100,000	2,600,000
BioSense .....	34,404,000	34,404,000	34,404,000
Quarantine .....	26,518,000	26,518,000	26,518,000
Real-time Lab Reporting .....	8,243,000	8,243,000	8,243,000
Strategic National Stockpile .....	595,749,000	595,749,000	595,749,000

The conference agreement includes \$2,600,000 for the anthrax dose reduction study instead of \$2,700,000 as proposed by the Senate. As proposed by the House, funding is

not provided for the vaccine safety military medical records data mining activities. The Senate proposed \$1,400,000 for this activity.

*Public Health Improvement and Leadership*  
Within the total for Public Health Improvement and Leadership, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Leadership and Management .....	\$149,986,000	\$149,986,000	\$149,986,000
Director's Discretionary Fund .....	0	5,000,000	3,000,000
Public Health Workforce Development .....	35,652,000	40,000,000	37,826,000
Applied Epidemiology Fellowship Training .....	991,000	991,000	991,000

The conferees encourage CDC to continue the Institutional Research Training Grant

program. Neither the House nor the Senate proposed similar language.

The conference agreement includes \$20,620,000 for the following projects in the following amounts:

Project	Amount
Access Community Health Network, Chicago, IL for a program to reduce cancer disparities through comprehensive early detection .....	200,000
AIDS Community Resources, Inc, Syracuse, NY, for HIV/AIDS education and prevention .....	300,000
Alameda County Department of Public Health, Office of AIDS, Oakland, CA for an HIV/AIDS prevention and testing initiative .....	300,000
Alliance for the Prudent Use of Antibiotics, Boston, MA for a comprehensive program to review antibiotic resistance trends, interventions, and prevention methods, including a public information campaign .....	100,000
Allina Hospitals and Clinics, Minneapolis, MN for a heart disease prevention program .....	250,000
American Red Cross, San Juan, PR for testing the Puerto Rico blood supply for the dengue virus .....	400,000
Betty Jean Kerr Peoples Health Center, St. Louis, MO for the prostate cancer screening program .....	150,000
Broward County, Ft. Lauderdale, FL for a pediatric mortality public awareness campaign .....	275,000
Center for International Rehabilitation, Washington, DC, for the disability rights monitor program .....	150,000
Children's Health Fund, New York, NY for health assessments, outreach, and education services for children and their families .....	100,000
City of Laredo, TX for a community health assessment .....	200,000
Community Health Centers in Hawaii, Honolulu, HI, for the Childhood Rural Asthma Project .....	200,000
County of Essex, Newark, NJ, for diabetes prevention and management program for severely mentally ill individuals .....	125,000
County of Marin, San Rafael, CA for research and analysis related to breast cancer incidence and mortality in the county and breast cancer screening .....	200,000
East Carolina University, Greenville, NC for a program to reduce health disparities through chronic disease management .....	400,000
Eastern Maine Health Systems, Brewer, ME, for emergency preparedness planning and equipment .....	640,000
El Puente, Inc., Brooklyn, NY for a youth and family wellness program .....	500,000
Family Hospice and Palliative Care, Pittsburgh, PA for the Center for Compassionate Care Education Outreach program .....	100,000
Friends of the Congressional Glaucoma Caucus Foundation, Lake Success, NY for glaucoma screenings in Northern Virginia .....	50,000
Ft. Valley State University, Ft. Valley, GA for a food and nutrition education program (EFNEP) aimed at curbing obesity, particularly among young minorities .....	100,000
Haitian American Association Against Cancer, Inc., Miami, FL for cancer education, outreach, screening, and related programs .....	300,000
Healthy People Northeast Pennsylvania Initiative, Clarks Summit, PA, for obesity prevention and education programs .....	100,000
Huntington Breast Cancer Action Coalition, Huntington, NY for providing services and programs to underserved populations on how to reduce the risks of cancer .....	100,000
Inland Northwest Health Services, Spokane, WA for a public health surveillance initiative .....	350,000
International Rett Syndrome Foundation, Cincinnati, OH for education and awareness programs regarding Rett Syndrome .....	180,000
Iowa Chronic Care Consortium/Des Moines University, Des Moines, IA for a preventive health initiative .....	200,000
Kalili-Palama Health Center, Honolulu, HI, for outreach, screening and education related to renal disease .....	150,000
Kaweah Delta Hospital Foundation, Visalia, CA, for a comprehensive asthma management program .....	100,000
La Familia Medical Center, Santa Fe, NM, for diabetes education and outreach .....	100,000
Latino Health Access, Santa Ana, CA for a youth obesity prevention program .....	150,000
Lupus LA, Los Angeles, CA for increasing public awareness of lupus .....	250,000
Mario Lemieux Foundation, Bridgeville, PA for the Hodgkin's Disease Patient and Public Education Outreach Initiative .....	100,000
Mary Bird Perkins Cancer Center, Baton Rouge, LA, to expand early detection cancer screening .....	600,000
Middle Tennessee State University, Murfreesboro, TN for a program to improve the physical fitness of children and adolescents in Middle Tennessee .....	400,000
Morgan State University, Baltimore, MD for a program to understand the social determinants and the impact of health disparities on the health of urban and underserved populations .....	200,000
National Marfan Foundation, Port Washington, NY for an awareness and education campaign for Marfan Syndrome .....	250,000
Nevada Cancer Institute, Las Vegas, NV for cancer education and outreach services .....	600,000
New York Junior Tennis League, Woodside, NY for a childhood obesity program for high-risk youth from low-income families .....	250,000
Northeast Regional Cancer Institute, Scranton, PA, for a regional cancer registry .....	100,000
Northwestern Memorial Hospital, Chicago, IL, for the development of a comprehensive diabetic program .....	200,000
Ohio University, Athens, OH, for diabetes outreach and education in rural areas .....	200,000
Padres Contra El Cancer, Los Angeles, CA for educational resources and outreach programs to serve families with children with cancer .....	250,000
PE4life Foundation, Kansas City, MO, for expansion and assessment of PE4life programs across Iowa .....	300,000
Pednet Coalition, Inc, Columbia, MO, for obesity prevention programs .....	500,000
Penn State University, Milton S Hershey Medical Center, Hershey, PA, for a stroke prevention program .....	100,000
Polycystic Kidney Disease Foundation, Kansas City, MO for developing education and awareness programs about chronic kidney disease .....	100,000
Prevent Blindness Florida, Tampa, FL for the See the Difference Vision Screening Program .....	200,000
Puerto Rican Cultural Center, Chicago, IL for an HIV/AIDS outreach and education program .....	100,000
Pulmonary Hypertension Association, Silver Spring, MD for a pulmonary hypertension prevention and awareness initiative .....	250,000
San Antonio Metropolitan Health District, San Antonio, TX for a program to assess the health behaviors of the Kelly community and address health issues such as lead poisoning, asthma, and indoor pollutants .....	500,000
Schneider Children's Hospital, New Hyde Park, NY for comprehensive Diamond Blackfan Anemia awareness and surveillance .....	300,000
Shelby County Community Services, Memphis, TN for an infant mortality prevention and education program .....	200,000
Silent Spring Institute, Newton, MA for studies of the impact of environmental pollutants on breast cancer and women's health .....	350,000
South Carolina HIV/AIDS Council, Columbia, SC for an HIV/AIDS prevention program .....	200,000
South Dakota State University, Brookings, SD, for research on health promotion .....	150,000
Spinal Muscular Atrophy Foundation, New York, NY, for outreach, patient education and registries .....	500,000
State of Maryland Department of Health and Mental Hygiene, Baltimore, MD, for the Unified Oral Health Education Message Campaign .....	1,200,000
Texas AgriLife Extension Service, College Station, TX for a youth obesity prevention initiative .....	300,000
Texas Tech University Health Science Center, Lubbock, TX for the West Texas Center for Influenza Research, Education and Treatment .....	200,000
Thundermist Health Center, Woonsocket, RI for the active teen challenge project to reduce childhood obesity .....	200,000
UMOS, Inc., Milwaukee, WI for a teen pregnancy and sexually transmitted infections prevention program .....	100,000
University of Nebraska Medical Center, Omaha, NE, to develop an environmental health informatics database .....	450,000
University of Nevada School of Medicine, Reno, NV, to establish a diabetes management program .....	800,000
University of New Mexico, Albuquerque, NM for a prevention program aimed at reducing diabetes-related heart and blood vessel diseases in New Mexico .....	350,000
University of North Carolina, Chapel Hill, NC, for a racial disparities and cardiovascular disease initiative .....	300,000
University of Texas, M.D. Anderson Cancer Center, Houston, TX for a comprehensive cancer control program to address the needs of minority and medically underserved populations .....	500,000
University of Texas-Pan American, Edinburg, TX for research and education activities at the South Texas Border Health Disparities Center .....	250,000
University of Wisconsin-Milwaukee School of Public Health, Milwaukee, WI, to support and expand public health education and outreach programs .....	900,000
Valentine Boys and Girls Club of Chicago, Chicago, IL for a health and physical education program to prevent obesity and promote healthy development .....	150,000
Visiting Nurses Association, Council Bluffs, IA for a telehealth initiative, including purchase of equipment .....	350,000
Waterloo Fire Rescue, Waterloo, IA, for FirePALS, a school-based injury prevention program .....	150,000
Watts Healthcare Corporation, Los Angeles, CA for a project to improve breastfeeding rates .....	250,000
Winston-Salem State University, Winston-Salem, NC, for blood pressure and obesity screening programs, including training of healthcare professionals .....	100,000
Yale New Haven Health Center, New Haven, CT, for the Connecticut Center for Public Health Preparedness .....	150,000
Youth & Family Services, Inc, Rapid City, SD, for a health promotion program for young men .....	300,000

*Buildings and Facilities*

Within the amount provided for Buildings and Facilities, the conference agreement includes \$30,000,000 for nationwide repairs and improvements of existing facilities as proposed by both the House and Senate and \$39,150,000 for Buildings 107 and 108 on the Chamblee Campus in Atlanta, Georgia in-

stead of \$78,300,000 as proposed by the Senate. The House did not propose funding for new construction.

The conference agreement also includes bill language proposed by the Senate that CDC shall award a single contract or related contracts for the development and construction of facilities in the Master Plan that col-

lectively include the full scope of the project and that the solicitation and contract shall contain the clause "availability of funds". The House did not propose similar language.

*Business Services and Support*

The funds for Business Services and Support are intended for CDC to carry out its

business functions, including, but not limited to, administrative services, financial management, security and emergency preparedness, and procurement and grants. Neither these funds nor any other funds provided to CDC are to be enhanced through the mechanism of program assessments or tapping at any level.

#### NATIONAL INSTITUTES OF HEALTH

The conference agreement includes \$31,008,788,000 for the 26 accounts that comprise the National Institutes of Health (NIH) total appropriation instead of \$31,258,788,000 as proposed by the House and \$30,758,788,000 as proposed by the Senate. In addition, the conference agreement continues the allocation to NIH of \$8,200,000 in program evaluation set-aside funding, which is the same as the House and Senate bills. Appropriation levels for individual institutes and centers are described in the table at the end of this statement of managers. Guidance for specific institutes and centers is provided below.

#### NATIONAL CANCER INSTITUTE

The National Cancer Institute (NCI) reports that it is meeting the funding level identified for pediatric cancer research in the Caroline Pryce Walker Conquer Childhood Cancer Act of 2008 within its base budget. The conferees commend NCI for its attention to this issue.

#### NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$304,000,000 by transfer from the Project BioShield Special Reserve Fund (BioShield) instead of a transfer of \$500,000,000 as proposed by the House. The Senate bill did not propose a transfer of BioShield funding.

#### OFFICE OF THE DIRECTOR

The conference agreement includes bill language providing up to \$193,880,000 for continuation of the National Children's Study. The House bill provided up to \$194,400,000 for continuation of the study. The Senate bill did not identify a particular funding level.

The conference agreement includes funding for a one percent increase in research training stipends instead of a two percent increase as proposed by the House. The Senate did not identify a specific training stipend increase.

Unless otherwise noted in this statement, the conferees expect NIH to follow the budget policy assumptions of the President's fiscal year 2010 budget and the accompanying explanatory materials.

The conferees expect NIH to notify the Committees on Appropriations of the House of Representatives and the Senate each time the Director uses the statutory one percent transfer authority as proposed in House Report 111-220. The Senate did not include similar language.

The conference agreement includes \$5,000,000 for a bioethics initiative administered through the institutes and centers as proposed by the House. The Senate did not identify a funding level for the initiative.

The conference agreement provides that, as proposed in Senate Report 111-66, with regard to section 516 of the bill, "program, project, or activity" applies to all sub-mechanisms and stand-alone activities in institute and center mechanism tables, except for the research project grants mechanism, in which case the restriction applies at the sub-total level. The House did not include comparable language. The conferees understand that NIH is upgrading its financial business system and is implementing hard funds controls. The conferees expect NIH to ensure that these funds controls will be established at the levels identified above to proactively enforce the reprogramming thresholds. The conferees request a detailed explanation and timeline in the 2011 congressional budget justification describing how the NIH enterprise system will proactively ensure full compliance with the reprogramming thresholds.

The conferees expect that NIH will work to strengthen its policy of supporting AIDS and non-AIDS research funding allocations at the current relative rate when allocating the

second year of Recovery Act funding. House Report 111-220 had similar language. The Senate did not include comparable language.

#### BUILDINGS AND FACILITIES

The conference agreement includes sufficient funding to support the construction of the Northwest Child Care Center on the Bethesda campus as proposed in House Report 111-220. The Senate did not include comparable language.

#### SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION

#### SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES

The conference agreement includes \$3,431,624,000 for Substance Abuse and Mental Health Services instead of \$3,419,438,000 as proposed by the House and \$3,429,782,000 as proposed by the Senate. In addition, the conference agreement makes available \$131,585,000 under section 241 of the Public Health Service (PHS) Act, which is the same as both the House and Senate.

Within the total provided for Programs of Regional and National Significance across the Substance Abuse and Mental Health Services Administration (SAMHSA), the conference agreement includes \$4,897,000 for the Minority Fellowship Program instead of \$5,093,000 as proposed by the House and \$4,701,000 as proposed by the Senate. The distribution of these funds between the Center for Mental Health Services (CMHS), the Center for Substance Abuse Treatment (CSAT), and the Center for Substance Abuse Prevention (CSAP) is detailed later in this statement.

#### Center for Mental Health Services

#### Programs of Regional and National Significance

Within the total provided for CMHS Programs of Regional and National Significance, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
<b>Capacity:</b>			
Co-Occurring State Incentive Grant .....	\$3,611,000	\$3,173,000	\$2,168,000
Seclusion and Restraint .....	2,449,000	2,449,000	2,449,000
Youth Violence Prevention:	95,042,000	94,502,000	94,502,000
Safe Schools/Healthy Students .....	84,860,000	84,320,000	84,320,000
College Emergency Preparedness .....	3,000,000	2,237,000	2,237,000
School Violence .....	10,182,000	10,182,000	10,182,000
National Traumatic Stress Network .....	40,000,000	40,000,000	40,800,000
Children and Family Programs .....	9,194,000	9,194,000	9,194,000
Mental Health Transformation Activities .....	5,912,000	5,912,000	5,912,000
Consumer and Family Network Grants .....	6,236,000	6,236,000	6,236,000
MH Transformation State Incentive Grants .....	26,012,000	26,012,000	26,012,000
Project LAUNCH .....	20,000,000	25,000,000	25,000,000
Primary and Behavioral Health Care Integration .....	14,000,000	9,000,000	14,000,000
Community Resilience and Recovery Initiative .....	5,000,000	0	5,000,000
Suicide Lifeline .....	6,000,000	5,522,000	5,522,000
Garrett Lee Smith—Youth Suicide State Grants .....	29,738,000	29,738,000	29,738,000
Garrett Lee Smith—Youth Suicide Campus Grants .....	4,975,000	4,975,000	4,975,000
American Indian/Native Suicide Prevention .....	2,944,000	2,944,000	2,944,000
Homelessness Prevention Programs .....	32,250,000	32,250,000	32,250,000
Older Adult Programs .....	4,814,000	4,814,000	4,814,000
Minority AIDS .....	9,283,000	9,283,000	9,283,000
Jail Diversion .....	6,684,000	6,684,000	6,684,000
<b>Science to Service:</b>			
Garrett Lee Smith—Suicide Resource Center .....	4,957,000	4,957,000	4,957,000
Mental Health Systems Transformation Activities .....	9,949,000	9,349,000	9,349,000
Nat'l Registry of Evidence-based Programs & Practices .....	544,000	544,000	544,000
SAMHSA Health Information Network .....	1,920,000	1,920,000	2,673,000
Consumer/Consumer Support TA Centers .....	1,927,000	1,927,000	1,927,000
Minority Fellowship Program .....	4,475,000	4,083,000	4,279,000
Disaster Response .....	1,054,000	1,054,000	1,054,000
Homelessness .....	2,306,000	2,306,000	2,306,000
HIV/AIDS Education .....	974,000	974,000	974,000

Within the increase provided for the National Traumatic Stress Network above the fiscal year 2009 funding level, the conference agreement includes \$1,800,000 to fund additional adaptation centers, which help apply general principles of trauma services to particular populations. The conferees are par-

ticularly interested in ensuring that there will be an adaptation center focused on domestic violence and child abuse. Neither the House nor the Senate proposed similar language.

The conference agreement includes \$1,000,000 above the fiscal year 2009 funding

level to the National Center for Child Traumatic Stress for data analysis and reporting activities that improve evidence-based practices and raise the standard of trauma care. The conferees expect that any data collected using funds provided under this program

shall be submitted to SAMHSA. The Senate proposed similar language.

The conference agreement includes \$5,000,000 for a new Community Resilience and Recovery Initiative, as proposed by the House. The Senate did not propose similar language. According to SAMHSA, economic

problems create additional emotional stress leading to increased suicide, crime, domestic violence, child neglect and abuse, and alcohol and drug problems. This new initiative will take advantage of SAMHSA's experience in providing services in local communities to support evidence-based programs to help ad-

dress the emotional stress and the resultant behaviors.

Within the \$14,518,000 included in the conference agreement, \$5,975,000 shall be used for the following projects in the following amounts:

Project	Amount
American Combat Veterans of War, San Diego, CA for mental health services for returning veterans .....	175,000
American Red Cross, Lower Bucks County Chapter, Levittown, PA for mental health services and case management .....	100,000
Avera McKennan Hospital & University Health Center, Sioux Falls, SD, for a program serving children with emotional and behavioral disorders .....	300,000
BayCare Health System, Clearwater, FL for a mental health initiative .....	200,000
Bellfair JCB, Shaker Heights, OH for the Social Advocates for Youth program .....	200,000
Cheyenne River Sioux Tribe, Eagle Butte, SD, for youth suicide and substance abuse prevention programs .....	100,000
City of Detroit, MI for behavioral health services at the Grace Ross Health Center .....	700,000
Foothill Family Service, Pasadena, CA for mental health services to children ages 0–5 and parenting education that supports the services provided to the children .....	200,000
Gateway Healthcare, Pawtucket, RI for behavioral health services for returning veterans .....	200,000
Hathaway-Sycamores Child and Family Services, Pasadena, CA for mental health and emotional support services for children of the terminally ill during the illness and after the death .....	100,000
Heartland Health Outreach, Chicago, IL for a mental health supportive services program .....	200,000
Hispanic Counseling Center, Hempstead, NY for mental health services and treatment for the uninsured and underinsured Hispanic population on Long Island .....	200,000
Jacksonville Community Rehabilitation Center, Jacksonville, FL for long-term substance abuse and mental health programs for those with severe mental health ailments .....	200,000
KidsPeace National Centers of New England, Ellsworth, ME, for the programmatic funding necessary to facilitate the expansion of the KidsPeace Graham Lake Autism Day Treatment Unit .....	150,000
Ohel Children's Home and Family Services, Brooklyn, NY for inpatient and outpatient mental health treatment services .....	550,000
Oregon Partnership, Portland, OR, to provide suicide prevention services to soldiers and military families .....	300,000
Pacific Clinics, Arcadia, CA for mental health and suicide prevention programs for adolescents .....	500,000
Rosebud Sioux Tribe, Rosebud, SD for suicide prevention and early intervention services .....	500,000
Spectrum Programs Inc., Miami, FL for a mental health and substance abuse program .....	200,000
St. Bernard Project, Chalmette, LA for mental health services .....	100,000
St. Luke's Hospital, Adult Behavioral Services, Cedar Rapids, IA for behavioral health services .....	400,000
University of South Florida, Tampa, FL, for mental health services for disabled veterans .....	100,000
Volunteers of America, Wilkes-Barre, PA, for trauma recovery mental health services to children and families .....	100,000
Young & Healthy, Pasadena, CA for mental health care for children who are uninsured or underinsured .....	100,000
Youth Dynamics, Inc, Billings, MT, for a training program to help meet the mental health needs of those living in rural or frontier States .....	100,000

*Center for Substance Abuse Treatment*

*Programs of Regional and National Significance*

Within the total provided for CSAT Programs of Regional and National Signifi-

cance, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Capacity:			
Co-Occurring State Incentive Grants .....	\$4,263,000	\$4,263,000	\$4,263,000

Program Coordination and Evaluation .....	5,214,000	5,214,000	5,214,000

As proposed by the Senate, the increase provided above the fiscal year 2009 funding level for children and families is for evidence-based adolescent substance abuse treatment. The increase shall be used for treatment approaches that have been shown in rigorous evaluations to be effective for adolescents, that are implemented with fidelity to the original model, and that address geographic areas with unmet needs. The House did not propose similar language.

Within the \$14,518,000 included in the conference agreement, \$4,593,000 shall be used for the following projects in the following amounts:

Project	Amount	Project	Amount
A Safe Haven Foundation, Chicago, IL for behavioral health services for individuals affected by substance abuse .....	\$300,000	San Francisco Department of Public Health, San Francisco, CA for mental health and substance abuse services for homeless veterans .....	750,000
Chesterfield County, VA for the Dual Treatment Track program .....	143,000	Tuesday's Children, Manhasset, NY for a mental health initiative .....	750,000
City of Farmington, NM, to provide evidence-based substance abuse treatment to public inebriates .....	150,000		
Gavin Foundation, Inc., South Boston, MA for substance abuse treatment services at its Cushing House facility for adolescents .....	200,000		
Mercy Recovery Center, Westbrook, ME, for residential treatment programs .....	1,000,000		
Operation UNITE, Somerset, KY for a substance abuse treatment and voucher program .....	1,000,000		
Pinellas County Board of County Commissioners, Clearwater, FL for a substance abuse treatment initiative .....	300,000		

*Center for Substance Abuse Prevention*

*Programs of Regional and National Significance*

Within the total provided for CSAP Programs of Regional and National Significance, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Capacity:			
Strategic Prevention Framework State Incentive Grant .....	\$111,777,000	\$111,777,000	\$111,777,000
Grants to States and Territories .....	N/A	100,111,000	100,111,000

Rhode Island State Nurses Association, Pawtucket, RI for substance abuse programs for nurses .....	100,000
St. Ann's Corner of Harm Reduction, Bronx, NY for mental health consultations and substance abuse prevention and treatment support services .....	100,000
Waimanalo Health Center, Waimanalo, HI, for a youth anti-drug program .....	200,000
West Virginia Prevention Resource Center, South Charleston, WV, for drug abuse prevention .....	1,500,000

#### AGENCY FOR HEALTHCARE RESEARCH AND QUALITY

##### HEALTHCARE RESEARCH AND QUALITY

The conference agreement includes a program level of \$397,053,000 for the Agency for Healthcare Research and Quality (AHRQ) instead of \$372,053,000 as proposed by both the House and Senate. The conference agreement makes these funds fully available through section 241 of the Public Health Service (PHS) Act.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$21,000,000 for Patient-Centered Health Research instead of \$12,500,000 as proposed by the House and \$50,000,000 as proposed by the Senate. Of the funding provided, \$12,500,000 is to cover the continuation costs of current research grants and \$8,500,000 is for the Developing Evidence to Inform Decisions about Effectiveness (DECIDE) Network. The DECIDE Network conducts accelerated practical studies about the outcomes, comparative clinical effectiveness, safety, and appropriateness of health care items and services.

As proposed by the House, the conferees do not intend for the patient-centered health research funding to be used to mandate coverage, reimbursement, or other policies for any public or private payer. The funding shall be used to conduct or support research to evaluate and compare the clinical outcomes, effectiveness, risk, and benefits of two or more medical treatments and services that address a particular medical condition. Further, the conferees recognize that a "one-size-fits-all" approach to patient treatment is not the most medically appropriate solution to treating various conditions. Research conducted should be consistent with Departmental policies relating to the inclusion of women and minorities. The Senate did not propose similar language.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$15,904,000 for the Prevention and Care Management program instead of \$24,404,000 as proposed by the House and \$7,100,000 as proposed by the Senate. Funding shall be used consistent with the language in House Report 111-220.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$27,645,000 for Health Information Technology as proposed by the Senate instead of \$32,320,000 as proposed by the House.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$176,689,000 for cross-cutting activities related to quality, effectiveness, and efficiency research instead of \$169,514,000 as proposed by the House. The Senate did not propose similar language. As proposed by the Senate, the conference agreement includes \$23,596,000 to fund investigator-initiated research to develop a more balanced research agenda, supporting all aspects of health care research outlined in its statutory mission. The House included similar language, but not a specific dollar amount.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$90,585,000 for Patient Safety instead of \$66,585,000 as proposed by the House and \$48,889,000 as proposed by the Senate.

Within the Patient Safety total, the conference agreement includes \$25,000,000 for patient safety and medical liability reform demonstrations. Neither the House nor the Senate proposed similar language. The conferees are aware that medical liability concerns may lead doctors to practice "defensive medicine," which in turn may contribute to higher costs in our health care system. The conferees are concerned about this and the possible implications that the fear of liability may be having on the delivery of health care services. Therefore, the conference agreement includes this funding for a three-pronged initiative consisting of demonstration grants to States and health systems to test implementation and evaluation of evidence-based patient safety and medical liability projects, grants to States and health systems to plan for implementation and evaluation of evidence-based patient safety and medical liability demonstrations, and a rapid and comprehensive review of initiatives that improve health care quality and reduce liability.

The demonstration projects should test models that meet the following goals: put

patient safety first and work to reduce preventable injuries; foster better communication between doctors and their patients; ensure that patients are compensated in a fair and timely manner for medical injuries, while also reducing the incidence of frivolous lawsuits; and reduce liability premiums.

As proposed by the House, within the Patient Safety total the conference agreement includes \$25,000,000 for healthcare-associated infections prevention activities. The Senate did not propose similar language. Funding shall be used consistent with the language in House Report 111-220.

Within the Patient Safety total, the conference agreement includes \$9,000,000 for the Methicillin-Resistant *Staphylococcus Aureus* (MRSA) Collaborative Research Initiative instead of \$10,000,000 as proposed by the House. The Senate did not propose similar language.

#### CENTERS FOR MEDICARE AND MEDICAID SERVICES

##### PAYMENTS TO HEALTH CARE TRUST FUNDS

The conference agreement includes \$393,070,000 for Program Management within Payments to Health Care Trust Funds instead of \$403,070,000 as proposed by the House and \$338,070,000 as proposed by the Senate.

##### PROGRAM MANAGEMENT

The conference agreement includes \$3,470,242,000 for Program Management instead of \$3,463,362,000 as proposed by the House and \$3,431,500,000 as proposed by the Senate.

The conference agreement does not include bill language proposed by the Senate identifying \$81,600,000, made available for two years, to implement provisions in the Medicare Improvements for Patients and Providers Act of 2008. The House bill did not include such language. The conferees do, however, assume \$61,600,000 to implement these statutory provisions, made available for one fiscal year.

The conference agreement includes \$3,100,000 within Research, Demonstration and Evaluation for the following projects in the following amounts:

Project	Amount
Bi-State Primary Care Association, Concord, NH, to support uncompensated care to treat uninsured and underinsured patients .....	600,000
Bi-State Primary Care Association, Montpelier, VT to treat uninsured patients .....	100,000
Bi-State Primary Care, Concord, NH, for primary care workforce recruitment .....	650,000

Project	Amount
County of Ventura Health Care Agency, Ventura, CA for Medicaid enrollment programs .....	200,000
Fond du Lac County, WI for the Save a Smile Program .....	400,000
Iowa Dental Association, Johnston, IA, for a children's dental home demonstration project in Scott County .....	250,000
Jewish Healthcare Foundation, Pittsburgh, PA for program to increase involvement of pharmacists in chronic disease management .....	100,000
Patient Advocate Foundation, Newport News, VA for a patient assistance program for the uninsured .....	300,000
University of Mississippi, University, MS, for the Medication Use and Outcomes Research Group .....	500,000

The conference agreement includes \$55,000,000 for State High Risk Insurance Pools instead of \$65,000,000 as proposed by the House. The Senate did not propose High Risk Insurance Pool funding.

The conference agreement includes \$14,800,000 for the Medicare Current Beneficiary Survey as proposed by the House. The Senate did not identify funding for the Survey.

Within the total funding for Research, Demonstration, and Evaluation, the conference agreement includes \$2,500,000 for Real Choice Systems Change Grants to States as proposed by the Senate. The House did not propose funding for this program.

The conference agreement includes \$45,000,000 for the State Health Insurance Program as proposed by the House. The Senate did not identify a funding level for this program.

The conferees urge the Centers for Medicare and Medicaid Services (CMS) to strengthen the agency's efforts against healthcare-associated infections (HAIs) by considering inclusion of HAIs in the CMS pay-for-reporting system and by expanding the use of HAIs in the CMS pay-for-performance system. The House proposed similar language. The Senate did not propose language.

The conferees are concerned that the delivery of telehealth services may be disrupted by HHS requirements that result in duplicative credentialing and privileging of remote providers. The conferees direct the Secretary to report to the Committees on Appropriations of the House of Representatives and the Senate within 6 months of enactment on actions taken by CMS to reduce duplication and streamline federal credentialing and privileging requirements related to telehealth services. Neither the House nor Senate proposed similar language.

#### HEALTH CARE FRAUD AND ABUSE CONTROL ACCOUNT

The conference agreement includes \$311,000,000 from the Medicare trust funds for the Health Care Fraud and Abuse Control Account, which is the same as both the House and the Senate. This level includes funding for CMS to expand its efforts to link Medicare claims and public records data as proposed by the Senate. The House did not propose similar language.

#### ADMINISTRATION FOR CHILDREN AND FAMILIES

##### LOW INCOME HOME ENERGY ASSISTANCE

The conference agreement includes \$5,100,000,000 for the Low Income Home Energy Assistance program as proposed by both the House and Senate. Within this amount, the conferees intend that not more than \$27,000,000 be used for the Leveraging Incentive program. The conferees maintain bill language proposed by the House allowing States to provide assistance to households with income up to 75 percent of the State median income. The Senate did not include a similar provision.

##### REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$730,928,000 for Refugee and Entrant Assistance programs instead of \$714,968,000 as proposed by the House and \$730,657,000 as proposed by the Senate.

Within the amount provided for Social Services, the conferees provide \$19,000,000 for continued support to communities with large concentrations of Cuban and Haitian entrants as proposed by the House. The Senate did not specify an amount for this activity.

Within the amount provided for the Unaccompanied Alien Children program, the conferees provide \$5,600,000 to continue and expand the pro bono legal representation pilot program instead of \$6,000,000 as proposed by the House. The Senate did not specify an amount for this activity.

#### CHILDREN AND FAMILIES SERVICES PROGRAMS (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$9,314,532,000 for Children and Families Services Programs instead of \$9,326,951,000 as proposed by the House and \$9,310,465,000 as proposed by the Senate. In addition, \$5,762,000 is made available under section 241 of the Public Health Service (PHS) Act as proposed by the Senate instead of \$10,217,000 as proposed by the House. For comparability, these figures do not include funding for the teenage pregnancy prevention initiative, which is funded under the Office of the Secretary as proposed by the Senate.

##### Child Abuse Discretionary Activities

Within the amount provided for Child Abuse Discretionary Activities, the conference agreement does not include funding

for the nurse home visitation initiative, instead of \$15,000,000 as proposed by the House and \$13,500,000 as proposed by the Senate. The conferees anticipate that mandatory funding will be provided for this activity in fiscal year 2010 as proposed by the Administration.

Within the \$20,785,000 included in the conference agreement, \$3,175,000 shall be used for the following projects in the following amounts:

Project	Amount
Addison County Parent Child Center, Middlebury, VT, to support and expand parental education activities .....	100,000
County of Contra Costa, Martinez, CA for an initiative for children and adolescents exposed to domestic violence .....	550,000
Douglas County C.A.R.E.S., Roseburg, OR for the Kids in Common program to provide services to abused and neglected children .....	300,000
Klingberg Family Centers, Hartford, CT, for child abuse prevention and intervention services .....	125,000
Marcus Autism Center, Atlanta, GA for an autism initiative .....	300,000
Oregon Association of Relief Nurseries, Medford, OR, to provide early childhood development and education for children at risk of abuse and neglect .....	100,000
Parents Anonymous, Inc., Claremont, CA, for a national parent helpline to prevent child abuse and neglect .....	500,000
Prevent Child Abuse Vermont, Montpelier, VT, to expand the SAFE-T Prevention Program .....	500,000
University of California, Merced/The Great Valley Center, Merced, CA for child abuse prevention education services .....	300,000
Wynona's House, Newark, NJ, for a child sexual abuse intervention program .....	400,000

#### Social Services and Income Maintenance Research

Within the total for Social Services and Income Maintenance Research, the conference agreement includes \$2,000,000 for benefits outreach and enrollment assistance activities. The conferees intend that these funds be awarded competitively to private, non-profit organizations to support on-going, facilitated outreach and enrollment assistance to low-income individuals and families to access already existing Federal, State, and local benefit programs. The Senate included a similar provision within the Corporation for National and Community Service. The House did not include similar language.

Within the \$20,785,000 included in the conference agreement, \$17,610,000 shall be used for the following projects in the following amounts:

Project	Amount
211 Maine, Inc., Portland, ME, to provide for telephone connections to community health and social services .....	150,000
Asian Pacific Women, Los Angeles, CA for a domestic violence prevention and education initiative .....	50,000
AVANCE, Inc., San Antonio, TX, for a parent-child education program .....	200,000
Barry University, Miami Shores, FL for the Center for Community Services Initiatives .....	300,000
Beth El House, Alexandria, VA for housing and social services to formerly homeless single mothers and their families .....	200,000
Bethany House, Laredo, TX for equipment and job training resources to help the unemployed find gainful employment .....	230,000
Bethel's Place, Houston, TX for the Heavenly Hands community project .....	100,000
Beyond Shelter, Los Angeles, CA for a crisis intervention demonstration project .....	400,000
Campus Kitchens Project, Washington, DC, for services to the homeless community .....	75,000
Chabad of South Bay, Lomita, CA for a project to improve services for youth and families in crisis .....	370,000
Children's Hospital of The King's Daughters Health System, Norfolk, VA for a comprehensive program to treat abused children .....	500,000
City of Bellevue, WA for the Wrap-Around Services program .....	375,000
City of Emeryville, CA for early childhood development, counseling, and related services .....	250,000
City of Ft. Worth, TX for the Early Childhood Matters Initiative .....	425,000
City of Norwich, CT for services to pregnant and parenting adolescents and their families .....	85,000
City of San Jose, CA for early childhood education improvement .....	300,000
Connecticut Council of Family Service Agencies, Wethersfield, CT, for a Family Development Network .....	200,000
Connecting for Children and Families, Inc., Woonsocket, RI, to provide training and assistance to economically challenged families .....	300,000
Council of Peoples Organization, Brooklyn, NY for the Community Youth Program .....	150,000
County of Monterey, Salinas, CA, for the Silver Star Gang Prevention and Intervention program .....	1,500,000
Easter Seals of Southern Georgia, Albany, GA for respite services for children who are developmentally disabled, have autism, or are medically fragile .....	100,000
Erie Neighborhood House, Chicago, IL, for an initiative addressing the needs of low-income children with emotional or behavioral difficulties .....	250,000
Eva's Place, Sandusky, MI for domestic violence service programs .....	200,000
First 5 Alameda County, San Leandro, CA for its children's screening, assessment, referral, and treatment initiative .....	500,000
Friends Association for Care and Protection of Children, West Chester, PA, for emergency services for homeless families .....	100,000
Glenwood School for Boys and Girls, Glenwood, IL for housing support and educational and social skills development programs .....	350,000

Project	Amount
Greater New Britain Teen Pregnancy Prevention, Inc., New Britain, CT for teen pregnancy prevention services .....	100,000
Gregory House Programs, Honolulu, HI for a comprehensive homelessness prevention program for people living with HIV/AIDS .....	100,000
Homeless Prenatal Program, San Francisco CA for case management and supportive services .....	400,000
Hope Institute for Children and Families, Springfield, IL for facilities and equipment .....	100,000
Horizons for Homeless Children, Boston, MA for programs for homeless children .....	730,000
Human Services Coalition of Tompkins County, Inc., Ithaca, NY for 2–1–1 Tompkins to provide access to social services .....	50,000
Huron County Safe Place, Bad Axe, MI for domestic violence service programs .....	150,000
Jewish Community Council of Canarsie, Brooklyn, NY for services for at-risk Holocaust survivors .....	300,000
Lapeer Area Citizens Against Domestic Assault, Lapeer, MI for domestic violence service programs .....	200,000
Larkin Street Youth Services, San Francisco, CA for homeless and runaway youth services .....	300,000
LifeStyles of Maryland, Inc., La Plata, MD for its Safe Nights Program for homeless and disadvantaged populations .....	60,000
Little Friends, Inc., Naperville, IL for an autism initiative .....	200,000
Make the Road New York, Jackson Heights, NY for support services for low-income and working families .....	300,000
Michigan Association Of United Ways, Lansing, MI, to provide work supports through a statewide 2–1–1 system .....	200,000
Montgomery County Department of Health and Human Services, Rockville, MD for community based service delivery and outreach .....	200,000
National Energy Assistance Directors' Association, Washington, DC for research and information dissemination related to the Low Income Home Energy Assistance Program .....	200,000
North Ward Center, Newark, NJ for comprehensive services for people with autism spectrum disorders .....	400,000
Pathways PA, Holmes, PA for services for pregnant and parenting teens .....	150,000
Pierce County Alliance, Tacoma, WA for a program to expedite the permanent placement of child victims of parental abuse or neglect .....	150,000
Polaris Project, Washington, DC for the New Jersey Trafficking Intervention Program .....	250,000
Prince George's County, Upper Marlboro, MD for a program for transition aged youth .....	165,000
Provo City, UT, for a mentoring program for at-risk families .....	350,000
Safe Horizons, Port Huron, MI for domestic violence service programs .....	200,000
Salvation Army San Bernardino Center for Worship and Service, San Bernardino, CA for the Support Family Services Program .....	160,000
Santa Clara Family Health Plan, Campbell, CA for a program to transfer medically fragile and severely developmentally disabled individuals from an institutional setting .....	300,000
SingleStop USA, New York, NY, to help low-income families and individuals in New Jersey access available services .....	150,000
SingleStop USA, San Francisco, CA for a program to increase low-income households' access to social services .....	100,000
Somerset Home for Temporarily Displaced Children, Bridgewater, NJ for a transitional/permanent housing program for youth who have aged out of foster care .....	400,000
Susanna Wesley Family Learning Center, East Prairie, MO to assist at-risk youth and their families .....	250,000
TLC for Children and Families, Inc., Olathe, KS, for youth transitional living programs .....	200,000
United Methodist Children's Home of Alabama and West Florida, Selma, AL, for expansion and related expenses for children's services .....	100,000
United Way Anchorage, Anchorage, AK, for the Alaska 2–1–1 referral system .....	100,000
United Way of Central Maryland, Baltimore, MD, to provide social services through the 2–1–1 Maryland Program .....	800,000
United Way of the Capital Area, Jackson, MS, for 2–1–1 Mississippi .....	400,000
University of Alabama, Tuscaloosa, AL for the West Alabama Autism Outreach Center .....	355,000
University of Central Missouri, Warrensburg, MO for services for people with Autism Spectrum Disorders .....	280,000
University of Toledo, Toledo, OH for services for persons with autism and research on autism spectrum disorders .....	500,000
Washington Asset Building Coalition, Olympia, WA, to expand financial education and counseling services to low-income residents .....	100,000
Washington Information Network, Renton, WA, to improve and expand 2–1–1 referral services .....	100,000
Wayne County Department of Children and Family Services, Detroit, MI for the Kids-TALK forensic interviewing project .....	150,000
YWCA of Monterey County, Monterey, CA for expansion of direct services and prevention programs to combat domestic and gang violence .....	250,000

#### Developmental Disabilities Assistance

Within the amount provided for Developmental Disabilities Assistance Projects of National Significance, the conferees encourage the Administration for Children and Families (ACF) to establish a national autism resource and information center as proposed by the Senate, but do not designate \$3,000,000 for this purpose as proposed by the House.

#### Native American Programs

Within the amount provided for Native American programs, the conference agreement includes \$12,000,000 for Native American language preservation activities including no less than \$4,000,000 for language immersion programs as proposed in Senate Report 111–66. The House included similar language.

#### Community Services

Within the amount provided for the Community Services Block Grant (CSBG), the

conferees direct ACF to allocate \$500,000 of CSBG training and technical assistance funds for continuation of a national community economic development training and capacity development initiative as proposed by the House. The Senate did not include similar language.

The conferees are concerned that individuals and families affected by the economic recession are not receiving critical health care, nutrition assistance, tax credits and other benefits for which they qualify. The Recovery Act required one percent of the \$1,000,000,000 for CSBG grants to be used by States for “benefits enrollment coordination activities relating to the identification and enrollment of eligible individuals and families in Federal, State and local benefit programs”. The conferees direct ACF to report to the Committees on Appropriations of the House of Representatives and the Senate on the States’ use of the funds and whether these funds achieved the intended purpose.

#### Teen Pregnancy Prevention

The conference agreement includes funding for a new Teenage Pregnancy Prevention program within the Office of the Secretary as proposed by the Senate instead of ACF as proposed by the House. The conferees provide guidance regarding the administration of this initiative under the Office of the Secretary.

#### ADMINISTRATION ON AGING

##### AGING SERVICES PROGRAMS

The conference agreement includes \$1,516,297,000 for Aging Services Programs instead of \$1,530,881,000 as proposed by the House and \$1,495,038,000 as proposed by the Senate.

#### Program Innovations

Within the total for Program Innovations, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Model Approaches to Statewide Legal Assistance Systems .....	2,000,000	2,000,000	2,000,000
National Legal Assistance & Support Projects .....	746,000	746,000	746,000
National Education & Resource Center on Women and Retirement .....	249,000	249,000	249,000
Multigenerational Civic Engagement .....	982,000	982,000	982,000
National Resource Center on Native Americans .....	693,000	693,000	693,000
National Minority Aging Organizations: Asian-Pacific Americans .....	357,000	357,000	357,000
National Minority Aging Organizations: Native Americans .....	129,000	129,000	129,000
National Minority Aging Organizations: Hispanic & African Americans .....	448,000	448,000	448,000
National Alzheimer's Call Center .....	1,000,000	1,000,000	1,000,000
Community Innovations for Aging in Place .....	8,000,000	5,000,000	5,000,000

The conference agreement includes \$5,974,000 for the following projects in the following amounts:

Project	Amount
Catholic Charities Hawaii, Honolulu, HI for an independent living demonstration project .....	400,000
Center on Halsted, Chicago, IL for wellness services for seniors .....	475,000
City of Fremont, CA for training, coordination, and outreach to address the needs of seniors .....	150,000
City of Long Beach, CA for a program to coordinate senior services and activities within the region .....	100,000
County of Ventura, CA for an elder abuse prevention and treatment program .....	654,000
Family Caregiver Alliance, San Francisco, CA for a National Resource Center on Family Caregiving .....	500,000
Gallagher Outreach Program Inc, Sunnyside, NY, for outreach and social services to elderly Irish immigrants .....	200,000
Jewish Family and Children's Service of Minneapolis, Minnetonka, MN for the Family Caregiver Access Network Demonstration Project .....	250,000
Jewish Family Service of Central New Jersey, Elizabeth, NJ for an aging-in-place demonstration .....	300,000
Jewish Family Service of Metropolitan Detroit, West Bloomfield, MI for a family caregiver services development project .....	200,000
Jewish Family Service of Somerset, Hunterdon and Warren Counties, Somerville, NJ for an aging-in-place demonstration .....	225,000
Jewish Family Services of Utah, Salt Lake City, UT, for community-based caregiver services .....	300,000

Project	Amount
Jewish Federation of Greater Atlanta, Atlanta, GA, for services at a naturally occurring retirement community .....	100,000
Lifespan of Greater Rochester, Inc., Rochester, NY, for activities to prevent elder abuse .....	100,000
Mosaic, Garden City, KS, for the legacy senior services initiative .....	350,000
NORC Supportive Services Center, Inc., New York, NY for a program to provide medical products and services to seniors .....	500,000
Rebuilding Together, Inc., Washington, DC for the Safe at Home falls prevention initiative .....	350,000
Stetson University College of Law, Gulfport, FL for a demonstration program to educate seniors on economic issues .....	100,000
UJA Federation of Northern New Jersey, Paramus, NJ for an aging-in-place program .....	200,000
United Jewish Communities of MetroWestNJ, Whippany, NJ for the Lifelong Involvement for Vital Elders independent aging demonstration program .....	100,000
Washoe County Senior Services, Carson City, NV, for the RSVP Home Companion Senior Respite Care Program .....	195,000
Westminster Village, Allentown, PA for the Demential Leadership Initiative Program .....	225,000

## OFFICE OF THE SECRETARY

## GENERAL DEPARTMENTAL MANAGEMENT

## (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$499,228,000 for General Departmental Management, including \$5,851,000 from Medicare trust funds instead of \$512,452,000 as proposed by the House and \$483,779,000 as proposed by the Senate. In addition, the conference agreement includes \$65,211,000 in program evaluation funding instead of \$74,211,000 as proposed by the House and \$64,211,000 as proposed by the Senate. For comparability, these figures include funding for the teenage pregnancy prevention initiative, which was funded under the Administration for Children and Families in the House bill.

Within Public Health Service Act program evaluation funding, the conference agreement designates \$1,000,000 to carry out informational services to patients and families affected by childhood cancer authorized under the Caroline Pryce Walker Conquer Childhood Cancer Act. The House proposed \$10,000,000 to implement this Act and the Senate did not include a similar provision. The conference agreement allocates an additional \$3,000,000 for a childhood cancer registry within funds provided to the Centers for Disease Control and Prevention.

Within the funds for the Office of the Secretary, the conference agreement includes \$5,000,000 as proposed by the House to continue Departmental activities related to reducing healthcare-associated infections. The Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement designates \$900,000 for the Institute of Medicine to conduct a study on the mental health workforce as proposed in House Report 111-220. The House proposed \$1,000,000 for this activity and the Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement includes sufficient funds to continue the Area and National Poverty Centers at no less than the fiscal year 2009 level as proposed by the House. The Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement includes \$4,500,000 for the health diplomacy initiative. The House did not specify funds for this activity and the Senate proposed \$7,000,000.

The conferees direct the Secretary to establish an Office of Adolescent Health, as authorized under section 1708 of the Public Health Service Act and as proposed in Senate Report 111-66. The conference agreement includes sufficient funds for this purpose, but does not identify a specific amount. The Senate proposed \$2,000,000 for this office. The House did not propose a similar provision.

The conference agreement provides \$110,000,000 for a new teenage pregnancy prevention initiative. The House proposed \$110,000,000 for this initiative under the Administration for Children and Families and the Senate proposed \$100,000,000 under the Office of the Secretary.

The conferees intend that the Office of Adolescent Health shall be responsible for implementing and administering the teenage pregnancy prevention program, as proposed by the Senate.

The conferees intend that the Office of Adolescent Health shall coordinate its efforts with the Administration for Children and Families, Centers for Disease Control and Prevention, and other appropriate HHS offices and operating divisions. No later than 60 days after the date of enactment, the Secretary shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate detailing the implementation status of the Office of Adoles-

cent Health and the teenage pregnancy prevention program.

Regarding this appropriation, the conference agreement includes bill language providing that not less than \$75,000,000 shall be for programs that replicate teenage pregnancy prevention programs proven effective through rigorous evaluation. The conferees intend that a wide range of evidence-based programs should be eligible for these funds. In addition, bill language provides that not less than \$25,000,000 shall be for research and demonstration grants to develop, replicate, refine, and test additional models and innovative strategies for preventing teenage pregnancy; and that the remaining amounts may be used for training and technical assistance, evaluation, outreach, and additional program support. The conferees intend that programs funded under this initiative will stress the value of abstinence and provide age-appropriate information to youth that is scientifically and medically accurate. Finally, the conference agreement provides \$4,455,000 within Public Health Service Act program evaluation funding, as proposed by both the House and Senate, to carry out evaluations (including longitudinal evaluations) of teenage pregnancy prevention approaches.

The conferees expect the Office of the Secretary to support activities that are targeted to address the growing HIV/AIDS epidemic and its disproportionate impact upon communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders, at no less than the fiscal year 2009 funding level as proposed by the House. The Senate did not include a similar provision.

The conference agreement includes \$1,650,000 for the following projects in the following amounts:

Project	Amount
BayCare Health System, Tampa, FL for a community-based health outreach program to address health disparities in South Pinellas and Hillsborough counties .....	200,000
Community Transportation Association of America, Washington, DC, for technical assistance to human services transportation providers on ADA requirements .....	950,000
South Central Family Health Center, Los Angeles, CA for a community diabetes management initiative .....	100,000
University of West Florida, Pensacola, FL for a health information technology evaluation project .....	400,000

The conference agreement does not include provisions proposed by the House requiring specific information requests on scientific research be transmitted to the Committees on Appropriations of the House of Representatives and the Senate in a prompt, professional manner and uncensored. The conferees agree that these provisions are no longer necessary. The Senate did not propose similar provisions.

The conference agreement does not include a provision proposed by the Senate designating not more than \$3,200,000 and 26 full-time equivalents for the Office of the Assistant Secretary of Legislation. The House did not propose a similar provision.

The conference agreement does not include bill language proposed by the House designating certain funds within the Adolescent Family Life program for section 2003(b)(2) of title XX of the Public Health Service Act

and for prevention demonstration grants for reducing teenage pregnancy. The Senate did not propose similar provisions.

The conference agreement includes \$4,000,000 within the Office of Minority Health for an effort to address health disparities issues in the Gulf Coast region as described in Senate Report 111-66. The House did not propose funding for this activity and the Senate proposed \$5,283,000.

The conference agreement includes \$1,000,000 within the Office of Minority Health to continue the national health provider education program to improve lupus diagnosis and treatment and reduce health disparities. Both the House and Senate proposed a similar provision.

The conference agreement includes \$2,325,000 within the Office of Women's Health to continue the violence against women initiative to enhance health care pro-

vider education and develop a coordinated public health response as proposed by the House. The Senate did not propose a similar provision.

OFFICE OF THE NATIONAL COORDINATOR FOR  
HEALTH INFORMATION TECHNOLOGY

The conference agreement includes \$61,342,000 for the Office of the National Coordinator for Health Information Technology, of which \$42,331,000 is provided in budget authority and \$19,011,000 is made available through the Public Health Service program evaluation set-aside as proposed by the Senate. The House proposed the same program level, but through a different allocation of budget authority and evaluation set-aside.

PUBLIC HEALTH AND SOCIAL SERVICES  
EMERGENCY FUND  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$2,306,694,000 for the Public Health and Social Services Emergency Fund instead of \$2,100,649,000 as proposed by the House and \$2,621,154,000 as proposed by the Senate.

As proposed by both the House and Senate, the conference agreement includes bill language transferring all remaining balances in the Project BioShield Special Reserve Fund (SRF) from the Department of Homeland Security to the Department of Health and Human Services (HHS). This transfer aligns the financial responsibility of the Project BioShield SRF with HHS programmatic responsibility.

The conference agreement includes bill language transferring \$304,000,000 from the Project BioShield SRF to the National Institute of Allergy and Infectious Diseases (NIAID) instead of \$500,000,000 as proposed by the House. The Senate did not propose a similar transfer to NIAID. Together with the \$305,000,000 transfer proposed by both the House and Senate for Advanced Research and Development, a total of \$609,000,000 will be transferred from the Project BioShield SRF. As of October 31, 2009, data from HHS indicate that \$3,033,000,000 remains unobligated and available in the Project BioShield SRF, therefore after these transfers a total of \$2,424,000,000 will be available through fiscal year 2013 to procure and stockpile emergency medical countermeasures.

Within the total for Preparedness and Emergency Operations, the conference agreement includes sufficient funding to prepare for and respond to non-Stafford Act National Special Security Events and other planned and unplanned events. The House proposed \$10,000,000 for this activity. The Senate did not propose similar language.

GENERAL PROVISIONS

PROGRAM EVALUATION SET-ASIDE

The conference agreement includes a general provision capping the permitted use of the program evaluation set-aside at 2.5 percent of funds authorized under the Public Health Service Act instead of 2.4 percent as proposed by both the House and Senate.

ONE PERCENT TRANSFER AUTHORITY  
(TRANSFER OF FUNDS)

The conference agreement continues a general provision as proposed by the Senate providing the Secretary of Health and Human Services the authority to transfer up to one percent of discretionary funds between a program, project, or activity. The House proposed this transfer authority at the account level.

INTERNATIONAL HEALTH ACTIVITIES STAFFING

The conference agreement continues a general provision allowing Department of Health and Human Services health activities abroad to be supported under State Department authorities and includes an additional provision as proposed by the Senate authorizing the Secretary to pay personnel assigned abroad allowances and benefits similar to those for foreign service officers. The House did not propose the additional provision.

CENTERS FOR DISEASE CONTROL AND  
PREVENTION STAFF TRAINING

The conference agreement continues a general provision regarding Centers for Disease Control and Prevention Individual Learning Accounts as proposed by the Senate. The House did not propose a similar provision.

CONFLICT OF INTEREST REGULATIONS

The conference agreement includes a general provision as proposed by the Senate requiring the Secretary of Health and Human Services to amend regulations by May 1, 2010 regarding financial conflict of interest among National Institutes of Health extramural investigators and institutions. The House did not propose a similar provision.

The conferees are concerned that occurrences of conflict of interest among extramural grantees are investigated only when a complaint is received by the Department of Health and Human Services Office of Research Integrity. The conferees encourage NIH to develop a system for periodic review of conflict of interest documentation at extramural institutions to give some assurance that the new conflict of interest regulations have an effect.

TITLE III

DEPARTMENT OF EDUCATION

EDUCATION FOR THE DISADVANTAGED

The conference agreement includes \$15,914,666,000 for Education for the Disadvantaged instead of \$15,938,215,000 as proposed by the House and \$15,891,132,000 as proposed by the Senate. The conference agreement provides \$5,073,490,000 in fiscal year 2010 and \$10,841,176,000 in fiscal year 2011 funding for this account.

For Title I School Improvement Grants, the conference agreement includes bill language permitting fiscal year 2010 appropriations and funds appropriated under the Recovery Act for these grants to be used by local educational agencies to serve any Title I, part A-eligible school that has not made adequate yearly progress for at least two years or is in a State's lowest quintile of performance based on proficiency rates and, in the case of secondary schools, priority shall be given to those schools with graduation rates below 60 percent. Both the House and Senate proposed similar language.

The conference agreement modifies bill language proposed by the Senate permitting the Secretary to establish minimum and maximum subgrant sizes applicable to fiscal year 2010 and Recovery Act funds for Title I School Improvement Grants. The conference agreement includes bill language permitting each State educational agency to award subgrants of up to \$2,000,000 in size for each school eligible for Title I School Improvement Grants funding. The House did not propose similar language.

For school improvement activities authorized under section 1003(a) of the Elementary and Secondary Education Act (ESEA), the conference agreement includes a technical clarification in bill language as proposed by the Senate clarifying that Title I funds appropriated in the Recovery Act are excluded from the calculation of amounts States may reserve for school improvement activities under section 1003(a) of the ESEA. The House proposed similar language.

The conference agreement does not include bill language proposed by the House requiring each State educational agency to ensure that not less than 50 percent of its allocation under Title I School Improvement Grants is used for evidence-based reading instruction. The Senate did not propose a similar provision. The conferees encourage the Department to work with State educational agencies to ensure that evidence-based reading instruction is embedded in school turnaround strategies for low-performing schools.

The conference agreement does not include bill language reserving \$30,000,000 of Title I

School Improvement Grants for competitive awards to local educational agencies located in counties in Louisiana, Mississippi, and Texas that were affected by Hurricanes Katrina, Ike, or Gustav, and specifying certain uses of these funds as proposed by the Senate. The House did not propose a similar provision. Instead, the conference agreement includes bill language providing \$12,000,000 for competitive awards to Gulf Coast schools under the Fund for the Improvement of Education.

The conference agreement does not include bill language proposed by the Senate requiring each State educational agency to ensure that 40 percent of its allocation under Title I School Improvement Grants is spent on improvement activities in middle and high schools, unless the State educational agency makes a determination that all middle and high schools can be served with a lesser amount. The House did not propose a similar provision.

For the Striving Readers program, the conference agreement modifies bill language proposed by the Senate designating funds under section 1502 of the ESEA for a comprehensive literacy program, including pre-literacy skills, reading, and writing, for students from birth through grade 12. Of the total provided for this initiative, certain funds are reserved: (1) \$10,000,000 for formula grants to States to support State Literacy teams, (2) one-half of one percent for the Secretary of Interior for the Bureau of Indian Education, (3) one-half of one percent for outlying areas, (4) and up to five percent for national activities conducted by the Secretary of Education. The remainder of the funds must be used for competitive awards to State educational agencies, of which up to five percent may be used for State leadership activities and not less than 95 percent shall be awarded as subgrants to local educational agencies or other entities, giving priority to such agencies or entities serving greater numbers or percentages of disadvantaged children. The conference agreement provides that State subgrants must be allocated as follows: (1) at least 15 percent to serve children from birth through age five, (2) 40 percent to serve students in kindergarten through grade five, and (3) 40 percent to serve students in middle and high school, through grade 12, including an equitable distribution of funds between middle and high schools. Eligible entities receiving comprehensive literacy program subgrants must use these funds for services and activities that have certain characteristics of effective literacy instruction. The House proposed other funding designations for adolescent literacy, early literacy, and national activities and evaluation related to early childhood and adolescent literacy.

The conferees direct the Department to prepare an implementation plan for K-12 literacy-related activities including, but not limited to, activities under Title I School Improvement Grants, Striving Readers, Reading is Fundamental, Reach Out and Read, and the Institute of Education Sciences, as proposed by the House. The Senate report did not propose similar report language. This plan shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate not later than 30 days prior to release of a request for proposals under the Striving Readers program.

The conferees request that the Department of Education Office of Inspector General (OIG) continue to monitor the Department's implementation of procedures to identify,

disclose, and manage potential conflicts of interest, as the Department implements this new comprehensive reading initiative. The conferees request that the OIG submit a report to the Committees on Appropriations of the House of Representatives and the Senate within one year after enactment of this Act assessing the adequacy of such procedures.

Within the amount for the High School Graduation initiative, the conference agreement provides that up to \$5,000,000 may be used for peer review, technical assistance, dissemination, evaluation, and other national activities as proposed by both the House and the Senate. The conferees direct the Department to provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate on the planned uses of funds for this initiative not less than 30 days prior to a request for proposals as proposed by the House. The Senate did not propose similar report language.

The conference agreement does not include bill language proposed by the Senate specifying that funds for School Renovation shall be allocated under the terms and conditions of S. 1121 (School Building Fairness Act of 2009), as introduced in the Senate on May 21, 2009. The House did not propose a similar provision.

#### IMPACT AID

The conference agreement includes \$1,276,183,000 for Impact Aid instead of \$1,290,718,000 as proposed by the House and \$1,265,718,000 as proposed by the Senate. In addition, the conference agreement includes bill language providing one-year availability of funds for Impact Aid construction grants as proposed by the Senate instead of two-year availability of funds as proposed by the House.

#### SCHOOL IMPROVEMENT PROGRAMS

The conference agreement includes \$5,228,444,000 for the School Improvement Programs account instead of \$5,244,644,000 as proposed by the House and \$5,197,316,000 as proposed by the Senate. The conference agreement provides \$3,547,003,000 in fiscal year 2010 and \$1,681,441,000 in fiscal year 2011 funding for this account.

Within the amount provided for Teacher Quality State Grants, the conference agreement includes \$5,000,000 to continue a national initiative to recruit, train, and support results-oriented, highly motivated individuals to lead high-need schools with a focus on raising the achievement of all students and closing the achievement gap in these schools. New Leaders for New Schools (NLNS) shall utilize these funds to support the organization's efforts to develop and deliver training for aspiring principals and support for principals, and conduct research to create a national knowledge base to inform the recruitment, selection, and training of principals for high-need schools. NLNS and its partners shall provide not less than a 150 percent match in cash or in-kind for the Federal funds provided for this initiative. The match may consist of cash or in-kind offerings by private philanthropy or public sources, including funding allocated by partner State and school systems, and may be used for any purpose related to the program's recruitment, training, and residencies for aspiring principals, the ongoing coaching and support of those school

leaders, as well as related research activities. The House proposed funding for this initiative under School Leadership in Innovation and Improvement. The Senate did not propose a similar provision.

For the Education Technology program, the conference agreement includes bill language permitting funds reserved for national activities to be used for activities authorized under section 802 of the Higher Education Opportunity Act. Neither the House nor the Senate proposed similar language.

For the Foreign Language Assistance program, the conference agreement designates \$9,729,000 as proposed by the Senate for five-year grants to local educational agencies that work in partnership with higher education institutions to establish articulated programs of study in national security-related languages. The House proposed \$9,360,000.

The conference agreement includes bill language proposed by the Senate that allows funds under the Education of Native Hawaiians program to be used for construction, renovation, and modernization of any elementary school, secondary school, or related structure run by the Department of Education of the State of Hawaii that serves a predominantly Native Hawaiian student body. The House proposed similar language.

The conference agreement also modifies bill language proposed by the Senate to designate, within the amount provided for the Education of Native Hawaiians program, not less than \$1,500,000 to the Hawaii Department of Education for school construction/renovation activities, \$1,500,000 for the University of Hawaii's Center of Excellence in Native Hawaiian Law, and \$500,000 for the Henry K. Guigni Memorial Archives at the University of Hawaii as authorized under part Z of title VIII of the Higher Education Act. The House did not propose similar language.

The conference agreement does not include bill language proposed by the House that permits the Secretary of Education to implement the Alaska Native Education Equity program without regard to earmarks included in the program's authorizing statute. The Senate did not propose similar language.

#### INDIAN EDUCATION

The conference agreement includes \$127,282,000 for Indian Education instead of \$132,282,000 as proposed by the House and \$122,282,000 as proposed by the Senate.

#### INNOVATION AND IMPROVEMENT

The conference agreement includes \$1,389,065,000 for Innovation and Improvement instead of \$1,347,363,000 as proposed by the House and \$1,234,787,000 as proposed by the Senate.

For the Advanced Credentialing program, the conference agreement specifies \$10,649,000 for the National Board of Professional Teaching Standards (NBPTS) as proposed by the Senate. The agreement does not include the House proposal to designate \$1,000,000 of these funds in bill language for a certification program for principals of elementary and secondary schools.

For Teach for America (TFA), the conference agreement provides \$18,000,000 as authorized under part F of title VIII of the Higher Education Act. The House proposed \$15,000,000 for TFA under the Fund for the Improvement of Education for this activity

and the Senate proposed \$20,000,000 under the Higher Education Act.

For the Charter School program, the conference agreement includes bill language as proposed by the Senate to permit the Secretary of Education to use up to \$23,082,000 for the Per-Pupil Facilities Aid program and the Credit Enhancement for Charter School Facilities program. The agreement modifies language proposed in both the House and Senate bills to allow the Secretary to reserve up to \$50,000,000 to make multiple awards to nonprofit charter management organizations and other entities that are not for-profit entities for replication and expansion of successful charter school models.

The conference agreement also modifies bill language for the Charter School program proposed by the House mandating that the Secretary of Education reserve \$10,000,000 to carry out technical assistance, including such assistance to authorized public chartering agencies in order to increase the number of high-performing charter schools; and that each Charter School program application describe a plan to monitor and hold accountable authorized public chartering agencies through such activities as providing technical assistance or establishing a professional development program. The bill language also mandates that each Charter School program application contain assurances that State law, regulations, or other policies require: (1) each authorized charter school in the State to operate under a legally binding charter or performance contract, conduct audits, and demonstrate improved achievement; and (2) authorized public chartering agencies to use increases in student achievement for all groups of students as the most important factor in renewing or revoking a school's charter. The Senate did not propose similar language.

Finally, for the Charter School program, the conference agreement includes bill language requiring the Department to submit a report describing the planned uses of certain funds prior to their obligation. Neither the House nor the Senate proposed similar language.

For the Teacher Incentive Fund (TIF), the conference agreement includes bill language as proposed by the Senate that: (1) requires TIF grantees to demonstrate that teacher performance-based compensation systems are developed with the input of teachers and school leaders, (2) permits TIF grantees to use funds to develop or improve systems and tools to enhance the quality and success of teacher compensation systems, and (3) requires applications for TIF grants to include a plan to sustain financially the activities conducted and systems developed once the grant period has expired. The House did not propose these provisions.

Within the funds provided for TIF, approximately \$220,000,000 will be used to continue fiscal year 2009 awards and the remaining funds will be available for new awards, training, technical assistance, evaluation and peer review activities.

#### Fund for the Improvement of Education (FIE)

Within FIE, the conference agreement includes funding for the following activities in the following amounts:

Budget activity	House	Senate	Conference
Arts in Education .....	\$40,166,000	\$40,000,000	\$40,000,000
Communities in Schools .....	0	5,000,000	3,500,000
Data Quality and Evaluation .....	3,000,000	3,000,000	3,000,000
Excellence in Economics Education Act .....	1,447,000	1,447,000	1,447,000
Exchanges with Historic Whaling and Trading Partners .....	0	9,000,000	8,754,000

Budget activity	House	Senate	Conference
Foundations for Learning .....	1,000,000	0	1,000,000
Full Service Community Schools .....	10,000,000	5,000,000	10,000,000
Gulf Coast Schools .....	0	0	12,000,000
Mental Health Integration .....	0	6,913,000	5,913,000
National Clearinghouse for Educational Facilities .....	0	1,000,000	1,000,000
National History Day .....	500,000	500,000	500,000
Parental Assistance Information Centers .....	39,254,000	39,254,000	39,254,000
Peer Review .....	670,000	670,000	670,000
Presidential and Congressional History Academies .....	0	0	1,815,000
Promise Neighborhoods .....	10,000,000	10,000,000	10,000,000
Reach Out and Read .....	6,965,000	6,000,000	6,000,000
Reading is Fundamental .....	24,803,000	25,000,000	24,803,000
Ready to Teach .....	0	10,700,000	10,700,000
Women's Educational Equity .....	2,423,000	2,423,000	2,423,000
Other Activities .....	4,706,000	5,000,000	0

As proposed by the Senate, the conference agreement includes \$6,000,000 for Reach Out and Read, but does not specify this amount in bill language. The House proposed to designate an amount in the bill.

Within the funds provided for Arts in Education, the conferees concur in the following allocations: \$9,060,000 for VSA arts; \$6,838,000 for the John F. Kennedy Center for the Performing Arts; \$14,616,000 for model arts programs; \$9,000,000 for model professional development programs for music, drama, dance, and visual arts educators; and \$486,000 for evaluation activities.

The conference agreement includes bill language allocating \$12,000,000 for competitive awards to local educational agencies located in counties in Louisiana, Mississippi, and Texas that were affected by Hurricanes Katrina, Ike, or Gustav, and specifying the eligible uses of these awards, including instructional materials and equipment, teacher incentives, school modernization and renovation, Advanced Placement or other rigorous courses, charter schools, and extended learning activities. Neither the House nor the Senate included similar language under the FIE. The Senate proposed \$30,000,000 for Gulf Coast schools under Education for the Disadvantaged.

For the Promise Neighborhoods initiative, the conferees direct the Department to provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate on the planned use of funds not less than 30 days prior to the release of a request for proposals as proposed by the House. The Senate did not propose similar language.

The conference agreement does not include funding for the National Teacher Recruitment Campaign as proposed by the Senate. The House included \$10,000,000 for this activity.

The conferees expect the increase over fiscal year 2009 for Ready to Learn to be used for outreach programs by the Corporation for Public Broadcasting as proposed by the Senate. The House did not propose similar language.

The conference agreement includes \$88,791,000 for the following projects in the following amounts:

Project	Amount
3D School, Petal, MS, for a model dyslexia intervention program .....	250,000
Action for Bridgeport Community Development, Inc., Bridgeport, CT for its Total Learning early childhood initiative .....	700,000
Adelphi University, Garden City, NY, to support the Adelphi University Institute for Math and Science Teachers .....	200,000
Alabama School of Math and Science, Mobile, AL for curriculum development and teacher training, including purchase of equipment .....	100,000

Project	Amount	Project	Amount
Alaska Native Heritage Center, Anchorage, AK for educational programming and outreach .....	150,000	Boys and Girls Club of Truckee Meadows, Reno, NV, to develop an Internet safety program in schools .....	175,000
America Scores, St. Louis, MO for an after-school program .....	200,000	Brehm Preparatory School, Carbondale, IL, to support the development of a national database for learning disabilities education and research at Brehm Prep School .....	250,000
An Achievable Dream, Newport News, VA for education and support services for at-risk children .....	300,000	Brockton Area Private Industry Council, Inc, Brockton, MA, for workforce development programs for at-risk youth .....	100,000
Aquatic Adventures Science Education Foundation, San Diego, CA for an after-school science education program, which may include equipment and technology .....	200,000	Bushnell, Hartford, CT, for the PARTNERS Art Education Program .....	100,000
Arab City School District, Arab, AL for an education technology initiative, including purchase of equipment .....	150,000	Caddo Parish School Board, Shreveport, LA, for equipment and technology upgrades .....	100,000
Army Heritage Center Foundation, Carlisle, PA, for history education programs .....	100,000	Calcasieu Parish School Board, Lake Charles, LA, for equipment and technology upgrades .....	100,000
Auburn Joint Vocational School District, Concord Township, OH for curriculum development .....	250,000	California State University, Northridge, CA for teacher training and professional development .....	400,000
AVANCE, Inc., Austin, TX for a parenting education program ..	250,000	Capeverdean American Community Development, Pawtucket, RI for after-school, tutoring, and literacy programs .....	100,000
AVANCE, Inc., El Paso, TX for a parenting education program ..	100,000	Carnegie Hall, New York, NY for music education programs .....	300,000
Avant-Garde Learning Foundation, Anchorage, AK, for educational activities .....	500,000	Center for Rural Development, Somerset, KY for the Forward in the Fifth literacy program ..	500,000
Babyland Family Services, Inc., Newark, NJ for an early childhood education program .....	400,000	CentroNia, Takoma Park, MD, to expand pre-K services and train early education teachers .....	500,000
Baltimore City Public Schools, Baltimore MD to establish alternative education programs for academically-challenged students, which may include equipment and technology .....	500,000	Charter School Development Foundation, Las Vegas, NV for an early childhood education program .....	400,000
Bay Point Schools, Inc., Miami, FL for a boarding school for at-risk students .....	400,000	Chicago Public Schools, Chicago, IL, to provide professional development to upper elementary and middle school science teachers .....	300,000
Best Buddies Florida, Orlando, FL for mentoring programs in the 4th Congressional District for elementary and secondary school students with disabilities .....	250,000	Chicago Youth Centers, Chicago, IL for the ABC Youth Center after school program, which may include equipment and technology .....	200,000
Big Brothers Big Sisters of Alaska, Anchorage, AK, for a mentoring demonstration project ..	100,000	Childhelp, Inc., Scottsdale, AZ to develop a comprehensive update to the Good Touch Bad Touch curriculum in conjunction with the Monique Burr Foundation, Jacksonville, FL .....	250,000
Big Brothers Big Sisters of Greater Pittsburgh, Inc, Pittsburgh, PA, for mentoring programs .....	100,000	Children's Home of Easton, PA, for tutoring and mentoring at-risk youth during summer .....	125,000
Billings Public Schools, Billings, MT, for career training in construction technology, including the purchase of equipment .....	100,000	Children's Hospital Los Angeles, Los Angeles, CA for an outreach program to encourage minorities to consider health care careers .....	250,000
Bloomfield Board of Education, Bloomfield, NJ to provide alternative education for academically-challenged students .....	300,000		
Boise State University, Boise, ID for the Idaho SySTEMic Solution program .....	400,000		

<i>Project</i>	<i>Amount</i>	<i>Project</i>	<i>Amount</i>	<i>Project</i>	<i>Amount</i>
Children's Literacy Initiative, Philadelphia, PA for its literacy program .....	200,000	Communities in Schools—Northeast Texas c/o Northeast Texas Community College, Mt. Pleasant, TX for dropout prevention programs .....	200,000	Devereux Center for Effective Schools, King of Prussia, PA for the School-wide Positive Behavioral Support program .....	100,000
Choice Thru Education, Inc., Chelsea, MA for educational and career development programs for at-risk youth .....	100,000	Communities-in-Schools, Bell-Coryell Counties Inc., Killeen, TX for the Youngest Victims of War project .....	250,000	East Los Angeles Classic Theater, Los Angeles, CA for an arts education program .....	150,000
City of Bell, CA for an after-school program, which may include equipment and technology .....	200,000	Connecticut Technical High School System, Middletown, CT for equipment for Eli Whitney Technical High School's Manufacturing Technology Program .....	350,000	East Side Community Learning Center Foundation, Wilmington, DE, to support supplemental education and enrichment programs for high-needs students .....	100,000
City of Fairfield, CA for an after-school and job-skills training program .....	350,000	Connecticut Technical High School System, Middletown, CT for equipment for Vinal Technical High School's Manufacturing Technology Program .....	250,000	East Whittier City School District, Whittier, CA for support services for at-risk students, which may include equipment and technology .....	225,000
City of La Habra, CA for the Young at Art program .....	148,000	Contra Costa Child Care Council, Concord, CA for an early childhood education program .....	150,000	Eastern Kentucky PRIDE, Somerset, KY for environmental education programs .....	250,000
City of Los Angeles, CA, for the LA's BEST afterschool enrichment program .....	900,000	Cooperative Educational Service Agency No. 10, Chippewa Falls, WI for after-school programs ....	300,000	Eden Housing, Hayward, CA for a technology training program, which may include equipment and technology .....	100,000
City of Newark, CA for an after-school program .....	50,000	Cooperative Educational Service Agency No. 11, Turtle Lake, WI for after-school programs .....	400,000	Education Service Center, Region 12, Hillsboro, TX for a GEAR UP college preparation program .....	70,000
City of Prestonsburg, KY for an arts education initiative .....	200,000	Cooperative Educational Service Agency No. 12, Ashland, WI for after-school programs .....	400,000	Enrichment Services Program, Inc., Columbus, GA for after-school tutoring and GED programs for at-risk youth .....	100,000
City of Racine, WI, for an after-school and summer program for children and their parents .....	200,000	Cooperative Educational Service Agency No. 9, Tomahawk, WI for after-school programs .....	300,000	Evansville Vanderburgh School Corporation, Evansville, IN, for education programs including equipment .....	100,000
City of Vernonia School District, Vernonia, OR, for technology and equipment .....	150,000	Corpus Christi Independent School District, Corpus Christi, TX for its South Texas School Literacy Project .....	200,000	Falcon School district 49, Falcon, CO, to support a science, technology, engineering and math [STEM] education program .....	100,000
City School District of New Rochelle, New Rochelle, NY for after-school programs .....	297,000	County of Alachua, FL for after school programming .....	250,000	FAME, Inc, Wilmington, DE, to prepare minority students for college and encourage them to pursue careers in science, engineering, and math .....	125,000
City Year New Hampshire, Stratham, NH, to expand education and youth development programs .....	254,000	County of Butte, Oroville, CA, for the Literacy is for Everyone family literacy program .....	150,000	Farrell Area School District, Farrell, PA for education enrichment programs, which may include equipment and technology .....	200,000
City Year Rhode Island, Providence, RI, for a school-based initiative to improve the conditions that lead to student success and increase the graduation rate .....	100,000	Creative Visions, Des Moines, IA, for a dropout prevention program .....	200,000	Fayette County Schools, Lexington, KY for a foreign language program .....	2,500,000
Clark County School District, Las Vegas, NV, to create a school for highly gifted students .....	600,000	Cullman County Schools, Cullman, AL for a mobile laboratory initiative, including purchase of equipment .....	150,000	Five County Regional Vocational System, Tamms, IL for education support services for at-risk students .....	50,000
Clark County School District, Las Vegas, NV, to expand instructional support for English-language learners .....	600,000	Cuyahoga County Board of County Commissioners, Cleveland, OH for an early childhood education program .....	100,000	Franklin County Schools, Russellville, AL for an education technology initiative, including purchase of equipment .....	935,000
Cleveland Municipal School District, Cleveland, OH, to improve math and language skills through music education .....	100,000	Dakota Boys and Girls Ranch, Minot, ND, for an elementary school program that targets high-risk students .....	475,000	Franklin McKinley School District, San Jose, CA for an academic enrichment and college preparation program, which may include equipment and technology .....	180,000
Collaborative for Academic, Social, and Emotional Learning, Chicago, IL for social and emotional learning curriculum development and implementation in the Youngstown, Niles, and/or Warren City, OH school districts .....	900,000	Darden School Foundation, Charlottesville, VA, to improve rural, chronically low-performing schools in southwest Virginia .....	150,000	Girls Incorporated of Alameda County, San Leandro, CA for a literacy program for young girls, which may include equipment and software .....	250,000

Project SERV .....	2,000,000	0	0
Other Activities .....	9,477,000	10,306,000	9,477,000

The conference agreement includes \$48,300,000 for a School Culture and Climate initiative to support new approaches to helping schools foster safe, secure, and drug-free learning environments instead of \$50,000,000

as proposed by the House and \$81,000,000 as proposed by the Senate. These funds will support new competitive grant awards in two areas: (1) reducing the number of suspensions and expulsions related to student disruptive behavior and nonviolent offenses, and (2) reducing violent crime in schools, on school grounds, and on the way to and from school. Within the funding for this initiative, the conferees have included \$8,212,000 to fund all existing character education projects through the end of their grant cycle. It is the intent of the conferees that the new School Culture and Climate initiative include character education.

The conference agreement includes \$40,000,000 for the School and College Emergency Preparedness initiative, including \$7,000,000 for assistance to institutions of higher education as proposed by both the House and Senate. Together with \$2,237,000 provided under the Substance Abuse and Mental Health Services Administration (SAMHSA), a total of \$42,237,000 will be available for this initiative.

The conferees concur that the Department shall use \$830,000 within the amount provided for Safe and Drug-Free Schools and Communities National Programs to identify, and provide recognition of, promising and model alcohol and drug abuse prevention and education programs in higher education as proposed by the Senate. The House did not specify a funding amount for this activity.

For the Carol M. White Physical Education Program, the conferees concur that the Department shall incorporate the Centers for Disease Control and Prevention's School Health Index into the program as proposed by the House. The Senate did not propose similar report language. The Department shall grant priority to those applications that have completed physical education and nutrition assessments as part of the school health index or propose to implement the index. Awards should support the implementation of science-based curriculum tools to encourage physical education and healthy eating.

Within the funds provided for the Civic Education program, the conference agreement includes \$21,617,000 for the We the People programs, including \$2,957,000 to continue the comprehensive program to improve public knowledge, understanding, and support of American democratic institutions, which is a cooperative project among the Center for Civic Education, the Center on Congress at Indiana University, and the Trust for Representative Democracy at the National Conference of State Legislatures as proposed by the House instead of \$20,076,000 as proposed by the Senate. The remaining \$13,383,000 will support the Cooperative Education Exchange program, including awards to the Center for Civic Education and the National Council on Economic Education.

#### ENGLISH LANGUAGE ACQUISITION

The conference agreement includes \$750,000,000 for English Language Acquisition as proposed by the Senate instead of \$760,000,000 as proposed by the House.

#### SPECIAL EDUCATION

The conference agreement includes \$12,587,035,000 for Special Education instead of \$12,579,677,000 as proposed by the House and \$12,587,856,000 as proposed by the Senate. The conference agreement provides \$3,994,652,000 in fiscal year 2010 and \$8,592,383,000 in fiscal year 2011 funding for this account. In addition, the conference agreement includes bill language clarifying that Part B and Part C funds appropriated in

the Recovery Act shall not be considered for the purpose of calculating Special Education State allocations for fiscal year 2010 and succeeding years. Neither the House nor the Senate proposed a similar provision.

Within the funds provided for Technology and Media Services, the conferees concur that \$737,000 is available for the Reading Rockets program, administered by the Greater Washington Educational Television Association. No funding was proposed by the House for this activity and \$1,500,000 was proposed by the Senate.

#### REHABILITATION SERVICES AND DISABILITY RESEARCH

The conference agreement includes \$3,506,861,000 for Rehabilitation Services and Disability Research instead of \$3,504,305,000 as proposed by the House and \$3,507,322,000 as proposed by the Senate. The conference agreement includes bill language that excludes the appropriation for the Centers for Independent Living program in the Recovery Act from the determination under section 723 of the Rehabilitation Act of whether a State may administer funds for the Centers for Independent Living program in that State in fiscal year 2010.

#### Demonstration and Training Programs

The conference agreement includes \$5,095,000 for the following projects in the following amounts:

<i>Project</i>	<i>Amount</i>

Supporting Autism and Families Everywhere, Wilkes-Barre, PA, for vocational services and program support .....	100,000
Vocational Guidance Services—Painesville Center, Painesville, OH for the Training Enhancements Promoting Jobs for Ohioans with Disabilities project .....	100,000
Wisconsin Coalition of Independent Living Centers, Inc., Madison, WI for its Increase Vets' Independence Initiative to provide independent living services to disabled veterans ....	150,000

For the National Institute on Disability and Rehabilitation Research, the conferees note that the budget request included \$3,000,000 to support demonstrations of promising models to serve students with intellectual disabilities in higher education. Instead, the conferees provide \$11,000,000 for Model Comprehensive Transition and Postsecondary Programs for Students with Intellectual Disabilities, as authorized in the Higher Education Act, within the Higher Education account.

#### SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

##### AMERICAN PRINTING HOUSE FOR THE BLIND

The conference agreement includes \$24,600,000 for the American Printing House for the Blind as proposed by the Senate instead of \$22,599,000 as proposed by the House.

##### GALLAUDET UNIVERSITY

The conference agreement includes \$123,000,000 for Gallaudet University instead of \$120,000,000 as proposed by the House and \$126,000,000 as proposed by the Senate. The conference agreement includes bill language designating \$5,000,000 of this amount for construction and provides that the funds are available until expended.

##### CAREER, TECHNICAL, AND ADULT EDUCATION

The conference agreement includes \$2,016,447,000 for Career, Technical, and Adult Education as proposed by the House and \$2,018,447,000 as proposed by the Senate. The conference agreement provides \$1,225,447,000 in fiscal year 2010 funding, of which \$4,400,000 is available on October 1, 2009 and \$1,221,047,000 is available on July 1, 2010, and \$791,000,000 in fiscal year 2011 funding for this account.

The conference agreement includes bill language specifying \$45,907,000 within funds provided for the Adult Education State Grants program for distribution to States and outlying areas in order to remedy an administrative error in prior years as proposed by the House. The Senate proposed similar language designating \$46,000,000.

The conference agreement continues the English literacy and civics education set-aside within the appropriation for Adult Education State Grants. The conferees intend for these funds to help States or localities affected significantly by immigration to implement integrated English literacy, U.S. history, and civics education programs that provide a program of instruction designed to help an English language learner achieve competence in English through contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and United States history and government to help such learner acquire the skills and knowledge to become an active and informed parent, worker, and community member.

#### STUDENT FINANCIAL ASSISTANCE (INCLUDING DEFERRAL OF FUNDS)

The conference agreement includes \$19,296,809,000 for Student Financial Assistance as proposed by the Senate instead of \$19,634,905,000 as proposed by the House.

The conference agreement includes \$17,495,000,000 for the Pell Grant program as proposed by the Senate instead of \$17,783,395,000 as proposed by the House. The funds in this conference agreement will support a \$4,860 maximum Pell grant for the 2010–2011 award year. With the additional funds provided under the College Cost Reduction Act and the Recovery Act, the total maximum Pell grant will increase to \$5,550 for the 2010–2011 award year, an increase of \$200 over the previous award year.

The conference agreement defers \$561,000,000 from unobligated balances under the mandatory Academic Competitiveness and SMART grants program as proposed by the House. The Senate proposed to rescind, rather than defer, these funds. These balances are not needed to pay Academic Competitiveness and SMART awards in the 2010–2011 award year and will partially offset additional costs in the Pell Grant program.

The conferees concur that the Department shall provide the same funding in fiscal year 2010 for the Work Colleges program authorized under section 448 of the Higher Education Act from the Federal Work-Study Program appropriation as proposed by the House. The Senate did not propose similar report language.

#### HIGHER EDUCATION

The conference agreement includes \$2,255,665,000 for Higher Education instead of \$2,294,882,000 as proposed by the House and \$2,106,749,000 as proposed by the Senate. The conference agreement includes citations in the bill for title VIII of the Higher Education Act (HEA) and part I of subtitle A of title VI of the America COMPETES Act as proposed by the Senate. The House did not propose using these citations.

#### Fund for the Improvement of Postsecondary Education (FIPSE)

Within the amount for FIPSE, the conference agreement includes \$10,000,000 for the college textbook rental pilot initiative as proposed by the House. The Senate did not propose a similar provision. The conferees direct that these funds be awarded in accordance with section 803(b) through (d) of the Higher Education Act. The conferees are in-

terested in projects that propose expanding the services of college bookstores to offer innovative efforts to increase opportunities for students to rent college course materials and lower costs for students. These projects may include, but not be limited to, activities that: (1) acquire course materials that the entity will make available by rent to students, (2) develop or acquire equipment or software necessary for the conduct of a rental program, (3) place a priority on higher cost and introductory level classes, and (4) focus on students with the greatest financial need. The conferees direct that the Department provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate not less than 30 days prior to the release of a request for proposals.

Within the amount for FIPSE, \$6,000,000 is included for grants to institutions of higher education for Centers of Excellence for Veteran Student Success, to support veterans, particularly those returning from Iraq and Afghanistan as proposed by the House. The Senate did not propose a similar provision. The conferees direct that these funds be awarded in accordance with section 873 of the HEA.

Within the amount for FIPSE, \$1,000,000 is included for the Training for Realtime Writers program under section 872 of the HEA as proposed by the Senate. The House did not propose funding for this program.

Within the amount for FIPSE, \$750,000 is included for the Off-campus Community Service program, in accordance with section 447 of the HEA. The Senate proposed \$1,000,000 and the House did not propose a similar provision.

Within the amount for FIPSE, \$28,822,000 is included for the Comprehensive Program, for which the conferees direct the Department to establish these invitational priorities: centers of excellence for teacher preparation as described in section 242 of the HEA; university sustainability initiatives as described in section 881 of HEA; rural development initiatives for rural-serving colleges and universities as described in section 861 of HEA; initiatives to assist highly qualified minorities and women to acquire doctoral degrees in fields where they are underrepresented as described in section 807 of HEA; modeling and simulation programs as described in section 891 of HEA; and higher education consortia to design and offer interdisciplinary programs that focus on poverty and human capability as described in section 741(a)(11) of HEA. The House proposed \$34,805,000 for the Comprehensive Program, while the Senate did not designate a specific amount for this activity.

As proposed by the Senate, the conference agreement does not set aside \$1,000,000 in the bill for modeling and simulation programs under section 891 of the HEA. The House proposed \$1,000,000 for these programs. Instead, these programs are included as an invitational priority under the FIPSE Comprehensive Program.

The conference agreement includes \$101,507,000 for the following projects in the following amounts:

Project	Amount
AB Christian Learning Center, Ft. Worth, TX for a higher education resource center .....	175,000
AIB College of Business, Des Moines, IA, to continue recruiting and training captioners and court reporters and to provide scholarships to students .....	400,000
Alamo Community College, San Antonio, TX for an associates degree program for air traffic controllers, which may include equipment and technology .....	200,000
Albany State University, Albany, GA for a model program to increase the recruitment and retention of underrepresented students in postsecondary education .....	150,000
Alcorn State University, Alcorn, MS, for graduate level curriculum development .....	300,000
Alexander City Chamber of Commerce Foundation, Alexander City, AL for the Gateway to Education Scholarship program, including scholarships .....	100,000
Alverno College, Milwaukee, WI for its Research Center for Women and Girls, which may include equipment .....	100,000
Anne Arundel Community College, Hanover, MD for its science, technology, engineering, and math initiative, which may include equipment and technology .....	350,000
Anoka Ramsey Community College, Coon Rapids, MN for curriculum development in programs relating to the medical device manufacturing industry, including purchase of equipment .....	800,000
Armstrong Atlantic State University Cyber Security Research Institute Foundation, Savannah, GA for curriculum development, including purchase of equipment .....	457,000
Asnuntuck Community College, Enfield, CT for a Medical Device Machine Technology Certificate Program, which may include equipment and technology .....	250,000
Assumption College, Worcester, MA, for the acquisition of educational equipment and information technology .....	100,000
Beloit College, Beloit, WI for college scholarships and college outreach and early awareness programs .....	150,000
Benedictine University, Lisle, IL, to design, create, and implement open source educational materials for use in introductory college courses .....	150,000
Blackburn College, Carlinville, IL, for science education programs and laboratory upgrades, including the purchase of equipment .....	225,000
Blue Mountain College, Blue Mountain, MS, for the purchase of math and science equipment .....	100,000
Blue Mountain Community College, Pendleton, OR, to expand post-secondary education including college preparatory, advanced degree and continuing education programs .....	100,000
Brandeis University, Waltham, MA for science and technology academic programs, which may include equipment and technology .....	350,000
Brazosport College, Galveston, TX for purchase of equipment to be used in the petrochemical and nuclear technician training programs .....	200,000
Brazosport College, Lake Jackson, TX for curriculum development .....	380,000
Brescia University, Owensboro, KY, for education programs including the purchase of equipment .....	500,000
Briar Cliff University, Sioux City, IA for purchase of equipment .....	100,000
Buena Vista University, Storm Lake, IA, for support for students with disabilities .....	200,000
Burcham Hills Retirement Community, East Lansing, MI to develop an Alzheimer's and dementia training program, including purchase of equipment .....	200,000
Butler Community College, El Dorado, KS for purchase of equipment .....	500,000
Caldwell College, Caldwell, NJ for curriculum development, including purchase of equipment .....	550,000
California Baptist University, Riverside, CA for purchase of equipment .....	300,000
California State University, Fullerton, CA for curriculum development associated with the Vietnamese language and culture program .....	350,000
California State University, Fullerton, CA for the Center for the Advancement of Teaching and Learning in Mathematics and Science .....	300,000
California State University, Sacramento, CA for equipment and technology for science laboratories .....	350,000
Campbell University, Bues Creek, NC for an initiative at its School of Pharmacy to train underrepresented pharmacists .....	300,000
Canisius College, Buffalo, NY for its science education program, which may include equipment and technology .....	400,000
Carnegie Mellon University, Pittsburgh, PA, for Internet-based foreign language programs .....	100,000
Cedar Crest College, Allentown, PA, for science education programs, including the purchase of equipment .....	100,000
Center for Empowered Living and Learning, Denver, CO, for an education program on terrorism .....	300,000
Central Maine Community College, Auburn, ME for its Veterans to College Initiative to provide academic counseling and support to veterans .....	150,000
Centralia College, Centralia, WA for biotechnology and science equipment .....	375,000
Chestnut Hill College, Philadelphia, PA, for the Center for Environmental Sciences and Sustainability .....	100,000
Cheyney University of Pennsylvania, Cheyney, PA for its Keystone Honors Academy .....	100,000
City College of San Jose, CA for its California Construction College to train students for careers in construction management, which may include equipment .....	368,000
Clackamas Community College, Oregon City, OR for education and training programs in renewable energy fields, which may include equipment and technology .....	400,000
Clarke College, Dubuque, IA for its Doctor of Nurse Practitioner program, which may include equipment, technology and scholarships .....	400,000
Cleveland State University, Cleveland, OH, for supportive services to degree-seeking veterans .....	200,000
Coahoma Community College, Clarksdale, MS for curricula, equipment and technology .....	50,000
Coffeyville Community College, Coffeyville, KS for the Native American Center, including purchase of equipment .....	500,000
College of Southern Idaho, Twin Falls, ID for curriculum development, including the purchase of equipment .....	200,000
College of the Canyons, Santa Clarita, CA for the University Center Consortium, including curriculum development .....	100,000
College Opportunity Resources for Education, Philadelphia, PA for college preparation and scholarship assistance .....	750,000
College Success Foundation, Washington, DC, for mentoring and scholarships .....	500,000

Project	Amount	Project	Amount	Project	Amount
College Summit-West Virginia, Dunbar, WV for a college access initiative	100,000	Ivy Tech Community College of Indiana, Northwest Region, Indianapolis, IN, for education programs including equipment	100,000	Mid-America Christian University, Oklahoma City, OK for teacher training programs, including purchase of equipment	485,000
Colorado State University—Pueblo, Pueblo, CO, for STEM programs, including equipment	125,000	Ivy Tech Community College, Terre Haute, IN, for equipment and technology for training programs at its Advanced Manufacturing Center	600,000	Middle Tennessee State University, Murfreesboro, TN for a STEM education teacher training initiative, which may include stipends	750,000
Columbia College, Columbia, SC for its Masters Degree Program in Divergent Learning	200,000	Jacksonville State University, Jacksonville, AL, for purchase of equipment	250,000	Midland Independent School District, Midland, TX for teacher training	350,000
Columbus State University, Columbus, GA for a Science, Technology, Engineering and Math (STEM) program	150,000	Jewish Employment and Vocational Service (JEVS) d/b/a JEVS Human Services, Philadelphia, PA, for an associate degree program in court reporting, which may include equipment and technology	165,000	Midway College, Inc, Midway, KY, for facilities and equipment	100,000
Command and General Staff College Foundation, Leavenworth, KS, for curriculum and course development for a homeland security masters degree program	250,000	Johnson C. Smith University, Charlotte, NC, for an Undergraduate Research Center for Electronic and Cyber Security, which may include equipment, technology and student financial assistance	400,000	Miles Community College, Miles City, MT, for curriculum development and educational equipment relating to bio-energy	100,000
Community College of Allegheny County, Pittsburgh, PA, to support technical and career postsecondary education programs	100,000	Jones County Junior College, Ellisville, MS, for purchase of equipment and technology upgrades	200,000	Minnesota State Colleges and Universities, Office of the Chancellor, St Paul, MN, for career and education services to veterans	300,000
Community College of Rhode Island, Warwick, RI, for a transition to college program	200,000	Junior College District of Metropolitan Kansas City, Kansas City, MO, for purchase of equipment and technology upgrades for the radiological technology laboratory	500,000	Minot State University, Minot, ND, to establish a Center for Community Research and Service	950,000
Community College System of New Hampshire, Concord, NH, to purchase equipment and technology to modernize the teaching of nursing	500,000	Kalamazoo Community Mental Health and Substance Abuse Services, Kalamazoo, MI, for a nursing distance education curriculum, including purchase of equipment	100,000	Mississippi College, Clinton, MS, to support dyslexia education and training	250,000
County of Greenville, Emporia, VA, for equipment and technology upgrades at the Southside Virginia Education Center	400,000	Kalamazoo Valley Community College, Kalamazoo, MI, for purchase of equipment	550,000	Mississippi Valley State University, Itta Bena, MS for an initiative to prepare undergraduate students for professional medical education, which may include equipment, technology and scholarships	400,000
Creighton University, Omaha, NE for purchase of equipment	500,000	Kankakee Community College, Kankakee, IL, for renewable energy technology training programs, which may include equipment and technology	400,000	Missouri State University, Springfield, MO, for technology, equipment, and educational materials	1,000,000
Dallas County Community College District, Dallas, TX for its Science, Technology, Engineering and Mathematics (STEM) Professions Initiative, which may include scholarships	300,000	Keene State College, Keene, NH, for its Regional Center for Advanced Manufacturing Education, which may include equipment and student financial assistance	300,000	Monroe Community College, Rochester, NY for an Academy for Veterans' Success to provide academic, career counseling, and support services to veterans	275,000
Dean College, Franklin, MA for its Embedded Study Model Project to integrate academic support services into curricula, which may include equipment and technology	150,000	Keene State College, Keene, NH, for curriculum development and educational equipment for the Monadnock Biodiesel Collaborative	100,000	Monroe Community College, Rochester, NY to establish a medical laboratory technician program, including curriculum development and purchase of equipment	325,000
Delta State University, Cleveland, MS, for teacher training in science and curriculum development	300,000	Kern Community College District, Bakersfield, CA, for purchase of equipment	250,000	Monroe County Community College, Monroe, MI for a Nuclear Engineering Technology Program	200,000
Dickinson State University, Dickinson, ND, for its Theodore Roosevelt Center	600,000	Lackawanna College, Scranton, PA, for laboratory upgrades to a science center, including the purchase of equipment	100,000	Mott Community College, Flint, MI, for the Center for Advanced Manufacturing	200,000
Donnelly College, Kansas City, KS, for equipment and technology	200,000	Lake Area Technical Institute, Watertown, SD, for educational equipment for the Energy Technology Program	500,000	Mount Union College, Alliance, OH for engineering and technology programs, which may include curricula, faculty, equipment, technology and student support	100,000
Eastern Arizona College, Thatcher, AZ, for the Gila Community College nursing education program, which may include equipment and technology	400,000	Lake Area Technical Institute, Watertown, SD, for educational equipment related to fire training	150,000	Muhlenberg College, Allentown, PA, for a civic engagement and service learning program	100,000
Eastern New Mexico University, Portales, NM, for educational equipment and technology infrastructure	100,000	Lake Michigan College, Benton Harbor, MI, for curriculum development, including the purchase of equipment	150,000	National Labor College, George Meany Center for Labor Studies, Silver Spring, MD, for the Adult Learning Program	400,000
Edmonds Community College, Lynnwood, WA, for equipment for training programs at its National Advanced Materials and Manufacturing Innovation Center	600,000	Lake Superior College, Duluth, MN, for certificate and degree programs in aviation, which may include equipment and technology	200,000	Nazareth College, Rochester, NY, for educational equipment and technology upgrades relating to math and science education	300,000
Edward M. Kennedy Institute for the Senate, Boston, MA, for program development, which may include equipment, technology, and support for an endowment	13,602,000	Lakes Region Community College, Concord, NH, for curriculum development and educational equipment for the Energy Services and Technology program	125,000	Neumann College, Aston, PA for pharmacy education programs, which may include equipment and technology	200,000
Elgin Community College, Elgin, IL, for the Health Careers Center of Excellence, including curriculum development and purchase of equipment	100,000	Lakeshore Technical College, Cleveland, WI, for curriculum development	250,000	New College, Sarasota, FL for digital collections at the Jane Bancroft Cook Library	100,000
Emerson College, Boston, MA, for educational equipment and technology infrastructure	250,000	Leeward Community College, Pearl City, HI, to provide college preparatory education for Filipino students	400,000	New Mexico Military Institute, Roswell, NM for its Native American Criminal Justice Program, which may include student scholarships	300,000
Emmanuel College, Boston, MA, for educational equipment and technology infrastructure to support the Center for Science Education	200,000	Lesley University, Cambridge, MA, for development of the National Center for Teachers and School Leaders program	150,000	Niagara Community College, Sanborn, NY for equipment and technology for training programs in hospitality and tourism	100,000
Endicott College, Beverly, MA, for educational equipment and technology infrastructure	150,000	LeTourneau University, Longview, TX, for purchase of equipment	350,000	Niagara County Community College, Sanborn, NY for information technology upgrades	275,000
Evergreen State College, Olympia, WA, for its Curriculum for the Bioregion initiative	325,000	Lincoln Land Community College, Springfield, IL, for the HIRE Education Program, including purchase of equipment	350,000	North Arkansas College, Harrison, AR for an education technology initiative, including purchase of equipment	250,000
Fairleigh Dickinson University, Madison, NJ, for curriculum development, including purchase of equipment	500,000	Lincoln University, Lincoln University, PA, for college preparation programs	100,000	North Shore Community College, Danvers, MA for a veterans education and job training program, which may include scholarships and stipends	400,000
Florida Gulf Coast University, Ft. Myers, FL, for the Coastal Watershed Institute	350,000	Livingstone College, Salisbury, NC, for its Center for Holistic Learning to provide academic and student support services, which may include equipment and technology	300,000	Northampton Community College, Bethlehem, PA for programmatic support of its Monroe County campus, which may include equipment and technology	400,000
Ft. Hays State University, Hays, KS, for purchase of equipment	250,000	Long Island University, Brookville, NY, for a Grow Your Own Teacher Program providing mentoring, education and support to high school students in underserved areas, which may include college scholarships	700,000	Northeast Iowa Community College, Calmar, IA, for a training program in renewable energy technology	300,000
Fulton-Montgomery Community College, Johnstown, NY, to establish a Center for Engineering and Technology	200,000	Lorain County Community College, Elyria, OH, for education programs including the purchase of equipment	200,000	Northern Kentucky University Foundation, Highland Heights, KY for purchase of equipment	350,000
Gadsden State Community College, Gadsden, AL, for technology upgrades	100,000	Loras College, Dubuque, IA, for science education equipment	200,000	Northern Kentucky University, Highland Heights, KY, for the purchase of equipment	2,400,000
George C. Wallace Community College, Dothan, AL, for equipment and technology to train energy technicians for nuclear facilities	200,000	Los Angeles City College Foundation, Los Angeles, CA for the Los Angeles City College nursing program	450,000	Northern Virginia Community College, Annandale, VA for a health information management program	500,000
Goodwin College, East Hartford, CT, for an environmental studies program	175,000	Loyola University New Orleans, New Orleans, LA, to establish The Center for Music and Arts Entrepreneurship & Music Industry Studies	400,000	Northwestern Connecticut Community College, Winsted, CT for an associate degree nursing program, which may include equipment and technology	350,000
Gordon College, Wenham, MA, for educational equipment and technology infrastructure	200,000	Lyndon State College, Lyndonville, VT, for a center for rural students	300,000	Oklahoma State University, Stillwater, OK for a wildlife management technician program, which may include equipment	450,000
Grace College and Theological Seminary, Winona Lake, IN, for curriculum development, including purchase of equipment	150,000	Madisonville Community College, Madisonville, KY for purchase of equipment	100,000	Palm Beach Community College, Lake Worth, FL for education and training programs in emerging industries at its Institute for Energy, which may include equipment and technology	150,000
Harrisburg University of Science and Technology, Harrisburg, PA, for curriculum development and for laboratory upgrades, including the purchase of equipment and technology	400,000	Marian University, Fond du Lac, WI for nursing curriculum development	200,000	Palm Beach Community College, Lake Worth, FL for equipment and technology for student technology and communication programs at its Belle Glade campus	350,000
Hawaii Community College, Hilo, HI, for supportive services and classroom courses to prepare students unprepared for postsecondary education	500,000	Maricopa County Community College District, Mesa, AZ for health professions training	100,000	Pearl River Community College, Poplarville, MS, for instructional technology including the purchase of equipment	200,000
Hill College, Hillsboro, TX, for vocational training at the Bosque County campus, which may include equipment and technology	200,000	Maricopa County Community College District, Tempe, AZ for its East Valley Veterans Education Center to enable veterans to enroll in and complete postsecondary education, which may include equipment and technology	300,000	Philadelphia University, Philadelphia, PA, for educational equipment relating to science	100,000
Huntingdon College, Montgomery, AL, for teacher training	100,000	Maricopa County Community College District, Tempe, AZ for the Bilingual Nursing Program at South Mountain Community College, which may include stipends	300,000	Pittsburg State University, Pittsburg, KS, for education programs	400,000
Huston-Tillotson University, Austin, TX for a math and science education initiative	350,000	Marshall University Research Corporation, Huntington, WV for equipment and technology for advanced maritime training	300,000	Polk Community College, Winter Haven, FL for purchase of equipment	300,000
Hutchinson Community College, Hutchinson, KS, for purchase of equipment	250,000	Marymount Manhattan College, New York, NY for academic programs at the Geraldine Farraro Center for Educational Excellence in Science, Technology, and Math, which may include equipment and technology	400,000	Portland Community College, Portland, OR for education and training programs in renewable energy and emerging industries, which may include equipment and technology	350,000
Illinois Community College Trustee Association, Springfield, IL, for the Illinois Community College Sustainability Network to promote and provide energy education and sustainable practices	600,000	Marymount University, Arlington, VA for science equipment and technology	200,000	Pulaski Technical College, North Little Rock, AR for library improvements, which may include equipment and technology	600,000
Iowa Lakes Community College, Estherville, IA, for a training program in construction technology and wind turbine technology, including equipment	400,000	Maryville College, Maryville, TN for an experiential science education program	300,000	Rhode Island College Foundation, Providence, RI, for educational equipment relating to science	200,000
Iowa Valley Community College District, Marshalltown, IA, for purchase of equipment	165,000	Mercyhurst College, Erie, PA, for education programs and support services for individuals with disabilities	100,000	Richland Community College, Decatur, IL for curriculum development in its bioenergy and bioprocessing degree programs	200,000
Iowa Valley Community College District, Marshalltown, IA, for a training program in agricultural and renewable energy technology, including the purchase of equipment	400,000	Metropolitan State College, Denver, CO for equipment and technology for its accredited aviation training program	200,000	Riverside Community College District, Riverside, CA for curriculum development	600,000
Itawamba Community College, Fulton, MS, for consolidation of the Tupelo and Fulton Nursing School Programs in order to provide additional nursing specialists to a five-county region	700,000				

Project	Amount
Rockford College, Rockford, IL, for technology upgrades and educational equipment .....	300,000
Rutgers University School of Law, Camden, NJ, for its public interest legal program, which may include scholarships and fellowships, a public interest summer externship program, its Marshall Brennan Program, and pro bono legal services .....	500,000
Saint Xavier University, Chicago, IL, for technology and equipment .....	750,000
Salve Regina University, Newport, RI for equipment and technology at its Blackstone Valley learning center and Newport campus .....	500,000
San Francisco State University, San Francisco, CA for a competency-based early childhood education and training initiative, which may include equipment and technology ..	350,000
San Jacinto College, Pasadena, TX for training programs in the maritime and energy industries, which may include equipment and technology .....	400,000
San Jose State University Research Foundation, San Jose, CA for an interdisciplinary Center for Global Innovation and Immigration, including curricula development and student research .....	220,000
San Luis Obispo County Community College District, San Luis Obispo, CA for purchase of equipment .....	350,000
San Mateo County Community College District, San Mateo, CA for the University Center Consortium initiative to expand academic programs and the number of students pursuing postsecondary education .....	350,000
Santa Fe College, Gainesville, FL for a clinical laboratory sciences program, including curriculum development and purchase of equipment .....	450,000
Seattle University, Seattle, WA for the Fostering Scholars Program, including scholarships .....	500,000
Security on Campus, Inc, King of Prussia, PA, for a campus crime and emergency response training program .....	100,000
Simpson College, Indianola, IA, for the creation of the John C Culver Public Policy Center .....	500,000
Snow College, Ephraim, UT, for health professions education programs .....	600,000
Southeast Missouri State University, Cape Girardeau, MO for technology upgrades .....	500,000
Southern Arkansas University Tech, Camden, AR, for curriculum development and educational equipment in the Aerospace Manufacturing program .....	150,000
Southern Illinois University, Carbondale, IL for equipment and technology upgrades .....	400,000
Southern Queens Park Association, Jamaica, NY for its Young Adults College Access & Preparedness Program, in partnership with Bard College and local high schools, to expand college access, retention and graduation for youth and young adults .....	350,000
Southern Union Community College, Wadley, AL for purchase of equipment .....	100,000
Special Education District of McHenry County, Woodstock, IL for the Pathways Program .....	100,000
St. Clair County Community College, Port Huron, MI for curriculum development .....	100,000
St. Francis College, Brooklyn, NY for its Project Access initiative, which may include equipment and technology .....	650,000
St. Joseph's College, Brooklyn, NY for equipment and technology for science laboratories, smart classrooms and distance learning .....	400,000
St. Mary's College of Maryland, St. Mary's City, MD for science laboratory and information technology equipment ..	600,000
St. Norbert College, De Pere, WI for an initiative to prepare students in science, technology, engineering and math (STEM) fields, which may include equipment and technology .....	910,000
St. Peter's College, Jersey City, NJ for equipment and technology for smart classrooms .....	300,000
St. Petersburg College, Clearwater, FL for a healthcare informatics program, including curriculum development and purchase of equipment .....	300,000
St. Thomas University, Miami Gardens, FL for a science and technology teacher training program in conjunction with the Miami-Dade County Public School System .....	300,000
St. Vincent College, Latrobe, PA for purchase of equipment ..	150,000
St. Xavier University, Orland Park, IL for the Science, Technology, Engineering and Mathematics Education Center, including purchase of equipment .....	500,000
State University of New York at Geneseo, Geneseo, NY for purchase of equipment .....	500,000
Susquehanna University, Selinsgrove, PA, for science education programs and laboratory upgrades, including the purchase of equipment .....	100,000
Tabor College, Hillsboro, KS, for rural nursing and education programs .....	350,000
Tallahassee Community College, Tallahassee, FL for purchase of equipment .....	200,000
Texas Life-Sciences Collaboration Center, Georgetown, TX for life science programs, including purchase of equipment ..	245,000
Texas State Technical College, Waco, TX for its Career Paths for Veterans project .....	100,000
Texas State University, San Marcos, TX for nursing curriculum development, including purchase of equipment ...	1,000,000
Three Rivers Community College, Poplar Bluff, MO for an education technology initiative .....	215,000
Trident Technical College, Charleston, SC for the nursing education program, which may include equipment .....	500,000
Trine University, Angola, IN for curriculum development .....	340,000
Truckee Meadows Community College, Reno, NV, to establish an online degree program for non-traditional students ...	600,000
Union County College, Cranford, NJ for curriculum development .....	400,000
University of Arizona, Tucson, AZ for the Disability Resource Center to provide instruction and support to disabled veterans to ensure academic success, which may include equipment .....	500,000

Project	Amount
University of Arkansas at Monticello, Monticello, AR, for educational equipment, technology and wiring relating to energy and environmental education .....	250,000
University of Central Arkansas, Conway, AR, for curriculum development and educational equipment relating to information technology .....	100,000
University of Connecticut School of Law, Hartford, CT for a Center for Energy and Environmental Law .....	365,000
University of Dubuque, Dubuque, IA, for equipment and technology for its aviation degree program .....	400,000
University of Guam, Mangilao, GU for development, in conjunction with the Guam Public School System and Guam Community College, of a K-16 educational program to provide a seamless pathway for college and careers .....	300,000
University of Hawaii at Hilo Clinical Pharmacy Training Program, Hilo, HI, for a clinical pharmacy training program ..	1,500,000
University of Hawaii School of Law, Honolulu, HI, for the health policy center .....	400,000
University of Illinois at Urbana-Champaign, Urbana, IL, to design, create, and implement open source educational materials for use in introductory college courses .....	150,000
University of Massachusetts-Boston, Boston, MA, for educational equipment to support a developmental science research center .....	200,000
University of Massachusetts-Lowell, Lowell, MA, for a cooperative education program .....	200,000
University of Minnesota, Crookston, MN for its Center for Rural Entrepreneurial Studies, which may include equipment, technology and student support .....	550,000
University of Montana—Mike & Maureen Mansfield Center, Missoula, MT, to establish the Institute for Leadership and Public Service to fulfill the purposes of the Mansfield Center, including the creation of an endowment .....	200,000
University of New Hampshire, Durham, NH for its National Center on Inclusive Education for Children with Autism Spectrum Disorders and Related Disabilities .....	450,000
University of New Haven, Waterbury, CT for equipment and technology for the Henry C. Lee Institute of Forensic Science Learning Center .....	350,000
University of New Mexico-Taos, NM for equipment and technology for distance education programs .....	450,000
University of South Dakota, Vermillion, SD, to identify and address the educational needs of veterans with disabilities .....	500,000
University of Southern Mississippi, Hattiesburg, MS, for curriculum and professional development at University of Southern Mississippi-Gulf Coast campus .....	200,000
University of Southern Mississippi, Hattiesburg, MS, for teacher training at the Center for Economic Education ...	100,000
University of Southern Mississippi, Hattiesburg, MS, for the development of a student retention initiative .....	500,000
University of Tennessee at Chattanooga, Chattanooga, TN for the Center for Leadership in Science, Technology, Engineering and Mathematics Education, including purchase of equipment .....	770,000
University of Texas at Tyler, Tyler, TX for a science, technology, engineering and math initiative, including purchase of equipment .....	300,000
University of Virginia Center for Politics, Charlottesville, VA, to develop interactive civic lessons for high school students .....	100,000
University of Virginia, Wise, VA for installation of a Voice Over Internet Protocol telephone system and demonstration activities through its Emerging Technologies Learning Center .....	150,000
University of Washington, Bothell, WA for a nursing faculty consortium training program, which may include scholarships .....	200,000
University of West Florida, Pensacola, FL, for education programs for veterans .....	650,000
Urban College, Boston, MA, to support higher education programs serving low-income and minority students .....	500,000
Utah State University, Logan, UT, to establish a land-grant education and research network .....	750,000
Valley City State University, Valley City, ND, for the Great Plains STEM Education Center .....	750,000
Vanguard University, Costa Mesa, CA for a teacher training initiative, including purchase of equipment .....	350,000
Voices of September 11th, New Canaan, CT, to continue the 9/11 Living Memorial Project .....	100,000
Wayne State College, Norfolk, NE for equipment at the South Sioux City College Center .....	100,000
Weber State University, Ogden, UT, for curriculum development .....	100,000
Western Governors University, Salt Lake City, UT for curriculum development .....	600,000
Western Kentucky Community and Technical College, Paducah, KY for purchase of equipment .....	250,000
Western Kentucky University Research Foundation, Bowling Green, KY, for equipment purchase .....	2,000,000
Western Kentucky University, Bowling Green, KY for purchase of equipment .....	500,000
Westminster College, Salt Lake City, UT, to expand distance learning technology including the purchase of equipment ..	500,000
Wharton County Jr. College, Wharton, TX for curriculum development to train students for work in the nuclear power industry .....	220,000
Wheelock College, Boston, MA, to develop a higher education access program for early childhood educators .....	100,000
Whitworth University, Spokane, WA, for science, technology, engineering, and mathematics equipment .....	100,000
Winthrop University, Rock Hill, SC for its Focusing on Collegiate Undergraduate Success initiative to enhance residential learning and academic support services for students .....	350,000
Youngstown State University, Youngstown, OH for its Social-Emotional Learning (SEL) Project to integrate SEL theory and techniques into the College of Education curricula and for evaluation activities .....	200,000

For Erma Byrd Scholarships, the conference agreement includes bill language designating \$1,500,000 as proposed by the Senate. The House proposed \$1,000,000 for these scholarships, which are intended to increase the size of the industrial health and safety workforce in the public and private sectors.

For the Model Comprehensive Transition and Postsecondary Programs for Students with Intellectual Disabilities, the conferees intend that the Department support a range of awards in size and scope, up to \$1,000,000 for each year of the award year, to promote the implementation of high-quality model programs and to provide a better understanding of an array of effective practices. The conferees direct that the Department provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate not less than 30 days prior to the release of a request for proposals.

For TRIO, the conferees intend that the increase over fiscal year 2009 be used for the Student Support Services program, which will be re-competed in fiscal year 2010. The conferees recognize that supportive services aimed at increasing retention and graduation of low-income students in college are an important complement to student financial aid, particularly the Pell Grant program. Many such retention services are supported through Student Support Services grants. Thus, the conferees intend that the funds provided will maintain the number of Student Support Services grantees.

#### HISTORICALLY BLACK COLLEGE AND UNIVERSITY CAPITAL FINANCING PROGRAM

The conference agreement includes \$20,582,000 for the Historically Black College and University Capital Financing Program as proposed by the House instead of \$10,354,000 as proposed by the Senate.

#### INSTITUTE OF EDUCATION SCIENCES

The conference agreement includes \$659,006,000 for the Institute of Education Sciences (IES) instead of \$664,256,000 as proposed by the House and \$679,256,000 as proposed by the Senate. The conference agreement specifies that \$588,356,000 of total IES funding shall be available through fiscal year 2011.

Within the amount provided for IES Research, Development, and Dissemination, the conference agreement includes \$1,000,000 for a national study on minority male achievement as described in section 1109 of the Higher Education Act. The House proposed \$2,000,000 for this activity, while the Senate did not propose a similar provision.

Within the amount provided for IES Research, Development, and Dissemination, the conference agreement includes \$2,000,000 for a new research and development center for adult learning and literacy, as outlined in House Report 111-220. The Senate did not propose a similar provision.

The conferees are concerned about actions taken by IES that leave the impression that it is not subject to the same level of oversight and accountability as any other agency of the Department that receives and is responsible for allocating appropriated funds. In the fiscal year 2010 congressional budget justification, IES indicated that it would adhere to a congressional limitation included in the fiscal year 2009 explanatory statement of \$8,023,000 for the What Works Clearinghouse (WWC). However, the IES increased its allocation to WWC by more than one-third above this amount, without any notification to the Committees on Appropriations that spending information presented in budget documents would not be followed. The Committee expects the IES to adhere to funding

limits and guidance established by the Committees on Appropriations.

In addition, responses to requests for information about IES activities regularly come in later than most other agencies and the congressional budget justification provides limited information about the specific spending plans of the IES and the proposed allocation of resources. The conferees strongly support the mission of the IES, but believe the IES should make a greater effort to communicate clearly its plans for and use of taxpayer resources. Therefore, the conferees direct the IES to submit an operating plan to the Committees on Appropriations within 30 days of enactment of this Act and quarterly reports thereafter that describe planned research, development, and dissemination activities; actions taken to implement such activities; and amounts obligated for each activity at the level of detail and in the format shown in the program output measures displayed in the fiscal year 2010 congressional budget justification.

#### DEPARTMENTAL MANAGEMENT

##### PROGRAM ADMINISTRATION

The conference agreement includes \$456,200,000 for Program Administration instead of \$452,200,000 as proposed by both the House and Senate. The conferees direct the Department to establish an Educational Opportunity and Equity Commission, as outlined in House Report 111-220. The Senate did not propose this provision.

#### GENERAL PROVISIONS

##### IMPACT AID

The conference agreement includes a general provision as proposed by the Senate amending Public Law 110-161 to make available certain Impact Aid basic support payments to several school districts in Illinois for an additional two years. The House did not propose a similar provision.

##### PALAU

The conference agreement includes a general provision that extends Palau's eligibility for certain education programs through the end of fiscal year 2010. Neither the House nor the Senate proposed a similar provision.

#### STATE INCENTIVE GRANTS

The conference agreement includes a new general provision making a technical amendment to section 14006 of Public Law 111-5 pertaining to State Incentive Grants. Neither the House nor the Senate proposed a similar provision.

#### SCHOOL BUILDING FAIRNESS ACT

The conference agreement does not include a general provision as proposed by the Senate amending S. 1121, the School Building Fairness Act of 2009, to include provisions pertaining to public school libraries. The House did not propose a similar provision.

#### TITLE IV

##### RELATED AGENCIES

#### CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

##### OPERATING EXPENSES

The conference agreement includes \$857,021,000 for the operating expenses of the programs administered by the Corporation for National and Community Service (the Corporation) instead of \$792,179,000 as proposed by the House and \$864,316,000 as proposed by the Senate. Funding for the National Service Trust is provided in a separate appropriations account as proposed by both the House and Senate.

As proposed by the Senate, within the total for the National Senior Volunteer

Corps, the maximum total dollars that may be used in fiscal year 2010 for Grants.gov/eGrants support, Training and Technical Assistance, and Recruitment and Retention activities shall not exceed the amount provided for these activities in fiscal year 2009. The House did not propose similar language.

As proposed by the Senate, the conferees direct that any assignments made under section 1708 of the Serve America Act relating to programs authorized under the Domestic Volunteer Service Act shall be published in the Federal Register and, following normal procedure, allow for a 90-day comment period. Further, the conferees direct the Corporation to detail any such assignments in its annual budget justification. The House did not propose similar language.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$50,000,000 for the Social Innovation Fund as proposed by the Senate instead of \$35,000,000 as proposed by the House.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$1,000,000 for the nonprofit capacity building program instead of \$2,000,000 as proposed by the Senate. The House did not propose funding for this program.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$4,000,000 for the Volunteer Generation Fund instead of \$8,000,000 as proposed by the Senate. The House did not propose similar language. The conference agreement includes bill language making the full amount available on a competitive basis to State Commissions. Neither the House nor the Senate proposed similar language.

The conference agreement does not concur in the Senate proposal to include funding within the Corporation for competitive grants under the Volunteer Generation Fund focused on identifying and enrolling eligible individuals into already existing Federal, State, and local benefit programs. Rather, \$2,000,000 is included for this activity within the Department of Health and Human Services Administration for Children and Families. The House did not propose similar language.

Within the total provided for Learn and Serve America, the conference agreement includes \$2,000,000 for the newly authorized Summer of Service program as proposed by the House. The Senate did not propose funding for this program.

#### NATIONAL SERVICE TRUST

##### (INCLUDING TRANSFER OF FUNDS)

As proposed by the Senate, the conference agreement includes \$197,000,000 for the National Service Trust, to be available until expended, instead of \$178,214,000 as proposed by the House.

The conference agreement does not concur with the House proposal to include language designating that \$1,000,000 within the total for the National Service Trust is for education awards for Summer of Service program participants. The Senate did not propose similar language. The conferees note that Summer of Service program participants are entitled to education awards, therefore language carving out dollars specifically for these program participants is unnecessary.

#### SALARIES AND EXPENSES

The conference agreement includes \$88,000,000 for the Corporation for National and Community Service Salaries and Ex-

penses as proposed by the Senate instead of \$80,923,000 as proposed by the House.

#### ADMINISTRATIVE PROVISIONS CHANGES THROUGH RULEMAKING

The conference agreement continues to include language that the Corporation for National and Community Service (the Corporation) shall make any changes to program requirements, service delivery, or policy only through public notice and comment rulemaking to include service delivery changes in the administration and/or governance of national service programs as proposed by the House. The Senate proposed language that the Corporation notify the House and Senate Appropriations Committees 15 days prior to making any significant changes to the programs or policies.

#### COMBINED MATCHING OF GRANTS

The conference agreement continues to include language that combines separate matching requirements for AmeriCorps grants as proposed by the House. The Senate did not propose similar language.

#### CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes a fiscal year 2012 advance appropriation of \$445,000,000 for the Corporation for Public Broadcasting (CPB) instead of \$440,000,000 as proposed by the House and \$450,000,000 as proposed by the Senate.

In addition, the conference agreement provides fiscal year 2010 appropriations for CPB totaling \$86,000,000 instead of \$101,000,000 as proposed by the House and \$71,000,000 as proposed by the Senate. Of the total fiscal year 2010 funding in the conference agreement, \$25,000,000 is for fiscal stabilization grants to public radio and television stations, which have experienced a downturn in revenues due to the recession that has resulted in job losses and reductions to local programming and services. The House proposed \$40,000,000 and the Senate proposed \$10,000,000 for this purpose. In addition, the conference agreement includes bill language providing that fiscal stabilization grants shall be awarded to public radio and television licensees no later than 45 days after enactment of this Act based on the guidance outlined in House Report 111-220. The remaining fiscal year 2010 appropriations include \$36,000,000 for digital transition grants and \$25,000,000 to complete the replacement of the public radio interconnection system.

#### FEDERAL MEDIATION AND CONCILIATION SERVICE

##### SALARIES AND EXPENSES

The conference agreement includes \$46,652,000 for the Federal Mediation and Conciliation Service instead of \$47,000,000 as proposed by the House and \$46,303,000 as proposed by the Senate. Within the amount provided, the conference agreement includes \$349,000 for the Labor-Management Grants program to remain available through September 30, 2010, instead of \$650,000 as proposed by the House to remain available through September 30, 2011. The Senate did not include a similar provision.

#### FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

##### SALARIES AND EXPENSES

The conference agreement includes \$10,358,000 for the Federal Mine Safety and Health Review Commission instead of \$9,858,000 as proposed by the House and \$10,858,000 as proposed by the Senate.

#### INSTITUTE OF MUSEUM AND LIBRARY SERVICES OFFICE OF MUSEUM AND LIBRARY SERVICES: GRANTS AND ADMINISTRATION

The conference agreement includes \$282,251,000 for the Institute of Museum and

Library Services (IMLS) instead of \$275,688,000 as proposed by the House and \$275,056,000 as proposed by the Senate.

Within the total for IMLS, the conference agreement includes funds for the following activities in the following amounts:

Budget activity	House	Senate	Conference
Library Services Technology Act:			
Grants to States .....	172,561	172,000	172,561
Native American Library Services .....	3,717	4,000	4,000
National Leadership: Libraries .....	12,437	12,437	12,437
Laura Bush 21st Century Librarian .....	24,525	N/A	24,525
Museum Services Act:			
Museums for America .....	19,176	N/A	19,176
Museum Assessment Program .....	460	N/A	460
21st Century Museum Professionals .....	1,280	N/A	1,280
Conservation Project Support .....	3,052	N/A	3,052
Conservation Assessment Program .....	803	N/A	803
Native American/Hawaiian Museum Services .....	945	975	975
National Leadership: Museums .....	7,981	N/A	7,981
African American History and Culture Act:			
Museum Grants for African American History & Culture .....	1,485	N/A	1,485
Program Administration .....	17,134	17,134	17,134

Within the amount provided for Program Administration, the conference agreement includes \$4,000,000 for research and data collection activities. Neither the House nor Senate included similar language.

The bill includes \$16,382,000 for the following projects in the following amounts:

Project	Amount	Project	Amount
Aerospace Museum of California Foundation, Inc., McClellan, CA for maintenance of collections .....	930,000	Florida Holocaust Museum, St. Petersburg, FL for exhibits, collections and educational outreach programs .....	200,000
Alameda County Library Foundation, Fremont, CA for technology and equipment for the Castro Valley Library .....	300,000	Gig Harbor History Museum, Gig Harbor, WA for exhibits and interactive displays .....	200,000
Bishop Museum, Honolulu, HI, for assessments and educational programming .....	200,000	Glenville State College, Glenville, WV for programming and equipment for the college library's veteran's history project .....	350,000
Botanical Research Institute of Texas, Ft. Worth, TX to enhance collections .....	500,000	Great Lakes Science Center, Cleveland, OH, for education, outreach and exhibits .....	200,000
Cape Cod Maritime Museum, Cape Cod, MA, for the continued development of exhibits and educational programs .....	100,000	Gulf Coast Exploreum Science Center, Mobile, AL for exhibits and educational outreach .....	100,000
Cedar Rapids Public Library, Cedar Rapids, IA, for library services, including RFID upgrade .....	500,000	Holyoke Public Library, Holyoke, MA, for educational equipment and technology infrastructure ..	100,000
Center for American History, Austin, TX for educational programming at the Sam Rayburn Library and Museum .....	250,000	Iowa Radio Reading Information Service for the Blind and Print Handicapped, Inc, Des Moines, IA, for the upgrade of tuner receivers and the purchase of equipment .....	100,000
Children's Discovery Museum of San Jose, San Jose, CA for education programs .....	120,000	Isamue Noguchi Foundation and Garden Museum, Long Island City, NY for conservation projects .....	30,000
City of Chino Hills, CA for library facility improvements .....	250,000	Louisiana Children's Museum, New Orleans, LA, to establish an early childhood and parenting program .....	250,000
City of Daphne, AL for library equipment .....	100,000	McLean County Fiscal Court, Calhoun, KY, for equipment and technology at Livermore Library .....	250,000
City of Desert Hot Springs, CA for preservation of collections at the Cabot's Pueblo Museum .....	100,000	Mississippi Children's Museum, Jackson, MS, for installation, exhibits and educational programming .....	300,000
City of Hagerstown, MD, to restore and display the Doleman collection .....	150,000	Mississippi Gulf Coast Community College, Perkinston, MS, for archive of newspaper and digital media .....	100,000
City of San Diego, CA for books, technology, education and outreach programs for the Skyline Hills Branch Library .....	25,000	Mississippi Museum of Natural Science Foundation, Jackson, MS for educational outreach programs .....	220,000
City of Twin Falls, ID to digitize collections .....	100,000	Mississippi Museum of Natural Science Foundation, Jackson, MS, for science education exhibits and outreach programs ...	100,000
City of Yucaipa, CA for expanded library collections and technology upgrades .....	100,000	Morris Museum, Morristown, NJ for exhibits and educational programming .....	300,000
Czech & Slovak Museum & Library, Cedar Rapids, IA, for exhibits .....	500,000	Museum of Aviation, Warner Robins, GA for science and educational programs .....	350,000
Downingtown Library Senior Center, Downingtown, PA to expand collections and for technology upgrades .....	350,000	Museum of Science and Industry, Chicago, IL for teacher professional development .....	175,000
Eagle Mountain City, UT, for the purchase of equipment .....	100,000	Mystic Seaport Museum, Inc., Mystic, CT for technology based educational programs .....	500,000
		National Mississippi River Museum and Aquarium, Dubuque, IA, for exhibits relating to the Mississippi River .....	500,000
		National Voting Rights Museum & Institute, Selma, AL for the preservation and restoration of exhibits .....	450,000
		Native American Cultural Center and Museum, Oklahoma City, OK for exhibits and educational programming .....	750,000
		New Jersey State Library Talking Book and Braille Center, Trenton, NJ for an awareness campaign and digital materials .....	100,000
		Oakland Museum of California, Oakland, CA for a technology initiative for educational outreach .....	250,000
		Orange County Library System, Orlando, FL for Spanish language media and books .....	500,000
		Phoenixville Public Library, Phoenixville, PA to enhance collections .....	157,000
		Robert Russa Moton Museum, Farmville, VA, to develop and install exhibitions on civil rights .....	100,000
		Sewall-Beimont House and Museum, Washington, DC, for exhibitions .....	1,000,000
		St. Louis Art Museum Foundation, St. Louis, MO for restoration and reinstallation of exhibits .....	225,000
		Tallahatchie County Board of Supervisors, Glendora, MS for preservation of exhibits and collections for the Emmett Till memorial complex .....	400,000
		Texas Southern University, Robert Terry Library and Mickey Leland Center, Houston, TX for archive preservation .....	300,000
		Texas Tech University, Lubbock, TX for the Virtual Vietnam Archive .....	850,000
		Theodore Roosevelt Inaugural Site Foundation, Buffalo, NY for exhibits and interactive displays .....	150,000
		Town of Jamestown, Jamestown, CA for books and materials for the Jamestown County Library .....	100,000
		University of Mississippi, University, MS, for preserving and digitizing recordings in the modern political library archives .....	450,000

<i>Project</i>	<i>Amount</i>
University of Mississippi, University, MS, for the American Music Archives .....	300,000
Washington National Opera, Washington, DC, for set design, installation, and performing arts at libraries and schools .....	200,000
Witte Museum, San Antonio, TX for exhibits and educational outreach .....	250,000
World Food Prize, Des Moines, IA, for exhibits .....	750,000
Young at Art Children's Museum, Davie, FL for the Global Village educational program .....	100,000

## NATIONAL MEDIATION BOARD

## SALARIES AND EXPENSES

The conference agreement includes \$13,463,000 for the National Mediation Board instead of \$12,992,000 as proposed by the House and \$13,934,000 as proposed by the Senate. The increase provided is intended to increase the number of arbitration cases heard and closed.

## RAILROAD RETIREMENT BOARD

## LIMITATION ON THE OFFICE OF INSPECTOR GENERAL

The conference agreement includes authority to expend \$8,186,000 from the Railroad Retirement and Railroad Unemployment Insurance Trust Funds for the Office of Inspector General as proposed by both the House and Senate. The conference agreement does not include bill language proposed by the House that prohibits the transfer of any other funds provided in this Act to the Office of the Inspector General. The Senate did not include such a provision.

## SOCIAL SECURITY ADMINISTRATION

## LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes \$11,446,500,000 for a Limitation on Administrative Expenses for the Social Security Administration (SSA), which is the same level proposed by both the House and the Senate. The conference agreement provides \$45,000 for official reception and representation expenses as proposed by the Senate. The House included \$40,000 for these expenses.

The conference agreement includes bill language designating that from within the amounts provided for the Limitation on Administrative Expenses, not less than \$273,000,000 may be used for conducting continuing disability reviews and redeterminations of eligibility under SSA's disability programs. An additional \$485,000,000 is also provided for these continuing disability reviews and redeterminations of eligibility through a discretionary cap adjustment, as included in the Concurrent Resolution on the Budget for Fiscal Year 2010. These amounts are the same levels as proposed by the House and the Senate. Moreover, the conference agreement includes bill language allowing up to \$34,000,000 of the additional funds to be available for asset verification initiatives if the Office of the Chief Actuary determines that such initiatives would be at least as cost effective as redeterminations of eligibility as proposed by the House. The Senate bill contained a similar provision.

## TITLE V

## GENERAL PROVISIONS

## OFFICIAL RECEPTION AND REPRESENTATION EXPENSES

The conference agreement includes a general provision authorizing official reception and representation expenses for the Secretaries of Labor and Education, the Director

of the Federal Mediation and Conciliation Service, and the Chairman of the National Mediation Board. The agreement specifies \$22,000 for the Secretary of Education as proposed by the Senate instead of \$20,000 as proposed by the House.

## NEEDLE EXCHANGE PROGRAMS

The conference agreement modifies a general provision to prohibit the use of funds in this Act to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that local public health or law enforcement agencies determine to be inappropriate. The House proposed language prohibiting the use of funds in this Act for needle exchange programs that are located within 1,000 feet of a public or private day care center, elementary school, vocational school, secondary school, college, junior college, or university, or any public swimming pool, park, playground, video arcade, or youth center, or an event sponsored by any such entity. The Senate proposed language prohibiting the use of funds in this Act for any needle exchange programs.

## NONCOMPETITIVE GRANTS AND CONTRACTS

The conference agreement modifies a general provision proposed by the House and the Senate to require the Secretaries of Labor, Health and Human Services, and Education to submit a quarterly report to the Committees on Appropriations of the House of Representatives and the Senate containing certain information on noncompetitive contracts, grants, and cooperative agreements exceeding \$500,000 in value, excluding those awarded on a formula basis or directed by law. The House proposed a reporting threshold exceeding \$100,000, while the Senate proposed a threshold exceeding \$5,000,000.

## MINIMUM WAGE IN AMERICAN SAMOA AND THE COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

The conference agreement includes a general provision proposed by the Senate that delays until September 30, 2010, and until September 30 of each year thereafter, scheduled minimum wage increases in American Samoa and the Commonwealth of the Northern Mariana Islands. The House did not include a similar provision.

## FRAUDULENT SOCIAL SECURITY NUMBERS

The conference agreement includes a general provision proposed by the House prohibiting the use of funds in this Act to process claims for credit for quarters of coverage based on work performed under a Social Security number that is not the claimant's number and the performance of such work under such number has formed the basis for a conviction of the claimant of a violation of section 208(a)(6) or (7) of the Social Security Act. The Senate did not include a similar provision.

## SOCIAL SECURITY TOTALIZATION AGREEMENT WITH MEXICO

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act to administer Social Security benefit payments under any Social Security Administration totalization agreement with Mexico. The Senate did not include a similar provision.

## NO PUBLIC BENEFITS FOR ILLEGAL ALIENS

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act in a manner that contravenes the 1996 Personal Responsibility and Work Opportunity Reconciliation Act. The Senate did not include a similar provision.

## LABOR LAW ENFORCEMENT

The conference agreement includes a general provision on the use of H and L visa fraud prevention and detection fees. The provision authorizes the Department of Homeland Security and the Department of Labor to conduct fraud prevention and enforcement programs that focus on industries likely to employ nonimmigrants. Neither the House nor the Senate included a similar provision.

## USE OF FIRST-CLASS TRAVEL

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act for first-class travel by the employees of agencies funded by this Act. The Senate did not include a similar provision.

## FULL AND FAIR COMPETITION

The conference agreement includes a general provision requiring full and fair competition for any projects contained in House Report 111-220 that are considered congressional earmarks and intended for for-profit entities. Neither the House nor the Senate included a similar provision.

## CONTRACTOR AND GRANTEE FEDERAL TAX LIABILITY

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act for a contract or grant exceeding \$5,000,000 unless the prospective contractor or grantee makes certain certifications regarding Federal tax liability. The Senate did not include a similar provision.

## NIDA AND NIAAA RESEARCH GRANTS

The conference agreement does not include a general provision proposed by the House prohibiting the use of funds in this Act for the National Institute on Drug Abuse grant numbered 1R21DA026324-01A1 and the National Institute on Alcohol Abuse and Alcoholism grants numbered 1R01AA018090-01 and 5R01AA016059-03. The Senate did not include a similar provision.

## USE OF ENERGY STAR LIGHT BULBS

The conference agreement does not include a general provision proposed by the House that prohibits the use of funds in this Act to purchase light bulbs unless the light bulbs are "Energy Star" qualified or have the "Federal Energy Management Program" designation. The Senate did not include a similar provision.

## DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the conference report or the accompanying joint statement of managers, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the conference report nor the joint statement of managers contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the rules of the House of Representatives, none of the congressional earmarks listed below were committed to the conference committee on H.R. 3288. However, all following items were either (1) included in the Labor, Health and Human Services, and Related Agencies Appropriations Act, 2010 (H.R. 3293), as passed

by the House or as reported by the Senate, or (2) in the report of the committee of either House on H.R. 3293.

## DIVISION E—MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

*Matters Addressed by Only One Committee.*—The language and allocations set forth in House Report 111-188 and Senate Report 111-40 should be complied with unless specifically addressed to the contrary in the conference agreement and this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement is approved by the Committees on Appropriations of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate have directed the submission of a report, such report is to be submitted to both Houses of Congress.

## TITLE I

## DEPARTMENT OF DEFENSE

## ITEMS OF GENERAL INTEREST

*Reprogramming Guidelines.*—The following reprogramming guidelines apply for all military construction and family housing projects. A project or account (including the sub-elements of an account) which has been specifically reduced by the Congress in acting on the budget request is considered to be a congressional interest item and as such, prior approval is required. Accordingly, no reprogrammings to an item specifically reduced below the threshold by the Congress are permitted, except that the Department of Defense may seek reprogrammings for appropriated increments.

The reprogramming criteria that apply to military construction projects (25 percent of the funded amount or \$2,000,000, whichever is less) continue to apply to new housing construction projects and to improvements over \$2,000,000. To provide the services the flexibility to proceed with construction contracts without disruption or delay, the costs associated with environmental hazard remediation such as asbestos removal, radon abatement,

lead-based paint removal or abatement, and any other legislated environmental hazard remediation may be excluded, provided that such remediation requirements could not be reasonably anticipated at the time of the budget submission. This exclusion applies to projects authorized in this budget year, as well as projects authorized in prior years for which construction has not been completed. Planning and design costs associated with military construction and family housing projects may also be excluded from these guidelines. In instances where prior approval to a reprogramming request for a project or account has been received from the Committees on Appropriations, the adjusted amount approved becomes the new base for any future increase or decrease via below-threshold reprogrammings (provided that the project or account is not a congressional interest item as defined above).

In addition to these guidelines, the services are directed to adhere to the guidance for military construction reprogrammings and notifications, including the pertinent statutory authorities contained in DOD Financial Management Regulation 7000.14-R and relevant updates and policy memoranda. The conferees encourage the Office of the Director of National Intelligence to use a format similar to that used by the Office of the Secretary of Defense to submit reprogramming requests.

*Incrementally Funded Projects.*—The conferees note that the Administration requested several large military construction projects that can be incrementally funded, but were instead submitted as large single-year requests, in accordance with a directive from the Office of Management and Budget to the Department of Defense to severely restrict the use of incremental funding for military construction. The Committees on Appropriations of both Houses of Congress have previously notified the Administration that they reserve the prerogative to provide incremental funding where appropriate, in accordance with authorizing legislation. The conferees continue to believe that military construction projects should be fully funded or separated into stand-alone phases when practical. In some cases, however, incremental funding makes fiscal and programmatic sense. The conference agreement therefore incrementally funds the following projects consistent with the National Defense Authorization Act for fiscal year 2010: Aviation Task Force Complex Phase 1, Fort Wainwright, Alaska; North Region Tertiary Treatment Plant Phase 1, Camp Pendleton, California; Hospital Replacement, Fort Bliss, Texas; Data Center, Camp Williams, Utah; Ship Repair Pier Replacement, Portsmouth, Virginia; Apra Harbor Wharves Improvements Phase 1, Guam; and Hospital Replacement, Guam.

*Bid Savings.*—The conferees are aware of significant bid savings realized by the military departments and defense agencies in the fiscal year 2009 military construction program due to a competitive bidding climate and lower material costs and have adjusted appropriated amounts for certain accounts to reflect these savings as well as projected savings in the fiscal year 2010 program. Individual project notifications provided to the congressional defense committees pursuant to section 2853 of title 10, United States Code, show that the Department of Defense has realized in total well over half a billion dollars in fiscal year 2009 military construction bid savings, and is projecting similar substantial savings for fiscal year 2010. However, the services and agencies

are required to notify Congress of only those cost variations equal to or exceeding 25 percent of the appropriated amount for military construction projects. In order to enhance congressional oversight and provide greater visibility of cumulative bid savings in the fiscal year 2010 program, the conferees direct the Secretary of Defense to submit to the Committees on Appropriations of both Houses of Congress a quarterly consolidated report from each of the military departments and defense agencies identifying, by project name, location, and dollar amount, bid savings in excess of 10 percent of the amount appropriated for military construction projects for which funds are obligated in fiscal year 2010. The report shall include projects funded through the regular military construction accounts, family housing construction accounts, the Department of Defense Base Closure Account 2005, and the overseas contingency operations military construction accounts. The initial report shall be submitted no later than April 30, 2010, and thereafter no later than 30 days after the end of each quarter.

*Report on Design Obligations.*—The conferees direct that the Secretary of Defense, and the secretaries of the Army, Navy, and Air Force, each submit separate semi-annual reports on the obligation and expenditure of planning and design funds. The Secretary of Defense's report shall cover Military Construction, Defense-Wide, and the reports by the Army, Navy, and Air Force shall cover active, guard, and reserve military construction accounts. Each report shall provide data on the total amount available from each and all fiscal years for planning and design activities, as well as the amounts currently obligated and expended. The reports shall be submitted no later than 30 days following the end of the second and fourth quarters of fiscal year 2010.

*Nuclear Weapons Security.*—The conferees direct the Secretary of Defense to submit a report to the Committees on Appropriations of both Houses of Congress analyzing alternative designs for any major construction projects requested in fiscal year 2011 or included in the accompanying future years defense plan for the purpose of securing strategic nuclear weapons. The report of alternatives should include the full life cycle cost and benefits including security enhancements required for each major construction project. The report shall be submitted along with the annual budget request.

*Department of Defense Cooperation with the Government Accountability Office.*—The conferees are concerned by indications that the Department of Defense is not cooperating fully with Government Accountability Office (GAO) investigations of matters that are of vital interest to the Committees on Appropriations of both Houses of Congress. GAO activities are crucial to the Committees' ongoing oversight of Administration military construction programs and policies. The conferees direct the Secretary of Defense to ensure that the Department fully complies in a timely manner with valid GAO requests for information. The conferees further direct the GAO to provide the Committees with an update on Department cooperation with its investigations no later than 30 days following the enactment of this Act.

*Delivery of Notifications.*—The conferees direct the Office of the Secretary of Defense, the services, and the defense agencies to submit a quarterly report listing all notifications that have been submitted to the Committees during the preceding three-month period.

## MILITARY CONSTRUCTION, ARMY

The conference agreement appropriates \$3,719,419,000 for Military Construction, Army, instead of \$3,630,422,000 as proposed by the House and \$3,477,673,000 as proposed by the Senate. Within this amount, the agreement provides \$200,519,000 for study, planning, design, architect and engineer services, and host nation support, instead of \$187,872,000 as proposed by the House and \$191,573,000 as proposed by the Senate.

The conference agreement includes \$350,000,000 to address the large unfunded backlog of Army trainee troop housing construction, instead of \$450,000,000 as proposed by the House. The Senate bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Alabama—Fort Rucker, Army AVIM Hangar, \$1,170,000.

Alabama—Fort Rucker, Water Survival Training Facility, \$401,000.

Kentucky—Fort Campbell, Physical Fitness Complex, \$900,000.

Maryland—Aberdeen Proving Ground, Information Processing Node Phase 2, \$956,000.

Missouri—Fort Leonard Wood, Brigade Headquarters, \$584,000.

North Carolina—Fort Bragg, Field Support Brigade Headquarters, \$720,000.

Texas—Fort Bliss, Access Control Points, \$6,500,000.

Utah—Dugway Proving Ground, Life Science Test Facility Addition, \$2,890,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amount be made available for construction of the following project:

Colorado—Fort Carson, Convoy Skills Trainer (IED), \$1,950,000.

## MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The conference agreement appropriates \$3,769,003,000 for Military Construction, Navy and Marine Corps, instead of \$3,757,330,000 as proposed by the House and \$3,548,771,000 as proposed by the Senate. Within this amount, the agreement provides \$179,652,000 for study, planning, design, architect and engineer services, instead of \$182,569,000 as proposed by the House and \$176,896,000 as proposed by the Senate.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Florida—Panama City NSA, Joint Diver A-School Dormitory, \$520,000.

Hawaii—Pearl Harbor NSY, Drydock 2 Starboard Waterfront Facility, \$850,000.

Indiana—Crane NSWC, Strategic Weapons System Engineering Facility, \$510,000.

Maine—Portsmouth NSY, Consolidation of Structural Shops, \$2,000,000.

MILITARY CONSTRUCTION, AIR FORCE  
(INCLUDING RESCISSION OF FUNDS)

The conference agreement appropriates \$1,450,426,000 for Military Construction, Air Force, instead of \$1,359,171,000 as proposed by the House and \$1,251,039,000 as proposed by the Senate. Within this amount, the agreement provides \$103,562,000 for study, planning, design, architect and engineer services, instead of \$93,407,000 as proposed by the House and \$106,918,000 as proposed by the Senate.

The conference agreement rescinds \$37,500,000 from funds previously appro-

priated for the establishment of unmanned aerial system (UAS) field training facilities at an unspecified location. After those funds were appropriated, the Air Force selected Holloman AFB, New Mexico, as the site for the UAS field training unit, which required significant revisions to the scope of these facilities. The conference agreement provides \$37,500,000 for the revised UAS field training unit complex at Holloman, consistent with the National Defense Authorization Act for fiscal year 2010.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Florida—MacDill AFB, Mission Support Facility, \$384,000.

Hawaii—Kona International Airport, C-17 Kona Short Auxiliary Airfield, \$910,000.

Idaho—Mountain Home AFB, Civil Engineer Maintenance Complex, \$690,000.

Maryland—Andrews AFB, Physical Fitness Center, \$930,000.

New Mexico—Cannon AFB, Dormitory (96 Room), \$450,000.

North Dakota—Minot AFB, Control Tower/Base Operations Facility, \$1,710,000.

Texas—Dyess AFB, Mission Operations Center, \$390,000.

Texas—Lackland AFB, Consolidated Security Forces Operations Center, \$342,000.

Texas—Laughlin AFB, Student Officer Quarters Phase 2, \$713,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amount be made available for construction of the following project:

Colorado—Peterson AFB, Widen Paine Street, \$2,000,000.

*Air Base Development, Palanquero, Colombia.*—The conference agreement provides \$43,000,000 for the construction of air base facilities at the Colombian Air Force Base, Palanquero, Colombia. The conferees understand that this funding is not intended to establish a U.S. base or a permanent U.S. military presence in Colombia, and that any activities conducted by U.S. forces from this or any other location in Colombia would be based on full respect for the principles of sovereignty, territorial integrity, and non-interventionism, in accordance with the Defense Cooperation Agreement of October 30, 2009. The conference agreement reduces the amount requested for this project by \$3,000,000 to meet this intent.

MILITARY CONSTRUCTION, DEFENSE-WIDE  
(INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The conference agreement appropriates \$3,093,679,000 for Military Construction, Defense-Wide, instead of \$2,743,526,000 as proposed by the House and \$3,137,614,000 as proposed by the Senate. Within this amount, the agreement provides \$131,942,000 for study, planning, design, architect and engineer services, instead of \$121,442,000 as proposed by the House and \$142,942,000 as proposed by the Senate.

The conference agreement rescinds \$151,160,000 from previously appropriated funds due to the Administration's cancellation of a proposed ballistic missile defense system in Europe. The conference agreement also includes \$68,500,000 for an Aegis Ashore Test Facility, as proposed by the Senate, to support the Administration's new plan for ballistic missile defense. The House bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct

that not less than the specified amount be made available for the design of the following project:

Washington—Fort Lewis, Women's Health Center Facility, \$2,000,000.

*Landstuhl Regional Medical Center.*—The conferees understand that the Department of Defense is reviewing options for a new site to accommodate a facility replacing the current Landstuhl Regional Medical Center in Germany, including the current site, Ramstein Air Base, the Weilerbach area adjacent to Ramstein, and other locations. The conferees direct the Department to provide the Committees on Appropriations of both Houses of Congress with a cost-benefit analysis of the various site options, and a justification for the preferred site. This assessment should include ancillary facilities that need to be collocated with the new medical facility, as well as any additional facilities or functions that would benefit U.S. forces in Europe by being collocated on the same site. The conferees direct the Department to submit this assessment with the fiscal year 2011 budget request.

*Energy Conservation Investment Program (ECIP).*—The conference agreement provides \$174,209,000 for ECIP, including \$10,500,000 for planning and design, instead of \$90,000,000 as proposed by the House and \$225,000,000 as proposed by the Senate. The conferees strongly support the efforts of the Department of Defense to promote energy conservation, green building initiatives, energy security, and investment in renewable energy resources, and commend the leadership of the Department and the services for making energy efficiency a key component of construction on military installations. The conferees urge the Department to use the additional funds to invest in innovative renewable energy projects as well as projects that enhance energy security at military installations. The conferees direct the Secretary of Defense to provide an expenditure plan for the additional funds to the Committees on Appropriations of both Houses of Congress no later than 45 days following the enactment of this Act.

## MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The conference agreement appropriates \$582,056,000 for Military Construction, Army National Guard, instead of \$529,129,000 as proposed by the House and \$497,210,000 as proposed by the Senate. Within this amount, the agreement provides \$47,429,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$30,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Arkansas—West Memphis, Readiness Center, \$1,240,000.

Hawaii—Kapolei, Readiness Center (Joint Forces Headquarters), \$5,446,000.

Iowa—Johnston, Armed Forces Reserve Center/Field Maintenance Shop, \$180,000.

Kentucky—Frankfort, Joint Forces Headquarters, \$334,000.

Massachusetts—Hanscom AFB, Joint Force Headquarters, \$2,663,000.

Michigan—Camp Grayling, Barracks Replacement Phase 2, \$440,000.

Nevada—Las Vegas, Civil Support Team Ready Building, \$727,000.

Oregon—Camp Rilea, Water Supply System, \$368,000.

Oregon—Clackamas County, Storm Water and Sewer Infrastructure Improvements, Camp Withycombe, \$1,226,000.

Oregon—Washington County, Readiness Center, \$386,000.

Pennsylvania—Luzerne, Readiness Center, \$924,000.

Vermont—Morrisville, Field Vehicle Maintenance Shop, \$812,000.

West Virginia—Logan/Mingo County, Readiness Center, \$501,000.

West Virginia—Parkersburg, Readiness Center, \$2,234,000.

West Virginia—Parkersburg, Field Maintenance Shop, \$967,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amounts be made available for construction of the following projects:

Iowa—Camp Dodge, Motor Vehicle Storage Buildings (Freedom Center Armory), \$1,963,000.

Iowa—Davenport, Army Aviation Support Facility Addition/Alteration, \$2,000,000.

Iowa—Fairfield, Field Maintenance Shop Addition/Alteration, \$2,000,000.

Iowa—Iowa Falls, Addition/Alteration Readiness Center, \$2,000,000.

Kentucky—London, Phase IV Aviation Operations Facility, \$1,805,000.

Montana—Fort Harrison, Addition/Alteration Troop Medical Facility, \$1,750,000.

Nevada—Floyd Edsall Training Center, Addition/Alteration Clark County Armory, \$2,000,000.

North Dakota—Bismarck, Raymond J. Bohn Readiness Center Addition, \$2,000,000.

Ohio—Beightler Armory, Joint Forces Headquarters Addition, \$2,000,000.

Ohio—Ravenna Training Site, Shoot House, \$2,000,000.

Puerto Rico—Camp Santiago, Urban Assault Course, \$1,669,000.

#### MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The conference agreement appropriates \$371,226,000 for Military Construction, Air National Guard, instead of \$226,126,000 as proposed by the House and \$297,661,000 as proposed by the Senate. Within this amount, the agreement provides \$20,021,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$30,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amount be made available for the design of the following project:

Kentucky—Standiford Field, Contingency Response Group Facility, \$600,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amounts be made available for construction of the following projects:

Massachusetts—Hanscom AFB, Joint Forces Operations Center Air National Guard Share, \$1,500,000.

New Jersey—Atlantic City IAP, Munitions Administration Facility, \$1,700,000.

Ohio—Toledo Express Airport, Multi-Use Instructional Facility, \$2,000,000.

Ohio—Zanesville ANG, New Supply Warehouse, \$1,000,000.

#### MILITARY CONSTRUCTION, ARMY RESERVE

The conference agreement appropriates \$431,566,000 for Military Construction, Army

Reserve, instead of \$432,516,000 as proposed by the House and \$379,012,000 as proposed by the Senate. Within this amount, the agreement provides \$22,716,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$30,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

#### MILITARY CONSTRUCTION, NAVY RESERVE

The conference agreement appropriates \$125,874,000 for Military Construction, Navy Reserve as proposed by the House, instead of \$64,124,000 as proposed by the Senate. Within this amount, the agreement provides \$2,951,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$20,000,000 for critical unfunded requirements of the Navy Reserve and \$35,000,000 for critical unfunded requirements of the Marine Forces Reserve as proposed by the House. The Senate bill contained no similar provision.

#### MILITARY CONSTRUCTION, AIR FORCE RESERVE

The conference agreement appropriates \$112,269,000 for Military Construction, Air Force Reserve, instead of \$103,169,000 as proposed by the House and \$47,376,000 as proposed by the Senate. Within this amount, the agreement provides \$3,869,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$55,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

#### NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

The conference agreement appropriates \$197,414,000 for the North Atlantic Treaty Organization Security Investment Program, instead of \$234,914,000 as proposed by the House and \$276,314,000 as proposed by the Senate. Funding for the U.S. share of the planning, design, and construction of a new NATO headquarters is included under Military Construction, Defense-Wide as proposed by the House. The Senate bill contained no similar provision.

#### FAMILY HOUSING CONSTRUCTION, ARMY

The conference agreement appropriates \$273,236,000 for Family Housing Construction, Army as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, ARMY

The conference agreement appropriates \$523,418,000 for Family Housing Operation and Maintenance, Army as proposed by both the House and the Senate.

#### FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS

The conference agreement appropriates \$146,569,000 for Family Housing Construction, Navy and Marine Corps as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS

The conference agreement appropriates \$368,540,000 for Family Housing Operation and Maintenance, Navy and Marine Corps as proposed by both the House and the Senate.

#### FAMILY HOUSING CONSTRUCTION, AIR FORCE

The conference agreement appropriates \$66,101,000 for Family Housing Construction,

Air Force as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, AIR FORCE

The conference agreement appropriates \$502,936,000 for Family Housing Operation and Maintenance, Air Force as proposed by both the House and the Senate.

#### FAMILY HOUSING CONSTRUCTION, DEFENSE-WIDE

The conference agreement appropriates \$2,859,000 for Family Housing Construction, Defense-Wide as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE

The conference agreement appropriates \$49,214,000 for Family Housing Operation and Maintenance, Defense-Wide as proposed by both the House and the Senate.

#### DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

The conference agreement appropriates \$2,600,000 for the Department of Defense Family Housing Improvement Fund as proposed by both the House and the Senate.

#### HOMEOWNERS ASSISTANCE FUND

The conference agreement appropriates \$323,225,000 for the Homeowners Assistance Fund as proposed by the Senate, instead of \$23,225,000 as proposed by the House. This amount is \$300,000,000 above the President's budget request to fund the expansion of the Homeowners Assistance Program (HAP) to provide mortgage relief to eligible personnel who sustain losses on the sale of their home due to relocation requirements during the current mortgage crisis, as well as wounded warriors and the spouses of fallen warriors. The program was permanently expanded in 2009 to cover wounded warriors who must relocate for medical reasons and spouses of fallen warriors, and was expanded through 2012 for all military and qualified civilian personnel who receive orders to move during the mortgage crisis and must sell their home at a loss. According to the Department of Defense, the funds provided in this Act, in addition to the \$555,000,000 provided for the initial expansion of the program in the American Recovery and Reinvestment Act of 2009, are sufficient to meet all currently projected funding requirements for the HAP expansion.

#### CHEMICAL DEMILITARIZATION CONSTRUCTION, DEFENSE-WIDE

The conference agreement appropriates \$151,541,000 for Chemical Demilitarization Construction, Defense-Wide as proposed by the Senate, instead of \$146,541,000 as proposed by the House.

#### DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 1990

The conference agreement appropriates \$496,768,000 for the Department of Defense Base Closure Account 1990, instead of \$536,768,000 as proposed by the House and \$421,768,000 as proposed by the Senate. The agreement includes an increase of \$100,000,000 above the budget request, of which \$40,000,000 is provided for the Army and \$60,000,000 is provided for the Navy.

The conferees direct the Army and Navy to submit an expenditure plan to the Committees on Appropriations of both Houses of Congress for the additional funds provided no later than 30 days following the enactment of this Act.

#### DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

The conference agreement appropriates \$7,455,498,000 for the Department of Defense

Base Closure Account 2005, instead of \$7,479,498,000 as proposed by both the House and Senate. The amount approved by the conferees fully funds the authorized level for fiscal year 2010. The reduction from the request is due to the realignment of funding for the hospital replacement at Fort Bliss, Texas to the Military Construction, Defense-Wide account. The conferees direct the Department to continue notifying the Committees on Appropriations of both Houses of Congress of any above-threshold cost or scope variation on projects, and cancellation of projects, or any transfer of funds among accounts and construction projects associated with the BRAC 2005 program.

*BRAC Transportation Improvements Study.*—The conferees direct the Secretary of Defense to provide \$450,000 from available funds within the 2005 Base Closure Account to enter into an arrangement with the National Academy of Sciences (NAS) to conduct a study on the funding of transportation improvements to accommodate installation growth associated with the BRAC 2005 program. The study shall:

(1) examine case studies of congestion caused on metropolitan road and transit facilities when BRAC requirements cause shifts in personnel to occur faster than facilities can be improved through the usual State and local processes;

(2) review the criteria used by the Defense Access Roads (DAR) program for determining the eligibility of transportation projects and the appropriate Department of Defense share of public highway and transit improvements in BRAC cases;

(3) assess the adequacy of current Federal surface transportation and Department of Defense programs that fund highway and transit improvements in BRAC cases to mitigate transportation impacts in urban areas with preexisting traffic congestion and saturated roads;

(4) identify promising approaches for funding road and transit improvements and streamlining transportation project approvals in BRAC cases; and

(5) provide recommendations for modifications of current policy for the DAR and Office of Economic Adjustment programs, including funding strategies, road capacity assessments, eligibility criteria, and other government policies and programs the National Academy of Sciences may identify, to mitigate the impact of BRAC-related installation growth on preexisting urban congestion.

The NAS is directed to provide an interim report of its findings to the Secretary of Defense and the Committees on Appropriations of both Houses of Congress no later than May 14, 2010, with a final report to be provided no later than January 31, 2011.

#### ADMINISTRATIVE PROVISIONS

The conference agreement includes section 101 as proposed by both the House and the Senate limiting the use of funds under a cost-plus-a-fixed-fee contract.

The conference agreement includes section 102 as proposed by both the House and the Senate allowing the use of construction funds in this title for hire of passenger motor vehicles.

The conference agreement includes section 103 as proposed by both the House and the Senate allowing the use of construction funds in this title for advances to the Federal Highway Administration for the construction of access roads.

The conference agreement includes section 104 as proposed by the Senate prohibiting construction of new bases in the United States without a specific appropriation. The

House bill contained similar language prohibiting the use of funds to initiate a new installation without a specific appropriation.

The conference agreement includes section 105 as proposed by both the House and the Senate limiting the use of funds for the purchase of land or land easements that exceed 100 percent of the value.

The conference agreement includes section 106 as proposed by both the House and the Senate prohibiting the use of funds, except funds appropriated in this title for that purpose, for family housing.

The conference agreement includes section 107 as proposed by both the House and the Senate limiting the use of minor construction funds to transfer or relocate activities.

The conference agreement includes section 108 as proposed by both the House and the Senate prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The conference agreement includes section 109 as proposed by both the House and the Senate prohibiting the use of construction or family housing funds to pay real property taxes in any foreign nation.

The conference agreement includes section 110 as proposed by the Senate prohibiting the use of funds to initiate a new installation overseas without prior notification. The House bill contained similar language prohibiting the use of funds to initiate a new installation without a specific appropriation.

The conference agreement includes section 111 as proposed by both the House and the Senate establishing a preference for American architectural and engineering services for overseas projects.

The conference agreement includes section 112 as proposed by both the House and the Senate establishing a preference for American contractors in certain locations.

The conference agreement includes section 113 as proposed by both the House and the Senate requiring congressional notification of military exercises when construction costs exceed \$100,000.

The conference agreement includes section 114 as proposed by both the House and the Senate limiting obligations in the last two months of the fiscal year.

The conference agreement includes section 115 as proposed by both the House and the Senate allowing funds appropriated in prior years for new projects authorized during the current session of Congress.

The conference agreement includes section 116 as proposed by both the House and the Senate allowing the use of lapsed or expired funds to pay the cost of supervision for any project being completed with lapsed funds.

The conference agreement includes section 117 as proposed by both the House and the Senate allowing military construction funds to be available for five years.

The conference agreement includes section 118 as proposed by the Senate requiring an annual report on actions taken to encourage other nations to assume a greater share of the common defense burden, to include a classified report option, if necessary. The House bill contained no similar provision.

The conference agreement includes section 119 as proposed by both the House and the Senate allowing the transfer of proceeds between BRAC accounts.

The conference agreement includes section 120 as proposed by the House allowing the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Fund. The Senate bill contained a similar provision, but did not allow for notification by electronic medium.

The conference agreement includes section 121 as proposed by both the House and the Senate requiring congressional notification prior to issuing a solicitation for a contract with the private sector for family housing.

The conference agreement includes section 122 as proposed by both the House and the Senate allowing transfers to the Homeowners Assistance Fund.

The conference agreement includes a modified section 123 limiting the source of operation and maintenance funds for flag and general officer quarters and allowing for notification by electronic medium. Both the House bill and the Senate bill included a similar provision.

The conference agreement includes section 124 as proposed by both the House and the Senate extending the availability of funds in the Ford Island Improvement Account.

The conference agreement includes section 125 as proposed by both the House and the Senate placing limitations on the expenditure of funds for projects impacted by BRAC 2005.

The conference agreement includes section 126 as proposed by both the House and the Senate allowing the transfer of expired funds to the Foreign Currency Fluctuations, Construction, Defense account.

The conference agreement includes section 127 as proposed by the House prohibiting the use of funds for any action related to the expansion of Pinon Canyon Maneuver Site, Colorado. The Senate bill contained no similar provision.

The conference agreement includes section 128 as proposed by both the House and the Senate allowing for the reprogramming of construction funds among projects and activities subject to certain criteria.

The conference agreement includes section 129 reducing the following accounts in the bill by the specified amounts due to adjusted inflation and bid savings projections: Military Construction, Army, \$230,000,000; Military Construction, Navy and Marine Corps, \$235,000,000; and Military Construction, Air Force, \$64,091,000.

The conference agreement includes section 130 rescinding unobligated balances primarily due to bid savings from the following accounts in the specified amounts: Military Construction, Army, \$33,000,000; Military Construction, Navy and Marine Corps, \$51,468,000; Military Construction, Defense-Wide, \$93,268,000; Military Construction, Army National Guard, \$33,000,000; and Military Construction, Air National Guard, \$7,000,000.

The conference agreement does not include a provision as proposed by the Senate (Sec. 128) related to alternative designs for strategic nuclear weapons facilities. The House bill contained no similar provision. This issue is instead addressed under Items of General Interest.

The conference agreement does not include a provision as proposed by the Senate (Sec. 129) related to a report on cost and scope variations on military construction projects. The House bill contained no similar provision. This issue is instead addressed under Items of General Interest.

The conference agreement does not include a provision as proposed by the Senate (Sec. 130) related to a study of transportation improvements to accommodate installation growth associated with the BRAC 2005 program. The House bill contained no similar provision. This issue is instead addressed under Department of Defense Base Closure Account 2005.

The conference agreement does not include a provision as proposed by the Senate (Sec.

131) related to the construction of an Unmanned Aerial System Field Training Complex at Holloman AFB, New Mexico. The House bill contained no similar provision. This issue is instead addressed under Military Construction, Air Force.

The conference agreement does not include a provision as proposed by the Senate (Sec. 132) related to the construction of an Aegis Ashore Test Facility at the Pacific Missile Range Facility, Hawaii. The House bill proposed no similar provision. This issue is instead addressed under Military Construction, Defense-Wide.

## TITLE II

### DEPARTMENT OF VETERANS AFFAIRS ITEMS OF GENERAL INTEREST

*Outreach at Colleges and Universities.*—The conferees are aware that with increasing numbers of veterans utilizing the new GI Bill benefits, veteran enrollment at institutions of higher education is growing. The conferees strongly encourage the Department to utilize all means at its disposal to ensure that effective outreach and services are offered at institutions of higher education for student veterans, particularly those combat veterans with neurological and psychological illnesses or injuries.

*Guide and Service Dog Program.*—The conferees are concerned with the lack of progress the Department has made to fully implement section 1714 of title 38 regarding the provision of guide dogs and service dogs to qualified veterans seeking such services. Additionally, the conferees direct the Department to immediately begin the process of assisting those veterans with mental illnesses, to include Post-Traumatic Stress Disorder (PTSD), who would benefit from having a service dog and provide the authorization to do so in the bill. While the conferees understand that the Department is currently reviewing its policies and regulations in order to improve access to guide and service dogs, and advance its partnerships with accredited nonprofit organizations with expertise in the training of service dogs and education in the use of service dogs, the conferees want this process to accelerate. Therefore, the conference agreement provides an additional \$2,000,000 in Medical Services for the Guide and Service Dog Program and provides additional funds in Medical and Prosthetic Research for any necessary studies. Further, the conference agreement provides additional funds to the Office of Inspector General and directs the Office of Inspector General to review the Guide and Service Dog Program to include its current and pending policies and regulations and wait list and outreach procedures and report to the Committees on Appropriations of both Houses of Congress on its recommendations to improve this program by July 8, 2010. Additionally, the Department is encouraged to expand its partnership with accredited nonprofit service dog organizations where veterans with PTSD help to train service dogs.

### VETERANS BENEFITS ADMINISTRATION COMPENSATION AND PENSIONS (INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$47,396,106,000 for Compensation and Pensions. Of the amount provided, not more than \$29,283,000 is to be transferred to General Operating Expenses, Medical Support and Compliance, and Information Technology Systems for reimbursement of necessary expenses in implementing provisions of title 38.

### READJUSTMENT BENEFITS

The conference agreement appropriates \$9,232,369,000 for Readjustment Benefits.

### VETERANS INSURANCE AND INDEMNITIES

The conference agreement appropriates \$49,288,000 for Veterans Insurance and Indemnities as proposed by both the House and the Senate.

### VETERANS HOUSING BENEFIT PROGRAM FUND

The conference agreement appropriates such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund as proposed by both the House and the Senate. The agreement limits obligations for direct loans to not more than \$500,000 and provides that \$165,082,000 shall be available for administrative expenses.

### VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

The conference agreement appropriates \$29,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account as proposed by both the House and the Senate, plus \$328,000 to be transferred to and merged with General Operating Expenses. The agreement provides for a direct loan limitation of \$2,298,000 as proposed by both the House and the Senate.

### NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The conference agreement appropriates \$664,000 for administrative expenses of the Native American Veteran Housing Loan Program Account as proposed by both the House and the Senate.

### GUARANTEED TRANSITIONAL HOUSING LOANS FOR HOMELESS VETERANS PROGRAM ACCOUNT

The conference agreement provides up to \$750,000 of the funds available in General Operating Expenses and Medical Support and Compliance to carry out the Guaranteed Transitional Housing Loans for Homeless Veterans Program Account as proposed by both the House and the Senate.

### VETERANS HEALTH ADMINISTRATION

*Advance Appropriations.*—The conference agreement includes an advance appropriation for the Medical Services, Medical Support and Compliance, and Medical Facilities accounts. The goal of this advance appropriation is to provide the Veterans Health Administration with reliable and timely funding for their current services so the delivery of medical care is not disrupted. However, the provision of an advance appropriation should be seen as only the first step in this process. The conferees direct the Department to include in future budget submissions the budget plan for the advance appropriation provided in the previous year's appropriation to include the amount of funds that will be allocated in accordance with the Veterans Equitable Resource Allocation, and expect funding provided by advance appropriation to be made available to the Veterans Integrated Service Networks on October 1, 2010. The conferees further direct the Department to include an advance appropriation request for current services for the Medical Services, Medical Support and Compliance, and Medical Facilities accounts in future budget submissions.

*Hyperbaric Oxygen Therapy.*—The conferees direct the Department to submit a report to the Committees on Appropriations of both Houses of Congress on the Veterans Health Administration's use of hyperbaric oxygen therapy by March 31, 2010. This report should include, but not be limited to, the number of veterans and types of conditions being treated using this therapy, outcome measurements, and number of facilities that provide this therapy.

*State Home Care.*—The conferees urge the Department to undertake a feasibility study

to identify any potential impacts of permitting State Home Care facilities to provide services to non-veterans who have had a child die while serving in the Armed Forces, as long as such services are not denied to a qualified veteran seeking those services. The Department is directed to report back to the Committees on Appropriations of both Houses of Congress within 90 days after enactment of this Act on what steps, if any, have been taken to undertake the feasibility study and any findings, should the study be completed.

*Hiring Incentives for Rural and Highly Rural Areas.*—The conferees are aware that the Department currently provides recruitment and relocation incentive pay to attract high quality medical personnel. However, the conferees are concerned that the Department has not been aggressive enough in utilizing this program in underserved rural areas. Therefore, the Department is directed to provide an additional \$1,500,000 for incentive pay from Medical Services and \$1,500,000 for incentive pay from Medical Support and Compliance for recruitment and permanent relocation of high quality healthcare providers and administrators, respectively, to areas designated by the Veterans Health Administration as rural or highly rural areas. Further, the Department is directed to provide a report to the Committees on Appropriations of both Houses of Congress on the number of new employees receiving incentives with this funding and the structure of the program by March 31, 2010.

### MEDICAL SERVICES (INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$34,707,500,000 for Medical Services, instead of \$34,705,500,000 as proposed by the House and \$34,705,250,000 as proposed by the Senate. Of the amount provided, \$1,015,000,000 is available for obligation until September 30, 2011, as proposed by the House, instead of \$1,600,000,000 as proposed by the Senate. The agreement further appropriates an advance appropriation for fiscal year 2011 of \$37,136,000,000 as proposed by the House, instead of \$37,136,000,000 as proposed by the Senate in title V, to become available on October 1, 2010, and remain available until September 30, 2011.

The conference agreement includes an additional \$1,000,000 for the Education Debt Reduction Program to be used as a hiring incentive for mental health professionals, an additional \$2,000,000 for the Guide and Service Dog Program, and directs an additional \$4,000,000 for the Supportive Services For Low Income Veterans and Families, funding the full authorized level of \$20,000,000, and directs an additional \$6,000,000 for the Homeless Grant and Per Diem Program, funding the full authorized level of \$150,000,000, and provides sufficient funding to allow for additional personnel for the HUD-Veterans Affairs Supportive Housing Program to address any increase in the number of vouchers offered and directs the Department to increase the number of case workers as necessary to accommodate the increase in vouchers.

### MEDICAL SUPPORT AND COMPLIANCE

The conference agreement appropriates \$4,930,000,000 for Medical Support and Compliance, instead of \$4,896,500,000 as proposed by the House and \$5,100,000,000 as proposed by the Senate. Of the amount provided, \$145,000,000 is available for obligation until September 30, 2011, as proposed by the House, instead of \$250,000,000 as proposed by the Senate. The agreement further appropriates an advance appropriation for fiscal year 2011 of

\$5,307,000,000 as proposed by the House, instead of \$5,307,000,000 as proposed by the Senate in title V, to become available on October 1, 2010, and remain available until September 30, 2011.

#### MEDICAL FACILITIES

The conference agreement appropriates \$4,859,000,000 for Medical Facilities, instead of \$4,893,000,000 as proposed by the House and \$4,849,883,000 as proposed by the Senate. Of the amount provided, \$145,000,000 is available until September 30, 2011, as proposed by the House, instead of \$250,000,000 as proposed by the Senate. The agreement further appropriates an advance appropriation for fiscal year 2011 of \$5,740,000,000 as proposed by the House, instead of \$5,740,000,000 as proposed by the Senate in title V, to become available on October 1, 2010, and remain available until September 30, 2011.

In addition, the conference agreement specifies that \$130,000,000 for non-recurring maintenance shall be allocated in a manner not subject to the Veterans Equitable Resource Allocation model, instead of \$200,000,000 as proposed by the House and \$100,000,000 as proposed by the Senate. The conference agreement includes an additional \$5,000,000 to hire extra contracting staff.

**Community Based Outpatient Clinics.**—The conference agreement includes an additional \$30,000,000 for the Department to open new community based outpatient clinics (CBOC) in rural areas. The conferees understand that the Department funds new outpatient clinics through the Medical Services account as well as the Medical Facilities account and reminds the Department that they may reprogram funds between these accounts for this initiative. The conferees direct the Department to provide to the Committees on Appropriations of both Houses of Congress a detailed expenditure plan for this funding no later than March 1, 2010. Moreover, the plan should also include a list of all current clinics, regardless of size or contractual arrangements, which provide healthcare services in an outpatient setting.

The conferees direct the Department to provide the Committees on Appropriations of both Houses of Congress with a report by February 16, 2010, on the feasibility of and/or plans for clinics in the following locations: Chattanooga, Tennessee; Idabel, Oklahoma; and Hinesville, Georgia.

#### MEDICAL AND PROSTHETIC RESEARCH

The conference agreement appropriates \$581,000,000 for Medical and Prosthetic Research, instead of \$580,000,000 as proposed by both the House and the Senate.

**Gulf War Illness Research.**—The conferees are concerned that the Department has not placed sufficient emphasis on finding a cause or cure for Gulf War Veterans' illnesses, which affect thousands of veterans every day. Veterans from the First Gulf War and now the current conflict are experiencing illness that cannot be explained and rates of other more known illnesses at higher than the national average. The conferees have repeatedly encouraged the Department to do more research in this area and have consistently provided the funds to do so. However, the Department has not shown a consistent level of commitment for this vital research. In order to better track the expenditures for this research, the Department is directed to include Gulf War Veterans' illnesses as a designated research area in the fiscal year 2011 budget request.

#### NATIONAL CEMETERY ADMINISTRATION

The conference agreement appropriates \$250,000,000 for the National Cemetery Ad-

ministration as proposed by both the House and the Senate. Of the amount provided, \$24,200,000 is available until September 30, 2011, as proposed by both the House and the Senate.

The conference agreement includes an additional \$8,000,000 for the National Shrine Commitment Program and to correct gravesite deficiencies to include gravesite renovation projects to replace turf, repair sunken graves, and raise, realign and clean headstones.

The conferees direct the Department to report by January 29, 2010, on plans to expand the Chattanooga National Cemetery. Additionally, the conferees direct the Department to conduct a study to determine the need and feasibility of establishing a National Veterans Cemetery in the eastern portion of South Dakota. The conferees are also aware that there is no active National Veterans Cemetery in North Dakota, Montana, Idaho, Wyoming, or eastern Washington, which encompasses approximately 500,000 square miles. Therefore, the conferees direct the Department to evaluate the feasibility of establishing a national veterans cemetery in this area, with consideration of the Yellowstone County Veterans Cemetery in Yellowstone County, Montana.

#### DEPARTMENTAL ADMINISTRATION

##### GENERAL OPERATING EXPENSES

The conference agreement appropriates \$2,086,707,000 for General Operating Expenses, instead of \$2,086,200,000 as proposed by the House and \$2,081,501,000 as proposed by the Senate. The agreement provides not less than \$1,689,207,000 as proposed by the Senate for the Veterans Benefits Administration, instead of \$1,690,200,000 as proposed by the House. Of the amount provided, \$111,000,000 is available for obligation until September 30, 2011, as proposed by both the House and the Senate.

The conferees do not concur with the budget proposal to shift the cost of disability compensation exams from the mandatory Compensation and Pensions account to the discretionary General Operating Expenses account. The funding reduction in this account reflects this decision. Funding to continue the disability compensation exam pilot program is provided in the Compensation and Pensions account. The Department is directed to provide \$10,500,000 for the Paralympic Program.

##### INFORMATION TECHNOLOGY SYSTEMS

The conference agreement appropriates \$3,307,000,000 for Information Technology (IT) Systems as proposed by both the House and the Senate.

The conference agreement directs the Department to submit an expenditure plan to the Committees on Appropriations of both Houses of Congress within 30 days of enactment as proposed by the House, instead of 60 days of enactment as proposed by the Senate.

**Reporting Requirements.**—The conferees are aware that the Assistant Secretary for Information Technology conducted a comprehensive review of all information technology projects under development, resulting in some projects being halted completely and others paused to improve internal governance structures. The conferees understand how such a comprehensive review could alter the fiscal year 2010 request for projects and programs that are to receive the proposed funding. Therefore, the conferees have included bill language that restricts the obligation of \$800,485,000 in IT development funds until the Secretary or the Chief Information

Officer submits a certification letter to the Committees on Appropriations of both Houses of Congress identifying which project/program is to receive funding in fiscal year 2010 and in what amount. These certifications may be submitted incrementally and are to serve as the base reprogramming amounts for development programs. In addition, the conferees direct the Department to submit the total life cycle development costs of projects and programs receiving development funds in fiscal year 2010, and to include these estimated costs in future budget submissions.

The conferees further direct the Assistant Secretary for Information Technology to report quarterly to the Committees on Appropriations of both Houses of Congress on the status of the Program Management Accountability System.

**Telehealth.**—The conferees direct the Department to conduct a study to identify improvements to the Department's infrastructure that are required in order to provide healthcare services to veterans using telehealth platforms.

#### OFFICE OF INSPECTOR GENERAL

The conference agreement appropriates \$109,000,000 for the Office of Inspector General as proposed by the Senate, instead of \$106,000,000 as proposed by the House. Of the amount provided, \$6,000,000 is available for obligation until September 30, 2011, as proposed by both the House and the Senate.

The conference agreement includes an additional \$1,000,000 for increased oversight of the Veterans Benefits Administration regional offices and an additional \$1,000,000 for the reports directed by this statement.

**Combat Stress and Women Veterans.**—The conferees direct the Office of Inspector General to conduct a study to assess the capacity of the Department to address combat stress in women veterans. At a minimum, the study should include: whether women veterans are properly evaluated by the Department for Post-Traumatic Stress Disorder, military sexual trauma, and traumatic brain injury; whether the Department is properly adjudicating combat stress as a service-connected disability; whether the Veterans Benefits Administration (VBA) has developed and disseminated materials and policies to claims adjudicators that address claims involving military sexual trauma; and the feasibility of requiring training and testing of VBA claims adjudicators on military sexual trauma. The conferees direct the Office of Inspector General to provide the Secretary and the Committees on Appropriations of both Houses of Congress a plan for conducting this study, and any interim findings, within 180 days and a final report no later than one year after enactment of this Act.

#### CONSTRUCTION, MAJOR PROJECTS

The conference agreement appropriates \$1,194,000,000 for Construction, Major Projects as proposed by both the House and the Senate.

The conferees concur with the direction in House Report 111-188 directing the Department to report obligations for each project on a quarterly basis, with the first report to the Committees on Appropriations of both Houses of Congress to be submitted no later than January 15, 2010, to reflect obligations incurred through December 31, 2009. The conferees also agree with direction in Senate Report 111-40 regarding a 5-year capital plan for major construction projects, and direct that this plan include the total cost of each project and an obligation plan by fiscal year.

The conference agreement funds the following items:

	Conference agreement (\$000)
<b>Veterans Health Administration:</b>	
Denver, CO—New Medical Facility .....	119,000
Orlando, FL—New Medical Facility .....	371,300
San Juan, PR—Seismic Corrections Building 1 .....	42,000
St. Louis, MO—Medical Facility Improvements and Cemetery Expansion .....	19,700
Bay Pines, FL—Inpatient/Outpatient Improvements .....	96,800
Livermore, CA—Realignment and Closure (Design and Land Purchase) .....	55,430
Canandaigua, NY—Construction and Renovation (Design) .....	36,580
San Diego, CA—Seismic Deficiency (Design) .....	18,340
Long Beach, CA—Seismic Corrections—Mental Health and Community Living Center (Design) .....	24,200
St. Louis, MO—Replace Bed Tower/Clinic Expansion (Design) .....	43,340
Brockton, MA—Long-term Care Spinal Cord Injury Unit (Design) .....	24,040
Perry Point, MD—Replacement Community Living Center (Design) .....	9,000
Advanced Planning Fund—Various Locations .....	123,560
Facility Security Projects—Various Locations .....	42,510
Judgment Fund—Various Locations .....	16,000
BRAC Land Acquisition—Various Locations .....	35,000
<b>Total Veterans Health Administration .....</b>	<b>1,076,800</b>
<b>National Cemetery Administration:</b>	
Chicago, IL—Abraham Lincoln National Cemetery—Gravesite Expansion and Cemetery Improvements—Phase 2 .....	38,300
Houston, TX—Houston National Cemetery—Gravesite Expansion and Cemetery Improvements—Phase 4 .....	35,000
Advanced Planning Fund—Various Locations .....	13,400
NCA Land Acquisition Fund—Various Locations .....	25,500
<b>Total National Cemetery Administration .....</b>	<b>112,200</b>
General Administration—Staff Offices .....	5,000
<b>Total construction, major projects .....</b>	<b>1,194,000</b>

#### CONSTRUCTION, MINOR PROJECTS

The conference agreement appropriates \$703,000,000 for Construction, Minor Projects, instead of \$722,800,000 as proposed by the House and \$735,000,000 as proposed by the Senate.

The conferees direct the Department to provide an expenditure plan within 30 days of enactment as proposed by the House, instead of November 10, 2009, as proposed by the Senate.

The conference agreement includes an additional \$50,000,000 for the renovation of unused buildings on Department of Veterans Affairs campuses for the purpose of providing housing with supportive services for homeless veterans. This funding will allow the Department to make the renovations and pursue public/private partnerships for operation. The conferees direct the Department to provide an expenditure plan for this funding to the Committees on Appropriations of both Houses of Congress by April 9, 2010.

#### GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The conference agreement appropriates \$100,000,000 for Grants for Construction of State Extended Care Facilities, instead of \$85,000,000 as proposed by the House and \$115,000,000 as proposed by the Senate.

#### GRANTS FOR CONSTRUCTION OF STATE VETERANS CEMETERIES

The conference agreement appropriates \$46,000,000 for Grants for Construction of State Veterans Cemeteries, as proposed by both the House and the Senate.

#### ADMINISTRATIVE PROVISIONS (INCLUDING TRANSFERS OF FUNDS)

The conference agreement includes section 201 as proposed by both the House and the Senate allowing for transfers among various mandatory accounts.

The conference agreement includes section 202 as proposed by the House, instead of section 202 as proposed by the Senate allowing

for the transfer of funds among the three medical accounts.

The conference agreement includes section 203 as proposed by both the House and the Senate allowing for the use of salaries and expenses funds to be used for other authorized purposes.

The conference agreement includes section 204 as proposed by both the House and the Senate restricting the use of funds for the acquisition of land.

The conference agreement includes section 205 as proposed by both the House and the Senate limiting the use of funds in the Medical Services account to only entitled beneficiaries unless reimbursement is made to the Department.

The conference agreement includes section 206 as proposed by both the House and the Senate allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The conference agreement includes section 207 as proposed by both the House and the Senate allowing for the use of appropriations available in this title to pay prior year obligations.

The conference agreement includes section 208 as proposed by both the House and the Senate allowing funds for the administration of the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund.

The conference agreement includes section 209 as proposed by both the House and the Senate allowing for the proceeds from enhanced-use leases to be obligated in the year in which the proceeds are received.

The conference agreement includes section 210 as proposed by the House allowing for the use of funds in this title for salaries and other administrative expenses to be used to reimburse the Office of Resolution Management and the Office of Employment Discrimination Complaint Adjudication. The Senate bill contained a similar provision, but included a different amount.

The conference agreement includes section 211 as proposed by both the House and the Senate limiting the use of funds for any lease with an estimated annual rental cost of more than \$1,000,000 unless approved by the Committees on Appropriations of both Houses of Congress.

The conference agreement includes section 212 as proposed by both the House and the Senate requiring the Secretary of the Department of Veterans Affairs to collect third-party payer information for persons treated for non-service connected disability.

The conference agreement includes section 213 as proposed by both the House and the Senate allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The conference agreement includes section 214 as proposed by both the House and the Senate allowing for the use of Medical Services funds to be used for recreational facilities and funeral expenses.

The conference agreement includes section 215 as proposed by the House, instead of section 215 as proposed by the Senate allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services account.

The conference agreement includes a modified section 216 as proposed by the Senate, instead of section 216 as proposed by the House which allows Alaskan veterans to use medical facilities of the Indian Health Service or tribal organizations at no additional

cost to the Department of Veterans Affairs or the Indian Health Service.

The conference agreement includes section 217 as proposed by both the House and the Senate providing for the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The conference agreement includes section 218 as proposed by both the House and the Senate prohibiting the use of funds for any policy prohibiting the use of outreach or marketing to enroll new veterans.

The conference agreement includes section 219 as proposed by both the House and the Senate requiring the Secretary to submit quarterly reports on the financial status and service level status of the Veterans Health Administration.

The conference agreement includes section 220 as proposed by both the House and the Senate allowing for the transfer of funds from various accounts to the Information Technology Systems account to complete the restructuring of this appropriations account.

The conference agreement includes section 221 as proposed by both the House and the Senate providing for transfer of funds among projects within the Information Technology Systems account.

The conference agreement includes section 222 as proposed by the Senate authorizing the transfer of not more than \$5,000,000 to the Secretary of Health and Human Services for a Graduate Psychology Education Program which directly benefits veterans. The House bill contained no similar provision.

The conference agreement includes section 223 as proposed by both the House and the Senate prohibiting any funds to be used to contract out any function performed by more than ten employees without a fair competition process.

The conference agreement includes section 224 as proposed by both the House and the Senate limiting the obligation of non-recurring maintenance funds during the last two months of the fiscal year.

The conference agreement includes section 225 as proposed by both the House and the Senate amending section 1925 of title 38 to reflect the movement of information technology functions.

The conference agreement includes section 226 as proposed by both the House and the Senate amending section 1928 of title 38 to reflect the movement of information technology functions.

The conference agreement includes a modified section 227 as proposed by the Senate designating the North Chicago Veterans Affairs Medical Center as the "Captain James A. Lovell Federal Health Care Center". The House bill contained no similar provision.

The conference agreement includes section 228 as proposed by the Senate that extends the authorization for the Veterans Benefits Administration office in Manila, Philippines to December 31, 2010. The House bill contained no similar provision.

The conference agreement includes a new section 229 authorizing the Department to provide service dogs to veterans with mental illnesses. The conference agreement does not include a provision as proposed by the Senate (Sec. 234) providing funds for implementation of section 1077 of the National Defense Authorization Act for fiscal year 2010. The House bill contained no similar provision.

The conference agreement includes a modified section 230 as proposed by the Senate

which designates the Department of Veterans Affairs Medical Center in Louisville, Kentucky as the "Robley Rex Department of Veterans Affairs Medical Center". The House bill contained no similar provision.

The conference agreement includes a modified section 231 as proposed by the Senate which modifies the provisions that allow for the transfer of Department of Veterans Affairs property to the City of Gulfport, Mississippi to include its urban renewal agency. The House bill contained no similar provision.

The conference agreement includes a modified section 232 as proposed by the Senate which allows the Secretary to enter into cooperative agreements with State and local government entities for outreach. The House bill contained no similar provision.

The conference agreement does not include a provision as proposed by the Senate (Sec. 215) allowing the transfer of up to \$200,000,000 to Medical Facilities. The House bill contained no similar provision.

The conference agreement does not include a provision as proposed by the House (Sec. 218) prohibiting the expenditure of funds to replace the current system by which VISNs select and contract for diabetes monitoring supplies and equipment. The Senate bill contained no similar provision.

The conference agreement does not include a provision as proposed by the Senate (Sec. 222) allowing transfer authority of prior-year balances to certain accounts. The House bill contained no similar provision.

The conference agreement does not include a provision as proposed by the Senate (Sec. 223) regarding Gulf War Illness research funding. The House bill contained no similar provision. This issue is instead addressed under Medical and Prosthetics Research.

The conference agreement does not include a provision as proposed by the Senate (Sec. 229) increasing funding for the "Grants for Construction of State Veterans Cemeteries" account. The House bill contained no similar provision. This issue is instead addressed under Grants for Construction of State Veterans Cemeteries.

The conference agreement does not include a provision as proposed by the Senate (Sec. 230) increasing incentive pay for healthcare professionals in rural areas. The House bill contained no similar provision. This issue is instead addressed under Veterans Health Administration.

The conference agreement does not include a provision as proposed by the Senate (Sec. 233) increasing funding for the "Homeless Grant and Per Diem Program". The House bill contained no similar provision. This issue is instead addressed under Medical Services.

The conference agreement does not include a provision as proposed by the Senate (Sec. 235) providing funding for outreach at institutions of higher learning. The House bill contained no similar provision. This issue is instead addressed under Items of General Interest.

The conference agreement does not include a provision as proposed by the Senate (Sec. 236) permitting State homes to provide services to certain non-veterans. The House bill contained no similar provision. This issue is instead addressed under Medical Services.

The conference agreement does not include a provision as proposed by the Senate (Sec. 238) increasing funding to the "Medical services" account. The House bill contained no similar provision.

The conference agreement does not include a provision as proposed by the Senate (Sec.

240) increasing funding to the "Minor construction" account. The House bill contained no similar provision. This issue is instead addressed under Minor Construction.

The conference agreement does not include a provision as proposed by the Senate (Sec. 242) directing the Office of Inspector General to conduct a study on combat stress in women veterans. The House bill contained no similar provision. This issue is instead addressed under Office of Inspector General.

The conference agreement does not include a provision as proposed by the Senate (Sec. 243) directing the Secretary to study the Department's telehealth infrastructure. The House bill contained no similar provision. This issue is instead addressed under Information Technology Systems.

The conference agreement does not include a provision as proposed by the Senate (Sec. 244) increasing funding to the Education Debt Reduction Program. The House bill contained no similar provision. This issue is instead addressed under Medical Services.

#### TITLE III

##### RELATED AGENCIES

##### AMERICAN BATTLE MONUMENTS COMMISSION SALARIES AND EXPENSES

The conference agreement appropriates \$62,675,000 for Salaries and Expenses, instead of \$61,800,000 as proposed by the House and \$63,549,000 as proposed by the Senate.

The conference agreement provides an additional \$2,375,000 for non-recurring projects, equipment replacement, and an expansion of interpretive programs.

The conferees direct the Commission to submit a report to the Committees on Appropriations of both Houses of Congress by March 1, 2010, detailing funding required to correct maintenance and infrastructure deficiencies at all cemeteries and memorials for which the Commission is responsible.

##### FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The conference agreement appropriates such sums as necessary for the Foreign Currency Fluctuations Account as proposed by both the House and the Senate.

##### UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

##### SALARIES AND EXPENSES

The conference agreement appropriates \$27,115,000 for the Salaries and Expenses account as proposed by the Senate, instead of \$28,115,000 as proposed by the House. The amount provided includes \$1,820,000 for the pro bono program as proposed by the Senate, instead of \$2,820,000 as proposed by the House.

*Pro Bono Program.*—The conferees note that the Veterans Consortium Pro Bono program has not published an annual report since 2006, and encourage that an annual report be published for 2010. The conferees further direct that a fiscal year 2010 expenditure plan for the funding provided to the program in this agreement be submitted to the Committees on Appropriations of both Houses of Congress by January 29, 2010.

##### DEPARTMENT OF DEFENSE—CIVIL

##### CEMETERIAL EXPENSES, ARMY

##### SALARIES AND EXPENSES

The conference agreement appropriates \$39,850,000 for Salaries and Expenses, instead of \$42,500,000 as proposed by the House and \$37,200,000 as proposed by the Senate.

The increased funding above the budget request is to be used for relocation of power and telephone lines into duct banks along and under the roadways.

The conferees direct the Secretary of the Army to report to the Committees on Appro-

priations of both Houses of Congress by February 26, 2010, on the progress to automate burial records.

##### ARMED FORCES RETIREMENT HOME TRUST FUND

The conference agreement appropriates \$134,000,000 for the Armed Forces Retirement Home as proposed by both the House and the Senate.

#### TITLE IV

##### OVERSEAS CONTINGENCY OPERATIONS

##### DEPARTMENT OF DEFENSE

##### MILITARY CONSTRUCTION, ARMY

The conference agreement appropriates an additional \$924,484,000 for Military Construction, Army as proposed by both the House and the Senate.

##### MILITARY CONSTRUCTION, AIR FORCE

The conference agreement appropriates an additional \$474,500,000 for Military Construction, Air Force as proposed by both the House and the Senate.

##### ADMINISTRATIVE PROVISION

The conference agreement includes Sec. 401 as proposed by the Senate designating the funds made available by this title as being for overseas deployments and other activities pursuant to the concurrent resolution on the budget for fiscal year 2010. The House bill included similar language in title I.

The conference agreement does not include a provision as proposed by the Senate (Sec. 401) making adjustments to certain projects in Afghanistan. The House bill contained no similar provision. This issue is instead addressed under Military Construction, Army.

#### TITLE V

##### GENERAL PROVISIONS

The conference agreement includes section 501 as proposed by both the House and the Senate prohibiting the obligation of funds in this Act beyond the current fiscal year unless expressly so provided.

The conference agreement includes section 502 as proposed by both the House and the Senate requiring pay raises to be absorbed within the levels appropriated in this Act.

The conference agreement includes section 503 as proposed by both the House and the Senate prohibiting the use of the funds in this Act for programs, projects or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The conference agreement includes section 504 as proposed by both the House and the Senate prohibiting the use of funds in this Act to support or defeat legislation pending before Congress.

The conference agreement includes section 505 as proposed by both the House and the Senate encouraging all Departments to expand their use of "E-Commerce".

The conference agreement includes section 506 as proposed by both the House and the Senate prohibiting the transfer of funds to any instrumentality of the United States Government without authority from an appropriations Act.

The conference agreement includes section 507 as proposed by both the House and the Senate specifying the congressional committees that are to receive all reports and notifications.

The conference agreement includes a modified section 508 as proposed by the House prohibiting the use of funds in this Act to be used for a project or program named for an individual serving as a Member, Delegate, or Resident Commissioner of the House of Representatives. The Senate bill contained no similar provision.

The conference agreement includes a modified section 509 as proposed by the House prohibiting the use of funds in this Act for the processing of new enhanced-use leases at the National Homes for Disabled Volunteer Soldiers located in Milwaukee, Wisconsin. The Senate bill contained no similar provision.

The conference agreement includes a modified section 510 as proposed by the Senate requiring all reports submitted to be posted on official websites. The House bill contained no similar provision.

The conference agreement includes a modified section 511 prohibiting any funds for the Association of Community Organizations for Reform Now. The House bill contained no similar provision.

The conference agreement does not include a provision as proposed by the House (section

409) requiring the Secretary of Veterans Affairs to report on the current and planned use of hyperbaric oxygen therapy in Department of Veterans Affairs medical facilities. This issue is addressed under the Department of Veterans Affairs in this explanatory statement. The Senate bill contained no similar provision.

#### DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the conference report or the accompanying explanatory statement of managers, along with the

name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the conference report nor the explanatory statement of managers contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the rules of the House of Representatives, none of the congressional earmarks listed below were committed to the conference committee on H.R. 3288. However, all the following items were either (1) included in the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2010 (H.R. 3082) as passed by the House or the Senate, or (2) in the report of the committee of either House on H.R. 3082.

## CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2010 recommended by the Committee of Conference, with comparisons to the fiscal year 2009 amount, the 2010 budget estimates, and the House and Senate bills for 2010 follow:

(In thousands of dollars)

New budget (obligational) authority, fiscal year 2009 .....	\$126,810,267
Budget estimates of new (obligational) authority, fiscal year 2010 .....	133,487,510
House bill, fiscal year 2010 .....	181,903,656
Senate bill, fiscal year 2010 .....	182,101,656
Conference agreement, fiscal year 2010 .....	182,750,300
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2009 ...	+55,940,033
Budget estimates of new (obligational) authority, fiscal year 2010 .....	+49,262,790
House bill, fiscal year 2010 .....	+846,644
Senate bill, fiscal year 2010 .....	+648,644

## DIVISION F

## DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2010

In implementing this conference agreement, the departments and agencies should be guided by the language and instructions set forth in House Report 111-187 (hereby referred to as "the House Report") accompanying the bill H.R. 3081 and Senate Report 111-44 (hereby referred to as "the Senate Report") accompanying the bill S. 1434. In cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and the agreed upon amounts are detailed in this joint statement. In addition, in cases in which the House or Senate directed the submission of a report, the joint statement directs submission of those reports in which the conferees concur. Finally, the conferees agree that, unless otherwise specifically addressed in this joint statement, direction related to notification, prior consultation, and/or guidance with respect to organizations or other entities contained in either the House or Senate Reports should be adhered to by the relevant departments and agencies.

## TITLE I

## DEPARTMENT OF STATE AND RELATED AGENCY

## DEPARTMENT OF STATE

## ADMINISTRATION OF FOREIGN AFFAIRS

## DIPLOMATIC AND CONSULAR PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$8,227,000,000 for Diplomatic and Consular Programs (D&CP), which is \$2,300,000 below the House and the same as the Senate. Within the total, \$6,640,786,000 is for ongoing operations, including public diplomacy activities, and \$1,586,214,000 is for Worldwide Security Protection. The Department of State may reprogram funds between functions as required, subject to the regular notification procedures of the Committees on Appropriations. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

## DIPLOMATIC AND CONSULAR PROGRAMS

(Budget authority in thousands of dollars)

Subcategory	Budget authority
Human Resources .....	2,667,130
<i>Public Diplomacy</i> .....	138,075
<i>Human Resources Initiative</i> .....	118,279
<i>Worldwide Security Protection</i> .....	220,840
Overseas Programs .....	2,495,158
<i>Locally Employed Staff</i> .....	695,000
<i>Public Diplomacy</i> .....	381,800
<i>Ambassador's Fund for Cultural Preservation</i> .....	5,750
<i>Cultural Antiquities Task Force</i> .....	1,000
Diplomatic Policy and Support .....	892,012
<i>Democracy, Human Rights and Labor</i> .....	22,659
<i>Intelligence and Research</i> .....	63,879
<i>Oceans and International Environmental and Scientific Affairs</i> .....	36,917
<i>Office of Global Women's Issues</i> .....	3,114
<i>Office to Monitor and Combat Trafficking in Persons</i> .....	6,010
Security Programs .....	2,172,700
<i>Worldwide Security Protection</i> .....	1,365,374
Total—D&CP .....	8,227,000
Public Diplomacy Subtotal .....	519,875
Worldwide Security Protection Subtotal (Excludes \$13,375,000 requested for fiscal year 2010 that was appropriated in the Supplemental Appropriations Act, 2009 (Public Law 111-32)) .....	1,586,214
Iraq Operations Subtotal (Excludes \$336,000,000 requested for fiscal year 2010 that was appropriated in the Supplemental Appropriations Act, 2009 (Public Law 111-32)) .....	1,121,641

\* Funding in italics denotes a non-add and is not in addition to the subcategory total.

In addition, the conference agreement includes authority to collect \$8,158,305 from certain authorized fees and payments. The Department of State also projects that authorized fee revenues for the Border Security Program of the Department of State will total \$1,657,515,000 in fiscal year 2010.

The conference agreement includes authority for the Secretary of State to transfer up to \$10,000,000 of the funds available under this heading to funds available under the Emergencies in the Diplomatic and Consular Service heading for emergency evacuations and rewards payments, as authorized, as proposed by the House and Senate.

The conference agreement includes a requirement that the Secretary of State submit to the Committees on Appropriations a report detailing planned expenditures for funds appropriated under this heading, not later than 45 days after enactment of this Act, which was not in the House or Senate bills. The conferees expect the report to include accompanying tables that compare the planned fiscal year 2010 spending levels to the actual expenditures for the prior fiscal year and that these tables be updated and submitted when any reprogramming notification is submitted.

## Worldwide Security Protection

The conference agreement provides \$1,586,214,000 for Worldwide Security Protection, which is \$8,787,000 above the House and \$8,786,000 below the Senate. The conferees note that \$13,375,000 requested for fiscal year 2010 was included in the Supplemental Appropriations Act, 2009 (Public Law 111-32), bringing the total available for Worldwide Security Protection in fiscal year 2010 to \$1,599,589,000. Within the amount provided, \$221,926,000, and a projected 200 security positions, are to strengthen the Department's capacity to respond to the growing security challenges at posts around the world, including the requested positions for the second year of the Visa and Passport Security Plan.

## Enhancing Diplomatic Capacity and Readiness

*Human Resources Initiative (HRI).*—The conference agreement does not include a provision specifying an amount for the HRI, as proposed by the Senate. Instead, the amount for the HRI is included in the table above.

The conference agreement includes \$344,190,000 and a projected 745 positions to

enhance the diplomatic capacity and readiness of the Department of State. Within the total, \$118,279,000, and 565 new positions, is for phase II of the HRI, as proposed by the House and Senate. These additional funds provided in fiscal year 2010 will continue the expansion of the Department's training capacity, increase representation on inter-agency and Defense staffs, and augment the overseas diplomatic presence at strategic posts worldwide. The balance, \$225,911,000 and a projected 180 positions, is to meet workload demands and resource requirements at posts in Africa, East Asia and the Pacific, Europe and Eurasia, the Near East, South Central Asia, and the Western Hemisphere, as well as to begin to address the vacancy rate in domestic Foreign and Civil Service positions. The conferees agree that the Secretary of State should give priority to overseas assignments in allocating these positions.

*Locally Employed Staff (LES).*—The conference agreement does not include a provision regarding LES, as proposed by the Senate. However, the conferees recognize and appreciate the invaluable contributions of LES to overseas operations and programs, and note that they often serve without adequate salary increases and/or at less-than-prevaling wages and compensation packages.

The conferees recommend \$695,000,000 for salary and compensation (including awards and special benefits) for LES, and endorse the directive in the Senate bill regarding the review/database, guidelines, and the definition of LES in section 7069(b), (c), and (d), respectively, except that the Department of State shall consult with the Committees on Appropriations on the appropriate length of periodic reviews of salary and compensation guidelines.

*Personnel Strategy.*—The conference agreement requires the Secretary of State to submit to the Committees on Appropriations a strategy for projected personnel requirements for the Department of State over the next three fiscal years, similar to that proposed by the Senate. This strategy should describe the resources required for hiring, training, and deploying new personnel to domestic and overseas positions, including resources necessary for office and housing facilities. Concurrent with the submission of this strategy, the Secretary of State is directed to submit a report describing the hiring, training, and deploying of new staff since fiscal year 2008, including resources expended for such purposes to date, and to update this report on a semi-annual basis.

## Funding Issues

*Afghanistan Operations.*—The conference agreement provides \$485,595,000 for diplomatic operations in Afghanistan for fiscal year 2010, which is the same as the request, after including funds requested for fiscal year 2010 that were appropriated in the Supplemental Appropriations Act, 2009 (Public Law 111-32). The conferees understand that operational requirements in Afghanistan may change, and direct that any such change be subject to the regular notification procedures of the Committees on Appropriations, including changes to the civilian staffing surge that are above the previously justified levels.

The conferees direct the Secretary of State to submit to the Committees on Appropriations not later than 45 days after enactment of this Act and every 60 days thereafter through September 30, 2010, a report detailing all United States Government personnel serving in Afghanistan, including on a temporary duty basis. This report may be submitted in classified form, if necessary, and

may be consolidated with the reporting requirement on civilian staffing levels in Pakistan.

The conference agreement does not include a prohibition on the use of funds in the Act to acquire property in Kabul, Afghanistan, as proposed by the Senate. Instead, section 7004(c) of this Act requires the Secretary of State to consult with the Committees on Appropriations prior to any final decision to acquire property for diplomatic facilities in Kabul.

The conferees note that \$25,000,000 was included for the Department of State's Afghanistan airwing in the Supplemental Appropriations Act, 2009 (Public Law 111-32). The balance of the funds requested for fiscal year 2010, \$35,000,000, is included in this conference agreement.

**Cultural Heritage.**—The conference agreement provides \$5,750,000 for the Ambassador's Fund for Cultural Preservation, of which \$1,000,000 is to support at least two large projects of historic cultural significance, as proposed in the Senate Report. The conferees are aware that the Department of State may use funds made available under the Economic Support Fund (ESF) heading in title III to support additional cultural preservation projects. The conferees intend that all funds made available from this Act for cultural preservation projects be subject to the Committee's regular notification procedures and that the projects should be selected utilizing the technical expertise of the Department's Cultural Heritage Center, including the technical review and competitive process established by the Center.

**Iraq Operations.**—The conference agreement provides \$1,121,641,000 for Department of State Operations in Iraq. This is in addition to \$336,000,000 appropriated under this heading in the Supplemental Appropriations Act, 2009 (Public Law 111-32) for fiscal year 2010, bringing the total available for such purposes in fiscal year 2010 to \$1,457,641,000.

The conferees direct the Department of State to use funds provided for operations in Iraq to address the requirements identified by the Office of Inspector General in Report Number MERO-A-09-10 that arise from the anticipated military drawdown, including enhanced security around Embassy Baghdad's compound, convoy security for fuel, food, and other supplies, commercial air travel as an alternative to military transport, and contracting issues regarding the replacement of United States Army Corps of Engineers' support services.

The conferees continue to encourage the Chief of Mission in Iraq to conduct periodic rightsizing reviews to ensure appropriate civilian staffing levels before, during, and after the anticipated United States military drawdown.

**Intelligence and Research.**—The conferees endorse Senate Report language regarding the Department of State's Bureau of Intelligence and Research, including \$1,000,000 above the request to support six additional analysts for priority countries.

**Joint Action Plan.**—The conference agreement includes sufficient funds for the Secretary of State to allocate the resources and experienced personnel necessary to staff and implement the United States-Brazil Joint Action Plan to Eliminate Racial and Ethnic Discrimination and Promote Equality (JAPER), as proposed by the House.

**Leahy Vetting.**—The conference agreement does not include a Senate provision to transfer funds appropriated under the Foreign Military Financing Program (FMF) heading to the D&CP heading for the Department of

State's Bureau of Democracy, Human Rights and Labor to support monitoring of the uses of FMF assistance. However, the conferees direct that not less than \$2,000,000 from funds made available under this heading be used for such purpose, and that the Secretary of State consult with the Committees on Appropriations prior to the obligation of these funds.

**Pakistan Operations.**—The conference agreement provides \$45,837,000 for diplomatic operations in Pakistan for fiscal year 2010, which is the same as the request. The conferees understand that operational requirements in Pakistan may change and direct that any such change be subject to the regular notification procedures of the Committees on Appropriations, including changes to the civilian staffing surge that are above the previously justified levels.

The conferees direct the Secretary of State to submit to the Committees on Appropriations not later than 45 days after enactment of this Act and every 60 days thereafter through September 30, 2010, a report detailing all United States Government personnel serving in Pakistan, including on a temporary duty basis. This report may be submitted in classified form, if necessary, and may be consolidated with the reporting requirement on civilian staffing levels in Afghanistan.

**Other Issues, Directives and Reporting Requirements**

**American Corners.**—The conferees support the mission of American Corners and Centers in making information about the United States readily available to the public in foreign countries through open and accessible places of learning. The conferees support relocating such Centers outside of New Embassy Compounds wherever feasible, consistent with appropriate security considerations. The conferees support the timely relocation of the American Center in Rangoon, Burma.

The conferees direct the Deputy Secretary for Management, in consultation with the Under Secretary for Public Diplomacy and Public Affairs, the Director of the Office of Overseas Building Operations and the Assistant Secretary, Bureau of Diplomatic Security, to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act, identifying possible Centers for relocation. The report should include security parameters, cost estimates, and proposed funding resources for such relocations.

The conferees endorse the Senate Report requirement for an assessment of the security implications and public diplomacy gains of establishing United States public diplomacy facilities in locations that maximize their use, except that the assessment may be submitted in classified form, if necessary.

**International Child Abductions.**—The conferees are concerned with custody cases involving American children in Jordan, Japan, Brazil, Lebanon, Syria, and other countries, and expect the governments of such countries to expeditiously enforce court orders related to such cases. The conference agreement does not include a provision proposed by the House related to international child abductions. Instead, the conferees direct the Secretary of State to provide periodic updates to the appropriate congressional committees on international child abductions, including information regarding international parental child abductions that are reported to the Office of Children's Issues. The conferees expect the Department of State to maintain an electronic database in

order to track international child abduction cases and facilitate the provision of timely information to interested members of the House and Senate, to the extent that the parent or guardian provides written authorization to do so.

**Overseas Schools.**—The conferees commend the consolidated Overseas Schools Assistance Program for its work in improving educational standards for the children of American families living abroad, and the contributions of the Overseas Schools Advisory Council and its Program of Educational Assistance that helps bring quality educational services to American overseas schools.

**Report on Procurement and Acquisition.**—On January 9, 2008, the Assistant Secretary for Legislative Affairs notified the Committees on Appropriations of the Department of State's intent to fund the acquisition function of the Department on a "fee-for-service" basis through a one percent assessment on the appropriations accounts funding the acquisition. The conferees understand that the rationale for this change was to improve both the responsiveness and accountability of the acquisition/procurement process at the Department. The conferees direct the Undersecretary for Management to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act, which details the manner in which the "fee-for-service" plan was and is being used to improve the responsiveness and oversight of the Department's procurement and acquisition processes. The conferees expect the report to include the number of direct-hire and contract personnel added in fiscal years 2008 and 2009, and the benefit of these personnel and funds in providing increased technical assistance and oversight to these activities.

**Report on Agreements for Transfer and Release of Detainees.**—The conferees direct the Secretary of State to report in writing to the Committees on Appropriations when any agreement is concluded with any country that will receive, by transfer or release, any individual detained at Naval Station, Guantanamo Bay, Cuba. This requirement includes agreements with states with a compact of free association with the United States. The report shall be submitted not later than five days after the conclusion of such agreement.

**Secure Passports.**—The conferees endorse House Report language on secure United States passports, and believe that the passport should provide the highest levels of resistance to counterfeiting, alteration and image substitution. The conferees further expect the Department of State to undertake a review of the current security materials used on the passport, particularly the data page, in order to strengthen its security.

#### CIVILIAN STABILIZATION INITIATIVE

The conference agreement provides \$120,000,000 under this heading for the Civilian Stabilization Initiative (CSI), which is \$5,000,000 below the House and \$30,000,000 below the Senate. In addition, \$30,000,000 is provided under title II for the United States Agency for International Development (USAID) for the CSI, as proposed by the House, for a total of \$150,000,000 to stand-up, equip and deploy a coordinated civilian response capacity.

The conference agreement includes a provision, similar to that proposed by the Senate, withholding \$10,000,000 from obligation until the Secretary of State reports to the Committees on Appropriations that the Department of State has signed a memorandum of understanding with the Department of Defense relating to the provision of airlift for

deployment of Civilian Response Corps (CRC) Standby and Active personnel and equipment.

The conference agreement does not include bill language limiting to \$5,000,000 the amount made available for procurement of armored vehicles, as proposed by the Senate. However, the conferees agree with this limitation and direct that not more than \$5,000,000 of the funds made available under this heading be used for such purpose.

The conference agreement does not include a provision prohibiting the use of funds to establish a Reserve component of the CRC. However, the conferees direct that no funds be made available for this purpose. The conference agreement requires the submission of a joint spending plan, coordinated with USAID, for funds made available under this heading and the CSI heading in title II not later than 45 days after enactment of this Act, as proposed by the House and Senate. The conferees also endorse House Report language requiring notification to the Committees on Appropriations within 15 days of any deployment of a CRC Active and/or Standby unit, to include the destination, size, composition, and expected duration of deployment of such unit.

Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### TITLE I, CIVILIAN STABILIZATION INITIATIVE

(Budget authority in thousands of dollars)

Activity	Budget authority
Salaries, benefits and other personnel costs for Active CRC	21,000
Training for Active and Standby CRC	15,220
Reserve CRC	0
Equipment Acquisition	25,000
Deployments	29,660
Deployment Center	0
CRC Operations Support	8,020
S/CRS Policy and Planning	21,100
Subtotal, CSI—Department of State	120,000
Budget Authority—Title II, CSI—USAID	[30,000]

#### CAPITAL INVESTMENT FUND

The conference agreement provides \$139,000,000 for the Capital Investment Fund, which is \$4,300,000 above the House and \$21,000,000 below the Senate.

#### OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$100,000,000 for the Office of Inspector General (OIG), which is \$8,000,000 below the House and the same as the Senate, of which \$23,000,000 is for the Special Inspector General for Iraq Reconstruction (SIGIR), and \$23,000,000 is for the Special Inspector General for Afghanistan Reconstruction (SIGAR) for reconstruction oversight, as proposed by the Senate.

In addition to the amount made available under this heading, \$2,000,000 is transferred to this account from funds made available under the ESF heading to augment funds made available to the OIG for oversight of assistance activities in Pakistan, which brings the total available in this Act for the OIG to \$56,000,000.

Within the total amount made available to the OIG in fiscal year 2010, the conferees understand that the current program plan includes \$20,100,000 for the OIG's oversight of programs and investigations of fraud, waste, and abuse in the Middle East and South Asia, including Afghanistan, Iraq, and Pakistan, and to establish an OIG satellite office in Islamabad and support the regional office in Amman and the existing satellite offices in Baghdad, Cairo, and Kabul. The conferees further understand that future events may

require the modification of this plan and that such modifications are subject to the regular notification procedures of the Committees on Appropriations.

The Inspectors General of the Department of State, USAID, SIGIR, and SIGAR each have independent oversight and investigative responsibilities in Iraq and Afghanistan. The Inspectors General should, to the maximum extent practicable, coordinate, and de-conflict all activities related to oversight and investigation of assistance programs for the reconstruction of Iraq and Afghanistan to ensure that resources are used effectively and are not unnecessarily duplicative. The Inspectors General of the Department of State and USAID are directed to consult with the Committees on Appropriations on the joint oversight plan in Afghanistan.

The conferees understand that SIGIR will use a portion of the funds made available in fiscal years 2009 and 2010 to make short-term appointments of experienced, career prosecutors and detail them to the Criminal Division of the Department of Justice, where they will work on cases that fall within SIGIR's jurisdiction. The conferees strongly support efforts by SIGIR and the Department of Justice to investigate and prosecute cases of fraud and criminal activity associated with assistance programs in Iraq.

The conferees do not intend for the SIGAR to utilize funds made available under this heading in this or prior Acts to conduct training or other development programs for Afghan ministries.

#### EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

The conference agreement provides \$635,000,000 for Educational and Cultural Exchange Programs (ECE), which is \$35,000,000 above the House and \$243,000 below the Senate. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

(Budget authority in thousands of dollars)

Program/activity	Budget authority
Academic Programs:	
Fulbright Program	253,826
Global Academic Exchanges:	
Educational Advising and Student Services	12,908
English Language Programs	46,563
Subtotal—Global Academic Exchanges	59,471
Special Academic Exchanges:	
Regional Graduate Fellowships	22,660
American Overseas Research Centers	5,000
South Pacific Exchanges	500
Timor Leste Exchanges	500
Mobility (Disability) Exchange Clearinghouse	500
Benjamin Gilman International Scholarship Program	10,420
George Mitchell Fellowship Program	500
University of Miami Hemispheric Program	500
Tibet Fund	750
Subtotal—Special Academic Exchanges	41,330
TOTAL—ACADEMIC PROGRAMS	354,627
Professional and Cultural Exchanges:	
International Visitor Program	95,025
Citizen Exchange Programs	102,000
Kennedy-Lugar Youth Ambassadors Program (YES)	25,000
Special Professional and Cultural Exchanges:	
Congress Bundestag Youth Exchange Program	4,000
Mike Mansfield Fellowship Program	1,902
Irish Institute	1,020
Ngwang Choephel Fellows (Tibet)	650
Youth Science Leadership Institute of the Americas	150
Institute for Representative Government	496
Pakistan Literacy Training Program	375
Subtotal—Special Professional and Cultural Exchanges	8,593
TOTAL—PROFESSIONAL AND CULTURAL EXCHANGES	205,618

#### EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS—Continued

(Budget authority in thousands of dollars)

Program/activity	Budget authority
One-Time Competitive Grants Program	8,000
Program Evaluation	6,174
Exchanges Support	60,581
TOTAL—ECE	635,000

\*Funding in italics denotes a non-add and is not in addition to the subcategory total.

The conferees endorse House Report language concerning the continuation of funding for certain exchange programs detailed under this heading in paragraphs four and five of the House Report. The conferees also endorse House Report language regarding the allocation of at least \$3,000,000 from the increase provided for fiscal year 2010 to expand exchange programs and activities in the visual arts, performing arts, film, arts education, arts management, and cultural studies. The conferees intend that the funds for expanding arts programs and activities be awarded on a competitive and transparent basis in accordance with all applicable rules and regulations.

The conferees direct that a proposal for the programmatic and geographic distribution of available resources (including unobligated balances and recoveries) be submitted through the normal reprogramming process not later than 60 days after enactment of this Act.

The conference agreement provides \$8,000,000 for the One-Time Competitive Grants Program. The conferees endorse the Senate Report directive for the Secretary of State to submit a report on these exchanges not later than September 1, 2010. The conferees also endorse language in the House and Senate Reports regarding this competitively awarded grants program.

The conferees are concerned with the insufficient resources and lack of adequate oversight for youth programs as addressed in OIG Report Number ISP-I-10-16. The conferees direct the Department of State's Bureau of Educational and Cultural Affairs to implement the recommendations contained in the report and to consult with the Committees on Appropriations on the restructuring of the youth exchanges oversight processes to effectively conduct and monitor such exchanges.

#### REPRESENTATION ALLOWANCES

The conference agreement provides \$8,175,000 for Representation Allowances, which is the same as the House and Senate.

The conferees direct the Secretary of State to submit, on a semi-annual basis, reports to the Committees on Appropriations on the allotment and expenditure of representation allowances. The House Report directed such report be submitted on a quarterly basis.

#### PROTECTION OF FOREIGN MISSIONS AND OFFICIALS

The conference agreement provides \$28,000,000 for Protection of Foreign Missions and Officials, which is \$500,000 below the House and \$841,000 above the Senate, of which \$25,600,000 is for the Extraordinary Protection of Foreign Missions and Officials in New York program and \$2,400,000 is for the Extraordinary Protection of Foreign Missions and Officials Elsewhere in the United States program.

The conferees endorse the reporting requirement included under this heading in the House Report on the amount of claims submitted and the level of unobligated funds remaining to pay such claims, which shall be

submitted not later than 60 days after enactment of this Act, and every six months thereafter through September 30, 2010.

#### EMBASSY SECURITY, CONSTRUCTION, AND MAINTENANCE

The conference agreement provides \$1,724,150,000 for Embassy Security, Construction, and Maintenance, which is the same as the House and Senate, of which \$847,300,000 is for priority worldwide security upgrades, acquisition, and construction and \$876,850,000 is for other operations, maintenance and construction.

The conference agreement includes a provision, similar to that proposed by the Senate, requiring the Secretary of State to submit to the Committees on Appropriations a spending plan for the proposed allocation of funds made available under this heading, and the actual and anticipated proceeds of sales for all projects in fiscal year 2010. The conferees also endorse language in the House Report requiring that the spending plan include a list of all properties disposed of, or in the process of disposal, along with the associated actual or anticipated proceeds of sale.

The conferees endorse language and funding directives in the Senate Report regarding soft targets.

#### EMERGENCIES IN THE DIPLOMATIC AND CONSULAR SERVICE (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$10,000,000 for Emergencies in the Diplomatic and Consular Service, which is the same as the House and Senate.

#### BUYING POWER MAINTENANCE ACCOUNT

The conference agreement provides \$8,500,000 for the Buying Power Maintenance Account to manage exchange rate losses in the cost of Department of State operations overseas, which is \$1,000,000 above the House and \$1,500,000 below the Senate.

#### REPATRIATION LOANS PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,450,000 for the Repatriation Loans Program Account, which is the same as the House and Senate, of which \$739,000 is for the Direct Loans Subsidy and \$711,000 is for Administrative Expenses.

#### PAYMENT TO THE AMERICAN INSTITUTE IN TAIWAN

The conference agreement provides \$21,174,000 for Payment to the American Institute in Taiwan, which is the same as the House and Senate.

#### PAYMENT TO THE FOREIGN SERVICE RETIREMENT AND DISABILITY FUND

The conference agreement provides \$158,900,000 for Payment to the Foreign Service Retirement and Disability Fund, which is the same as the House and Senate.

#### INTERNATIONAL ORGANIZATIONS CONTRIBUTIONS TO INTERNATIONAL ORGANIZATIONS

The conference agreement provides \$1,682,500,000 for Contributions to International Organizations, which is \$14,500,000 below the House and Senate.

The conference agreement includes a provision requiring the Secretary of State to notify the Committees on Appropriations 15 days prior to any non-offset increase in the United Nations (UN) budget, as proposed by the House.

The conference agreement does not include a Senate provision directing the Secretary of State to prioritize synchronization payments to international organizations that are im-

portant to the security interests of the United States. However, the conferees endorse language in the House Report requiring a report on the status of United States deferred payments to international organizations. The conferees also endorse language in the Senate Report concerning the Organization of American States.

The conference agreement includes a provision that any payment of arrearages under this heading shall be directed toward activities that are mutually agreed upon between the United States and the respective international organization, as proposed by the Senate and similar to that proposed by the House.

The conferees expect the Department of State to submit a report on the voting practices of UN member states and provide a new report to the Committees on Appropriations on resolutions adopted in the UN Human Rights Council, as outlined in section 7052 of this Act.

#### CONTRIBUTIONS FOR INTERNATIONAL PEACEKEEPING ACTIVITIES

The conference agreement provides \$2,125,000,000 for Contributions for International Peacekeeping Activities, which is the same as the House and Senate.

The conference agreement includes a provision extending availability of 15 percent of funding until September 30, 2011, as proposed by the House and similar to that proposed by the Senate. The conferees include language similar to the Omnibus Appropriations Act, 2009 (Public Law 111-8) providing that the Committees on Appropriations be notified of the estimated cost and length of peacekeeping missions and that the UN should take appropriate measures to hold accountable employees, contractor personnel, or peacekeeping forces who engage in certain wrongful or illegal acts, including prosecution in their home country.

The conferees support the UN Office of Internal Oversight Services (OIOS) to identify waste, fraud and abuse, including sexual abuse in peacekeeping operations, and to recommend corrective action and reform. The conferees direct the Department of State to work to ensure that the OIOS has sufficient resources to carry out its mandate, including through the presence of resident auditors, and to request an annual performance report by the OIOS detailing its budget and activities.

#### INTERNATIONAL COMMISSIONS

The conference agreement provides funding to fully meet United States treaty obligations to International Commissions in fiscal year 2010.

#### INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

##### SALARIES AND EXPENSES

The conference agreement provides \$33,000,000 for the Salaries and Expenses account of the International Boundary and Water Commission, United States and Mexico (IBWC), which is the same as the House and Senate.

#### CONSTRUCTION

The conference agreement provides \$43,250,000 for Construction, which is the same as the House and Senate. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### IBWC—CONSTRUCTION

(Budget authority in thousands of dollars)

Project/activity	Budget authority
Water Quality Program .....	6,750
<i>Nogales International Outfall Interceptor .....</i>	<i>750</i>
<i>Secondary Treatment of Tijuana Sewage .....</i>	<i>6,000</i>
Water Quantity Program .....	29,800
<i>Colorado River Boundary &amp; Capacity Preservation .....</i>	<i>400</i>
<i>Reconstruction of the American Canal .....</i>	<i>3,000</i>
<i>Rio Grande Flood Control System Rehabilitation—Texas ....</i>	<i>21,400</i>
<i>Safety of Dams Rehabilitation .....</i>	<i>5,000</i>
Resource & Asset Management Program .....	6,700
Total—IBWC—Construction .....	43,250

\* Funding in italics denotes a non-add and is not in addition to the subcategory total.

The conferees endorse the requirement in the House Report concerning submission of a consolidated spending plan for funds appropriated for fiscal years 2009 and 2010, not later than 45 days after enactment of this Act, and a follow-up report by September 30, 2010.

#### AMERICAN SECTIONS, INTERNATIONAL COMMISSIONS

The conference agreement provides \$12,608,000 for American Sections, International Commissions, which is the same as the House and Senate. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### AMERICAN SECTIONS, INTERNATIONAL COMMISSIONS

(Budget authority in thousands of dollars)

Commission	Budget authority
International Joint Commission—United States and Canada .....	8,000
International Boundary Commission, United States and Canada .....	2,359
Border Environment Cooperation Commission .....	2,249
Total—American Sections .....	12,608

#### INTERNATIONAL FISHERIES COMMISSIONS

The conference agreement provides \$53,976,000 for the International Fisheries Commissions, which is \$5,400,000 above the House and \$5,000,000 above the Senate.

Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### INTERNATIONAL FISHERIES COMMISSIONS

(Budget authority in thousands of dollars)

Commission	Budget authority
Great Lakes Fishery Commission .....	28,200
<i>Water Quality Improvements and Lamprey Control .....</i>	<i>6,500</i>
Inter-American Tropical Tuna Commission .....	1,800
Pacific Salmon Commission .....	3,250
Pacific Salmon Treaty Commitment .....	15,000
International Pacific Halibut Commission .....	3,250
Other Marine Conservation Organizations:

\* Funding in italics denotes a non-add and is not in addition to the subcategory total.

The conference agreement includes \$6,500,000 within the amount provided for the

Great Lakes Fishery Commission for continued lamprey control, and to expand invasive species control, native species and habitat restoration, and water quality improvements in the Lake Champlain Basin. The conferees intend these funds to be used to accelerate implementation of a long-term management plan for Lake Champlain.

#### RELATED AGENCY

##### BROADCASTING BOARD OF GOVERNORS

##### INTERNATIONAL BROADCASTING OPERATIONS

The conference agreement provides \$733,788,000 for the International Broadcasting Operations (IBO) activities of the Broadcasting Board of Governors (BBG), which is the same as the House and \$15,960,000 above the Senate. The conference agreement includes increased funding to support transmission and Internet enhancements to reach audiences in Iran, Pakistan, and Afghanistan; the BBG Foreign Service Officer comparability pay costs; and a transfer to the Broadcasting Capital Improvements account to fully support critical capital maintenance and equipment.

Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

Program/Activity	Budget authority
International Broadcasting Operations:	
Voice of America (VOA) .....	204,690
Radio and TV Marti .....	30,474
Engineering and Technical Services .....	191,256
Agency Direction .....	27,247
International Broadcasting Bureau Management and Support .....	39,809
Subtotal, IBO .....	493,476
Independent Grantee Organizations:	
Radio Free Europe/Radio Liberty .....	91,063
Radio Free Asia (RFA) .....	36,648
Middle East Broadcasting Networks .....	112,601
Subtotal, Independent Grantee Organizations .....	240,312
Total, IBO .....	733,788

The conference agreement provides \$30,474,000 for Radio and TV Marti, of which not more than \$5,500,000 may be made available for non-salary and benefits expenses for TV Marti. The BBG shall submit to the Committees on Appropriations within 90 days of enactment of this Act a multi-year strategic plan for broadcasting to Cuba that reflects the following: (1) an analysis of the current situation in Cuba and an allocation of resources that is consistent with the relative priority of broadcasting to Cuba as determined by the annual Language Service Review and other factors, including input from the Secretary of State on the relative United States interest of broadcasting to Cuba; (2) the estimated size of the audiences in Cuba for Radio and TV Marti, and the sources and relative reliability of the data on which such estimates are based; (3) the annual operating cost (and total cost over the life of the contract) of—any and all—types of TV transmission and the effectiveness of each in increasing such audience size; (4) the principal obstacles to increasing such audience size; (5) an analysis of other options for disseminating news and information to Cuba including DVDs, the Internet, and cell phones and other handheld electronic devices and a report on the cost effectiveness of each; and (6) an analysis of the program efficiencies and effectiveness that can be achieved through shared resources and cost saving opportunities in radio and television production between Radio and TV Marti and the Voice of America. Within 90 days of the submission of the strategic plan outlined above, the Com-

troller General of the General Accountability Office (GAO) shall conduct an assessment of the strategic plan and submit to the Committees on Appropriations its analysis of the data on which the plan is based and the plan's recommendations.

The conferees endorse language in the House Report regarding the maintenance of VOA language services supported in fiscal year 2009, funding for VOA English, and the rejection of proposals to end certain VOA language broadcasts and programs.

The conferees endorse language in the House and Senate Reports regarding the maintenance of the VOA and RFA Tibetan broadcasts at the fiscal year 2009 surge levels.

The conferees concur with the program emphases placed in the House and Senate Reports on Radio Farda, including transmission and Internet enhancements to reach audiences in Iran, and Radio Free Iraq. The conferees endorse the funding priority in the Senate Report concerning Pashto and Dari broadcasts targeted toward Afghanistan and northwest Pakistan.

The conferees note the GAO recommends that as the Administration develops a new comprehensive communication strategy, Federal agencies, including the BBG, should identify and link key agency-level programs, goals, and performance measurements to the strategy. The conferees direct that not later than 60 days after the new strategy is issued, the BBG report to the Committees on Appropriations on the linkages between the BBG's strategic plan and performance measurement system and the new strategy; BBG's participation in inter-agency activities related to the implementation of the strategy; and which national communication goals the BBG believes it can support under its mandate and strategic plan and those goals the BBG considers inconsistent and therefore cannot support.

The conference agreement includes a provision requiring the BBG to report to the Committees on Appropriations within 45 days after enactment of this Act on several matters relating to management and editorial controls and to adherence to the relevant journalistic code of ethics, which is similar to that proposed by the House in section 7006. The conference agreement also requires the BBG to notify the Committees on Appropriations within 15 days of any determination by the Board that any of its broadcast entities was found to be in violation of the aforementioned principles, standards, or journalistic code of ethics, as proposed by the House.

The conference agreement also includes a provision, section 7071(f)(2), that provides up to \$8,000,000 to maintain VOA and RFA broadcasts to North Korea at the fiscal year 2009 levels.

The conference agreement includes a new provision extending through fiscal year 2010 the personal service contract authority of Section 504(c) of the Foreign Relations Authorization Act, Fiscal Year 2003 (Public Law 107-228).

##### BROADCASTING CAPITAL IMPROVEMENTS

The conference agreement provides \$12,622,000 for Broadcasting Capital Improvements, which is \$40,000 below the House and the same as the Senate.

#### RELATED PROGRAMS

##### THE ASIA FOUNDATION

The conference agreement provides \$19,000,000 for The Asia Foundation, which is the same as the House and Senate.

##### UNITED STATES INSTITUTE OF PEACE

The conference agreement provides \$49,220,000 for the United States Institute of

Peace (USIP), which is the same as the House and Senate.

The conference agreement includes up to \$15,000,000 of funds made available under this heading to continue construction of the USIP headquarters. The conferees expect that any further USIP construction requirements will be financed with private funds and do not intend for program funds to be re-programmed for construction or construction-related activities.

##### CENTER FOR MIDDLE EASTERN-WESTERN DIALOGUE TRUST FUND

The conference agreement provides \$875,000 for the Center for Middle Eastern-Western Dialogue Trust Fund, which is the same as the House and Senate.

##### EISENHOWER EXCHANGE FELLOWSHIP PROGRAM

The conference agreement provides \$500,000 for the Eisenhower Exchange Fellowship Program, which is the same as the House and Senate.

##### ISRAELI ARAB SCHOLARSHIP PROGRAM

The conference agreement provides \$375,000 for the Israeli Arab Scholarship Program, which is the same as the House and Senate.

##### EAST-WEST CENTER

The conference agreement provides \$23,000,000 for the East-West Center, which is \$23,000,000 above the House and \$1,000,000 below the Senate.

The conferees endorse the Senate Report recommendation that up to \$2,500,000 be made available for infrastructure improvements, and be matched by private contributions.

##### NATIONAL ENDOWMENT FOR DEMOCRACY

The conference agreement provides \$118,000,000 for the National Endowment for Democracy (NED), which is \$18,000,000 above the House and \$2,000,000 below the Senate.

Of the total, the conferees direct that \$100,000,000 shall be allocated in the traditional and customary manner, as in prior years, to include the core institutes, and that \$18,000,000 shall be for other democracy, human rights, and rule of law programs, including support to promote democracy and human rights in North Korea.

Certain authorities, definitions, and notifications regarding the promotion of democracy abroad are included under section 7034 of this Act.

The conference agreement provides \$250,000 for assistance related to Tibet, and the conferees endorse House and Senate Report language on Tibet.

The conference agreement requires the President of NED to provide a report on the proposed uses of funds on a regional and country basis not later than 45 days after enactment of this Act, in lieu of the spending and financial plan reporting requirements as proposed by the House and Senate. The report should include programmatic goals for each country and region, and how the planned use of funds will meet such goals. The conferees direct NED to consult with the Committees on Appropriations in advance of any significant deviation from the plans outlined in such report.

#### OTHER COMMISSIONS

##### COMMISSION FOR THE PRESERVATION OF AMERICA'S HERITAGE ABROAD SALARIES AND EXPENSES

The conference agreement provides \$635,000 for salaries and expenses of the Commission for the Preservation of America's Heritage Abroad, which is the same as the House and Senate.

UNITED STATES COMMISSION ON  
INTERNATIONAL RELIGIOUS FREEDOM  
SALARIES AND EXPENSES

The conference agreement provides \$4,300,000 for salaries and expenses of the United States Commission on International Religious Freedom, which is the same as the House and Senate. The conference agreement includes a provision to increase the annual cap on consulting fees to \$250,000 in order to procure the technical and language expertise that is required to complete special projects undertaken by the Commission in fiscal years 2009 and 2010.

COMMISSION ON SECURITY AND COOPERATION IN  
EUROPE

SALARIES AND EXPENSES

The conference agreement provides \$2,610,000 for salaries and expenses of the Commission on Security and Cooperation in Europe, which is the same as the House and Senate.

CONGRESSIONAL-EXECUTIVE COMMISSION ON  
THE PEOPLE'S REPUBLIC OF CHINA

SALARIES AND EXPENSES

The conference agreement provides \$2,000,000 for salaries and expenses of the Congressional-Executive Commission on the People's Republic of China, which is the same as the House and Senate.

UNITED STATES-CHINA ECONOMIC AND  
SECURITY REVIEW COMMISSION

SALARIES AND EXPENSES

The conference agreement provides \$3,500,000 for salaries and expenses of the United States-China Economic and Security Review Commission, which is the same as the House and Senate, and includes certain technical modifications, as proposed by the Senate.

TITLE II

UNITED STATES AGENCY FOR  
INTERNATIONAL DEVELOPMENT  
FUNDS APPROPRIATED TO THE PRESIDENT  
OPERATING EXPENSES  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,388,800,000 for Operating Expenses, which is the same as the House and Senate.

The conference agreement provides funding to support the hiring of an estimated 300 additional USAID Foreign Service Officers under the Development Leadership Initiative (DLI). The conference agreement includes a provision requiring the USAID Administrator to submit a strategy for projected personnel requirements over the next three fiscal years, similar to that proposed by the Senate. This strategy should describe the resources required for hiring, training, and deploying new personnel to domestic and overseas positions, including resources necessary for office and housing facilities. Concurrent with the submission of this strategy, the USAID Administrator is directed to submit a report describing the hiring, training, and deploying of new staff since the DLI began in fiscal year 2008, including resources expended for such purposes to date. This report should be updated on a semi-annual basis. The conferees intend that one of the outcomes of the personnel expansion at USAID will be increased oversight of programs and activities.

The conferees are aware of concerns with civilian capacity necessary to effectively administer programs in Pakistan and Afghanistan and have provided funds in this Act and prior Acts to support a civilian surge. The conferees direct the USAID Administrator to provide a report to the Committees on Ap-

propriations on a semi-annual basis that describes the USAID workforce in both countries, including geographical distribution, skill sets, and training, as well as the physical space and capacity to absorb additional personnel.

The conferees believe that USAID's increased reliance on sole source contract awards, indefinite quantity contracts, and large umbrella awards undermines competitive processes, inhibits the participation of small organizations with niche expertise, limits creative and innovative approaches to programming, and is neither cost effective nor consistent with sustainable development. The conferees endorse the notification requirements in the House Report and the reporting requirement in the Senate Report, and require the USAID Administrator to consult with the Committees on Appropriations on steps that will be taken to reduce reliance on these mechanisms in the future and increase support for building capacity of local organizations and institutions, including the training that will be provided to new personnel hired under the DLI.

The conferees endorse the small minority-owned and disadvantaged business enterprises reporting requirement, as proposed in the House Report.

The conference agreement provides up to \$1,000,000 for special compensation for LES in section 7059(n), as proposed by the Senate, and requires the USAID Administrator to consult with the Committees on Appropriations on proposed guidelines for special compensation of these employees.

Implementation of USAID's Partner Vetting System is addressed in section 7034(o) of this Act.

CIVILIAN STABILIZATION INITIATIVE

The conference agreement provides a total of \$150,000,000 to continue to stand up a capacity for the Department of State, USAID, and other relevant civilian agencies to respond to post-conflict stabilization and reconstruction challenges, which is \$5,000,000 below the House and the same as the Senate. Within the amounts provided in this Act, \$30,000,000 is included under this heading, as proposed by the House, and \$120,000,000 is included under a similar heading in title I for this purpose.

Funds provided under this heading are intended to support costs associated with implementation of the Civilian Deployment Center; operational costs of the Office of Civilian Response; relevant USAID personnel salaries, expenses and training; and some deployment costs. The conferees direct that none of the funds provided under this heading may be used to establish a Reserve Corps component of the Civilian Response Corps. USAID and the Department of State shall jointly consult with the Committees on Appropriations prior to the obligation of funds made available under this heading.

The conference agreement includes language proposed by the House requiring the USAID Administrator and the Secretary of State to submit a coordinated joint spending plan for funds available under this heading and the CSI heading in title I.

CAPITAL INVESTMENT FUND

The conference agreement provides \$185,000,000 for Capital Investment Fund, which is the same as the House and \$28,000,000 below the Senate, of which up to \$134,500,000 is provided for implementation of the Capital Security Cost-Sharing Program. The conferees endorse the reporting requirement, as proposed in the House Report.

OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$46,500,000 for the Office of Inspector General,

which is the same as the House and Senate. The conferees continue to believe that programs funded through emergency appropriations should be regularized into the annual budget process.

The conferees direct the USAID Inspector General to continue to expand oversight activities of United States Government assistance programs in Pakistan and Afghanistan. The conferees understand that by the end of fiscal year 2010, the USAID Inspector General will have a fully staffed office in Islamabad that will consist of seven auditors, two investigators, and five Foreign Service National auditors/investigators, and a fully staffed office in Kabul that will consist of three auditors and two investigators. The Office of Inspector General is directed to ensure that efforts are de-conflicted from the oversight plans of other agencies and to consult with the Committees on Appropriations on the joint oversight plan in Afghanistan and Pakistan. In addition, the Office of Inspector General is directed to inform the Committees on Appropriations if gaps in oversight are identified.

The conferees endorse House Report language directing the Office of Inspector General to consult with the Committees on Appropriations on a regular and on-going basis.

TITLE III

BILATERAL ECONOMIC ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

The conference agreement provides funding in this Act for certain sectors in the amounts allocated according to the following table, subject to the provisions of section 7019 of this Act:

SECTORS

(Budget authority in thousands of dollars)

Program	Budget authority
Food Security and Agricultural Development .....	1,169,833
Water .....	315,000
Basic Education .....	925,000
Higher Education .....	200,000
Microenterprise and Microfinance .....	265,000
Climate Change and Environment .....	1,257,200
Adaptation .....	122,750
Clean Energy .....	108,500
Sustainable Landscapes .....	74,450
Biodiversity .....	205,000

\*Funding in italics denotes a non-add and is not in addition to the sub-category total.

GLOBAL HEALTH AND CHILD SURVIVAL

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$7,779,000,000 for Global Health and Child Survival (GHCS), which is \$15,000,000 below the House and \$6,000,000 above the Senate. Of the total, \$2,420,000,000 is apportioned directly to USAID and \$5,359,000,000 is apportioned directly to the Office of the United States Global AIDS Coordinator (OGAC) at the Department of State. Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

GLOBAL HEALTH AND CHILD SURVIVAL

(Budget authority in thousands of dollars)

Programs/accounts	Budget authority
Child Survival and Maternal Health (USAID) .....	549,000
Iodine deficiency disorder .....	2,000
Polio .....	32,000
The GAVI Alliance .....	78,000
Micro nutrients .....	33,000
Vitamin A .....	[23,000]
Vulnerable Children (USAID) .....	15,000
Blind children .....	2,000
HIV/AIDS (USAID) .....	350,000
Microbicides .....	45,000

GLOBAL HEALTH AND CHILD SURVIVAL—Continued  
(Budget authority in thousands of dollars)

Programs/accounts	Budget authority
HIV/AIDS (Department of State)	5,359,000
Global Fund to Fight HIV/AIDS, Tuberculosis, and Malaria	750,000
Nutritional support	130,000
TB/HIV co-infection	160,000
UNAIDS	43,000
Family Planning/Reproductive Health (USAID)	525,000
Other Infectious Diseases (USAID)	981,000
Pandemic preparedness and response	106,000
Malaria	585,000
Tuberculosis	225,000
Global Tuberculosis Drug Facility	(15,000)
Neglected Tropical Diseases	65,000
Total—GHCS	7,779,000

\*Funding in italics denotes a non-add and is not in addition to the sub-category total.

The conference agreement includes language that allows funding provided under this heading to be used for programs to address neglected tropical diseases, as proposed by the Senate; language on the determination related to organizations that have been found to support or participate in the management of a program of coercive abortion, as proposed by the Senate; and language on the procurement of condoms, similar to that proposed by the House.

The conferees endorse the reporting requirement on global health program effectiveness, similar to that proposed by the House. The report should include an analysis of key global health challenges, a review of the interventions that have been found to have the greatest impact in addressing these challenges, and opportunities for the United States to increase support for these interventions in order to significantly reduce mortality and morbidity. The report should pay special attention to those issues that have not received adequate support in the past, including maternal health which is directly related to child survival; the role that the United States could play in promoting best practices; and the role of other donor countries in expanding access to these critical interventions. The conferees direct the Secretary of State to consult with the Committees on Appropriations prior to, and during, the development of this report.

The conferees endorse the HIV/AIDS prevention reporting requirement, as proposed by the House, which should include a description of HIV/AIDS prevention interventions that could be components of a United States global HIV/AIDS strategy and their effectiveness; an analysis of how these interventions should be implemented in order to address key drivers of the epidemic; the goals of the United States prevention strategy and how progress toward these goals will be measured; and a review of how the United States will collaborate with other bilateral and multilateral donors to reduce duplication. This report should include country-by-country prevention interventions and goals to ensure that unique conditions on the ground are taken into account.

The conferees direct OGAC to include, in future quarterly Summary Financial Status Reports of the global AIDS program, data on outlays as a percentage of the total amount of appropriated funds available for each country and Federal agency. Third quarter reports shall include a brief explanation of the factors contributing to countries falling behind target obligation and outlay rates.

The conferees are aware of the fiscal year 2010 Coordinated Audit Plan for global AIDS programs that has been developed by the relevant Inspectors General and are concerned that the Office of Inspector General at the Department of Health and Human Services

does not plan to audit global AIDS funds transferred to the agency in the coming year. The OGAC Director is to report to the Committees on Appropriations on steps taken by OGAC to ensure that all program funds, including funds transferred to other agencies, are audited on a regular basis.

The conferees provide \$750,000,000 for the Global Fund to Fight AIDS, Tuberculosis and Malaria in this Act. The conferees remain committed to supporting a performance-based, results-oriented, multilateral financing instrument to combat these diseases. The conferees support efforts by the "Working Group to Manage the Tension between Demand and Supply in a Resource Constrained Environment" to ensure that Global Fund resources are used efficiently and effectively. The Committees on Appropriations expect to be updated by OGAC on further efforts of this group. The conferees endorse the Global Fund reporting requirement, as proposed by the House.

The conferees endorse the research and development reporting requirement, as proposed by the Senate, which should include a discussion of microbicides research and development and opportunities for expanded research and development related to child immunizations.

The conference agreement includes \$106,000,000 for pandemic preparedness and response activities to support H1N1 influenza and avian influenza surveillance, immunization delivery, and treatment programs internationally. The conferees note that the budget request did not include specific funding to address the H1N1 influenza outbreak and continue to support the transfer authority provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32) to combat an H1N1 influenza pandemic, if the President determines that the human-to-human transmission of the virus is virulent, efficient and sustained, severe, spreading internationally to multiple regions, and has been designated by the World Health Organization to be at the highest phase of Global Influenza Pandemic Alert. The conferees also continue to support the use of funds provided in title VIII of the Supplemental Appropriations Act, 2009 (Public Law 111-32) to support USAID's international response to H1N1 influenza.

The conferees support the use of family planning/reproductive health funds for programs in areas where population growth exacerbates human vulnerability to the impacts of climate change, as proposed by the Senate.

The conference agreement does not include a provision proposed by the House and Senate regarding funds to monitor and provide oversight of certain global health programs. However, the conferees direct that not to exceed \$400,000, in addition to funds otherwise available for such purposes, may be used to monitor and provide oversight of child survival, maternal and family planning/reproductive health, and infectious disease programs.

#### DEVELOPMENT ASSISTANCE

The conference agreement provides \$2,520,000,000 for Development Assistance (DA), which is \$30,000,000 above the House and \$47,000,000 below the Senate.

The conference agreement does not include language concerning the availability of funds related to water and microenterprise/microfinance programs, as proposed by the Senate. The conference agreement includes language requiring the relevant USAID bureaus and offices that support cross-cutting development programs, including but not

limited to water, food security, and democracy and governance, to coordinate such programs on a regular basis, similar to that proposed by the Senate.

#### Agriculture and Food Security

The conference agreement provides a total of \$1,169,833,000 for agricultural development and food security programs, of which \$31,500,000 is for Collaborative Research Support Programs.

The conference agreement includes a provision requiring the Secretary of State, in consultation with the USAID Administrator, to submit a strategy for achieving food security and agricultural development program goals, as proposed by the House and Senate. The conferees expect this strategy to take into account the technical capacities and capabilities of other United States Government agencies. However, the conferees intend that the agencies funded in this Act should serve as the primary conduits for programmatic implementation. In cases where funding is transferred to other agencies, the conferees direct the Department of State to ensure that these funds are properly audited as directed in section 7009(e) of this Act and that oversight of these programs is conducted in a manner consistent with Department of State and USAID requirements.

The conference agreement does not include language authorizing the use of funds under this heading for local and regional purchase, as proposed by the Senate. Local and regional purchase is addressed under the International Disaster Assistance heading.

The conferees provide not less than \$30,000,000 for dairy development and livestock programs, as proposed by the House.

The conference agreement provides not less than \$35,000,000 for agricultural research programs, including plant and biotechnology.

The conference agreement provides \$10,000,000 as a United States contribution to the endowment of the Global Crop Diversity Trust.

The conference agreement provides funding for a multilateral food security initiative. The Committees on Appropriations shall be consulted on the proposed uses prior to the obligation of these funds.

The conference agreement includes language related to the exercise of notwithstanding authority, as proposed by the Senate, and the Secretary of State is directed to provide the Committees on Appropriations a written justification within five days when such authority is used.

#### Economic Development

COOPERATIVE DEVELOPMENT PROGRAM.—The conference agreement provides \$10,000,000 for this program within USAID's Office of Private and Voluntary Cooperation, as proposed by the Senate.

GENDER INTEGRATION.—The conferees endorse the reporting requirement proposed in the House Report related to the integration of gender considerations into agriculture and economic development programs.

MICROFINANCE AND MICROENTERPRISE PROGRAMS.—The conferees note that while USAID has increased its microenterprise activities in Africa in recent years, there has been relatively small investment in microfinance in Africa. The conferees direct the USAID Administrator to consult with the Committees on Appropriations on a strategy to increase funding for this purpose. The conferees further direct that up to 25 percent of funding be made available to build the institutional and human capacity of microfinance institutions.

The conferees direct that at least 50 percent of funds provided for microfinance and microenterprise programs be for grants and cooperative agreements to not-for-profit networks, practitioner institutions, and non-governmental organizations (NGOs), and direct that USAID's Office of Microenterprise Development, in consultation with the Committees on Appropriations, develop a strategy to meet this mandate. This strategy shall be submitted to the Committees on Appropriations not later than 90 days after enactment of this Act, and shall include a description of USAID's strategy to increase outreach to women, and the poor and very poor who are currently without access to financial services.

**Oversight.**—The conference agreement does not include a provision regarding funds to monitor certain programs for children and victims of war, as proposed by the House and Senate. However, the conferees direct that not to exceed \$60,000, in addition to funds otherwise available for such purposes, may be used to monitor and provide oversight of programs for displaced and orphaned children and victims of war.

**Reporting Requirements.**—The conferees endorse the reporting requirements on program review and impact evaluation processes, as proposed by the Senate, except that such report should be provided to the relevant appropriations and foreign affairs committees of the House and Senate.

The conferees endorse the small and medium enterprises reporting requirement, as proposed by the Senate.

The contracting reporting requirement proposed by the Senate is addressed under the USAID Operating Expenses heading.

**Safe Water.**—The conference agreement provides not less than \$315,000,000 for water and sanitation supply projects pursuant to the Senator Paul Simon Water for the Poor Act of 2005 (Public Law 109-121), including safe water for communities harmed by oil contamination in the northeastern region of Ecuador. The conferees endorse language in the House and Senate Reports on safe water and water management programs.

**Trade Capacity Building.**—The conference agreement provides \$20,000,000 for trade capacity building programs related to the Central America Free Trade Agreement, and \$16,000,000 for United States-Peru Free Trade Agreement labor law capacity building and for implementation of the environmental chapter of such agreement, similar to that proposed by the House.

**University Programs.**—The conferees direct the USAID Administrator to submit the report on the status of activities undertaken with American institutions of higher education, as proposed in the House Report.

**War Victims and Victims of Torture.**—The conference agreement provides \$14,000,000 for the Patrick Leahy War Victims Fund and \$13,000,000 for programs and activities that address the needs of victims of torture.

**Women's Leadership Training.**—The conference agreement provides \$20,000,000 for women's leadership capacity building programs, as proposed by the House.

#### Education

**Basic Education.**—The conference agreement provides a total of \$925,000,000 for basic education programs in this Act, of which \$365,000,000 is provided under this heading. The conferees are concerned with the availability of education for children who are refugees or internally displaced, and encourage USAID to use a portion of basic education funds for programs in such settings. The conferees intend that schools supported with

basic education funds appropriated in this Act should, when practicable, serve as "Communities of Learning" and should be a focal point for development programs, as proposed by the House. USAID shall ensure that pilot programs implemented pursuant to section 664 of division J of the Consolidated Appropriations Act, 2008 (Public Law 110-161) include "Communities of Learning" in the five year strategic plans, where appropriate.

**Higher Education.**—The conference agreement provides not less than \$200,000,000 for higher education programs in this Act, of which not less than \$25,000,000 shall be for such programs in Africa, as proposed by the Senate. The conferees believe that higher education partnerships between American and African institutions of higher education should be expanded and \$15,000,000 is provided for this purpose, as proposed by the Senate, which shall be awarded in an open and competitive process in accordance with all applicable rules and regulations.

#### Climate Change and Environment

**Biodiversity.**—The conference agreement includes a total of \$205,000,000 in title III of this Act for biodiversity programs, particularly to protect forests, wildlife, and water ecosystems. Of this amount, not less than \$25,000,000 is for USAID's conservation programs in the Amazon Basin, of which \$15,000,000 is for the Initiative for Conservation in the Andean Amazon and \$10,000,000 is for such activities in Brazil. In addition, \$20,500,000 is for the Congo Basin Forest Partnership; \$7,500,000 is for the Coral Triangle Initiative; \$5,000,000 is for international programs of the United States Fish and Wildlife Service, particularly in central Africa; \$2,000,000 is for the Department of State's Bureau of Oceans and International Environmental and Scientific Affairs and USAID to support inter-agency outreach and capacity building programs and activities in developing countries related to implementation and enforcement of section 8204 of the Food, Conservation, and Energy Act, 2008 (Public Law 110-246); and \$1,000,000 is for conservation and related programs of the Department of Interior in the Maya Biosphere Reserve in Guatemala. The conferees direct USAID to consult with the Committees on Appropriations on a multi-year strategy for forest and archeological conservation in the Peten region of Guatemala. The conferees endorse language in the Senate Report on the protection of orangutan habitat in Borneo and Sumatra, and support wildlife conservation in Southern Sudan and Niger. In addition, the conferees recommend that USAID work with the United States National Park Service and the National Oceanic and Atmospheric Administration to protect forests, wildlife, and water ecosystems in developing countries. The conferees direct the agencies administering these funds to consult with the Committees on Appropriations prior to the obligation of funds.

**Climate Change.**—The conference agreement includes a total of \$1,257,200,000 for climate change programs in this Act, of which \$108,500,000 is for clean energy, \$74,450,000 is for sustainable landscapes, and \$122,750,000 is for adaptation programs.

The conferees intend that funds for clean energy programs will be used only to support programs that promote the sustainable use of renewable energy technologies and energy efficient end-use technologies, carbon sequestration, and carbon accounting. The primary objective of these programs should be to reduce, mitigate, and/or sequester emissions of greenhouse gases. The conferees direct that no funds shall be utilized for any

nuclear, coal or other fossil fuel technology or production. The conferees intend that USAID's programs should complement the efforts undertaken by the Department of State's Bureau of Oceans and International Environmental and Scientific Affairs as well as programs implemented through the Clean Technology Fund (CTF), the Strategic Climate Fund (SCF), and the Global Environment Facility.

The conferees urge USAID to expand support in rural communities for small scale solar and other renewable energy technologies, which provide clean, healthier and more economically sustainable sources of energy than fossil fuels and help reduce migration to overpopulated urban areas.

The conferees intend that funds for sustainable landscapes programs will be used to support activities to maximize climate change mitigation, including carbon removals and avoided emissions, through efforts to protect and preserve landscapes and ecosystems. These efforts should include programs that preserve tropical forests, abandoned lands, and other endangered landscapes. In addition, programs to build institutional capacity to measure and monitor greenhouse gas emissions and removal, and policy reforms including land tenure, should be supported. These programs should not duplicate similar efforts currently implemented through USAID's biodiversity programs.

The conferees intend that a significant portion of funding provided for sustainable landscapes programs should be used to expand activities that reduce emissions from tropical forest destruction and degradation (commonly called REDD) in order to avoid the worst effects of global climate change. USAID should increase support for programs that assist developing countries in building their institutional and governance capacity to manage forest resources in a manner that demonstrates measurable, reportable and verifiable emissions reductions; develops strong forest governance laws; and improves law enforcement against illegal logging. These programs should be transparent and should respect the rights of indigenous and forest-dependent people, who should be consulted and included in the design and implementation of programs. The Department of State and USAID are directed to consult jointly with the Committees on Appropriations not later than 90 days after enactment of this Act on the United States Government strategy related to REDD and the capacity of developing countries to implement these programs.

The conferees intend that adaptation program funds will be used to ensure that ongoing programs and projects are designed to be as resilient as possible to climate variability and change. This funding should be used to ensure that climate change factors are taken into account during program assessment and design and that any program modifications are included in final implementation.

#### Country Issues

**Bangladesh.**—The conference agreement provides \$66,271,000 for assistance for Bangladesh.

**Cambodia.**—The conference agreement provides \$19,000,000 for assistance for Cambodia.

**Central Africa Regional.**—The conference agreement provides \$20,500,000 for assistance for programs in Central Africa.

**Countries of Central America.**—The conferees are concerned with the lack of due process and a transparent judiciary in Nicaragua and Honduras. The conferees direct the Secretary

of State to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act on the Department of State's efforts to effectuate due process with respect to claims against American companies in these countries.

**Guatemala.**—The conference agreement provides up to \$2,000,000, of the funds made available for assistance for Guatemala, for legal reform programs and gender-based violence programs, as proposed in the House Report.

**India.**—The conference agreement provides \$12,000,000 for assistance for India, including up to \$2,000,000 for assistance for Tibetan refugee communities in India, Nepal and Bhutan, as proposed in the House Report.

**Indonesia.**—The conference agreement provides \$71,000,000 for assistance for Indonesia.

**Kenya.**—The conference agreement provides \$76,885,000 for assistance for Kenya.

**Mexico.**—The conference agreement provides \$10,000,000 for assistance for Mexico.

**Mongolia.**—The conference agreement provides \$7,500,000 for assistance for Mongolia.

**People's Republic of China.**—The conference agreement provides \$12,000,000 to support democracy, rule of law, and environmental programs in China, which shall be awarded in an open and competitive process in accordance with all applicable rules and regulations, similar to that proposed in the Senate Report.

**Peru.**—The conferees direct that \$500,000, of the funds made available for assistance for Peru, shall be made available for continued forensic assistance for Peru where as many as 15,000 persons are missing as a result of armed conflict, to be administered by the Department of State's Bureau of Democracy, Human Rights and Labor.

**Philippines.**—The conference agreement provides \$40,310,000 for assistance for the Philippines.

**Sri Lanka.**—The conference agreement provides \$9,900,000 for assistance for Sri Lanka.

**Thailand.**—The conference agreement provides \$6,151,000 for assistance for Thailand.

**Timor-Leste.**—The conference agreement provides \$20,200,000 for assistance for Timor-Leste.

**Uganda.**—The conference agreement provides \$70,650,000 for assistance for Uganda. The conferees direct the Secretary of State to closely monitor preparations for the 2011 elections in Uganda, and to actively promote, in coordination with the European Union, Canada and other nations, the independence of the election commission; the need for an accurate and verifiable voter registry; the announcement and posting of results at the polling stations; the freedom of movement and assembly and a process free of intimidation; freedom of the media; and the security and protection of candidates. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act and every 120 days thereafter until 30 days after the elections, detailing actions taken by the Government of Uganda to address these concerns.

**Vietnam.**—The conference agreement provides \$17,500,000 for assistance for Vietnam, including for technical and other assistance to the Government of Vietnam for the purpose of locating and identifying Vietnamese persons missing since 1975, as proposed by the Senate.

**Yemen.**—The conference agreement provides \$35,000,000 for assistance for Yemen.

#### INTERNATIONAL DISASTER ASSISTANCE

The conference agreement provides \$845,000,000 for International Disaster Assist-

ance, which is \$15,000,000 above the House and \$10,000,000 below the Senate.

The conference agreement neither designates, nor assumes, a specific amount for food assistance from funds made available under this heading, as proposed by the House. However, the conferees understand that, as in previous years, a significant portion of the funds made available under this heading will support food assistance in fiscal year 2010 and will be in addition to the \$1,169,833,000 designated in this Act for food security and agricultural development.

The conferees endorse the reporting requirement on local and regional procurement of food assistance contained in the House Report, except the submission date shall be September 30, 2010.

#### TRANSITION INITIATIVES

The conference agreement provides \$55,000,000 for Transition Initiatives, which is \$45,000,000 below the House and \$10,000,000 below the Senate.

The conference agreement includes a provision which allows for the transfer of up to \$15,000,000 to this account upon a determination by the Secretary of State, as proposed by the Senate. The conference agreement does not include authority for a new Rapid Response Fund under this heading, as proposed by the House.

#### COMPLEX CRISES FUND

The conference agreement provides \$50,000,000 for the Complex Crises Fund (CCF), which is \$50,000,000 above the House and \$50,000,000 below the Senate. This new account provides greater flexibility to USAID to prevent or respond to emerging or unforeseen complex crises overseas, and is similar to the Emergency Crises Fund account proposed by the Senate. The CCF consolidates the budget requests for a Rapid Response Fund and a Stabilization Bridge Fund to provide greater efficiency and oversight by the Administration and the Congress of these activities.

For the purposes of this account, a "complex crisis" shall mean a disaster or emergency, usually of long-term duration, that includes a combination of humanitarian, political and security dimensions which hinders the provision of external assistance.

USAID and the Department of State should continue to establish and bolster crisis prevention and response capabilities in order to assume most, if not all, of the functions currently funded by the Department of Defense under section 1207 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109-163). USAID and the Departments of State and Defense shall continue to consult on the formulation and implementation of stabilization and security assistance, as appropriate, whether through the utilization of section 1207 or funds appropriated by this Act.

#### DEVELOPMENT CREDIT AUTHORITY (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$8,600,000 for the administrative expenses of the Development Credit Authority, which is the same as the House and Senate. In addition, \$25,000,000 is provided by transfer for programs.

#### ECONOMIC SUPPORT FUND (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$6,337,000,000 for Economic Support Fund, which is \$33,096,000 below the House and \$33,000,000 below the Senate. Funds in this account shall be allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### ECONOMIC SUPPORT FUND

(Budget authority in thousands of dollars)

Country/Program	Budget authority
<b>Africa:</b>	
Democratic Republic of the Congo .....	59,100

\* Funding in italics denotes a non-add and is not in addition to the sub-category or country total.

#### Africa

**Democratic Republic of the Congo (DRC).**—The conferees continue to be concerned with the health and safety of women and girls in the DRC, and the alarming incidence of rape and other gender-based violence in that country. The conferees direct that not less than \$10,000,000 of the funds in this Act for assistance for the DRC be made available to address gender-based violence, including for fistula repair and other assistance for victims, and training and support for health and law enforcement personnel. The conferees direct the Department of State, in consultation with USAID, to provide a report to the Committees on Appropriations that outlines a comprehensive strategy and budget to address gender-based violence in the DRC. The

report should describe how United States Government efforts fit into multi-donor and host government strategies to address this issue. The Department shall consult with the Committees on Appropriations prior to developing the strategy. The conferees endorse the reporting requirements on the exploitation of mineral resources, as proposed in the Senate Report, to include identifying the governments and companies that are involved in or profiting from such exploitation.

*Sudan.*—The conferees direct the Department of State, in consultation with USAID, to prioritize programs in Southern Sudan that implement the Comprehensive Peace Agreement, including support for local governance, judicial strengthening and rule of law, law enforcement professionalism and commitment to human rights, anti-corruption, and community level reintegration programs.

The conferees are concerned with reports of corruption within the Government of Southern Sudan (GoSS), and the conference agreement includes a provision, similar to that proposed by the Senate, requiring the Secretary of State, in determining amounts and types of assistance to provide to the GoSS, to consider whether such government is conducting regular audits of its financial accounts to ensure transparency and accountability of funds, including revenues from the extraction of oil, gas, and other natural resources, and is making such audits publicly available in a timely manner. The conferees believe such audits are necessary to prevent the misuse of funds, including United States assistance.

The conferees direct the Department of State, in consultation with USAID, to provide a report to the Committees on Appropriations not later than 90 days after enactment of this Act, on the steps that will be taken by the GoSS to improve resource management and increase transparency and accountability of funds, including efforts by the United States Government to support this goal.

The conferees endorse the reporting requirement on Sudan and the People's Republic of China, as proposed in the House Report.

#### Asia

*Burma.*—The conferees recognize that the failure of governance in Burma has resulted in severe humanitarian needs throughout the country that are further exacerbated by violations of internationally recognized human rights committed with impunity by the ruling junta. The conference agreement includes language, similar to that proposed by the House and Senate, and provides \$36,500,000 for activities to address these needs, including income-generating activities, and to support ongoing democracy and humanitarian programs along the Burma-Thailand border. The Department of State is to consult on the uses of these funds, which are subject to the regular notification procedures of the Committees on Appropriations. The conference agreement also requires that funds be used in a manner that is consistent with the principles and goals of the National League for Democracy in Burma.

*Cambodia.*—The conferees intend that assistance should be increased for Cambodian NGOs involved in the promotion and protection of human rights, democracy and the rule of law, including core funding. The conferees direct the Secretary of State to fulfill the reporting requirement contained in the first proviso of section 7071(c)(1) of the Senate bill. The conference agreement includes

language regarding a United States contribution to the Khmer Rouge Tribunal, as proposed by the Senate.

*North Korea.*—The conference agreement provides \$3,500,000 to promote democracy and human rights, as authorized by the North Korea Human Rights Act of 2004 (Public Law 108-333), as amended. Such programs may include appropriate educational and cultural exchange programs with North Korean participants, to the extent not otherwise prohibited by law.

In addition, the conference agreement provides that assistance for countries in the North Asia region may be made available for similar activities relating to North Korea, subject to the regular notification procedures of the Committees on Appropriations. The conferees note the importance of regional neighbors in encouraging reform in North Korea, and funds should be used to support their participation in furthering such change.

The conference agreement includes language in section 7071(f)(4) similar to that proposed by the House and Senate regarding restrictions on assistance for North Korea.

The conference agreement includes language in section 7071(f)(6) regarding the unsupervised distribution of food assistance, similar to that proposed by the Senate.

*Philippines.*—The conferees endorse Senate Report language on the use of funds appropriated under this heading to support conflict resolution activities in Mindanao, and to expand judicial training programs.

*Thailand.*—The conference agreement provides \$2,500,000 for conflict resolution and development programs in southern Thailand, as proposed by the Senate.

*Tibet.*—The conference agreement provides \$7,400,000 for programs implemented by NGOs which preserve cultural traditions and promote economic development and environmental conservation in the Tibetan Autonomous Region and other Tibetan communities, which is similar to that proposed by the House and Senate.

*Timor-Leste.*—The conference agreement provides \$3,000,000 for assistance for Timor-Leste, of which \$1,000,000 is for democracy programs and \$2,000,000 is for higher education scholarships, which is similar to that proposed by the Senate.

*Vietnam.*—The conference agreement provides not less than \$3,000,000 for environmental remediation of dioxin contaminated sites and related health activities in Vietnam, including through Vietnamese institutions and organizations. The conferees direct the USAID Administrator to consult with the Committees on Appropriations prior to the obligation of funds for these purposes.

#### Europe and Eurasia

*Cyprus.*—The conferees endorse the language in the House and Senate Reports regarding assistance for Cyprus.

#### Near East

*Egypt.*—The conferees direct that within the amount provided for project assistance for Egypt, not less than \$25,000,000 shall be made available for democracy, governance, and human rights programs and not less than \$35,000,000 shall be for education programs, of which \$10,000,000 is for scholarships for Egyptian students with high financial need, including at American educational institutions and other institutions that promote tolerance, gender and social equality, and critical thinking. The requirements of section 7034(m)(4) of this Act shall apply with respect to the provision of assistance to Egyptian NGOs. The conferees provide au-

thority under section 7042(a)(2) of this Act to use funds under this heading to establish an endowment to further the mutual interests of the United States and Egypt.

The conferees endorse the recommendations of the USAID Inspector General in Audit Report Number 6-263-10-001-P regarding democracy programs and activities in Egypt.

*Iraq.*—The conferees endorse the budget request of \$10,000,000 for the Iraqi women's democracy initiative, including for efforts to build professional networks between female business, government, and civil society leaders in Iraq with counterparts in countries in the region.

The conference agreement provides that not less than \$5,000,000 should be made available for the Marla Ruzicka Iraqi War Victims Fund. The conferees direct USAID to work with the Government of Iraq and Iraqi NGOs to develop a plan for ongoing Iraqi management and financial support of this program to assist innocent Iraqi victims of conflict after United States forces withdraw. A portion of these funds may be used for the development of and preparatory steps to implement such plan.

The conference agreement continues prior year limitations on the use of funds in Iraq, including for permanent basing rights agreements between the United States and Iraq.

The conference agreement provides \$50,000,000 for USAID's Ministerial Capacity Development program, and the conferees believe that the Government of Iraq should assume full responsibility for support for such training and development programs in the future.

The conferees direct that up to \$10,000,000 of funds made available under this heading should be made available to continue programs and activities to assist minority populations in Iraq, including religious groups in the Nineveh Plains region.

The Secretary of State shall submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act detailing the unique needs of minority populations in Iraq, including security requirements, organizations that have received funding from the Department of State and USAID for programs to assist such populations, and the total amount of funds provided for such purposes.

The conferees request the Department of State and USAID to consult jointly with the Committees on Appropriations on the decision-making processes utilized in comparing and assessing the benefits of programs conducted in Iraq with the security costs associated with such programs.

*Lebanon.*—The conference agreement provides \$12,000,000 for scholarships for students in Lebanon with high financial need, including at American educational institutions and other institutions that promote tolerance, gender and social equality, and critical thinking.

The conference agreement does not include language concerning the United States Forest Service (USFS). However, the conferees direct that not less than \$500,000 shall be made available to the USFS for forest and wildlife conservation programs in Lebanon, as proposed in the Senate Report.

*Tunisia.*—The conference agreement provides \$2,000,000 for assistance for Tunisia for programs and activities in southern Tunisia and to promote respect for human rights, as proposed by the Senate.

*West Bank and Gaza.*—The conference agreement directs that up to \$2,000,000 of the funds provided under this heading be used to

augment funding for administrative expenses of USAID to facilitate program administration, as proposed by the House and Senate. The conference agreement further provides that not more than \$150,000,000 may be used for cash transfer assistance, as requested and proposed by the House. The conferees endorse the reporting requirement related to efforts to expand educational and exchange opportunities for Palestinian students, as proposed by the House, including for students from Gaza.

The conferees direct the Secretary of State to provide a report to the Committees on Appropriations not later than 180 days after enactment of this Act on international participation, including by Arab states, in the economic development of the West Bank and support for the Palestinian Authority, similar to that proposed by the House. This report may be submitted in classified form, if necessary.

The conferees note that funding directives for reconciliation programs and for other programs in the West Bank and Gaza specifically noted in the conference agreement shall not be considered as part of the funding ceiling established under this heading.

The conference agreement continues prior year restrictions and limitations on assistance for the West Bank and Gaza, as contained in the Omnibus Appropriations Act, 2009 (Public Law 111-8) and the Supplemental Appropriations Act, 2009 (Public Law 111-32).

*Yemen.*—The conference agreement provides \$5,000,000 for assistance for Yemen. The conferees remain concerned with the stability of Yemen and these funds are provided to bolster assistance programs in this fragile country, including for democracy and governance, health, education, and economic development activities. The conferees expect the Department of State and USAID to consult with the Committees on Appropriations on the uses of assistance in this Act for Yemen.

#### South and Central Asia

*Afghanistan.*—The conferees request the Department of State and USAID to jointly consult with the Committees on Appropriations following conclusion of the strategy review for Afghanistan, and to detail modifications, if any, in the fiscal year 2011 budget request.

The Secretary of State shall include in the Afghanistan spending plan a description of how such funding will further the objectives outlined in the report required by section 1117 of the Supplemental Appropriations Act, 2009 (Public Law 111-32).

The conferees expect the Secretary of State to submit the report proposed by the Senate in section 7076(g)(3) of the Senate bill, except that such report shall be submitted to the relevant congressional committees.

The conferees recognize the necessity of inter-agency, pre-deployment training, in-country training, and data collection and analysis in strengthening stability programs and activities in Afghanistan. The conferees direct that funds be made available to the Tactical Conflict Assessment and Planning Framework program within USAID's Office of Transition Initiatives and the Office of Military Affairs at USAID for such purposes.

The conference agreement includes a provision under section 7076(d) that is similar to language proposed by the House under this heading withholding funds for Afghanistan until a counternarcotics certification is made by the Secretary of State.

*Civilian Assistance Program.*—The conference agreement provides \$15,000,000 for the Afghan Civilian Assistance Program, as proposed by the House and Senate.

*National Solidarity Program.*—The conference agreement provides \$175,000,000 for the National Solidarity Program, as proposed by the House.

*Women and Girls.*—The conference agreement requires that assistance for Afghanistan be designed and implemented with the full participation and leadership of Afghan women, and made available in a manner that directly improves the security, economic and social well-being, and political status of Afghan women and girls. Of the funds made available in this Act for assistance for Afghanistan, not less than \$175,000,000 shall support programs that directly address the needs and protect the rights of Afghan women and girls, including the Afghan Independent Human Rights Commission, the Afghan Ministry of Women's Affairs, and women-led NGOs. Of the total, not less than \$20,000,000 shall be for capacity building for Afghan women-led NGOs, and not less than \$25,000,000 shall be for programs and activities of such NGOs, similar to that proposed by the Senate. USAID is directed to conduct more vigorous outreach to such NGOs, particularly in remote areas, to inform them of USAID programs and procedures.

The conferees are concerned with the increase in violent attacks against women and girls, particularly at schools, and the lack of access to justice or safe houses for victims. Not less than \$15,000,000 shall be used to train and support Afghan women investigators, police officers, prosecutors, judges, and social workers to respond to crimes of violence against women and girls, and administration of justice programs should include a focus on the special needs of women and girls.

Not later than September 30, 2010, the Secretary of State, in consultation with the USAID Administrator, shall submit a report to the Committees on Appropriations detailing the uses of funds provided in fiscal years 2009 and 2010 to address the needs and protect the rights of Afghan women and girls, including efforts undertaken to prevent discrimination and violence against women and girls; provide economic and leadership opportunities; increase participation of women in the political process at the national, provincial and sub-provincial levels; improve security for women and girls; and any other programs designed to directly benefit women and girls. The report should also describe the results to date.

*Pakistan.*—The conferees support the program review conducted by the Department of State and USAID in Pakistan in order to ensure that the programs and activities funded are meeting programmatic objectives and furthering shared United States and Pakistani security interests. The results of this review should be provided to the Committees on Appropriations. The conferees are aware of the significant infrastructure needs in Pakistan, including in the energy and aviation sectors. However, the conferees are concerned with embarking on large-scale, multi-year infrastructure projects in Pakistan and believe such work should be undertaken in coordination with other donors and through multilateral financing mechanisms to the maximum extent possible, factoring in security and sustainability considerations. The conferees direct the Secretary of State to consult with the Committees on Appropriations prior to committing to such projects. The conferees provide not less than \$5,000,000 to continue a Civilian Assistance Program similar to such programs in Iraq and Afghanistan, and USAID is directed to consult with the Committees on Appropriations on the

planned uses of such funds prior to the obligation of funds. The conference agreement provides that \$2,000,000 of the funds for Pakistan under this heading be transferred to the OIG at the Department of State for program oversight in Pakistan.

The conferees endorse House and Senate Report language regarding programs and activities to counter the influence of violent extremism through local initiatives, including within madrassas.

*Government-to-Government Assistance.*—The conference agreement requires that a bilateral agreement be in place prior to the provision of government-to-government assistance for the Governments of Afghanistan and Pakistan. Such an agreement should be structured to provide maximum accountability and oversight, and should contain conditions for disbursement of funds and detailed monitoring and reporting requirements. Funds should be deposited in and disbursed through a separate, traceable bank account for specific sectors. The Secretary of State is directed to consult with the Committees on Appropriations prior to the provision of any such assistance, including on the amounts, uses and oversight of such funds as well as on the terms of the bilateral agreement. The Secretary should suspend any government-to-government assistance to any implementing agency if there is credible evidence of misuse of such funds by such agency. The conferees encourage the Department of State to ensure that such assistance benefits Afghans and Pakistanis at the provincial and sub-provincial levels through mechanisms established with appropriate ministries, and with the concurrence of legitimate political leadership at the local level, including governors.

#### Western Hemisphere

*Colombia.*—The conferees are concerned with the dire condition of large numbers of Colombian refugees in neighboring countries, as well as Colombians who have been internally displaced as a result of armed conflict. Within sums provided for assistance for Colombia under this heading, \$45,000,000 shall be made available to support internally displaced persons. Additionally, not less than \$8,000,000 is transferred to the Migration and Refugee Assistance (MRA) heading for emergency assistance through nongovernmental and international organizations for Colombian refugees in neighboring countries.

The conference agreement provides that up to \$15,000,000 of the funds made available for Colombia under this heading be used for programs which specifically benefit Afro-Colombian and indigenous communities. In addition, the conference agreement provides not less than \$3,000,000 for programs to protect Colombia's biodiversity through the Colombian National Parks Service and indigenous communities living in buffer zones. The USAID Administrator shall consult with the Committees on Appropriations prior to the obligation of these funds.

#### Global Programs

*Civilian Compensation.*—Not later than 90 days after enactment of this Act, the Secretary of State, in consultation with the USAID Administrator and the Secretary of Defense, shall submit a report to the Committees on Appropriations detailing steps taken to coordinate condolence payments and other assistance for civilians who suffer losses as a result of military operations in Iraq, Afghanistan, and Pakistan, similar to that proposed by the Senate.

*Disability Programs and Wheelchairs.*—The conference agreement provides not less than

\$5,000,000 for disability programs and up to \$10,000,000 for wheelchair programs. The conferees endorse the specific funding levels and uses of funding for disability programs, as proposed in the Senate Report.

**Environment and Climate Change.**—The conference agreement does not include provisions regarding funding for the Department of State's Bureau of Oceans and International Environmental and Scientific Affairs and bilateral environmental programs under this heading, as proposed by the Senate. This issue is addressed in section 7081 of this Act.

**Extractive Industries Transparency Initiative.**—The conference agreement does not include language concerning the EITI, as proposed by the Senate. However, the conference agreement provides not less than \$4,500,000 for a United States contribution to the EITI, including for efforts to improve the capacity of civil society organizations to participate in the EITI process.

**Internet Access and Freedom.**—The conference agreement provides a total of \$30,000,000 for programs and activities to expand unmonitored, uncensored access to the Internet for large numbers of users living in closed societies that have acutely hostile Internet environments, including in the People's Republic of China and Iran. Of this amount, \$20,000,000 shall be made available under this heading, of which \$10,000,000 shall be derived from the Near East Regional Democracy program. An additional \$10,000,000 shall be made available under the Democracy Fund (DF) heading. The Department of State shall consult on the uses of these funds, which are to be awarded in full and open competition according to all applicable rules and regulations.

**Kimberley Process.**—The conference agreement does not include language proposed by the Senate concerning the Kimberley Process Certification Scheme. However, the conference agreement provides not less than \$3,000,000 to support implementation of the Kimberley Process, including for regional efforts to combat cross-border smuggling and to support monitoring by civil society organizations.

**Middle East Partnership Initiative.**—The conferees direct the Secretary of State to report to the Committees on Appropriations on coordination with other agencies funding programs similar to those supported by MEPI, as proposed by the Senate.

**Pacific Tuna Treaty.**—Not later than 90 days after enactment of this Act, the Secretary of State shall inform the Committees on Appropriations of steps taken to monitor funds provided to countries under the ESF heading for United States commitments to the 1987 South Pacific Tuna Treaty, and to coordinate such funds with other United States Government assistance provided to country recipients as appropriate.

**Trafficking in Persons.**—The conferees direct that not less than \$42,341,000 in this Act should be used for activities to combat trafficking in persons internationally, of which \$6,010,000 is for the operations of G/TIP and \$12,000,000 is for programs funded under the ESF heading and managed by G/TIP. The conferees endorse language on anti-trafficking efforts in sub-Saharan Africa, India, and Cambodia, as proposed by the House and Senate. The conferees recognize that anti-trafficking activities are funded through multiple agencies and accounts, and support the Administration's effort to complete an inter-agency anti-trafficking strategy.

#### TRAFFICKING IN PERSONS

<b>TOTAL</b> .....	<b>42,341</b>

\*Funding in italics denotes a non-add and is not in addition to the account total.

#### DEMOCRACY FUND

The conference agreement provides \$120,000,000 for the Democracy Fund, which is \$10,000,000 below the House and the same as the Senate. Of the total, \$70,000,000 is for the Department of State's Bureau of Democracy, Human Rights and Labor and \$50,000,000 is for USAID's Office of Democracy and Governance of the Bureau of Democracy, Conflict, and Humanitarian Assistance (DCHA/DG).

The conference agreement does not include language regarding the People's Republic of China, Hong Kong, Taiwan, and countries located outside the Middle East region, as proposed by the Senate. The conferees intend that assistance for Taiwan should be matched from sources other than the United States Government.

Certain authorities, definitions, and notifications regarding the promotion of democracy abroad are included under section 7034(m) of this Act, as proposed by the Senate.

The conference agreement provides \$10,000,000 under this heading for Internet access and freedom activities. The conferees direct the Secretary of State to consult with the Committees on Appropriations prior to the obligation of these funds, which shall be awarded through a full and open competition process in accordance with all applicable rules and regulations. Additional funding for these programs is provided under the ESF heading.

Funds provided under this heading for DCHA/DG are in addition to core program funding that is provided under the DA heading. Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### DEMOCRACY FUND

(Budget authority in thousands of dollars)

Programs/activities	Budget authority
Human Rights and Democracy Fund .....	70,000
People's Republic of China, Hong Kong, Taiwan .....	17,000

<b>TOTAL—DF</b> .....	<b>120,000</b>

\*Funding in italics denotes a non-add and is not in addition to the program total.

#### INTERNATIONAL FUND FOR IRELAND

The conference agreement provides \$17,000,000 for the International Fund for Ireland (IFI), which is \$1,000,000 below the House and \$17,000,000 above the Senate.

The conferees expect that the assistance provided in this Act will be the final United States contribution to the IFI.

#### ASSISTANCE FOR EUROPE, EURASIA AND CENTRAL ASIA

The conference agreement provides \$741,632,000 for Assistance for Europe, Eurasia and Central Asia (AEECA), which is \$19,379,000 above the House and \$3,368,000 below the Senate. The conference agreement includes language similar to that proposed by the House and Senate, which provides the Department of State notwithstanding authority for additional flexibility in reprogramming prior year unobligated and unexpired funds within the account. The conferees direct that any such reprogramming shall be subject to the regular notification procedures of the Committees on Appropriations, and the terms and conditions previously attached to prior year funds continue to apply.

**Caucasus.**—The conference agreement does not include language concerning the North Caucasus, as proposed by the Senate. However, the conferees direct that not less than \$7,000,000 shall be made available for humanitarian, conflict mitigation, human rights, civil society, and relief and reconstruction assistance for the North Caucasus.

The conferees support the Minsk Group's ongoing efforts and continue to urge all parties to the conflict to refrain from threats of violence and the use of inflammatory rhetoric. The conferees expect the Department of State to continue to inform the Committees on Appropriations that the requirements stipulated in subsection (g)(2) under the heading Assistance for the Independent States of the Former Soviet Union in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2002 (Public Law 107-115) are being met.

The conferees direct that up to \$8,000,000 be made available for programs and activities in Nagorno-Karabakh.

**Armenia.**—The conferees expect the Department of State to continue to emphasize the use of civil society in implementing programs and activities in Armenia.

**Kyrgyz Republic.**—The conference agreement includes a provision directing that up to \$11,500,000 of the assistance for the Kyrgyz Republic under this heading shall be for the Joint Development Fund.

**Organization for Security and Cooperation in Europe (OSCE).**—The conferees support the OSCE's education and police initiatives to combat anti-Semitism in Europe and Eurasia and expect the Coordinator for United States Assistance for Europe and Eurasia to provide adequate funding to ensure continued leadership within the OSCE.

**Wildlife Conservation Programs.**—The conference agreement does not include language concerning the USFS. However, the conferees direct that not less than \$600,000 shall be made available to the USFS for forest protection and wildlife conservation programs in the Russian Far East and Ukraine, as proposed by the Senate.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

## DEPARTMENT OF STATE

### MIGRATION AND REFUGEE ASSISTANCE

The conference agreement provides \$1,685,000,000 for Migration and Refugee Assistance, which is \$204,556,000 above the House and \$7,200,000 above the Senate.

The conference agreement does not include language concerning refugees resettling in Israel, as proposed by the Senate. However, the conferees note that according to the Department of State, no funds in this Act are used to assist refugees who reside in any Israeli settlement or outpost in the West Bank.

The conference agreement includes a new provision directing that \$35,000,000 of the funds made available under this heading be reserved for responding to small-scale emergency humanitarian requirements of international and nongovernmental partners. The conferees agree that this reserve may be used to cover the breadth of migration and refugee activities and that any use of such funds is subject to the regular notification procedures of the Committees on Appropriations.

The conferees endorse the reporting requirement in the Senate Report regarding North Korean refugees.

The conferees recognize the work of the United Nations Relief and Works Agency (UNRWA) in assisting Palestinians and promoting tolerance in the West Bank and Gaza, including through education, sports, and other programs for Palestinian youth. The conference agreement includes language in section 7042(f)(3) applying the reporting requirements contained under this heading in the joint explanatory statement accompanying the Supplemental Appropriations Act, 2009 (Public Law 111-32) regarding UNRWA to funds made available under this heading for fiscal year 2010. The House bill included a similar requirement in section 7086.

The conferees support the continuation of assistance to Tibetan refugees in India and Nepal. The conferees endorse language in the House Report regarding efforts to ensure the safe transit of Tibetan refugees and to protect the rights of Tibetans residing in Nepal. The Senate Report included similar language.

### UNITED STATES EMERGENCY REFUGEE AND MIGRATION ASSISTANCE FUND

The conference agreement provides \$45,000,000 for the United States Emergency Refugee and Migration Assistance Fund,

which is \$30,000,000 below the House and Senate.

The conference agreement does not include a provision overriding the funding ceiling contained in section 2(c)(2) of the Migration and Refugee Assistance Act of 1962, as proposed by the Senate.

## INDEPENDENT AGENCIES

### PEACE CORPS

#### (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$400,000,000 for the Peace Corps, which is \$50,000,000 below the House and \$26,560,000 above the Senate.

The conference agreement includes a provision directing the Peace Corps to consult with and notify the Committees on Appropriations when a decision is made to open, close, suspend, or significantly reduce the number of personnel of a domestic or overseas office or a Peace Corps country program. The conferees provide an exception to this requirement when the situation presents a substantial security risk to volunteers or Peace Corps personnel and prior consultation or notification would delay actions necessary to safeguard personnel. Pursuant to section 7015(e) of this Act, the conferees intend that the Peace Corps shall notify the Committees as early as practicable, but no later than three days after taking action, whenever substantial risk to human health or welfare requires a waiver of the notification requirement.

The conference agreement includes a provision requiring the Director of the Peace Corps to submit a spending plan to the Committees on Appropriations not later than 45 days after enactment of this Act on the proposed uses of funds. The report should include a detailed budget for funds under this heading, short-term policy and operational changes being made to absorb funding increases above current services levels, and any specific plans related to recruitment, number and placement of volunteers, existing country programs, and opening of new country programs.

The conference agreement also includes a provision requiring the Director to submit a report to the Committees on Appropriations, not later than 180 days after enactment of this Act, which includes the findings of a comprehensive assessment of the current program model of the Peace Corps and a strategy for reforming operations, similar to that proposed by the House and Senate. The conferees expect the review and strategy for reform to include recommendations for: (1) improving the recruitment and selection process to attract a wide diversity of highly and appropriately skilled volunteers; (2) training and medical care for volunteers and staff, as appropriate; (3) adjusting volunteer placement to reflect priority United States interests, country needs and commitment to shared goals, and volunteer skills; (4) coordinating with international and host country development assistance organizations; (5) lowering early termination rates; (6) strengthening management and independent evaluation and oversight; and (7) any other steps needed to ensure the effective use of resources and volunteers, and to prepare for and implement an appropriate expansion of the Peace Corps. The conferees support the Director's plan to involve external specialists in the review process.

### MILLENNIUM CHALLENGE CORPORATION (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,105,000,000 for the Millennium Challenge Corporation (MCC), which is \$295,000,000

below the House and \$155,000,000 above the Senate.

The conference agreement includes a provision that makes funding available for country compacts only if a compact obligates, or contains a commitment to obligate funding subject to the availability of funds, the mutual agreement of the parties to the compact to proceed, and the entire amount of the United States Government funding anticipated for the duration of the compact, as proposed by the House. The conference agreement includes a provision that requires notification not later than 15 days prior to specific actions taken on country compacts and threshold agreements, as proposed by the House. The conference agreement includes a provision requiring notification of the availability of funds from a country compact that has been suspended or terminated, as proposed by the Senate.

The conferees endorse the semi-annual reporting requirement, as proposed by the House and Senate.

None of the funds provided under this heading may be used to carry out threshold programs until the MCC's Chief Executive Officer submits a report to the Committees on Appropriations listing the candidate countries that will receive assistance, the level of assistance proposed for each country, a description of the proposed programs, projects and activities, and the proposed implementing agency or agencies of the threshold program.

The conference agreement includes a provision prohibiting the use of MCC funds for any military assistance or military training purposes, as proposed by the Senate. The conferees direct the MCC to identify any project that may be of a dual use nature, and to consult with the Committees on Appropriations on the proposed safeguards to ensure that such a project will not be used for future military purposes by the compact country. The conferees are particularly concerned with airport renovations and upgrades.

The conference agreement includes a provision that addresses the eligibility requirements for countries that were found to be eligible for a compact in fiscal year 2009, which was not in the House or Senate bills, but subsequently requested by the MCC.

### INTER-AMERICAN FOUNDATION

The conference agreement provides \$23,000,000 for the Inter-American Foundation, which is \$240,000 above the House and the same as the Senate.

### AFRICAN DEVELOPMENT FOUNDATION

The conference agreement provides \$30,000,000 for the African Development Foundation, which is the same as the House and Senate.

### DEPARTMENT OF THE TREASURY

#### INTERNATIONAL AFFAIRS TECHNICAL ASSISTANCE

The conference agreement provides \$25,000,000 for International Affairs Technical Assistance, which is the same as the House and \$5,000,000 below the Senate.

The conferees endorse language regarding the provision of assistance for Cambodia in compliance with Cambodian law on the decentralization of power, as proposed in the Senate Report under the ESF heading.

### DEBT RESTRUCTURING

The conference agreement provides \$60,000,000 for Debt Restructuring, which is the same as the House and Senate, of which \$20,000,000 is provided to support implementation of the Tropical Forest Conservation Act.

The conferees endorse the unallocated balances reporting requirement, as proposed by the House.

Funds provided under this heading are subject to the terms and conditions of section 7015 of this Act.

#### TITLE IV

### INTERNATIONAL SECURITY ASSISTANCE DEPARTMENT OF STATE

#### INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

The conference agreement provides \$1,597,000,000 for International Narcotics Control and Law Enforcement (INCLE), which is \$33,000,000 below the House and \$72,000,000 above the Senate. In order to better align security assistance funding, the conference agreement moves the INCLE account to title IV, instead of title III, as proposed by the House and Senate. The conference agreement merges the Andean Counterdrug Program account within the INCLE account and includes language exempting funds, subject to the regular notification procedures of the Committees on Appropriations, from the provisions of section 482(b) of the Foreign Assistance Act of 1961.

The conferees endorse language related to the exercise of notwithstanding authority, as proposed by the House, and direct the Secretary of State to provide the Committees on Appropriations a written justification within five days when such authority is used.

*Afghanistan.*—The conference agreement includes a limitation under this heading which prohibits funds for aerial spraying of herbicides in Afghanistan unless the Secretary of State determines and reports to the Committees on Appropriations that the President of Afghanistan has requested such assistance, and requires that prior to the provision of any such assistance the Secretary shall consult with the Committees on Appropriations, as proposed by the House.

The conferees endorse a reporting requirement on arrests of Afghan drug traffickers, similar to that proposed by the House. The report shall also include the names of those arrested, the disposition of cases, and an assessment of the obstacles to successful prosecution of such cases. This report may be submitted in a classified form, if necessary.

*Bolivia.*—The conference agreement includes conditions on assistance to Bolivian police and military forces, similar to that proposed by the House.

*Caribbean Basin Security Initiative (CBSI).*—The conferees endorse the budget request in INCLE for the CBSI, and direct that such funds shall be derived from amounts made available under Western Hemisphere Regional.

*Central America Regional Security Initiative (CARSI).*—The conferees remain concerned with youth violence, criminal gangs, organized crime, drug trafficking and other forms of criminal activity and violence in Central America. The conferees support the budget request under the INCLE heading for the Central America portion of the Merida Initiative and direct that such funds shall be made available from Western Hemisphere Regional funds for CARSI. The conferees direct the Secretary of State to undertake a comprehensive review of regional security assistance programs and submit a report not later than 90 days after enactment of this Act to the Committees on Appropriations detailing the threats or problems to be addressed, goals and objectives, planned uses of assistance, and expected results. The conferees expect the report to include all countries of Central America, including the Do-

minican Republic and Haiti, that have received assistance under the Merida Initiative.

*Colombia.*—The conference agreement includes a provision that prohibits the use of any funds appropriated by this Act or prior Acts for assistance for the Colombian Departamento Administrativo de Seguridad (DAS), similar to that proposed by the Senate. The conferees intend that, should the DAS be dismantled, such prohibition shall also apply to any successor organization. The conferees are aware of reports that the DAS has repeatedly engaged in phone tapping, email interception, and other illegal activities against law-abiding citizens, including collusion with illegal armed groups.

The conferees endorse language in the House and Senate Reports regarding Colombia's Center for Coordination of Integrated Action.

*Guatemala.*—The conference agreement does not include a provision concerning certain organizations in Guatemala, as proposed by the Senate. However, the conferees are concerned with reports of threats and violent attacks against human rights defenders and the lack of resources to protect them and their families, investigate these crimes, and punish those responsible. The conferees direct that not less than \$2,000,000 shall be made available to support the Ministry of Interior's Institute for Attacks Against Human Rights Defenders, officers within the Criminal Investigation Division of the Police who are assigned to work with the Institute, and the Department for the Protection of Personalities of the Police including its Unit of Risk Analysis.

*Iraq.*—The conferees direct that none of the funds made available for assistance for Iraq may be used for new construction, as proposed in the Senate Report.

*Mexico.*—The conferees endorse the reporting requirements on the uses of Merida Initiative funds in Mexico, including on the Mexican Federal Registry of Police Personnel, as proposed in the Senate Report. The report shall be submitted not later than 90 days after enactment of this Act. The report should also address the specific uses of all prior appropriations, including the status of obligations.

The conference agreement does not include a provision, proposed by the House and Senate, concerning compatibility of law enforcement communications equipment. However, the conferees direct that any funds appropriated under this heading that are available for assistance for Mexico may be made available for the procurement of law enforcement communications equipment if, where appropriate, such equipment utilizes encryption technology, open standards, and is compatible with and capable of operating with radio communications systems and related equipment utilized by relevant law enforcement agencies in the United States, to enhance border security and cooperation in law enforcement efforts between Mexico and the United States. Such funds shall be awarded through full and open competition in accordance with all applicable rules and regulations.

The conferees are concerned that the report submitted pursuant to section 1406(b) of the Supplemental Appropriations Act, 2008 (Public Law 110-252) and section 7045(e)(1) of the Omnibus Appropriations Act, 2009 (Public Law 111-8) relating to human rights in Mexico did not include the requisite findings by the Secretary of State that the Government of Mexico had met the requirements in the law. The conferees remain concerned

with the lack of progress on these issues, and the lack of transparency in cases involving allegations against Mexican military personnel, and direct that future reports submitted pursuant to section 7045(e)(2) of this Act include the necessary findings.

*Copyright Materials.*—The conference agreement provides \$5,000,000 for programs to combat piracy of United States copyright materials, as proposed by the Senate.

*International Law Enforcement Academies (ILEAs).*—The conferees support the utilization of the Department of State's ILEA facility at Roswell, New Mexico, provide \$5,000,000 for this purpose in fiscal year 2010, and direct the Secretary of State to develop and submit to the Committees on Appropriations a multi-year plan for the continued operation of the Roswell facility on a competitive basis in accordance with all applicable rules and regulations.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

#### NONPROLIFERATION, ANTI-TERRORISM, DEMINEING AND RELATED PROGRAMS

The conference agreement provides \$754,000,000 for Nonproliferation, Anti-terrorism, Demining and Related Programs (NADR), which is \$36,570,000 above the House and \$7,165,000 below the Senate. In order to better align security assistance funding, the conference agreement moves the NADR account to title IV, instead of title III, as proposed by the House and Senate.

The conference agreement includes a provision requiring prior consultation with, and notification of, the Committees on Appropriations on all Nonproliferation and Disarmament Fund activities, as proposed by the House.

The conference agreement does not include a provision providing \$37,000,000 for the Biosecurity Engagement Program, as proposed by the Senate. However, the conferees direct that \$37,000,000 shall be made available for these purposes.

The conferees endorse language related to the exercise of notwithstanding authority as proposed in the House Report, and direct the Secretary of State to provide the Committees on Appropriations a written justification within five days each time such authority is used.

**Laos and Vietnam.**—The conferees direct that not less than \$5,000,000 shall be made available for unexploded ordnance removal in Laos, and that not less than \$3,500,000 shall be made available for similar activities in Vietnam. The conferees further direct the Department of State to plan for similar or higher funding levels for these purposes in subsequent fiscal years, similar to that proposed by the Senate.

**Pakistan.**—The conference agreement does not include a provision providing \$6,000,000 to continue biosecurity threat reduction programs in Pakistan from within the Global Threat Reduction program, as proposed by the Senate. However, the conferees direct that \$6,000,000 shall be made available for such purposes.

**Small Arms/Light Weapons.**—The conferees endorse language directing the Secretary of State to submit a report to the Committees on Appropriations on the uses of funds for programs to destroy small arms and light weapons, as proposed by the Senate.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS

(Budget authority in thousands of dollars)

Programs	Budget authority
<b>Nonproliferation Programs</b>	
Nonproliferation and Disarmament Fund .....	75,000

\* Funding in italics denotes a non-add and is not in addition to the program total.

#### PEACEKEEPING OPERATIONS

The conference agreement provides \$331,500,000 for Peacekeeping Operations (PKO), to support multilateral peacekeeping operations and training, which is the same as the House and Senate.

The conference agreement includes a provision granting limited notwithstanding authority of section 660 of the Foreign Assistance Act of 1961, similar to that proposed by the House and Senate.

The conference agreement provides that \$55,000,000 of funds made available under this heading for assistance for Somalia may be used to pay assessed costs of international peacekeeping activities, as proposed by the House and Senate.

The conferees endorse language related to the exercise of notwithstanding authority, as proposed in the House Report, and direct the Secretary of State to provide the Committees on Appropriations a written justification each time such authority is used.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### PEACEKEEPING OPERATIONS

(Budget authority in thousands of dollars)

Country/Program	Budget authority
Democratic Republic of the Congo .....	18,000
Liberia .....	10,000

<i>Shared Security Partnership</i> .....	6,100
Global Peace Operations Initiative .....	96,900
Multinational Force and Observers .....	26,000
<b>Total—PKO</b> .....	<b>331,500</b>

\* Funding in italics denotes a non-add and is not in addition to the country or program total.

#### FUNDS APPROPRIATED TO THE PRESIDENT INTERNATIONAL MILITARY EDUCATION AND TRAINING

The conference agreement provides \$108,000,000 for International Military Education and Training (IMET), which is \$2,283,000 below the House and \$2,850,000 above the Senate.

The conference agreement includes a provision requiring that funds made available for Angola, Bangladesh, Cameroon, the Central African Republic, Chad, Cote d'Ivoire, the Democratic Republic of the Congo, Ethiopia, Guatemala, Guinea, Haiti, Kenya, Libya, Nepal, Nigeria, and Sri Lanka may only be provided through the regular notification procedures of the Committees on Appropriations and any such notification shall include a detailed description of the proposed activities, similar to that proposed by the House and Senate.

The conference agreement includes language in section 7070 prohibiting IMET assistance for Equatorial Guinea, as proposed by the House. The Senate included a similar provision under this heading.

The conferees direct the GAO to conduct an evaluation of the effectiveness of the IMET program in building professionalism and respect for human rights within foreign military forces in selected countries, and to submit the results of such evaluation to the Committees on Appropriations not later than September 30, 2010. The evaluation should include a representative sampling of countries from each geographical region.

The conferees direct that of the funds appropriated under this heading, \$5,000,000 shall be made available for assistance for Pakistan; \$5,000,000 for assistance for Turkey; \$400,000 for assistance for Vietnam; and \$1,900,000 for assistance for Egypt. The conferees do not endorse language proposed under this heading in the House Report regarding Argentina.

#### FOREIGN MILITARY FINANCING PROGRAM

The conference agreement provides \$4,195,000,000 for the Foreign Military Financing Program, which is \$65,000,000 below the House and \$206,000,000 above the Senate. The conference agreement includes a provision that grants the Secretary of State authority to initiate the procurement of defense articles or services for foreign security forces subject to prior consultation with the Committees on Appropriations, as proposed

by the Senate and similar to that proposed by the House.

The conference agreement includes a provision restricting funding under this heading for follow-on activities of programs initiated under the authority of section 1206 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109-163) unless the Secretary of State, in coordination with the Secretary of Defense, has justified the program to the Committees on Appropriations, similar to that proposed by the House and Senate.

The conference agreement does not include a provision to transfer funds from this heading to the D&CP heading, as proposed by the Senate. However, the conference agreement includes funds within the D&CP heading for monitoring activities.

The conference agreement includes a provision requiring that assistance for Bangladesh, Bosnia and Herzegovina, Cambodia, Chad, the Democratic Republic of the Congo, Ethiopia, Guatemala, Haiti, Indonesia, Kenya, Nepal, Pakistan, Philippines, and Sri Lanka may be provided through the regular notification procedures of the Committees on Appropriations, similar to that proposed by the House and Senate.

**Colombia.**—The conference agreement provides not more than \$55,000,000 for assistance for Colombia, of which up to \$12,500,000 is for maritime interdiction and riverine operations, as proposed by the House.

**Egypt.**—The conference agreement provides not less than \$1,040,000,000 for assistance for Egypt, which shall be transferred within 30 days of enactment of this Act to an interest bearing account in the Federal Reserve Bank in New York, as proposed by the House and Senate. The conferees note that these funds are in addition to \$260,000,000 provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32) for fiscal year 2010, for a combined total of \$1,300,000,000, which is the same as the budget request.

**Indonesia.**—The conference agreement includes a provision, similar to that proposed by the House and Senate, providing \$20,000,000 under this heading for assistance for Indonesia, of which \$2,000,000 may not be obligated until the Secretary of State reports in writing to the Committees on Appropriations pursuant to section 7071(d) of this Act on the following—

(1) Steps taken by the Government of Indonesia to revise the Code of Military Justice, Uniform Criminal Code, and other relevant statutes to permit trials of current and former members of the Armed Forces alleged to have committed violations of internationally recognized human rights, including in Timor-Leste, in civilian courts; to deny promotion, suspend from active service, and/or pursue prosecution of military officers indicted for serious crimes; and to refine further the mission of the Armed Forces and develop an appropriate national defense budget to carry out that mission;

(2) Efforts by the Armed Forces of Indonesia to cooperate with civilian judicial authorities and with international efforts to resolve cases of violations of internationally recognized human rights, including in Timor-Leste;

(3) Efforts by the Government of Indonesia to implement reforms that increase the transparency and accountability of the Armed Forces' operations and financial management and to achieve divestment of all military businesses; and

(4) Whether the Government of Indonesia is allowing public access to Papua, including foreign diplomats, NGOs, and journalists.

*Iraq.*—The conferees remain concerned with the political situation in Iraq and the ramifications of increased instability on the security requirements of neighboring allies. While the conference agreement does not include language proposed by the Senate providing for a reprogramming of funds under this heading to address urgent border security requirements arising from a significant increase in instability in Iraq for such countries, the conferees direct the Secretary of State to consult with the Committees on Appropriations within 90 days of enactment of this Act on plans to bolster security requirements in neighboring allied countries in the event of such a scenario.

*Israel.*—The conference agreement provides not less than \$2,220,000,000 for grants for Israel which shall be disbursed within 30 days of enactment of this Act and of which \$583,860,000 is available for offshore procurement, as proposed by the House and Senate. The conferees note that these funds are in addition to \$555,000,000 provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32) for fiscal year 2010, for a combined total of \$2,775,000,000 in fiscal year 2010, which is the same as the budget request.

*Jordan.*—The conference agreement provides \$150,000,000 for assistance for Jordan, as proposed by the House and Senate. The conferees note that these funds are in addition to the \$150,000,000 provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32), for a combined total of \$300,000,000 in fiscal year 2010, which is the same as the budget request.

*Pakistan.*—The conference agreement provides \$238,000,000 for assistance for Pakistan and authority for the transfer of up to an additional \$60,000,000 under the ESF heading in this Act and prior Acts.

*Philippines.*—The conference agreement does not include language detailing reporting requirements relating to human rights in the Philippines, as proposed by the House. The conference agreement includes language, similar to that proposed by the Senate, providing \$32,000,000 for assistance for the Philippines, of which \$3,000,000 may not be obligated until the Secretary of State reports in writing to the Committees on Appropriations pursuant to section 7071(h) of this Act that—

(1) The Government of the Philippines is continuing to take effective steps to implement the recommendations of the UN Special Rapporteur on extra-judicial, summary or arbitrary executions; sustaining the decline in the number of extra-judicial executions; and strengthening government institutions working to eliminate extra-judicial executions;

(2) The Government of the Philippines is implementing a policy of promoting military personnel who demonstrate professionalism and respect for internationally recognized human rights, and is investigating, prosecuting, and punishing military personnel and others who have been credibly alleged to have violated such rights; and

(3) The Armed Forces of the Philippines do not have a policy of, and are not engaging in, acts of violence or intimidation against members of legal organizations who advocate for human rights.

*Morocco.*—The conferees endorse the reporting requirement on human rights in Morocco, as proposed in the Senate Report.

*Nepal.*—The conference agreement includes a provision (section 7071(e)) requiring the Secretary of State to make certifications to the Committees on Appropriations prior to making funds available under this heading

for assistance for Nepal, similar to that proposed by the Senate.

*Western Hemisphere Maritime Cooperation.*—The conferees direct that up to \$18,000,000 is available to continue maritime security cooperation programs in the Caribbean and in the countries of Central America.

*Training and Equipment Report.*—The conference agreement does not include a provision, as proposed by the Senate, concerning an annual foreign military training report. The conferees direct the Secretary of State and the Secretary of Defense to submit the report required by section 656 of the Foreign Assistance Act of 1961 by the date specified in that section.

The conference agreement does not include a provision, as proposed by the Senate, concerning a report on equipment. The conferees direct the Secretary of State, in consultation with other relevant Federal agencies, to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act detailing the equipment to be purchased with funds appropriated or otherwise made available under the INCLE and FMF headings. The report shall include a description of the anticipated costs associated with the operation and maintenance of such equipment in subsequent fiscal years. For purposes of the report, "equipment" shall be defined as any aircraft, vessel, boat or vehicle.

The conference agreement does not include a provision, as proposed by the Senate, which would have amended section 656 of the Foreign Assistance Act of 1961. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 180 days after enactment of this Act detailing, for each country that received assistance under chapter 5 or part II of such Act during the reporting period specified in that section, the net savings to that country for training purchased at a reduced cost or incremental rate through the Foreign Military Sales program, as authorized by section 21(a)(1)(C) of the Arms Export Control Act, as amended by section 108 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83).

*Vetting.*—The conferees endorse the reporting requirement on embassy personnel conducting human rights vetting, as proposed in the Senate Report.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

#### FOREIGN MILITARY FINANCING PROGRAM

(Budget authority in thousands of dollars)

Country/Program	Budget authority
Armenia .....	3,000
Azerbaijan .....	3,000
Bahrain .....	19,000
Cambodia .....	1,000
Colombia .....	55,000
Dominican Republic .....	1,000
Egypt .....	1,040,000
Ethiopia .....	843
Georgia .....	16,000
Guatemala .....	1,000
Haiti .....	1,600

#### TITLE V

##### MULTILATERAL ASSISTANCE

##### FUNDS APPROPRIATED TO THE PRESIDENT

##### INTERNATIONAL ORGANIZATIONS AND PROGRAMS

The conference agreement provides \$394,000,000 for International Organizations and Programs (IO&P), which is \$1,091,000 below the House and \$1,000,000 above the Senate. Funds are allocated according to the following table, subject to the provisions of section 7019 of this Act:

##### INTERNATIONAL ORGANIZATIONS AND PROGRAMS

(Budget authority in thousands of dollars)

Programs	Budget authority
Center for Human Settlements .....	2,050
International Civil Aviation Organization .....	950
International Conservation Programs .....	7,500
International Contributions for Scientific, Educational and Cultural Activities .....	1,000
International Development Law Organization .....	600
Maritime Security Programs .....	400
International Panel on Climate Change/UN Framework Convention on Climate Change .....	13,000
Montreal Protocol Multilateral Fund .....	25,500
Organization of American States (OAS) Development Assistance Programs .....	5,000
OAS Fund for Strengthening Democracy .....	3,000
UN Capital Development Fund .....	625
UN Children's Fund .....	132,250
UN Democracy Fund .....	4,500
UN Development Program .....	100,500
UN Environment Program .....	11,500
UN High Commissioner for Human Rights .....	7,000
UN Office for the Coordination of Humanitarian Affairs .....	3,000
UN Population Fund .....	55,000
UN Voluntary Fund for Technical Cooperation in the Field of Human Rights .....	1,425
UN Voluntary Fund for Victims of Torture .....	7,100
UN Women's Fund (UNIFEM)/UN Development Fund for Women .....	6,000
UNIFEM Trust Fund .....	3,000
World Meteorological Organization .....	2,050
World Trade Organization Technical Assistance .....	1,050
<b>Total—IO&amp;P .....</b>	<b>394,000</b>

The conferees support efforts at the UN to address the needs of women and girls, and note that on September 14, 2009, the UN General Assembly approved a resolution to establish a new agency to address these issues, which includes reference to the possible consolidation of existing gender agencies and programs into the new entity. The conferees direct the Department of State to consult with the Committees on Appropriations prior to providing funds to this new entity or providing any funds appropriated for a United States contribution to UNIFEM or the UNIFEM Trust Fund to this new mechanism.

##### INTERNATIONAL FINANCIAL INSTITUTIONS

##### GLOBAL ENVIRONMENT FACILITY

The conference agreement provides \$86,500,000 for the Global Environment Facility, which is the same as the House and Senate.

##### CONTRIBUTION TO THE INTERNATIONAL DEVELOPMENT ASSOCIATION

The conference agreement provides \$1,262,500,000 for a contribution to the International Development Association, which is \$27,500,000 above the House and \$57,500,000 below the Senate.

The conferees are concerned that a significant portion of World Bank financing, particularly its support for fossil fuel power plants, conflicts with and undermines the goals of the CTF to reduce greenhouse gas emissions. The conferees direct the Secretary of the Treasury to submit a report to the Committees on Appropriations not later than September 30, 2010, comparing the amount of reductions in greenhouse gas emissions resulting from activities funded by the CTF with the amount of such emissions generated as a result of other World Bank financing, during fiscal year 2010.

#### CONTRIBUTION TO THE CLEAN TECHNOLOGY FUND

The conference agreement provides \$300,000,000 for a contribution to the Clean Technology Fund, which is \$75,000,000 above the House and \$100,000,000 below the Senate.

The conference agreement does not include a provision that limits the availability of funds provided under this heading until authorized, as proposed by the House. Funds provided under this heading are subject to the terms and conditions in section 7081(g) of this Act.

The conferees direct the Secretary of the Treasury to submit a report to the Committees on Appropriations not later than 180 days after enactment of this Act and every 90 days thereafter until September 30, 2010, detailing the total pledges and actual contributions made to date to the CTF and SCF by country; an estimate of administrative and overhead costs to the World Bank in administering the funds in 2010; a list of applications funded by country with CTF and SCF funds, including types of technology funded, entities to which the funds were provided, and whether the funds were provided in the form of budget support; the extent to which the World Bank has established a methodology to evaluate and publicly report on the direct or indirect impact of CTF and SCF funds on climate change; and the extent to which the World Bank has established a policy on taxes and tariffs imposed by national governments on goods and services funded by the CTF and SCF.

#### CONTRIBUTION TO THE STRATEGIC CLIMATE FUND

The conference agreement provides \$75,000,000 for a contribution to the Strategic Climate Fund, which is the same as the House and Senate.

The conference agreement does not include a provision that limits the availability of funds provided under this heading until authorized, as proposed by the House.

#### CONTRIBUTION TO THE INTER-AMERICAN DEVELOPMENT BANK

The conference agreement provides \$4,670,000 for a contribution to the Inter-American Development Bank, which is the same as the House and Senate.

#### CONTRIBUTION TO THE ENTERPRISE FOR THE AMERICAS MULTILATERAL INVESTMENT FUND

The conference agreement provides \$25,000,000 for a contribution to the Enterprise for the Americas Multilateral Investment Fund, which is the same as the House and Senate.

#### CONTRIBUTION TO THE ASIAN DEVELOPMENT FUND

The conference agreement provides \$105,000,000 for a contribution to the Asian Development Fund, which is \$10,250,000 below the House and Senate.

#### CONTRIBUTION TO THE AFRICAN DEVELOPMENT FUND

The conference agreement provides \$155,000,000 for a contribution to the African

Development Fund, which is \$4,885,000 below the House and Senate.

#### CONTRIBUTION TO THE INTERNATIONAL FUND FOR AGRICULTURAL DEVELOPMENT

The conference agreement provides \$30,000,000 for a contribution to the International Fund for Agricultural Development, which is the same as the House and Senate.

#### TITLE VI

##### EXPORT AND INVESTMENT ASSISTANCE

##### EXPORT-IMPORT BANK OF THE UNITED STATES INSPECTOR GENERAL

The conference agreement provides \$2,500,000 for the Inspector General, which is the same as the House and Senate.

##### SUBSIDY APPROPRIATION

The conference agreement provides \$58,000,000 for the Subsidy Appropriation, which is the same as the House and Senate.

##### ADMINISTRATIVE EXPENSES

The conference agreement provides \$83,880,000 for Administrative Expenses, which is the same as the House and Senate.

The conference agreement directs that not less than 10 percent of the aggregate loan, guarantee, and insurance authority available to the Export-Import Bank (Ex-Im) should be used for renewable energy or end-use energy efficiency technologies. The conferees endorse the environmental reporting requirement, as proposed by the House. The report should include all financing carried out in fiscal year 2009 for renewable energy or end-use energy efficiency technologies, as well as other environmentally beneficial exports; efforts made by Ex-Im to promote and support such exports; information on which regions and sectors exhibit the greatest potential for such exports; how Ex-Im defines and tracks such activities; data on Ex-Im's progress toward meeting the 10 percent directive and Ex-Im's planned efforts to overcome any shortfall; Ex-Im data, current policies, and mitigation measures on greenhouse gas emissions of its projects; and, as applicable, the status of implementation of recommendations made by the GAO related to the promotion of renewable energy or end-use energy efficiency technologies, as well as other environmentally beneficial exports.

The conferees endorse the reporting requirement on the impact of the global financial crisis and economic downturn on the work of Ex-Im, as proposed by the House. The report should include annual and quarterly data, detail and trends, both in aggregate and for each category of credit, guarantee, or insurance instrument offered by Ex-Im, on the following: impact on demand for Ex-Im's credit and other services; impact on the volume of Ex-Im transactions; impact on activity across specific regions or sectors; impact on risk portfolio and default rates; impact on revenue generated by Ex-Im services; likely explanations for these effects; resulting adjustments made to Ex-Im's management and operations; and any other opportunities, lessons, or vulnerabilities resulting from recent global economic conditions. For comparison, data provided should include fiscal year 2008.

##### OVERSEAS PRIVATE INVESTMENT CORPORATION NONCREDIT ACCOUNT

The conference agreement provides \$52,310,000 for administrative expenses, which is the same as the House and Senate.

##### PROGRAM ACCOUNT

The conference agreement provides \$29,000,000 for the Program Account, which is the same as the House and Senate.

The Overseas Private Investment Corporation (OPIC) is directed to provide written reports on a semi-annual basis, as in prior years, as proposed by the House. The conferees also endorse the consultation requirements for OPIC's use of local currency loan guaranty authority and for financing of NGOs or private voluntary organizations, as proposed by the House.

The conference agreement includes a reporting requirement in section 7079(b) on OPIC's commitment to invest in renewable and other clean energy technologies and on OPIC's plans to significantly reduce greenhouse gas emissions from its portfolio, as proposed by the Senate.

The conferees endorse the reporting requirement on the impact of the global financial crisis and economic downturn on the work of OPIC, as proposed by the House. The report should include annual and quarterly data, detail and trends, both in aggregate and for each category of credit, guarantee, or insurance instrument offered by OPIC, on the following: impact on demand for OPIC's credit and other services; impact on the volume of OPIC transactions; impact on activity across specific regions or sectors; impact on risk portfolio of OPIC projects; impact on ability to partner with private sector financial institutions; likely explanations for these effects; resulting adjustments made to OPIC's management and operations; and any other opportunities, lessons, or vulnerabilities resulting from recent global economic conditions. For comparison, data provided should include fiscal year 2008.

##### FUNDS APPROPRIATED TO THE PRESIDENT

##### TRADE AND DEVELOPMENT AGENCY

The conference agreement provides \$55,200,000 for the Trade and Development Agency, which is the same as the House and Senate.

#### TITLE VII

##### GENERAL PROVISIONS

Provisions retained from the Omnibus Appropriations Act, 2009 (Public Law 111-8):

The following general provisions include language which is identical to or substantively unchanged from the fiscal year 2009 Act except for a different section number or minor technical or structural differences:

- Sec. 7001. "Allowances and Differentials."
- Sec. 7002. "Unobligated Balances Report."
- Sec. 7003. "Consulting Services."
- Sec. 7005. "Personnel Actions."
- Sec. 7007. "Prohibition Against Direct Funding for Certain Countries."
- Sec. 7010. "Reporting Requirement."
- Sec. 7011. "Availability of Funds."
- Sec. 7012. "Limitation on Assistance to Countries in Default."
- Sec. 7013. "Prohibition on Taxation of United States Assistance."
- Sec. 7014. "Reservations of Funds."
- Sec. 7016. "Notification on Excess Defense Equipment."
- Sec. 7017. "Limitation on Availability of Funds for International Organizations and Programs."
- Sec. 7018. "Prohibition on Funding for Abortions and Involuntary Sterilization."
- Sec. 7020. "Prohibition of Payment of Certain Expenses."
- Sec. 7021. "Prohibition on Assistance to Foreign Governments that Export Lethal Military Equipment to Countries Supporting International Terrorism."
- Sec. 7022. "Prohibition on Bilateral Assistance to Terrorist Countries."
- Sec. 7023. "Authorization Requirements."
- Sec. 7024. "Definition of Program, Project, and Activity."

Sec. 7025. "Authorities for the Peace Corps, Inter-American Foundation and African Development Foundation."

Sec. 7026. "Commerce, Trade and Surplus Commodities."

Sec. 7027. "Separate Accounts."

Sec. 7028. "Eligibility for Assistance."

Sec. 7029. "Impact on Jobs in the United States."

Sec. 7031. "Debt-for-Development."

Sec. 7032. "Authority to Engage in Debt Buybacks or Sales."

Sec. 7033. "Special Debt Relief for the Poorest."

Sec. 7035. "Arab League Boycott of Israel."

Sec. 7036. "Palestinian Statehood."

Sec. 7037. "Restrictions Concerning the Palestinian Authority."

Sec. 7038. "Prohibition on Assistance to the Palestinian Broadcasting Corporation."

Sec. 7039. "Assistance for the West Bank and Gaza."

Sec. 7047. "Community-Based Police Assistance."

Sec. 7048. "Prohibition of Payments to United Nations Members."

Sec. 7049. "War Crimes Tribunals Draw-down."

Sec. 7050. "Peacekeeping Missions."

Sec. 7053. "Attendance at International Conferences."

Sec. 7054. "Restrictions on United Nations Delegations."

Sec. 7055. "Parking Fines and Real Property Taxes Owed by Foreign Governments."

Sec. 7057. "Prohibition on Publicity or Propaganda."

Sec. 7058. "Limitation on Residence Expenses."

Sec. 7066. "Comprehensive Expenditures Report."

Sec. 7067. "Requests for Documents."

Sec. 7068. "Senior Policy Operating Group."

Sec. 7069. "Prohibition on Use of Torture."

Sec. 7072. "Serbia."

Sec. 7073. "Independent States of the Former Soviet Union."

Sec. 7074. "Repression in the Russian Federation."

Sec. 7077. "Enterprise Funds."

Sec. 7080. "Extradition."

Sec. 7082. "Prohibition on Promotion of Tobacco."

Sec. 7083. "Commercial Leasing of Defense Articles."

The following provisions are new, modified from the Omnibus Appropriations Act, 2009 (Public Law 111-8), or further clarified in this joint statement.

#### *Sec. 7004. Embassy construction*

The provision is modified by including subsection (c), which requires the Department of State to consult with the Committees on Appropriations prior to the obligation of funds to acquire property for diplomatic facilities in Kabul, Afghanistan, similar to that proposed by the Senate.

#### *Sec. 7006. Local guard contracts*

The conference agreement includes a new provision which allows the Secretary of State flexibility to award local guard contracts on the basis of either lowest price that is technically acceptable or the best value cost-technical tradeoff (as defined in the Federal Acquisition Regulation part 15.101) when awarding such contracts in Afghanistan, Iraq and Pakistan. Current law requires that all local guard contracts must be awarded on the basis of the lowest price that is technically acceptable, and if other factors had been considered, the problems reported earlier this year involving the local

guard contract in Kabul, Afghanistan may have been prevented. The conferees understand that providing the Secretary with authority to make awards through the best value approach can enhance the guard force's effectiveness and justify the additional cost, particularly in countries with dangerous or hostile environments.

#### *Sec. 7008. Coups d'État*

The conference agreement changes the heading from "Military Coups" to "Coups d'État". While there is no substantive change to the provision, the conferees are concerned that the previous title implied an unintended limitation of the provision's application, and direct the Department of State's Office of the Legal Advisor to undertake a review of events necessary to trigger the provisions of this section and submit a report on such events to the Committees on Appropriations not later than 45 days after enactment of this Act.

#### *Sec. 7009. Transfer authority*

The conference agreement includes a new subsection requiring notification of transfers over \$1,000,000 between either USAID or the Department of State and any department, agency, or instrumentality of the United States Government. The provision is further modified by requiring audits of funds transferred by the Department of State to any other federal agency.

#### *Sec. 7015. Reprogramming notification requirements*

The conference agreement modifies subsection (c) to include the CSI and CCF headings; subsection (d) to include an exemption from the requirements of this subsection to funds transferred to title I of this Act; and subsection (f) by including Somalia and Sri Lanka on the country notification list.

#### *Sec. 7019. Allocations*

The conference agreement modifies this section to include charts under the following headings: CSI, D&CP, American Sections, International Commissions, DF, INCLE, and PKO; and strikes Andean Counterdrug Programs.

#### *Sec. 7030. International financial institutions*

The conference agreement continues prior year language related to limitations on programs in Heavily Indebted Poor Countries, as proposed by the House, and includes technical changes.

#### *Sec. 7034. Special authorities*

The conference agreement is modified by deleting subsections (i), (k), (m), and (o); moving subsection (f) to section 7085(c) of this Act; modifying subsection (d); and including new subsections (j), (l), (m), (n), (o), (p), (q), (r), (s), and (t).

The conference agreement includes a modified provision (subsection (o)) that restricts the use of funds in this Act for implementation of the Partner Vetting System (PVS), similar to that proposed by the Senate. The section was modified to allow for implementation of a limited pilot program, and the conferees understand that this pilot program may be conducted in up to five countries and in Washington. The provision also requires that the PVS pilot be applied equally to the Department of State and USAID. Steps to put USAID's PVS system in place began in fiscal year 2009, and the system should be designed to vet USAID partners in order to minimize the risk that taxpayer-funded assistance could be diverted for terrorist purposes, without impeding the efficient and effective implementation of United States foreign assistance programs. The conferees ex-

pect the system to be extended to the Department of State's implementing partners but do not intend for this extension to supersede current Leahy vetting requirements on security assistance.

The conferees remain concerned with the quality of the Department of State and USAID congressional budget justifications (CBJs). While the conference agreement does not include language proposed by the Senate that would have prohibited the obligation of funds to compile, produce, or publish any CBJ documents for fiscal year 2011 until the Secretary of State and the USAID Administrator consult with the Committees on Appropriations, the conferees expect consultations to continue regarding the purpose, format, and content of the CBJs.

The conference agreement includes a provision clarifying the Secretary of State's obligations regarding visa determinations for applicants of A-3 and G-5 visas, under the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110-457). For purposes of section 203(a)(2) of such Act, a final civil judgment in a trafficking case or a determination by the Department of Justice that the United States Government would seek to indict the diplomat or a family member but for diplomatic immunity shall be deemed "credible evidence" of abuse or other mistreatment.

#### *Sec. 7040. Limitation on Assistance for the Palestinian Authority*

The conference agreement includes a new subsection (f), which is substantively identical to the provision carried in the Supplemental Appropriations Act, 2009 (Public Law 111-32). The new subsection continues to prohibit assistance to Hamas or any entity effectively controlled by Hamas, and further prohibits assistance to any power-sharing government of which Hamas is a member unless such government, including all its ministers or such equivalent, has met certain conditions.

#### *Sec. 7041. Saudi Arabia*

The conference agreement includes a new provision prohibiting assistance for Saudi Arabia, similar to that proposed by the House. The conference agreement includes a waiver. The Senate did not include similar language.

#### *Sec. 7042. Near East*

The conference agreement includes a new provision similar to that proposed by the Senate, which provides overall assistance levels in the Act for the countries of Egypt, Iraq, Jordan, and Lebanon. The conferees note that these levels do not include funds that may be derived through regional funding within the individual appropriations accounts. The provision also includes a funding level for the West Bank and Gaza.

The provision includes language, similar to that proposed by the Senate, regarding the establishment of an endowment to further the shared interests of the United States and Egypt, consistent with the purposes for which such funds are requested in the fiscal year 2010 CBJ materials and appropriated under such heading. The House did not include a similar provision. The conferees recognize that discussions and negotiations on such an endowment will take time, and direct the Secretary of State to consult with the Committees on these efforts. Consultation should include explanation of the specific definition of shared interests, and how such interests would be furthered through an endowment. The conferees note that such funds are subject to the regular notification procedures of the Committees on Appropriations.

The provision includes language continuing the transparency and accountability reporting requirements contained in the statement of managers accompanying the Supplemental Appropriations Act, 2009 (Public Law 111-32, House Report 111-151) under the MRA heading. The House had included the reporting requirement as a separate general provision. The Senate bill did not include a similar requirement.

#### Sec. 7043. Iran Sanctions

The conference agreement includes a provision similar to that proposed by the House which modifies the reporting requirement in the Omnibus Appropriations Act, 2009 (Public Law 111-8) by adding a statement of policy in subsection (a) and including a limitation in subsection (b). The conferees intend “significant” or “material” to mean aggregate transactions undertaken in a 12-month period valued in excess of \$20,000,000. The conferees direct the Departments of State and Treasury to be responsible for determining what entities meet such standard. The conference agreement does not restrict the Export-Import Bank from modifying existing transactions. However, the conferees direct the Export-Import Bank to consult with the Committees on Appropriations prior to the modification or extension of financing to any existing project that would otherwise be prohibited by this section.

#### Sec. 7044. Aircraft Transfer and Coordination

The conference agreement includes a provision, similar to that proposed by the Senate, regarding the use of Department of State and USAID aircraft, including a reporting requirement on air fleets.

#### Sec. 7045. Western Hemisphere

The conference agreement includes funding and legislative requirements for a Caribbean Basin Security Initiative, as proposed by the House. The conference agreement includes a provision, similar to that proposed by the Senate, providing authority for USAID to continue support for an Economic and Social Development Fund for Central America, which is intended to address unemployment and other root causes of drug trafficking and criminal gangs, particularly among youth, in vulnerable communities. The conference agreement does not provide a specific funding level from under the ESF heading, as proposed by the Senate. The provision continues funding allocations and legislative requirements for Haiti, Guatemala, Mexico, Central America, and trade capacity building. The conferees intend that the pilot project required in subsection (h) will inform the findings and recommendations of the report required on passport cards, which should also include an analysis of the effect that expanding passport cards to air travelers may have on the fees for both the passport cards and passport books.

#### Sec. 7046. Colombia

The conference agreement includes language similar to prior years except that it continues by reference the prior year funding restrictions and reporting requirements with the exception that (b)(1)(B)(iv) of the Omnibus Appropriations Act, 2009 (Public Law 111-8) is modified to include human rights defenders, journalists, trade unionists, political and religious leaders. The provision provides not more than \$521,880,000 for assistance for Colombia from funds made available under the headings ESF, NADR, INCLE, IMET, and FMF. The conferees note that the cap established by this section includes funds that may be derived from regional accounts.

Funds made available in this Act for Colombia are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

COLOMBIA	
(Budget authority in thousands of dollars)	
Programs/Accounts	Budget authority
Foreign Military Financing .....	55,000
International Military Education and Training .....	1,695
Nonproliferation, Anti-terrorism, Demining and Related Programs .....	6,495
Economic Support Fund:	
Support for Democracy .....	20,250
Alternative Development .....	116,484
<i>Afro-Colombian/Indigenous Communities</i> .....	15,000
<i>Biodiversity Conservation</i> .....	3,000
Support for Vulnerable Groups/DPs .....	45,000
OAS Mission .....	250
Demobilization and Reintegration .....	18,606
Transfer to MRA .....	8,000
Clean Energy Initiatives .....	1,200
Subtotal—ESF .....	209,790
International Narcotics Control and Law Enforcement Support for Rule of Law Programs:	
Human Rights (USAID) .....	8,000
Judicial Reforms Programs .....	8,000
Procuraduría General de la Nación .....	3,000
Defensoría del Pueblo .....	1,000
Office of the Attorney General:	
Human Rights Unit .....	8,500
Justice and Peace Unit .....	5,000
Witness/Victims Protection Program .....	5,000
Investigations and Mass Graves .....	1,500
UN High Commissioner for Human Rights .....	500
Carabineros .....	3,000
Individual Deserter Program .....	500
Demand Reduction .....	500
Money Laundering .....	750
Subtotal—Support for Rule of Law Programs ....	45,250
Interdiction, Eradication and Support:	
Support to the Colombian Military:	
Army Counterdrug Mobile Brigade .....	2,000
Army Aviation Support .....	35,000
Air Bridge Denial Program .....	1,000
Navy Maritime Interdiction Support .....	5,000

Support to the Colombian National Police:	
Aviation Support .....	50,000
Support for Eradication .....	53,000
Support for Interdiction .....	25,000
Subtotal—Support to the Colombian National Police .....	128,000
Program, Development and Support:	
United States Personnel .....	2,029
LES .....	2,151
ICASS Costs .....	1,010
Program Support .....	1,510
Subtotal—Program, Development and Support .....	6,700
Critical Flight Safety Program:	
Huey-II Engines .....	1,800
Spray Aircraft procurement .....	0
Huey-II procurement .....	3,500
Huey-II wiring .....	1,500
C208 Depot .....	700
UH-60L Depot .....	6,000
Huey-II Depot .....	4,000
C-27 Depot .....	2,600
AT-802 Depot .....	2,600
Aircraft/Aircrew Safety of Flight .....	3,250
Subtotal—Critical Flight Safety Program ..	25,950
Subtotal—Interdiction, Eradication and Support .....	203,650
Subtotal—INCLE .....	248,900
Total—Colombia .....	521,880

\* Funding in italics denotes a non-add and is not in addition to the program total.

#### Sec. 7051. Peacekeeping Assessment

The conference agreement includes a provision, similar to that proposed by the House and Senate, which amends the cap on peacekeeping assessed costs to 27.3 percent in calendar year 2010.

#### Sec. 7052. United Nations Human Rights Council

The conference agreement includes a provision requiring a report on resolutions adopted by the UN Human Rights Council, similar to that proposed by the House. The Senate did not include a similar provision.

#### Sec. 7056. Landmines and Cluster Munitions

The conference agreement includes language aligning the provision with United States Government policy guidance, as proposed by the Senate.

#### Sec. 7059. United States Agency for International Development Management

The conference agreement modifies specific funding and personnel levels; clarifies reporting requirements; continues a hiring authority provided in prior years, as proposed by the House; allocates specific funding for LES, as proposed by the Senate; and extends an authority related to Foreign Service Limited appointments.

#### Sec. 7060. Global Health Activities

The conference agreement modifies the prior year funding level for voluntary family planning programs.

#### Sec. 7061. Development Grants Program

The conference agreement modifies the prior year funding level and restricts the grant size to \$2,000,000 to small NGOs, as proposed by the Senate. These funds shall be awarded in an open and competitive process in accordance with all applicable rules and regulations. Grants to support projects and activities in democracy and governance and that directly benefit women and girls, including programs to increase women's leadership capacity, should be supported. The conferees direct the USAID Administrator to submit a report to the Committees on Appropriations not later than 45 days after enactment of this Act, listing the grants made under this program in fiscal year 2009, including the organizations that received grants and the amount and purpose of each grant.

#### Sec. 7062. Women in Development

The conference agreement includes language requiring that food security and agricultural development programs take the unique needs of women into consideration, as proposed by the House.

#### Sec. 7063. Gender-Based Violence

The conference agreement clarifies the application of this provision. The conferees endorse the gender-based violence reporting requirement as proposed in the House Report under the INCLE heading.

#### Sec. 7064. Education

The conference agreement changes the funding levels; requires the continuation of the Coordinator of United States Government Actions to Provide Basic Education Assistance, as proposed by the House; and includes a requirement that education funding be coordinated with other development programs, as proposed by the House. The provision is further modified by providing specific funding levels for higher education assistance for Africa and for partnerships between African and United States institutions of higher education, as proposed by the Senate.

#### Sec. 7065. Reconciliation Programs

The conference agreement modifies the prior year funding levels and makes a technical change. Funds provided for these programs shall be awarded in an open and competitive process in accordance with all applicable rules and regulations.

#### Sec. 7070. Africa

The conference agreement excludes international peacekeeping training from the restriction placed on funding provided under the IMET heading; changes funding levels; includes a provision that makes funding available for programs to promote and support transparency and accountability in natural resource extraction programs; and

modifies the funding restriction for Zimbabwe.

The conference agreement includes a provision that restricts FMF assistance for Ethiopia due to reported human rights violations, similar to that proposed by the Senate. The provision excludes assistance to support the deployment of members of the Ethiopian military in international peacekeeping operations.

The conference agreement includes a provision that restricts funding for Rwanda due to reported human rights violations, similar to that proposed by the Senate. The provision excludes assistance to improve border controls to prevent the importation of minerals into Rwanda, or to support the deployment of members of the Rwandan military in international peacekeeping operations.

The conference agreement includes a provision related to Southern Sudan that is addressed under the ESF heading.

Funds appropriated for counterterrorism programs shall be considered only under the strategic objective for which they were requested. Any deviation from the budget request for these programs, and funds appropriated for a Horn of Africa and Pan Sahel Program, shall be subject to prior consultation with the Committees on Appropriations.

#### *Sec. 7071. Asia*

The provision provides funding and conditions on assistance for Tibet, Burma, Cambodia, Indonesia, Nepal, North Korea, the People's Republic of China, Philippines, and Timor-Leste, similar to that proposed by the Senate, which are delineated under the ESF and FMF headings, as appropriate.

The conference agreement includes language, similar to that proposed by the Senate, regarding assistance for Vietnam.

#### *Sec. 7075. Central Asia*

The conference agreement includes a provision which carries forward by reference the terms and conditions of sections 7075(a) and (b) and 7076(a) through (e) of the Omnibus Appropriations Act, 2009 (Public Law 111-8) concerning limitations on assistance for Kazakhstan (relating to human rights and civil liberties, including obligations and commitments to the Organization for Security and Cooperation in Europe) and Uzbekistan (relating to democracy and human rights), except that for the purposes of section 7076(e) "assistance" does not include expanded IMET. This is substantively similar to that proposed by the Senate. The House proposed a limitation only on assistance for Uzbekistan.

The conference agreement does not include language, as proposed by the Senate, concerning extractive industries in Kazakhstan. However, the conferees direct the Secretary of State to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act, detailing actions by the Government of Kazakhstan to implement the EITI and other actions to achieve transparency and accountability in managing revenues from oil, gas and mining.

The conference agreement does not include language proposed by the Senate concerning defense articles, services and assistance for the countries of Central Asia. However, the conferees direct the Secretary of State to submit a report to the Committees on Appropriations, not later than September 30, 2010, describing the defense articles, defense services, and financial assistance provided by the United States to the countries of Central Asia during the 12-month period ending 30 days prior to submission of such report; and the use during such period of defense arti-

cles, defense services, and financial assistance provided by the United States by units of the armed forces, border guards, or other security forces of such countries.

#### *Sec. 7076. Afghanistan*

The conference agreement includes a provision that requires that assistance be provided in a manner that utilizes Afghan entities, emphasizes the participation and leadership of Afghan women, and directly improves the security, economic and social well-being, and political status, of Afghan women and girls, similar to that proposed by the Senate.

The conference agreement includes a provision that continues terms and conditions of section 1102(b)(1) of the Supplemental Appropriations Act, 2009 (Public Law 111-32), as proposed by the Senate, and sets a funding level for programs that directly address the needs and protect the rights of Afghan women and girls, similar to that proposed by the House.

The conference agreement includes a provision that continues the terms and conditions of section 1102(c) and (d) of the Supplemental Appropriations Act, 2009 (Public Law 111-32) related to procurement and anti-corruption, as proposed by the Senate.

The conference agreement includes a provision related to anti-corruption that withholds funds until the Secretary of State certifies that the Government of Afghanistan is cooperating fully with United States efforts against the Taliban and Al Qaeda and efforts to reduce poppy cultivation and illicit drug trafficking, similar to that proposed by the House and Senate.

The conference agreement includes a funding level for the National Solidarity Program and sets requirements for United States reconstruction efforts.

The conference agreement includes a provision related to rule of law programs and a provision that restricts the United States Government from entering into a permanent basing rights agreement with Afghanistan.

#### *Sec. 7078. United Nations Population Fund*

The conference agreement changes the funding level; includes transfer authority, as proposed by the House; includes a provision withholding funding related to the United Nations Population Fund's program in the People's Republic of China, as proposed by the House; and includes technical changes.

#### *Sec. 7079. OPIC*

The conference agreement includes a provision, as proposed by the House and Senate, which enables a transfer of up to \$20,000,000 to the OPIC account from title III of this Act if the President determines it furthers the purposes of the Foreign Assistance Act of 1961, subject to regular notification procedures. The agreement includes a provision, as proposed by the Senate, that authorizes and directs OPIC to issue binding environmental, transparency, worker rights, and human rights guidelines, applicable to all OPIC projects, within nine months of enactment of this Act, and to report not later than 180 days after enactment of this Act on OPIC's investment in renewable and other clean energy technologies and plans to significantly reduce greenhouse gas emissions from its portfolio. The conference agreement includes a provision, modified from that proposed by the Senate, that extends OPIC's authorization for one year, through September 30, 2010.

#### *Sec. 7081. Climate Change and Environment Programs*

The conference agreement modifies prior year funding levels; clarifies the use of clean

energy, adaptation and biodiversity funding; includes language related to microfinance renewable energy programs; requires consultation prior to making a contribution to the Forest Carbon Partnership Facility; and makes technical changes.

The conference agreement includes new language authorizing a United States contribution to the CTF. The conferees believe that the CTF should only support renewable energy and energy efficiency projects. The conferees do not believe the Fund should support nuclear energy projects, high impoundment dam projects or fossil fuel technologies except for in the transportation sector as provided in the Act. In addition, the conferees direct the Fund to take all necessary steps to ensure timely public access to and input into project descriptions and plans; and expect the Fund to ensure that all proper environmental and health reviews are undertaken and are made publicly available.

#### CLIMATE CHANGE AND ENVIRONMENT PROGRAMS

(Budget authority in thousands of dollars)

Program	Budget authority
USAID Biodiversity programs .....	205,000
USAID Climate Change programs .....	305,700
OES Climate Change programs .....	145,500
Least Developed Countries Fund .....	30,000
Special Climate Change Fund .....	20,000
Western Hemisphere Climate Change programs .....	12,000
Global Environment Facility .....	86,500
Clean Technology Fund .....	300,000
Strategic Climate Fund .....	75,000
UN Climate Change programs .....	57,500
Tropical Forest Conservation Act .....	20,000
Total	1,257,200.

\*Funding in italics denotes a non-add and is not in addition to the program total.

#### *Sec. 7084. Anti-Kleptocracy*

The conference agreement includes a provision, similar to that proposed by the Senate, requiring the Secretary of State to maintain a list of officials of foreign governments and their immediate family members who the Secretary has credible evidence have been involved in corruption relating to the extraction of natural resources, and to submit a report to the Committees on Appropriations summarizing such evidence for each individual on the list. The conferees note that past reports have been deficient and direct that future reports provide the required information, in a classified form if necessary. Any individual on the list shall be ineligible for admission to the United States. The conferees, recognizing the need to broaden sanctions against those who engage in corrupt practices, direct the Secretary to urge other governments to take similar steps.

#### *Sec. 7085. International Prison Conditions*

The conference agreement includes a new provision, similar to that proposed by the Senate, that requires the Secretary of State to submit a report on conditions in prisons and other detention facilities in countries receiving United States assistance where the Assistant Secretary of State for Democracy, Human Rights and Labor has determined that arbitrary detention and/or cruel, inhumane or degrading treatment, or inhumane conditions, is common, and identifying those countries whose governments are, and are not, making significant efforts to eliminate such conditions. The conference agreement provides that funds shall be made available, notwithstanding section 660 of the Foreign Assistance Act of 1961. Additionally, the conference agreement continues a provision (section 7034(f) of the Omnibus Appropriations Act, 2009 (Public Law 111-8)) directing

the Secretary of State to designate a Deputy Assistant Secretary of State in the Bureau of Democracy, Human Rights and Labor with primary responsibility for diplomatic efforts related to international prison conditions. The House did not include similar language.

*Sec. 7086. Transparency and Accountability*

The conference agreement includes a provision that allows the Secretary of State to withhold funding from a UN organization or agency, similar to that proposed by the Senate; includes a provision regarding document disclosure at the International Monetary Fund (the Fund), as proposed by the Senate; includes a provision related to child labor and the Fund, as proposed by the Senate; clarifies the reporting requirement described in the budget transparency provision, as proposed by the House; provides up to \$1,500,000 to assist the governments of certain countries to improve budget transparency; and includes a new provision to withhold ten percent of funds from the Asian Development Fund until the Secretary of the Treasury reports to the Committees on Appropriations that the Asian Development Bank is pursuing certain reforms to prevent future fraudulent or corrupt activities.

*Sec. 7087. Disability Programs*

The conference agreement includes a provision, similar to that proposed by the Senate, providing not less than \$5,000,000 for programs and activities to address the needs and protect and promote the rights of people with disabilities in developing countries. The conferees direct that of this amount, \$1,000,000 shall be made available for projects to develop, support, and strengthen sports programs for children and adults with physical or intellectual disabilities, to be made available on an open and competitive basis in accordance with all applicable rules and regulations.

*Sec. 7088. Orphans, Displaced, and Abandoned Children*

The conference agreement clarifies the purposes for which funds may be used.

*Sec. 7089. Sri Lanka*

The conference agreement includes a provision, similar to that proposed by the House and Senate, regarding assistance for Sri Lanka. While the conferees welcome the defeat of the Tamil Tigers, the conferees are concerned with internally displaced Sri Lankans who are still detained in closed camps, as well as other persons who have been imprisoned or are being prosecuted for publicly reporting attacks on civilians. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 45 days after enactment of this Act on the extent to which the Government of Sri Lanka is treating internally displaced persons in accordance with international standards, including by guaranteeing their freedom of movement, providing access to conflict-affected areas and populations by humanitarian organizations

and journalists, and accounting for persons detained in the conflict. The conferees are also concerned that the Government of Sri Lanka has not taken credible steps to promote reconciliation among Tamils and other minority ethnic groups. The conference agreement includes a provision directing the Secretary of the Treasury to instruct the United States Executive Directors of the international financial institutions to vote against financial support for Sri Lanka, except to meet basic human needs, unless certain requirements are met. The conferees direct the Secretary of State to submit, not later than 180 days after enactment of this Act, a report supplementing the Secretary's October 21, 2009, report on crimes against humanity in Sri Lanka detailing what, if any, measures have been taken by the Government of Sri Lanka and international bodies to investigate such incidents, and evaluating the effectiveness of such efforts.

*Sec. 7090. International Monetary Fund Provisions*

The conference agreement sets limitations and restrictions on funding provided to the New Arrangements to Borrow (NAB) program at the International Monetary Fund, similar to that proposed by the House. The provision includes language that sets conditions on continued United States participation in the NAB and that restricts United States participation in the NAB to not greater than 20 percent of the total.

*Sec. 7091. Intellectual Property Rights Protection*

The conference agreement includes a provision, similar to that proposed by the House, requiring the Secretary of State to submit a report on actions to protect intellectual property rights during climate change negotiations. The conferees expect the report to include, but not be limited to, the following technologies: solar, biofuels, wind, batteries, and light-emitting diode lighting. The conferees direct the Secretary to include updates on the United States position, efforts made, and any agreements reached with respect to financing, institutional structures to address technology transfer, and attempts to include compulsory licensing in international agreements. The conferees direct the Secretary to consult with the Committees on Appropriations prior to submission of the initial report.

*Sec. 7092. Prohibition on Certain First-Class Travel*

The conference agreement includes a provision prohibiting the use of funds for first-class travel by employees of agencies funded by this Act in contravention of federal regulations, as proposed by the House.

*Sec. 7093. Limitation on Use of Funds in Contravention of Certain Laws*

The conference agreement includes a new provision, similar to that proposed by the House, which states that none of the funds provided in this Act or prior Acts may be

used in contravention of any provision of, or amendment made by, this Act or of certain sections of the Supplemental Appropriations Act, 2009 (Public Law 111-32). The provision further requires the Executive Branch to notify the Committees on Appropriations if a determination is made that a particular provision is unconstitutional.

The following general provisions that were proposed in the House and Senate fiscal year 2010 bills are either addressed elsewhere or are not included in the conference agreement.

Sec. 7006. (House) "International Broadcasting."

Sec. 7042. (House) "Iraq."

Sec. 7044. (House) "Lebanon."

Sec. 7057. (Senate) "Millennium Challenge Corporation."

Sec. 7069. (Senate) "Locally Employed Staff."

Sec. 7074. (House) "Uzbekistan."

Sec. 7086. (House) "UNRWA Accountability."

Sec. 7087. (House) "Limitation on Funds Relating to Transfer or Release of Individuals Detained at Naval Station, Guantanamo Bay, Cuba."

Sec. 7087. (Senate) "Training and Equipment Reports."

Sec. 7092. (Senate) "Cuba."

Sec. 7093. (Senate) "Assistance for Foreign Nongovernmental Organizations."

The following general provisions enacted in Public Law 111-8 are not included in this Act.

Sec. 7006. "Consular Affairs Reform."

Sec. 7041. "Broadcasting Transparency."

Sec. 7042. "Iraq."

Sec. 7044. "Lebanon."

Sec. 7057. "Millennium Challenge Corporation."

Sec. 7076. "Uzbekistan."

Sec. 7087. "Training and Equipment Reports."

Sec. 7092. "Export-Import Bank Rescission."

**DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS**

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, neither the conference report nor the accompanying joint statement of managers contains any congressional earmarks, congressionally directed spending items, limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the Rules of the House of Representatives, neither the conference report nor the joint statement of managers contains any congressional earmarks, limited tax benefits, or limited tariff benefits that were not (1) committed to the conference committee by either House or (2) in a report of a committee of either House on this bill or on a companion measure.

## SENATE ENROLLED BILL SIGNED

The Speaker announced her signature to an enrolled bill of the Senate of the following title:

S. 1422. To amend the Family and Medical Leave Act of 1993 to clarify the eligibility requirements with respect to airline flight crews.

## ADJOURNMENT

Mr. OLVER. Madam Speaker, I move that the House do now adjourn.

The motion was agreed to; accordingly (at 11 o'clock and 24 minutes p.m.), the House adjourned until tomorrow, Wednesday, December 9, 2009, at 10 a.m.

## EXECUTIVE COMMUNICATIONS, ETC.

Under clause 2 of Rule XXIV, executive communications were taken from the Speaker's table and referred as follows:

4916. A letter from the Director, Defense Procurement and Acquisition Policy, Department of Defense, transmitting the Department's final rule — Defense Federal Acquisition Regulation Supplement; Whistleblower Protections for Contractor Employees (DFARS Case 2008-D012) (RIN: 0750-AG09) received November 12, 2009, pursuant to 5

U.S.C. 801(a)(1)(A); to the Committee on Armed Services.

4917. A letter from the Assistant General Counsel for Regulatory Services, Office of General Counsel, Department of Education, transmitting the Department's final rule — Institutional Eligibility Under the Higher Education Act of 1965, as Amended, and the Secretary's Recognition of Accrediting Agencies [Docket ID: ED-2009-OPE-0009] (RIN: 1840-AD00) received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Education and Labor.

4918. A letter from the Deputy Director, Regulations Policy and Management Staff, Department of Health and Human Services, transmitting the Department's final rule — Investigational New Drug Applications; Technical Amendment [Docket No.: FDA-2009-N-0464] received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Energy and Commerce.

4919. A letter from the Chief of Staff, Media Bureau, Federal Communications Commission, transmitting the Commission's final rule — Amendment of Section 73.202(b), Table of Allotments, FM Broadcast Stations (Leupp, Arizona) [MB Docket No.: 09-98] received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Energy and Commerce.

4920. A letter from the Acting Assistant Secretary for Export Administration, Department of Commerce, transmitting the Department's final rule — Revisions to the Export Administration Regulations based on the 2008 Missile Technology Control Regime Plenary Additions [Docket No.: 090126060-91251-01] (RIN: 0694-AE53) received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Foreign Affairs.

4921. A letter from the Chairman, Council of the District of Columbia, transmitting District of Columbia Council: Transmittal of D.C. Act 18-239, "Hospital and Medical Services Corporation Regulatory Amendment Act of 2009", pursuant to D.C. Code section 1-233(c)(1); to the Committee on Oversight and Government Reform.

4922. A letter from the Chairman, Council of the District of Columbia, transmitting District of Columbia Council: Transmittal of D.C. Act 18-238, "Omnibus Election Reform Amendment Act of 2009", pursuant to D.C. Code section 1-233(c)(1); to the Committee on Oversight and Government Reform.

4923. A letter from the General Counsel (Acting), National Indian Gaming Commission, transmitting the Commission's final rule — Amendments to Various National Indian Gaming Commission Regulations (RIN: 3141-0001) received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Natural Resources.

4924. A letter from the Acting Director, Office of Sustainable Fisheries, NMFS, National Oceanic and Atmospheric Administration, transmitting the Administration's final rule — Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch by Vessels in the Amendment 80 Limited Access Fishery in the Western Aleutian District of the Bering Sea and Aleutian Islands Management Area [Docket No.: 0810141351-9087-02] (RIN: 0648-XS59) received November 13, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Natural Resources.

4925. A letter from the Acting Director, Office of Sustainable Fisheries, NMFS, National Oceanic and Atmospheric Administration, transmitting the Administration's final rule — Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel by Vessels in the Amendment 80 Limited Access Fishery in the Western Aleutian District of the

Bering Sea and Aleutian Islands Management Area [Docket No.: 0810141351-9087-02] (RIN: 0648-XS58) received November 13, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Natural Resources.

4926. A letter from the Acting Director, Office of Sustainable Fisheries, NMFS, National Oceanic and Atmospheric Administration, transmitting the Administration's final rule — Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch by Vessels in the Amendment 80 Limited Access Fishery in the Central Aleutian District of the Bering Sea and Aleutian Islands Management Area [Docket No.: 0810141351-9087-02] (RIN: 0648-XS57) received November 13, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Natural Resources.

4927. A letter from the General Counsel, Department of Justice, transmitting the Department's final rule — Application of Immigration Regulations to the Commonwealth of the Northern Mariana Islands [EOIR Docket No.: 169 AG Order No. 3120-2009] (RIN: 1125-AA67) received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on the Judiciary.

4928. A letter from the Attorney-Advisor, Department of Homeland Security, transmitting the Department's final rule — Security Zone Naval Base Point Loma; San Diego Bay, San Diego, CA [Docket No.: USCG-2008-1016] (RIN: 1625-AA87) received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

4945. A letter from the Program Analyst, Department of Transportation, transmitting the Department's final rule — Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments [Docket No.: 30691; Amdt. No. 3343] received November 13, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

4946. A letter from the Chairman, Department of Transportation, transmitting the Department's final rule — Removal of Delegations of Authority to Secretary, received November 12, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

4947. A letter from the Program Analyst, Department of Transportation, transmitting the Department's final rule — Production and Airworthiness Approvals, Part Marking, and Miscellaneous Amendments [Docket No.: FAA-2006-25877; Amendment Nos. 1-64, 21-92, 43-43, and 45-26] (RIN: 2120-AJ64) November 13, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

#### REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. WAXMAN: Committee on Energy and Commerce. H.R. 1319. A bill to prevent the inadvertent disclosure of information on a computer through the use of certain "peer-to-peer" file sharing software without first providing notice and obtaining consent from the owner or authorized user of the computer; with amendments (Rept. 111-361). Referred to the Committee of the Whole House on the State of the Union.

Mr. WAXMAN: Committee on Energy and Commerce. H.R. 2221. A bill to protect consumers by requiring reasonable security policies and procedures to protect computerized data containing personal information, and to provide for nationwide notice in the event of a security breach; with amendments (Rept. 111-362). Referred to the Committee of the Whole House on the State of the Union.

Mr. BRADY of Pennsylvania: Committee on House Administration. H.R. 512. A bill to

amend the Federal Election Campaign Act of 1971 to prohibit certain State election administration officials from actively participating in electoral campaigns; with an amendment (Rept. 111-363). Referred to the Committee of the Whole House on the State of the Union.

Mr. ARCURI: Committee on Rules. House Resolution 955. Resolution providing for consideration of the bill (H.R. 4213) to amend the Internal Revenue Code of 1986 to extend certain expiring provisions, and for other purposes (Rept. 111-364). Referred to the House Calendar.

Mr. PERLMUTTER. Committee on Rules. House Resolution 956. Resolution providing for consideration of the bill (H.R. 4173) to provide for financial regulatory reform, to protect consumers and investors, to enhance Federal understanding of insurance issues, to regulate the over-the-counter derivatives markets, and for other purposes (Rept. 111-365). Referred to the House Calendar.

Mr. OLIVER: Committee of Conference. Conference report on H.R. 3288. A bill making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2010, and for other purposes (Rept. 111-366). Ordered to be printed.

## PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions of the following titles were introduced and severally referred, as follows:

By Mr. RANGEL (for himself, Mr. OBERSTAR, Mr. CAMP, Mr. MICA, Mr. COSTELLO, Mr. PETRI, and Mr. LEWIS of Georgia):

H.R. 4217. A bill to amend the Internal Revenue Code of 1986 to extend the funding and expenditure authority of the Airport and Airway Trust Fund, to amend title 49, United States Code, to extend authorizations for the airport improvement program, and for other purposes; to the Committee on Transportation and Infrastructure, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned; considered and passed.

By Mr. TANNER (for himself and Mr. SAM JOHNSON of Texas):

H.R. 4218. A bill to amend titles II and XVI of the Social Security Act to prohibit retroactive payments to individuals during periods for which such individuals are prisoners, fugitive felons, or probation or parole violators; to the Committee on Ways and Means; considered and passed.

By Mr. WILSON of South Carolina (for himself, Mr. KINGSTON, Mr. INGLIS, Mr. BROUN of Georgia, Mr. SOUDER, Mr. BARRETT of South Carolina, Mrs. BACHMANN, Mrs. BLACKBURN, Mr. MILLER of Florida, Mr. FORBES, and Mr. AKIN):

H.R. 4219. A bill to establish a National Commission on American Recovery and Reinvestment; to the Committee on Education and Labor.

By Mr. BUYER (for himself, Mr. MORAN of Kansas, Mr. BROWN of South Carolina, Mr. MILLER of Florida, Mr. BOOZMAN, Mr. BILIRAKIS, Mr. BUCHANAN, Mr. ROE of Tennessee, Mr. BILBRAY, and Mr. LAMBORN):

H.R. 4220. A bill to amend title 38, United States Code, to make certain improvements

in the laws administered by the Secretary of Veterans Affairs relating to small business concerns and employment assistance, and for other purposes; to the Committee on Veterans' Affairs, and in addition to the Committees on Education and Labor, and Small Business, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. BUYER (for himself, Mr. ROE of Tennessee, Mr. BILBRAY, Mr. LAMBORN, Mr. BROWN of South Carolina, and Mr. BOOZMAN):

H.R. 4221. A bill to amend title 38, United States Code, to provide for improved acquisition practices by the Department of Veterans Affairs, and for other purposes; to the Committee on Veterans' Affairs, and in addition to the Committee on Oversight and Government Reform, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Ms. GINNY BROWN-WAITE of Florida (for herself, Mrs. EMERSON, Mr. SOUDER, Mr. ROONEY, Mr. BUCHANAN, Mr. ROSKAM, Mr. LINCOLN DIAZ-BALART of Florida, Mr. PUTNAM, Mr. MARIO DIAZ-BALART of Florida, and Mr. MACK):

H.R. 4222. A bill to provide for the establishment of the Office of Deputy Secretary for Health Care Fraud Prevention; to the Committee on Energy and Commerce.

By Mr. KILDEE (for himself, Mr. RYAN of Ohio, and Mrs. BIGGERT):

H.R. 4223. A bill to support evidence-based social and emotional learning programming; to the Committee on Education and Labor.

By Ms. VELÁZQUEZ (for herself, Mr. FRANK of Massachusetts, and Ms. WATERS):

H.R. 4224. A bill to establish a pilot program to train public housing residents as home health aides and in home-based health services to enable such residents to provide covered home-based health services to residents of public housing and residents of federally-assisted rental housing, who are elderly and disabled, and for other purposes; to the Committee on Financial Services.

By Mr. COSTA (for himself and Mr. CARDOZA):

H.R. 4225. A bill to authorize drought assistance adjustments to provide immediate funding for projects and activities that will help alleviate record unemployment and diminished agricultural production related to the drought in California; to the Committee on Natural Resources.

By Mr. REICHERT (for himself, Mr. KIND, Mr. DAVIS of Kentucky, Mr. BLUMENAUER, Mr. LEE of New York, and Mr. PERRIELLO):

H.R. 4226. A bill to amend the Internal Revenue Code of 1986 to improve and extend certain energy-related tax provisions, and for other purposes; to the Committee on Ways and Means.

By Mr. SCHRADER (for himself, Mr. WALDEN, Mr. BAIRD, Ms. HERSETH SANDLIN, Mrs. McMORRIS RODGERS, Mr. MINNICK, and Mr. DEFazio):

H.R. 4227. A bill to authorize the Secretary of Agriculture to provide loans to support the conversion of energy generation or heating and cooling systems to the use of renewable biomass and to support the installation of new equipment to use renewable biomass for such systems, and for other purposes; to the Committee on Agriculture.

By Mr. ALEXANDER:

H.R. 4228. A bill to require the Forest Service to accommodate, to the extent consistent with the management objectives and limitations applicable to the National Forest System lands at issue, individuals with mobility disabilities who need to use a power-driven mobility device for reasonable access to such lands; to the Committee on Agriculture, and in addition to the Committee on Natural Resources, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Ms. BEAN (for herself and Mrs. CAPITO):

H.R. 4229. A bill to amend the Real Estate Settlement Procedures Act of 1974 to ensure that borrowers under federally related mortgage loans have an opportunity to inspect closing documents; to the Committee on Financial Services.

By Mr. BLUMENAUER:

H.R. 4230. A bill to limit access of Members of Congress to Government-administered health care benefits so long as comprehensive health reform legislation has not become law; to the Committee on House Administration, and in addition to the Committees on Oversight and Government Reform, Ways and Means, Energy and Commerce, and Veterans' Affairs, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. CAO:

H.R. 4231. A bill to amend the Violent Crime Control and Law Enforcement Act of 1994 to reduce the rate of occurrence of homicides and violent crimes in violent and drug crime zones; to the Committee on the Judiciary.

By Mr. CASTLE:

H.R. 4232. A bill to extend the temporary duty suspension on certain rayon staple fibers; to the Committee on Ways and Means.

By Ms. HERSETH SANDLIN (for herself, Mr. WALDEN, Mr. BAIRD, Mrs. McMORRIS RODGERS, and Mr. SCHRADER):

H.R. 4233. A bill to amend the Healthy Forests Restoration Act of 2003 to expand the areas of Federal land on which hazardous fuel reduction projects may be conducted under that Act, to add protection of infrastructure in rural communities as an additional purpose of that Act, and for other purposes; to the Committee on Agriculture, and in addition to the Committee on Natural Resources, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. SAM JOHNSON of Texas:

H.R. 4234. A bill to provide for the commemoration of the 60th anniversary of the Korean war; to the Committee on Armed Services.

By Mr. KENNEDY:

H.R. 4235. A bill to amend the Public Health Service Act to provide assistance for graduate medical education funding for women's hospitals; to the Committee on Energy and Commerce.

By Mr. LEVIN:

H.R. 4236. A bill to amend the Internal Revenue Code of 1986 to provide a temporary exclusion of 100 percent of the gain on the sale or exchange of certain small business stock; to the Committee on Ways and Means.

By Mrs. MALONEY (for herself, Ms. ROS-LEHTINEN, and Mr. NADLER of New York):

H.R. 4237. A bill to ensure that the courts of the United States may provide an impartial forum for claims brought by United States citizens and others against any railroad organized as a separate legal entity, arising from the deportation of United States citizens and others to Nazi concentration camps on trains owned or operated by such railroad, and by the heirs and survivors of such persons; to the Committee on the Judiciary.

By Ms. MARKEY of Colorado (for herself, Ms. DEGETTE, Mr. POLIS, Mr. SALAZAR, Mr. LAMBORN, Mr. COFFMAN of Colorado, and Mr. PERLMUTTER):

H.R. 4238. A bill to designate the facility of the United States Postal Service located at 930 39th Avenue in Greeley, Colorado, as the "W.D. Farr Post Office Building"; to the Committee on Oversight and Government Reform.

By Mr. MEEK of Florida (for himself and Mr. BRADY of Texas):

H.R. 4239. A bill to amend the Internal Revenue Code of 1986 to modify the exception from the 10 percent penalty for early withdrawals from governmental plans for Federal and State qualified public safety employees; to the Committee on Ways and Means.

By Mr. MELANCON:

H.R. 4240. A bill to provide for a grace period in which durable medical equipment suppliers may meet Medicare accreditation and surety bond requirements; to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. MICHAUD:

H.R. 4241. A bill to amend chapter 17 of title 38, United States Code, to allow for increased flexibility in payments for State veterans homes; to the Committee on Veterans' Affairs.

By Mr. MORAN of Kansas:

H.R. 4242. A bill to amend the Internal Revenue Code of 1986 to provide incentives for used oil re-refining, and for other purposes; to the Committee on Ways and Means.

By Ms. LINDA T. SANCHEZ of California (for herself and Mr. BRADY of Texas):

H.R. 4243. A bill to permit the issuance of tax-exempt bonds for air and water pollution control facilities; to the Committee on Ways and Means.

By Mr. SCHOCK (for himself and Mr. NYE):

H.R. 4244. A bill to amend the Internal Revenue Code of 1986 to provide a simplified research tax credit for small businesses; to the Committee on Ways and Means.

By Mr. SESTAK:

H.R. 4245. A bill to authorize the Secretary of the Army to provide assistance relating to water resource protection and development in Pennsylvania, and for other purposes; to the Committee on Transportation and Infrastructure.

By Mr. WALZ:

H.R. 4246. A bill to amend the Internal Revenue Code of 1986 to extend the alternative fuels credit for liquified petroleum gas through 2010; to the Committee on Ways and Means.

By Mr. BERMAN (for himself, Mr. SMITH of New Jersey, Mr. FALOMAVAEGA, Mr. PAYNE, Mr. CROWLEY, Mr. FILNER, Mr. HONDA, Ms. RICHARDSON, Mr. OBERSTAR, Mr. ELLISON, Mr. CARNAHAN, Ms. MCCOLLUM, Ms. HIRONO, Ms. CHU, Ms.

BORDALLO, Ms. SPEIER, Mr. BILBRAY, Ms. WATSON, Mr. ENGEL, Mr. AL GREEN of Texas, Mr. SABLAN, Mr. SIRE, and Ms. LORETTA SANCHEZ of California):

H. Con. Res. 218. Concurrent resolution expressing sympathy for the 57 civilians who were killed in the southern Philippines on November 23, 2009; to the Committee on Foreign Affairs; considered and agreed to.

By Mr. TERRY:

H. Con. Res. 219. Concurrent resolution recognizing and commending the leadership and thousands of volunteers involved with Bugles Across America for their commitment and sacrifice to ensure veterans are laid to rest with the honor and ceremony they earned through selfless service to the people of the United States in the Armed Forces; to the Committee on Veterans' Affairs.

By Mr. JOHNSON of Georgia (for himself, Ms. RICHARDSON, Mr. LUJAN, Ms. JACKSON-LEE of Texas, Mr. ELLISON, Mr. CONYERS, and Mr. FILNER):

H. Res. 950. A resolution expressing the sense of the House that any unobligated funds authorized for expenditure by the Troubled Asset Relief Program (TARP) should be used to create jobs for United States citizens; to the Committee on Financial Services.

By Mr. BROWN of South Carolina (for himself, Mr. DAVIS of Illinois, Ms. GINNY BROWN-WAITE of Florida, Mr. CONAWAY, Mr. KINGSTON, Mr. CARTER, Mr. DUNCAN, Mr. BARRETT of South Carolina, Mr. INGLIS, Mr. ROGERS of Kentucky, Mr. BACHUS, Mr. JONES, Mr. LAMBORN, Mr. FRANKS of Arizona, Mr. SHIMKUS, Mr. SCALISE, Mr. MORAN of Kansas, Mr. SAM JOHNSON of Texas, and Mr. SOUDER):

H. Res. 951. A resolution expressing the sense of the House of Representatives that the symbols and traditions of Christmas should be protected for use by those who celebrate Christmas; to the Committee on Oversight and Government Reform.

By Mr. MCKEON (for himself and Mr. CANTOR):

H. Res. 952. A resolution expressing the sense of the House of Representatives that a recipient of the Congressional Medal of Honor should be permitted, at all times on the recipient's property, to properly display the Flag of the United States of America; to the Committee on the Judiciary.

By Mr. MCGOVERN (for himself, Mr. WOLF, Mr. DELAHUNT, and Mr. SMITH of New Jersey):

H. Res. 953. A resolution expressing the sense of the House of Representatives that the Government of the People's Republic of China has violated internationally recognized human rights and legal due process standards by carrying out executions after trials marred by procedural abuses and by carrying out arbitrary detentions targeting Uyghurs and other individuals in Xinjiang in the aftermath of a suppressed demonstration and ensuing mob violence on July 5 to 7, 2009; to the Committee on Foreign Affairs.

By Mr. HALL of Texas (for himself, Mr. MCCAUL, Mr. OLSON, Mr. NEUGEBAUER, Mr. ROHRBACHER, Mr. AKIN, Mr. BROUN of Georgia, Mr. SENSENBRENNER, Mr. BILBRAY, Mr. BARTLETT, Mrs. BIGGERT, and Mr. SMITH of Texas):

H. Res. 954. A resolution expressing the sense of the House of Representatives regarding the scientific protocols, data collection methods, and peer review standards for climate change research which are necessary to

preclude future infringements of the public trust; to the Committee on Science and Technology.

By Mr. MCHENRY (for himself, Mr. KISSELL, Mr. HUNTER, Mrs. MYRICK, and Mr. SCHAUER):

H. Res. 957. A resolution honoring Jimmie Johnson, 2009 NASCAR Sprint Cup Champion; to the Committee on Oversight and Government Reform.

By Mr. VAN HOLLEN (for himself, Mr. GEORGE MILLER of California, Mrs. BONO MACK, and Mr. REICHERT):

H. Res. 958. A resolution congratulating the United States Men's National Soccer Team for securing a berth at the 2010 FIFA World Cup in South Africa; to the Committee on Oversight and Government Reform.

### ADDITIONAL SPONSORS

Under clause 7 of rule XII, sponsors were added to public bills and resolutions as follows:

#### CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, OR LIMITED TARIFF BENEFITS

Under clause 9 of rule XXI, lists or statements on congressional earmarks, limited tax benefits, or limited tariff benefits were submitted as follows:

The amendment to be offered by Representative FRANK of Massachusetts, or a designee, to H.R. 4173, the Wall Street Reform and Consumer Protection Act of 2009, does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI.

## EXTENSIONS OF REMARKS

RECOGNIZING THE CONTRIBUTIONS OF BARBARA DEE BRADFORD

### HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. BURGESS. Madam Speaker, I rise today in recognition of Barbara Dee Bradford. After 21 years, Barbie, as she is warmly known by friends and coworkers, is retiring from her post as Director of the Learning Center at the University of North Texas in Denton, Texas.

Barbie began her career at UNT in 1988 as a counselor in the Counseling and Testing Center, and has spent her entire career at UNT dedicated to student success and learning. In 1998 she created the Learning Center and has served as its only Director. Under her leadership, the Center has grown from an office with only one full-time employee and a handful of student workers to one that has seven full-time staff, several graduate assistants, and hundreds of student workers.

Barbie implemented Supplemental Instruction at UNT, a program where students who have recently completed a course return in future semesters and serve as study session tutors for those in the class. This successful program has helped improve the grades of thousands of students at UNT. Today, the Volunteer Tutor program thrives, and hundreds of students volunteer their time to assist other students.

Barbie has devoted time, even on weekends, to assist parents with their child's transition to UNT. For ten years, she has delivered a presentation to parents at each summer orientation session. Barbie uses personal examples to help parents feel at ease. Over the years, she has received numerous phone calls from parents and had students show up on her door. In all those situations, Barbie has welcomed the opportunity to be of assistance to the student, and the family.

Barbie has mentored hundreds of students, graduate students and staff members. Whether the students worked in her office or appeared at her door, she always has taken time to provide guidance and lend an ear. All who have worked for Barbie hold her in the highest regard.

Barbie is a walking example of a lifelong learner and exemplifies that to all with whom she comes in contact, which has allowed her to positively influence the lives of thousands of students over her 21 years at UNT. As a proud alumnus, I appreciate her dedication in support of their academic success as they build the foundations for their future.

Madam Speaker, it is with great honor that I rise today and recognize Barbie Bradford for her years of dedication and selfless service to the University of North Texas. I am proud to

represent her and UNT in the United States Congress.

### HONORING FRED MACHADO

### HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. RADANOVICH. Madam Speaker, I rise today to commend and congratulate Fred Machado upon being named the "2009 Agriculturist of the Year" by the Greater Fresno Area Chamber of Commerce. Mr. Machado will be recognized at the annual Agricultural Awards luncheon on November 18, 2009 in Fresno, California.

In 1932, Mr. Fred Machado was born in the Azores region of Portugal. At the age of sixteen he migrated to the United States with his family. When he arrived in the U.S. he began working as a farm laborer doing jobs that included milking cows for two hundred and fifty dollars a month. He enjoyed the work and took to the dairy industry quickly, but decided to join the United States Navy. In 1955, after leaving the Navy he had saved enough money to purchase a twenty-acre plot in Easton, just west of Fresno, California. During the 1950's, Mr. Machado established a dairy with fifty cows, the company grew, quickly reaching fifteen hundred heifers.

Over the years, Mr. Machado's land increased from twenty-acres to an eight hundred-acre farming operation that produces almonds, grapes, orchards and feed crops. Until this year the farm also included the dairy, however with unprecedented low prices for milk, the Machado family decided to retire from the dairy business.

Mr. Machado is a very active member of the community. He has served on the boards of the National Milk Producers Federation, Challenge Dairy, Danish Creamery and numerous community organizations. Mr. Machado has been active with the Fresno County Farm Bureau for over fifty years, serving in multiple leadership positions including serving as the Eastern Center Co-Chairman, and as president from 1972-1974.

Madam Speaker, I rise today to commend and congratulate Frank Machado upon being named the "2009 Agriculturist of the Year." I invite my colleagues to join me in wishing Mr. Machado many years of continued success.

### HONORING CORNELIS J.H. VAN DE VELDE PH.D., M.D.

### HON. GINNY BROWN-WAITE

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. GINNY BROWN-WAITE of Florida. Madam Speaker, I rise today to honor

Cornelis J.H. van de Velde Ph.D., M.D. For his commitment to the fight against cancer and his participation at the Tony Snow Cancer Symposium in The Villages, Florida on January 21. Hosted by the Caring and Sharing Villagers and the Alliance Healthcare Foundation, the Tony Snow Cancer Symposium is intended to raise funds for the creation of a \$25 million cancer center next to Leesburg Regional Hospital and promote cancer awareness in our community.

Currently serving as Professor of Surgical Oncology at the Leiden University Medical Center in Leiden, the Netherlands, Dr. van de Velde has supervised over 50 Ph.D. theses, coordinated 14 projects of the Netherlands Cancer Foundation, six health insurance fund projects, six European randomized breast cancer studies, and four European randomized colorectal cancer studies.

In addition to serving as a professor at the Leiden University Medical Center, he is the center's Coordinator of Oncology and sits on numerous committees there. He serves as Chairman of the Dutch Royal Academy of Sciences, founded and was the first Chairman of the Dutch Colorectal Cancer Group, the Dutch Gastric Cancer Group and the Dutch Breast Cancer Group. Dr. van de Velde has also been the President of the European Society of Surgical Oncology since 2008 and is currently Vice President of the European Cancer Society.

Dr. van de Velde was recognized in 1999 as an Honorary Fellow of the Royal College of Surgeons in London and the Royal College of Surgeons and Physicians in Glasgow.

Madam Speaker, individuals such as Cornelis van de Velde should be recognized for their sincere dedication to improving the health and quality of life for people all over the world. With the passing of my husband Harvey to pancreatic cancer, I can personally attest to the effects of cancer on both a person and their family. I sincerely appreciate the work that Dr. van de Velde has done and wish him further success in his medical endeavors.

### IN RECOGNITION OF THE 98TH BIRTHDAY OF RUBY HARTLEY BARTON

### HON. MIKE ROGERS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. ROGERS of Alabama. Madam Speaker, I would like to request the House's attention today to pay recognition to the special life of Ruby Hartley Barton of Talladega, Alabama.

Mrs. Barton was born on December 15, 1911 in Georgia to James and Victoria Hartley. Mrs. Barton's father died while she was a baby, and her mother raised her and her six brothers and sisters. Mrs. Barton grew up in a farming and textile family.

● This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

She was married to the late B.W. Barton for over 50 years and was blessed with two sons, Charles D. Barton and Larry H. Barton and one daughter, Edith Barton Bishop. Mrs. Barton now has three grandchildren, three great-grandchildren and one great-great grandchild.

Mrs. Barton worked at Bemis Mills for close to 40 years and has spent her life serving God and volunteering in her church as a Sunday School teacher, choir director and pianist.

On December 15th, her friends and family will celebrate her birthday in her room at Talladega Health Care in Talladega. Today I would like to wish Mrs. Ruby Hartley Barton a very Happy 98th Birthday.

#### PROMOTING JOBS FOR VETERANS ACT OF 2009

#### HON. STEVE BUYER

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. BUYER. Madam Speaker, I rise today to introduce the Promoting Jobs for Veterans Act of 2009.

Last week the U.S. Bureau of Labor Statistics reported that during the month of November there were over one million unemployed veterans in this country. The report also showed that the unemployment rate among our newest cohort of veterans ages 18–24 remains extremely high at 20 percent. Moreover, 700,000 of that million are between the ages of 35 and 64, the years of both the highest earning power and the highest financial needs to pay mortgages and tuitions. I ask unanimous consent that the relevant page from the December Bureau of Labor Statistics Report be included in the RECORD with my remarks.

These numbers paint a very disturbing picture of the obstacles veterans face. These men and women have put their lives on the line in the defense of freedom and democracy around the globe, so we must do a better job of helping these warriors find suitable employment opportunities when they return home.

That is why I have introduced the Promoting Jobs for Veterans Act of 2009. The first title of this bill focuses on providing funding and incentives for veterans to pursue training and education that would provide employment opportunities for them in the new economy. It would create a new troops to teachers program to pay new teachers who are veterans and are teaching in a rural area \$500 a month stipend. It would also provide a zip code based housing stipend for unemployed veterans who are participating in a VA approved OJT/Apprenticeship Program.

The second title of the bill focuses on promoting and expanding veteran owned and service disabled veteran owned small businesses. It would reauthorize the VA Veteran Owned Small Business Loan Guaranty Program which would guarantee loans for veteran owned small businesses up to \$500,000. It would also allow VA to enter into sole source contracts with veteran owned small businesses in the same way they can with 8(a) firms.

According to the U.S. Small Business Administration, firms with fewer than 500 employ-

ees accounted for 64 percent—or 14.5 million—of the 22.5 million net new jobs between 1993 and the third quarter of 2008. I firmly believe that veteran owned small businesses can become a driving force in this nation's recovery and this bill will help make that a reality.

Madam Speaker, I urge my colleagues to co-sponsor this needed legislation.

#### HONORING ERROTABERE RANCH

#### HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. RADANOVICH. Madam Speaker, I rise today to commend and congratulate Errotabere Ranch upon being the recipient of the 2009 Baker, Peterson and Franklin Ag Business Award by the Greater Fresno Area Chamber of Commerce. Mr. Dan Errotabere of Errotabere Ranch will be recognized at the annual Agricultural Awards luncheon on November 18, 2009 in Fresno, California.

Errotabere Ranch is a family operated farm in Riverdale, California and was first established in the 1920's by Mr. Jean Errotabere. By 1979, when Mr. Errotabere passed away, the farm had expanded to include 800 acres of cotton. Today, brothers Dan, Jean Jr., and Remi operate a six thousand-acre diversified farming operation which includes pima cotton, almonds, pistachios, tomatoes, garlic, onions, alfalfa seed, wheat, lettuce and cantaloupes in the Riverdale and the Five Points areas. Each brother is responsible for a specific facet of the business including the finances, crop production and farm equipment. Over the years the family has applied progressive water techniques and technology to better utilize the scarce water resources on the ranch.

The Errotabere family has a long history of community involvement. They have held many leadership roles in the agricultural industry and community organizations. Dan has been an advocate for agricultural water issues, serving on several water-related boards. Dan is also heavily involved with the Fresno County Farm Bureau, currently serving as president. All three brothers are actively involved with Riverdale schools and the Jordan College of Agricultural Sciences and Technology at California State University, Fresno. The family supports Community Medical Centers, Children's Hospital Central California and has been active in the local United Cerebral Palsy Association.

Madam Speaker, I rise today to commend and congratulate Errotabere Ranch upon being honored as the 2009 Baker, Peterson and Franklin Ag Business Award. I invite my colleagues to join me in wishing Errotabere Ranch many years of continued success.

#### INTRODUCTION OF THE "NO SOCIAL SECURITY BENEFITS FOR PRISONERS ACT OF 2000"

#### HON. JOHN S. TANNER

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. TANNER. Madam Speaker, today, I have introduced legislation that will treat retro-

active Social Security and Supplemental Security Income payments due to prisoners consistent with the way ongoing monthly payments are treated.

The "No Social Security Benefits for Prisoners Act of 2009" would prevent retroactive Social Security and Supplemental Security Income benefit payments from being issued to individuals while they are in prison, along with beneficiaries in violation of conditions of parole or probation, or who are fleeing to avoid prosecution for a felony or a crime punishable by sentence of more than one year.

The Social Security Act already bars payment of current monthly benefits to such individuals. This bill ensures this prohibition applies to retroactive benefit payments as well, and allows payments to be paid once the beneficiary is no longer prohibited from receiving payments under the provisions of this bill.

I urge my colleagues to support the bill.

#### RECOGNIZING AND CONGRATULATING ST. PETER LUTHERAN CHURCH IN ROANOKE, TEXAS

#### HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. BURGESS. Madam Speaker, I stand today to recognize and congratulate St. Peter Lutheran Church in Roanoke, Texas, as they celebrate the groundbreaking for their first facility.

St. Peter Lutheran Church was founded in September of 2006, when a small group of 37 families from Roanoke and surrounding cities in North Texas decided to plant a new church in their rapidly growing community. The congregation met under the guidance of Pastor Robert Baldur in a school gym, and later in the Roanoke Recreation Center.

The church's small beginnings did not stop them from reaching out to the community. Members of St. Peter Lutheran Church actively contribute to their community in many ways, such as participating in Habitat for Humanity, providing free games and activities for local children at city events, holding food and supply drives for local food pantries, among countless other acts of generosity. The church even has its own barbeque team—the Holy Smokers—who use their grilling and smoking talents to serve others.

The church now encompasses over 100 families, and is still growing. Their rapidly increasing size has led them to purchase 11 acres of land in Roanoke, where they will break ground on Sunday, December 6, 2009, and build their first multi-use church facility. Future plans also include a school, Concordia Academy, which will one day serve and educate children throughout North Texas.

Madam Speaker, St. Peter Lutheran Church is a shining light in Roanoke, Texas. I am extremely proud to represent Pastor Baldur and the entire church congregation in the 26th Congressional District. Their service to the community is valued and appreciated, and I look forward to watching the church grow, and observing the positive impact they will continue to have in North Texas.

A PROCLAMATION HONORING THE 20TH ANNIVERSARY OF THE TUSCO COMPOSITE SQUADRON OH-277, CIVIL AIR PATROL, UNITED STATES AIR FORCE AUXILIARY

### HON. ZACHARY T. SPACE

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. SPACE. Madam Speaker:

Whereas, the Tusco Composite Squadron, founded in 1989, is celebrating 20 years of commendable service in Tuscarawas County, and

Whereas, three founding members—Lt. Betty Turnbull, Lt. Marilyn Shanks and Lt. Wayne Shanks—have served their unit since its inception, and

Whereas, the Tusco Composite Squadron has assisted the community by securing crash sites, helping with disaster relief efforts, and other services, and

Whereas, the Tusco Composite Squadron has been the recipient of numerous awards pertaining to their work and services; now, therefore, be it

Resolved that along with the residents of the 18th Congressional District, I commend the Tusco Composite Squadron OH-277 on 20 years of service to the community and the Air Force.

CELEBRATING THE 20TH ANNIVERSARY OF THE FALL OF THE BERLIN WALL

### HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. POE of Texas. Madam Speaker, it was 20 years ago November 9, 1989, that the most notorious symbol of the Cold War, The Iron Curtain, came crashing down. When the Berlin Wall was opened for "private trips abroad", thousands lined up at check points demanding passage. In the following days and weeks, hundreds celebrated by physically tearing down the concrete division so completely that very little of the actual wall remains.

The Berlin Wall was erected by the German Democratic Republic in 1961 separating Eastern and Western Germany to stop migration of East Germans trying to escape communism. The wall had many deterrents for those looking for escape. Its total border length around West Berlin was ninety-six miles with forty-one miles of wire mesh fencing, sixty-five miles of anti-vehicle trenches, and seventy-nine miles of contact or signal fence. It has been reported that between 136 and 192 people were killed on the Berlin Wall and about 200 persons injured by shooting while attempting to escape between 1961 and 1989.

November 9, 2009, two decades later, thousands cheered as colorfully decorated mammoth dominos set along a mile-long route were toppled; symbolizing the wall coming down and the fall of communist countries in

Eastern Europe. On this day, we remember those brave, proud people who stood up to say no more!

### HONORING ANDREW SCOTT RICE

### HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. MARCHANT. Madam Speaker, I rise today to honor an amazing boy from Texas. His name is Drew Scott Rice, and he is a cancer survivor and amputee. Drew has experienced some difficult times, but his strong character has made it possible for him to live a healthy active life.

At the age of six, Drew was diagnosed with Ewing's Sarcoma Cancer on April 30, 2004. His treatment consisted of fourteen rounds of chemotherapy and the amputation of his left leg.

Drew returned to school on crutches after missing nine months for treatment. Even with missing so much school, he was able to continue his academics at the same grade level.

Even more surprisingly, Drew began playing baseball only three months post treatment. Drew has successfully adapted to his prosthetic leg as if it was second nature. He has played a total sixteen seasons between two leagues as a 1st baseman, 3rd baseman, and pitcher.

Drew has also shared his strength with other patients. He has visited cancer victims and amputees at San Antonio area hospitals and homes to offer encouragement and hope that they too can overcome their hardships.

As of December 10, 2009 Drew has been cancer free for five years. I am honored to speak of Andrew's strength here today and I ask my colleagues to join me in recognizing Drew as an inspiration and role model to those who suffer from cancer and or amputation.

### HONORING MARIA GROVNER

### HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. KINGSTON. Madam Speaker, I rise today in order to recognize Georgia's Middle School Counselor of the Year, Maria Grovner. A native of McIntosh County Georgia, Ms. Grovner is the middle school counselor at Creekland Middle School in Gwinnett County Georgia. Before receiving the honor of being named Middle School Counselor of The Year, Ms. Grovner was recognized as Gwinnett County's Counselor of the Year and as the Region II Middle School Counselor of the Year.

As a result of Ms. Grovner's hard work and numerous undertakings, it is no surprise that she has received these accolades. In addition to implementing numerous student activities and promoting diversity and early college awareness at the middle school level, Ms. Grovner coordinates a Peer Leadership Con-

ference for approximately 600 middle school peer leaders. Additionally, the Georgia School Counselors Association is fortunate to have Ms. Grovner serving as the Mentoring Program Co-Chair and as the Middle School Worksetting Vice-President. As Worksetting Vice-President, Ms. Grovner assists other middle school counselors throughout the state in implementing the best practices in their counseling programs.

Ms. Grovner's dedication to her profession and the students she serves is admirable and exemplary. Madam Speaker, I am proud to honor Maria Grovner as the State of Georgia's Middle School Counselor of the Year.

### VILLAGE OF ARGYLE IN MISSOURI

### HON. BLAINE LUETKEMEYER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. LUETKEMEYER. Madam Speaker, I rise today to recognize the Village of Argyle, located in Maries and Osage counties, in Missouri.

I would like to acknowledge the Village of Argyle as its residents prepare to celebrate the milestone of their centennial this upcoming June.

In the beginning of the 20th century, a group of Scottish-Irish surveyors made their way to the Midwest and were preparing to build a rail bed for the St. Louis, Kansas City and Colorado railroad to run between Kansas City and St. Louis. This spurred the formation of a town.

The area, once known as Sanbonfass, after St. Boniface, was named Argyle after a shire in the Isles of Scotland called Argyll. The Village was incorporated in 1908, and the rock island line brought prosperity to the village shortly thereafter. Today the Village is home to about 170 of my constituents, all of whom I know are proud to call Argyle home.

In closing, Madam Speaker, I ask all my colleagues to join me in wishing the residents of the Village of Argyle congratulations on reaching this important milestone.

### DAKOTA COMMUNITIES

### HON. ERIK PAULSEN

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. PAULSEN. Madam Speaker, recently I met with representatives of Dakota Communities—an award-winning 37 year old non-profit organization that helps people with disabilities realize their potential in their lives and communities.

In Minnesota's Third Congressional District, there are over fifty direct support professionals who have dedicated their careers to working for several group homes. These hard-working, talented men and women have repeatedly demonstrated their dedication to caring for those with disabilities. For their efforts and the positive impact these efforts will have in the lives of so many, I am extremely grateful.

IN MEMORY OF A SOUTH TEXAS  
HERO, BILL SUMMERS

**HON. SOLOMON P. ORTIZ**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. ORTIZ. Madam Speaker, I rise today to honor in memoriam the dedication and outstanding leadership of Mr. Bill Summers, who led the Rio Grande Valley Partnerships as its CEO for 20 years until his passing on Monday, December 1.

Mr. Summers, who spent 2 decades promoting South Texas and Mexico, as the two areas worked in unison to attract business opportunities and economic development to the region, was a pillar of South Texas. He was the unsung hero of the Rio Grande Valley, who is credited with bringing together local governments, economic development organizations and Chambers of Commerce to bring jobs and a better way of life to our communities.

Through his vision and tireless work for the Rio Grande Valley, he was able to secure business opportunities and ventures with Mexico and most importantly, the state of Tamaulipas, which borders Texas. Mr. Summers worked tirelessly to unite the South Texas region and to create economic growth and prosperity for the area.

He was key in establishing, opening and maintaining the first Texas Chamber of Commerce office in Victoria, Tamaulipas, Mexico, to promote trade and tourism of the South Texas region into Mexico.

Through Mr. Summer's work in Texas, the nation and Mexico, he was able to improve the lives of many by growing jobs and pushing for economic opportunities. He was instrumental in the creation of the Rio Grande Valley Mobility Task Force, which brought additional transportation funding to South Texas and pushed for the creation of an interstate highway.

Recently, he was honored when Farm-to-Market Road 1015 between U.S. Highway 83 and the Progreso International Bridge was named the Bill Summers International Boulevard.

Although we have lost a great hero whom we all deeply cared for and loved, I am certain his love and passion for the Rio Grande Valley will remain in our hearts and spirits for years and years to come. We will always remember Mr. Summers as a wise man who worked for the good. We will remember Mr. Summers as a man who could do it all.

Today, I ask that my colleagues join me in commemorating the life of Mr. Bill Summers, who served this nation with dignity, honor, respect and admiration.

CLEAN AIR AND WATER  
INVESTMENT ACT OF 2009

**HON. LINDA T. SÁNCHEZ**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. LINDA T. SÁNCHEZ of California. Madam Speaker, I rise today to introduce the

Clean Air and Water Investment Act of 2009. This legislation will restore tax exempt bonding for air and water pollution control facilities.

Prior to the 1986 revision to the tax code, state authorized agencies and political subdivisions were permitted to administer tax exempt bonds to finance "air and water pollution control facilities." The program proved so effective that even facilities that were grandfathered, and not subject to clean air standards, were proactive participants, providing cleaner air and water for our communities.

As we continue to look for ways to assist businesses and local governments in their efforts to reduce pollution, these bonds provide an affordable solution that will put people to work while providing cleaner and healthier communities. This bill would restore a proven incentive for industry to invest in cleaner air and water. Importantly, because it falls under a pre-existing spending cap, this legislation will present no new liability to the U.S. Treasury.

Members on opposite sides of the aisle frequently may differ on many issues before this body, but this is not one of them. I am pleased to be working on this bill with Congressman KEVIN BRADY of Texas, a fellow Congressional baseball aficionado. Congressman BRADY has been working on this issue for many years now, and I look forward to collaborating with him and seeing this bill signed into law.

I urge my colleagues to consider support this important legislation.

HONORING WILLIAM S. DALTON,  
PH.D., M.D.

**HON. GINNY BROWN-WAITE**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. GINNY BROWN-WAITE of Florida. Madam Speaker, I rise today to honor William S. Dalton, Ph.D., M.D. for his commitment to the fight against cancer and his participation at the Tony Snow Cancer Symposium in The Villages, Florida, on January 21. Hosted by the Caring and Sharing Villagers and the Alliance Healthcare Foundation, the Tony Snow Cancer Symposium is intended to raise funds for the creation of a \$25 million Cancer Center next to Leesburg Regional Hospital and promote awareness in our community.

Dr. Dalton currently serves as the President/Chief Executive Officer and Center Director at the H. Lee Moffitt Cancer Center & Research Institute in Tampa, Florida. The Moffitt Cancer Center is regarded as one of the top cancer facilities in the United States. With two decades of cancer research and contributions to over 200 publications, including the Journal of the American Medical Association and the Journal of the National Cancer Institute, Dr. Dalton has established himself as an expert in the fight against cancer.

Recognized as a "Best Doctor in America" since 1993, Dr. Dalton's primary areas of research include biochemical mechanisms of drug resistance, new drug discovery and the biology and treatment of multiple myeloma. He was also instrumental in obtaining the Molecular Oncology, Mopp, grant of \$5 million for the Moffitt Cancer Center in 2000.

Madam Speaker, individuals such as William S. Dalton should be recognized for their sincere dedication to improving the health and quality of life for people all over the world. With the passing of my husband Harvey to pancreatic cancer, I can personally attest to the affects of cancer on both a person and their family. I sincerely appreciate the work that Dr. Dalton has done and wish him further success in his medical endeavors.

IN RECOGNITION OF PIEDMONT  
HIGH SCHOOL WINNING THE  
ALABAMA 3A STATE FOOTBALL  
CHAMPIONSHIP

**HON. MIKE ROGERS**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. ROGERS of Alabama. Madam Speaker, I would like to request the House's attention today to pay recognition to the Piedmont High School football team in Piedmont, Alabama, who won the 2009 Alabama 3A State Football Championship.

On December 3, the Piedmont Bulldogs defeated Cordova High School by a score of 35-28 at Bryant-Denny Stadium in Tuscaloosa, Alabama. The Bulldogs finished the season with a record of 13-2.

Piedmont High School is located in northern Calhoun County, and their Bulldogs are coached by Steve Smith. The principal is Jerry Snow.

Congratulations to the Piedmont County High School Bulldogs football team, coaches, staff, and high school. All of us across Calhoun County and east Alabama are proud of these young people for their outstanding achievement.

HONORING ROBERT FOX, MAJOR  
(RET.)

**HON. GEORGE RADANOVICH**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. RADANOVICH. Madam Speaker, I rise today, along with my colleague JIM COSTA, to commend and congratulate Robert Fox upon being honored the "Citizen Soldier Award" by Fresno City College. Major Fox was recognized on Friday, November 6, 2009 at the annual Veterans Peace Memorial event held at Fresno City College in Fresno, California.

Major Robert Fox enlisted in the Indiana National Guard in 1962, and became the first African American to be commissioned as a Second Lieutenant by the Officer Candidate School at the Indiana Military Academy. He served with National Guard units in Indiana and Iowa prior to fulfilling his service obligations. In 1980 Major Fox received a direct commission as a Captain (03) and was assigned to the 49th Military Police Brigade of the California Army National Guard.

Shortly after Major Fox assumed the Dean's position at Fresno City College, he was transferred to the 195th Transportation Battalion in

Fresno, where he served as a staff officer. He was later selected to command the 2668th Transportation Company. During his tenure as Commander, the 2668th was selected on short notice to participate in Operation Team Spirit in the Republic of Korea. The unit was required to prepare assigned equipment, personnel and supplies to sustain the unit for forty days under combat conditions. The unit exceeded all time requirements in its preparation and performed in a meritorious manner during the exercise.

After assignment to the 115th Support Group in Roseville, California, Major Fox returned to the 185th Transportation Battalion with the rank of Major (04) as Battalion S-2/3 with the responsibility of training and operations. In 1994, Major Fox retired from the California National Guard after serving as Battalion Executive Director.

Major Fox's commitment to the welfare, professional development and career advancement of the non-commissioned officers and junior commissioned officers under his leadership were hallmarks of his service. His military education includes the completion of the Adjunct General Corps, Military Police Corps and Transportation Corps Basic Officer Courses; the Military Police Corps and Transportation Corps Advanced Officer Courses and attendance at the Command and General Staff School. For his service, Major Fox has been awarded the Army Commendation Medal with Cluster and the Army Achievement Medal.

Madam Speaker, Mr. COSTA and I rise today to commend and congratulate Major Robert Fox upon being recognized as a "Citizen Soldier." I invite my colleagues to join us in wishing Major Fox many years of continued success.

CONGRATULATIONS TO THE SAILORS WHO HAVE COMPLETED 1,000 DETERRENT PATROLS ON "OHIO" CLASS SUBMARINES

**HON. JACK KINGSTON**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. KINGSTON. Madam Speaker, I rise to support H. Con. Res. 129. To congratulate the accomplishment of Submarine Sailors completing 1,000 *Ohio*-class deterrent patrols. The people of coastal Georgia have great pride in their Submarine Sailors. It started back in July 1978 when Kings Bay, Georgia was chosen to be home for the Trident missile submarines of the Atlantic Fleet. In November 1981 the USS *Ohio* was commissioned and became the first submarine to carry Trident Missiles. *Ohio* made her first patrol 27 years ago this month in December 1982. Over 20 years ago in January 1989 the USS *Tennessee* became the first *Ohio*-class submarine to be stationed in Kings Bay. In Spring 2008 USS *Georgia* returned to Kings Bay to start a new type of mission as an SSGN.

*Ohio*-class submarines are modern marvels as the sea-based leg of the strategic deterrence triad. SSBNs (or Boomers) have a wide range of capabilities and when directed by the President can rapidly target their missiles.

Each Boomer can carry 24 Trident missiles with up to 8 warheads per missile. These missiles have a range of over 7,000 miles and can reach their target within 30 minutes. The warhead is accurate enough to hit the area the size of a baseball diamond with the destructive force of 475 kilotons of TNT. As impressive as these ships are, they are operated by the even more impressive Sailors of the submarine force. Our Sailors have faithfully safeguarded the Boomers without incident for 50 years. Our submarine Sailors have set the gold standard for nuclear surety in the world.

These Sailors are screened for physical, mental and psychological fitness to serve on submarines. They spend up to two years in school to know how to work on a submarine including cooking, plumbing, electrical repair, underwater maintenance, operating a nuclear powered propulsion plant and maintaining 100% reliability of the strategic missile system all of the time. Most of the crew is between 20 to 25 years old but some already have college degrees and all are volunteers. Within one year of first stepping onboard a submarine these Sailors earn their "Dolphins," a pin that signifies they are fully knowledgeable of the submarine's many technical systems and fully reliable during any casualty to be able to save the ship and their shipmates. They join the proud history and tradition of the submarine force with World War II submarine heroes like Mush Morton, Dick O'Kane and Admiral Eugene Fluckey. Because of the sacrifice and hard work of these Trident Sailors they have kept the 18 *Ohio*-class submarines in outstanding condition. These ships will last close to ten years longer than their design life despite operating in the harsh conditions of the oceans.

For over 1,000 patrols the Sailors serving on *Ohio*-class submarines have moved on and off the ship during crew turnover. They bring their sea bag full of gear, photos of family and friends, some snacks, and nowadays their favorite DVDs and I-Tunes. During a two-month patrol they make the boat their home. Maybe once a week they get an email from home called Sailor Mail. They routinely do not actually talk to their wives, kids, family or friends for many weeks. This is a unique sacrifice especially during this age of global telecommunication.

During those 1,000 patrols while these Sailors were at sea, the rest of us could go to work everyday, worship on Sunday, take our kids to baseball practice after school, shop at the grocery store and fish in our lakes and streams without fear because these Sailors stood the watch and defended our homes. For this we are thankful every day.

I rise today to congratulate our nation's Submarine Sailors who completed 1,000 patrols on *Ohio*-class submarines on this day December 2, 2009.

CONGRATULATING THE CHAZY CENTRAL RURAL SCHOOL BOYS SOCCER TEAM

**HON. WILLIAM L. OWENS**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. OWENS. Madam Speaker, I rise today to congratulate Chazy Central's boys' soccer team for their victory in the 2009 New York state soccer championship.

On Sunday the 22nd of November, high school soccer fans were treated to a great soccer match between some of the most skilled players in the state. The Chazy boys entered the state championship ranked as the number one team in their class and they carried that honor to the state championship, defeating Northville Central School in the final match.

I also want to extend my congratulations to Coach Rob McAuliffe, who built upon an impressive legacy to take our team to victory. I understand that since 1953, the Chazy boys' soccer team has had only four regular seasons without a winning record, and the elite status of these athletic young men could not have been reached without the 14 years of dedication from Coach McAuliffe.

I want to congratulate the boys' team of Kyle McCarthy, Brandon Laurin, Kaleb Snide, Tyler Bulriss, Shea Howley, Jordan Berriere, Andrew Rabideau, Nathan Reynolds, Andrew Duprey, Marc Oshier, Nolan Rogers, Dyllan Hack, Ian Anderson, Michael Santor, Matt Gravelle, and Austin Santor for all they have accomplished. Their teamwork sets a strong example for the community and reminds us all what is possible when we come together.

Once again, congratulations to Coach McAuliffe for his continuing efforts and to the Chazy Eagles on their success.

INTRODUCING THE DEPARTMENT OF VETERANS AFFAIRS ACQUISITION IMPROVEMENT ACT OF 2009

**HON. STEVE BUYER**

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. BUYER. Madam Speaker, today, I am introducing the Department of Veterans Affairs Acquisition Improvement Act of 2009. This legislation addresses serious long-term procurement problems within the Department of Veterans Affairs (VA) and would provide the VA with greater oversight of its contracting and asset management processes.

VA has annual expenditures of more than \$14.1 billion for supplies, services, and construction. The Department of Veterans Affairs Acquisition Reform Act of 2009 is a first step to provide a centralized oversight and policy for contracting and acquisition within the Department by streamlining business operations under an Assistant Secretary for Acquisition, Construction and Asset Management. This bill will improve procurement processes by:

Establishing the position of the Assistant Secretary of Veterans Affairs for Acquisition,

Construction and Asset Management who would serve as the Chief Acquisition Officer for the VA.

Providing an appropriate structure for acquisition policy and oversight over contracts and purchases.

Requiring the Secretary to establish and maintain a comprehensive centralized Department-wide acquisition program, and to develop a streamlined approach to purchasing goods and services.

Providing VA the authority to use personal services contracts to ensure patients at VA medical facilities are provided quality contract care without unnecessary expenses.

Authorizing the VA to have complete responsibility and auditing authority for the two Federal Supply Schedules delegated to the VA by the General Services Administration.

Providing a clear definition for small business concerns to be listed in the database of veteran-owned businesses maintained by the VA.

I am pleased to be joined by a number of members in introducing this much needed legislation, and urge my colleagues to support the bill.

#### IN MEMORY OF JODIE MAHONY

#### HON. MIKE ROSS

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. ROSS. Madam Speaker, I rise today to honor the memory of Joseph "Jodie" Mahony II of El Dorado, Arkansas, who passed away on Saturday, December 5, 2009, at the age of 70. Having served 36 years in the Arkansas state legislature, Jodie was a legend in Arkansas government and politics and his presence will be deeply missed.

Jodie committed his life to making Arkansas a better place to get an education, to live and to work. He was first elected to the Arkansas House of Representatives in 1970 and served 24 years before winning a Senate seat in 1994. In 2002, after two 4-year terms, when newly adopted term limits kept him from seeking re-election as senator, he ran for the House again, where he was still eligible to serve two more 2-year terms.

Jodie retired officially from elected office in 2006, but his presence remained at the State Capitol where he served as a part-time aide to the House Speaker during the 2007 legislative session. Throughout his career, Jodie filed 1,429 bills, with much of his efforts focused on public and higher education, the developmentally disabled, child support enforcement and natural resources conservation.

In addition to Jodie's public service, he and his family have played an influential role in the state's legal history. The grandson and son of lawyers, Jodie followed in his family's footsteps to become a lawyer, and today, in its 113th year, the Mahony law firm is the oldest operating law firm in the State of Arkansas. Jodie also served in the U.S. Marine Corps in active duty and the reserves.

Our State is better for Jodie's service to it and its people. I never thought of Jodie as a politician, but rather as a statesman. He had

the respect of every legislator for his knowledge, fairness and commitment to our great State. I had the privilege of serving with Jodie during my time in the Arkansas state legislature from 1991 through 2000 and he was a friend, a role model and someone I trusted for sincere advice and counsel.

My thoughts and prayers and those of every Arkansan are with Jodie's family during this difficult time, especially to his wife, Bettie Anne; his two sons, Joseph K. Mahony III and Michael Emon Mahony; and three grandchildren, Jordan, Alexandra and Joseph K. Mahony IV.

Jodie will be deeply missed, but never forgotten. Although he is no longer with us, Jodie's many contributions to improving our state will continue on forever, serving as a reminder of his hard work and many good deeds throughout an accomplished legislative career and life.

#### IN HONOR OF MRS. EDITH ARMSTEAD GRAY

#### HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. BISHOP of Georgia. Madam Speaker, I rise today to honor the life and the legacy of Mrs. Edith Armstead Gray. Mrs. Gray passed away December 1 at the age of 99. Mrs. Gray was a lady of style, grace, and compassion. But, most of all, Mrs. Gray earned the highest honor that could be bestowed upon any of us: "Servant."

Mrs. Gray was born in Galveston, Texas, in 1910 to Henry and Millie Armstead. She enrolled at Tuskegee Institute, now University, as a student majoring in home economics. She accepted her first and only teaching job in Conecuh County, Alabama, and returned to summer school to earn her B.S. degree from Tuskegee in 1940.

During her extraordinary teaching career, she became a great role model for thousands of young men and women who entered her classroom. But, her commitment and dedication to humankind did not limit itself to the classroom.

Shirley Chisholm once said that "Service is the rent that we pay for the space that we occupy here on this earth." Mrs. Gray paid her rent and she paid it well. She gave dedicated service to many community organizations to include: the Conecuh County branch of the NAACP; the Evergreen Housing Authority board of directors; the Neoteric Club, now associated with Neoteric Clubs of Alabama; the Mt. Zion A.M.E. Zion Church; the County Retired Teachers Association; and a life member of the advisory board at Reid Technical College. Because of her dedicated service to Reid Technical College, the library and technology center now proudly bears her name.

Mrs. Gray was a trailblazer. She was a founding member of the Conecuh branch of the NAACP and the Neoteric Club. She worked tirelessly to make sure that citizens in her community exercised their power of the ballot.

Mrs. Gray married Philander A. Gray in 1936. From that union came three accom-

plished children: Phyllis Hallmon, my chief of staff, Frederick Gray, and Jerome Gray. Upon the death of her husband in 1953, as a single parent, she reared her three children and passed on to each of them a love for people and public service. All of them have had distinguished careers and are making their mark on the world because of their mother's strong influence. Frederick has served for many years as a United Methodist pastor. His charge has been to bring souls to Jesus Christ for His service. Jerome has served as the State Field Director for the Alabama Democratic Conference. Like his dear mother, he has devoted his life and work to the expansion of political and civic opportunities for African-Americans. He has been involved in many capacities at the local and state levels in the fight for civil rights and equal opportunities. He currently serves as a Deputy Commissioner of Agriculture for the State of Alabama. Phyllis has also had a distinguished career, serving as a public school teacher, government lawyer, legislative director to a United States Senator, and chief of staff to two Members of the United States House of Representatives. In the same vein as her mother, she has distinguished herself as a woman of hard work and compassion. The legacy of Mrs. Gray will live on through each of them and their progeny.

Her legacy of good will is something that we all should seek to replicate. Our country and our world are better because Edith Armstead Gray passed this way. She will be sorely missed. I know that after 99 years of dedicated earthly service, she has now claimed her crown of righteousness.

I extend my deepest sympathies to the Gray family and thank them for sharing this special woman with the world for so many years.

#### TRIBUTE TO SENATOR PAULA HAWKINS

#### HON. JOHN L. MICA

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. MICA. Madam Speaker, it is with sadness that I report to the House of Representatives the passing of former United States Senator Paula Hawkins. Florida's former State Public Service Commissioner and U.S. Senator died Friday, December 4 in Orlando, Florida. With Paula Hawkins' passing, we have lost a remarkable public servant and trailblazer for women and all Americans in the state and national political landscape.

A resident of Winter Park, Florida, who began her public career in nearby Maitland, Florida, was born Paula Fickes in Salt Lake City, Utah, on January 24, 1927. She received her education from the public school systems in Salt Lake City and Richmond, Utah, as well as, Atlanta, Georgia, attending Utah State University from 1944-1947.

In 1972, she became the first woman in Florida elected statewide with her winning a seat on the Public Service Commission. With her election and work to reform Florida's State Utility Commission, she gained the name as the battling "Maitland Housewife." In 1980, she became the first woman elected to the

United States Senate without being proceeded in office by a husband or family member.

In the United States Senate, she authored the Missing Children's Act in 1982. During her 6-year term, she championed children's and women's issues and created a public dialogue on the subject of missing, exploited and abused children. "Senator Paula Hawkins was tireless, tenacious and an incredible champion for America's children," said Ernie Allen, President of the National Center for Missing & Exploited Children. "We will cherish her memory and miss her very much."

Senator Hawkins was also responsible for the passage of Radio Marti legislation and a number of measures assisting women in the workforce. She Chaired the Investigation and Oversight Subcommittee of the Senate Labor and Human Resources Committee. In addition, the Senator served as Chair of the Senate Subcommittee on Children, Family, Youth and Drugs and was responsible for establishing the U.S. Senate Child Care Center.

Mrs. Hawkins was instrumental in building the Republican Party, both at the state and national level. She began her GOP work at the local level, served as National Republican Committeewoman from Florida and co-chaired the 1984 Republican Convention Platform Committee. Senator Hawkins was also state co-chair in Florida for several successful Republican Presidential campaigns.

Senator Hawkins received numerous awards and was honored by selection to Florida's Outstanding Women's Hall of Fame.

Prior to election to the U.S. Senate she served as a vice president of Air Florida 1979–1980; director, Rural Telephone Bank board 1972–1978; member President's Commission on White House fellowships 1975; served on Federal Energy Administration Consumer Affairs/Special Impact Advisory Committee 1974–1976; and served for 7 years as a representative for the United States on the Organization of American States Inter-American Drug Abuse Commission.

Senator Hawkins is survived by her husband Gene Hawkins of Winter Park, Florida and three children, Genean McKinnon of Winter Park and Montreal, Kevin Hawkins of Denver, Colorado and Kelly McCoy of Orlando, Florida, as well as, 11 grandchildren and 10 great-grandchildren.

#### SPEECH ON AFGHANISTAN

#### HON. IKE SKELTON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. SKELTON. Madam Speaker, on Friday December 4, 2009, I had an opportunity to address the American Security Project Conference regarding the situation in Afghanistan. This speech followed a hearing of the House Armed Services Committee, which I chair, the day before. My address is as follows:

[Speech given at the American Security Project Conference, Dec. 4, 2009]

BEYOND THE SURGE: ASSESSING THE  
PRESIDENT'S AFGHANISTAN STRATEGY  
(By Ike Skelton)

First, let me take a moment to thank Admiral Gunn for that introduction. You're too

kind. I'd like to extend that thanks to Senator Hart and the American Security Project as a whole. You're doing great work, and I appreciate your efforts. I'd also like to say happy birthday to Evelyn Farkas, here at ASP. I would also like to thank our brave men and women in uniform. We have asked much of them in the past decade, and they have not failed to deliver.

Two months ago, I wrote a letter to the President saying, essentially, that he should listen to his commanders in the field. Being a member of Congress, it took six pages to say that, but that was the basic message. I made that same point in private conversations with the President. And so it pleased me the other night when the President agreed to provide General McChrystal with additional forces needed to make this new strategy work.

But before assessing the overall strategy, I think we should take a moment to remind ourselves why we're in Afghanistan and the threat we face there.

Al Qaeda presents a serious threat to our nation. Osama bin Laden and his minions have attacked us or attempted to attack us many times over the years. The most remarkable attack involved the murder of 3000 civilians—men, women, and children—but it was hardly the only attack. And I do not believe that anyone has a good reason to believe that they have given up their attempts to attack us.

Following our invasion of Afghanistan in response to this attack, al Qaeda largely fled to the border regions of Pakistan. Their Taliban allies, meanwhile, continue to escalate their attacks in an attempt to overthrow the Afghan government and drive out the international coalition.

Others have differing opinions on this, but I do not believe that we can ultimately destroy al Qaeda if we cannot prevent them from recreating a safe haven in Afghanistan. I also do not believe that we can be successful in rooting them out of Pakistan if we fail in Afghanistan.

Afghanistan and Pakistan have some inherent advantages for al Qaeda that other places may not. Having been in the region for over 20 years, they have married into local tribes and made contacts with other extremist organizations. These connections have allowed the senior leaders to hide successfully for many years.

Afghanistan is also of strategic value to al Qaeda. In losing Afghanistan, they lost not only the support of a government and the use of an entire country as a safe haven, but suffered a tremendous blow to their image. Reestablishing a safe haven in Afghanistan could rehabilitate this image among those who resent or oppose the United States, leading to increases in recruiting and funding.

Nor can we consider Afghanistan and Pakistan in isolation—the security situation in Afghanistan can have a negative impact on the stability of Pakistan. It is foolish to think that if the Taliban and al Qaeda were able to reestablish themselves in all or part of Afghanistan, they would not lend support to those militants seeking to overthrow or destabilize the Pakistani state. Al Qaeda has already assisted the Pakistani Taliban in carrying out attacks on the Pakistani government, and I would expect this aid to increase if al Qaeda regained a base in Afghanistan. There was an attack at a mosque earlier today that killed dozens. With a secure base for al Qaeda, I would expect many more such attacks. And the only thing worse than al Qaeda loose in Afghanistan again is a destabilized, nuclear-armed Pakistan.

On Tuesday night, the President proposed what I think is a good way ahead as we address this threat. From the extensive media reporting on the process, we all know how thorough a review was conducted by the White House, lasting months and including somewhere around 10 cabinet secretary level meetings and extensive consultation with every expert they could find.

President Obama's strategy rightly focuses on seizing the initiative from the enemy, building Afghan capacity, and ultimately allowing the Afghan government and security forces to take the lead in fighting this war.

The President has appropriately called for additional troops from our allies—this is not just America's war, and we must not allow it to become that. Perhaps more importantly, the President has put the burden of reform squarely on the Afghan government, laying out clear expectations of performance and promising support for those ministries and local leaders that perform.

The President has also rightly acknowledged the importance of Pakistan. Pakistan remains a challenge, playing a key and often contradictory role in the region. Pakistan, by assisting in the pursuit of al Qaeda and Afghan Taliban leaders, could help bring the war in Afghanistan to an end. Conversely, if Pakistan were to return to old habits of supporting the Afghan Taliban, the war may be almost impossible to win. More concerning, the continued ascendancy of militant movements in the region could destabilize Pakistan, a country with nuclear weapons. This could be disastrous for all of us.

I think this is a good strategy. Perhaps most importantly, it is a strategy that I believe has a good chance of success. In the past, I have often said that we lacked a strategy for the first 7 years of the war in Afghanistan. Some of my colleagues have suggested that this assertion may not be entirely fair. But, the result of whatever the prior Administration thought it was doing, ultimately resembled conducting combat operations without any thought of what we were trying to accomplish. So having a strategy, much less a good one, is a great start.

President Obama also, I am pleased to say, took my advice. He listened to his military leaders, including Generals McChrystal and Petraeus, Admiral Mullen, and Secretary Gates. Ultimately, the President endorsed adding 30,000 troops to carry out his strategy. This is on top of the 21,000 he dispatched to Afghanistan earlier this year. In January 2009, there were about 33,000 U.S. troops in Afghanistan. In about 7 months, there will be three times that. That is, I believe, a clear sign of the President's resolve and willingness to do what it takes to be successful in Afghanistan.

Yesterday, the House Armed Services Committee, which I have to honor to chair, hosted Secretary Gates, Admiral Mullen, and Deputy Secretary of State Lew. Next Tuesday, we will hear from General McChrystal and Ambassador Eikenberry. Members, properly, have a lot of questions about the strategy, and we want to make sure that the details have been thought through. I'll list a few of the areas we have explored or will next week.

Many members are concerned about the July 2011 date to begin redeployment. So far, most have focused on that date as being set, rather than completely conditions based, but to me it looks like this is a case where there

isn't much to complain about. Secretary Gates and Admiral Mullen were pretty clear that not only were they comfortable with the date, but that they thought it served the useful purpose of motivating the Afghans.

To me, what happens after that date is at least as important as the date itself. Secretary Gates testified that the process of transition that begins on that date would itself be slow and conditions-based, so that while the start of the process was fixed in time, the end could be adjusted as required. And I think that flexibility and realistic approach to a difficult process is exactly right.

One other concern, and one that in my mind might be more realistic, is the unintended consequences of setting out such a message. The message of a gradual, conditions-based transition may not be understood the same way by all audiences. The Pakistanis may well believe that it signals that the United States is once again leaving the region, and that might undermine our hopes of gaining their cooperation. Various ethnic groups in Afghanistan, fearing a civil war after we begin to depart, could start stockpiling weaponry or hedge their bets in other unhelpful ways. I think we have to keep our eyes open for this possibility and be creative in reassuring the Afghans and the Pakistanis that we are not abandoning them.

Corruption in the Afghan government, and the legitimacy or illegitimacy of that government, is also frequently a subject of questioning. It's a concern I share, and one that President Karzai's recent election reinforced. On the positive side, there are ministers and ministries in Afghanistan that have functioned well—Minister Wardak at the Defense Ministry and Minister Atmar at the Interior Ministry are honest effective ministers. The Health Ministry, Education Ministry, and the National Solidarity Program, run by the Ministry of Rural Rehabilitation and Development, all seem to be functioning well.

But there are also legitimate concerns. High level corruption among ministers and governors; shakedowns by police, judges, and other authorities; and perceptions that warlords are untouchable by the law feed the belief among the Afghan people that their government does not serve them. And President Karzai has not always been helpful—his family is perceived to be part of the problem, and his unwillingness to remove the immunity from some ministers so the Afghan Attorney General can indict them is not helpful.

There are ways we can help push for reform—for example, not working with those leaders who prove to be corrupt so that their ability to deliver for their followers or to make money is hampered—but we have to take this seriously. President Karzai, in his inauguration speech also promised to crack down on corruption and to hold a *loya jirga* of national reconciliation. I would like to hear from General McChrystal and Ambassador Eikenberry how we can hold him to these promises and push to have the *jirga* also help develop a compact of what the Afghan people have a right to expect from their government.

Members will also likely ask about the promised assessment of efforts in December 2010. I think that is a good time to begin such an assessment—six months after all the promised troops arrive in country—but members will likely have many questions about it. What will we assess? What is an acceptable level of progress? What are the options if progress is insufficient? These are all obvious questions. The one thing I would say is

that I think it will behoove all of us to offer the Administration some breathing space before we make judgments about the success of the plan. Asking questions is fair, drawing conclusions about the success or failure of the strategy before it is really implemented probably isn't.

So, in the first few days after the announcement of the new strategy, those are some of my thoughts. I think the President is to be commended for the strategy and the resolve he is showing. I believe he is fully aware of the threat posed by al Qaeda and the potential posed by a sanctuary for terror in Afghanistan and a possibly destabilized Pakistan. These are serious threats we are facing, and the President is clearly prepared to take realistic, effective and fully resourced steps to address them.

So I conclude as I started, by thanking all of you for what you do, and by asking you to think of the brave men and women in uniform, and the civilians who will assist them, who will have to do the hard, dangerous work to make this strategy a success. We owe them a great deal, and we should never forget it.

Thank you.

TRIBUTE TO BART NELSON,  
FOUNDER AND CEO OF NELSON  
IRRIGATION CORP

**HON. CATHY McMORRIS RODGERS**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mrs. McMORRIS RODGERS. Madam Speaker, today I rise to recognize Nelson Irrigation and its extraordinary founder, Bart Nelson. Recently recognized by the Seattle Business magazine as one of Washington's top innovators and entrepreneurs, Nelson has been one of the United States' leading pioneers in the field of agricultural irrigation.

Headquartered in Walla Walla, WA, Nelson Irrigation, Nelson, plans, designs, develops, manufactures, and sells proprietary products for the irrigation equipment market. His products are sold to customers throughout the United States and the world. What makes this company and its founder so special is that Nelson is not just focused on running an economically successful company, but doing so in a responsible way. The company specifically focuses on using natural resources responsibly, thereby saving both water and energy with its innovative products.

If one drives through my home district of eastern Washington, you can't help but spot some of Nelson's products at work. These innovative irrigation systems are helping to produce food for an expanding global population. In fact, Nelson recognizes the importance of their innovative products not just helping feed a growing population, but improving the quality of life for countless people throughout this country and the world.

Madam Speaker, with such innovative, dedicated, and sincere entrepreneurs as Bart Nelson helping to expand the irrigation products to new levels, I am confident that both eastern Washington and the United States can look forward to a future of world-class innovation and prosperity in the agricultural industry.

HONORING THE 125TH ANNIVERSARY OF THE RINGLING BROTHERS CIRCUS

**HON. TAMMY BALDWIN**

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. BALDWIN. Madam Speaker, I rise today to honor the 125th anniversary of the Ringling Brothers Circus and to recognize the role of both the Circus World Museum and the Wisconsin Historical Society in the preservation of circus industry history. The Ringling Brothers Circus has become a celebrated national entertainment enterprise based in Baraboo, Wisconsin, while the Circus World Museum and Wisconsin Historical Society have developed an impressive collection of circus artifacts and knowledge.

The Ringling Brothers Circus rose to prominence under the leadership of several Baraboo area brothers, eventually becoming one of the most successful entertainment enterprises in American history. This circus has contributed to the economic and cultural vitality of Wisconsin since the Ringling brothers gave their first performance on May 19, 1884. Though Chas, Al, John, Alf, and Otto Ringling launched their small business with less than \$100 in assets, these five Baraboo natives went on to purchase the world famous Barnum and Bailey Circus. The organization continued to grow, exhibiting the unique talents and showmanship of this Sauk County family for hundreds of audiences across the country. Combining their passion for performance with an entrepreneurial spirit, the Ringling brothers created one of the longest-running entertainment enterprises in the world. The work of the Ringling brothers and the success of their circus provide impressive examples for ambitious performers and business people everywhere. I am proud of the group's contributions to both the state of Wisconsin and to audiences throughout America.

Over the past half century, the Wisconsin Historical Society and the Circus World Museum have become stewards of circus industry memorabilia and information. Baraboo is home to one of the largest collections of historical circus artifacts in the world, and the Circus World Museum's Robert L. Parkinson Library and Research Center has become the world's foremost research facility for circus history. With objects dating back to 1793, these organizations are leaders, both on a local and national level, in the preservation of circus materials. By maintaining the documents, objects, and knowledge base associated with the circus, the Wisconsin Historical Society and the Circus World Museum have conserved a valuable aspect of our national heritage. The Historical Society's work on behalf of the Ringling Brothers Circus, as well as the circus industry as a whole, serves as an ideal example of its dedication to the local communities and to the enrichment of society through historical preservation.

The citizens of Baraboo can be proud of their city, and its role as the first home to the "Greatest Show on Earth." Since its inception, the Ringling Brothers Circus has cultivated a reputation for excellence in entertainment,

while the Circus World Museum has set the standard for circus history preservation. I therefore commend Ringling Bros. and Barnum & Bailey Circus for its sustained contributions to the national circus industry, as well as the Wisconsin Historical Society and the Circus World Museum, for their dedication to circus history and research.

#### THE HEALTH CARE REALITY CHECK ACT

#### HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. BLUMENAUER. Madam Speaker, today I am proud to introduce the Health Care Reality Check Act of 2009.

It has become clear that some of my colleagues in Congress lack proper perspective on the urgency of health reform because, ironically, as Members of Congress we enjoy some of the best health security in the world through our government-administered health care:

All Members of Congress are eligible—and most participate in—the Federal Employee Health Benefits Program, which provides all Federal employees with a Government-negotiated insurance exchange that is subsidized by their employer: the Federal Government;

Almost 150 Members of Congress qualify for Medicare, a single-payer Government insurance plan;

The 121 Senators and Representatives who served in our Armed Forces are eligible for the “socialized” health care we provide for all veterans; and

Members who aren’t veterans can avail themselves to a similar “socialized” program—the Attending Physician in the U.S. Capitol, for an annual fee of around \$500.

These Government-run health programs have successfully provided countless Senators and Representatives with life-saving medical treatments, but as we all know, most Americans don’t have this kind of protection.

Members of Congress should not have access to taxpayer-funded healthcare when they are actively denying these very people quality care of their own.

Congress needs a reality check.

In 2007, before the economy collapsed, 42 percent of all adult Americans under 65 were either uninsured or underinsured. Our dire unemployment rates and escalating health care costs have only made this situation worse. Today half of all American families delay seeking medical treatment because they have such a tenuous health insurance situation. Many of my colleagues do not fully appreciate the plight of 50 percent of our population, but we can help them understand.

Until health reform is enacted, Members of Congress should get to experience the tender mercies of our fragmented, complex, and exploitative health care system. My Health Care Reality Check Act terminates all government-administered health benefits for Members of Congress until comprehensive health reform is signed into law: no more Federal Employee Health Benefits Program, no Medicare, no VA, no attending physician in the Capitol.

Instead, Senators and Representatives may self-insure or they can rely on a spouse’s company having employer-provided insurance, thus tying them—like millions of Americans—to the employment of a family member. Some will need to buy health insurance on the private market, exposing them to legal discrimination based on age and gender.

By personally dealing with rescissions, pre-existing condition exclusions, the fine-print of insurance contracts and the gaps in coverage from weak consumer protections maybe my colleagues can better grasp the urgency of our health care crisis.

If our own health security were linked to the success of health reform for all Americans, we will have a bill enacted within weeks, guaranteed.

#### INTRODUCING LEGISLATION ADDRESSING WORLD WAR II AND THE DEPORTATION OF JEWS AND OTHERS TO CONCENTRATION CAMPS

#### HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mrs. MALONEY. Madam Speaker, I am pleased to join my colleagues Ranking Member ILEANA ROS-LEHTINEN and Congressman JERRY NADLER in introducing bipartisan legislation that addresses a horrific period in world history: World War II and the deportation of millions of Jews and others to concentration camps. This bill would affect French railroad companies, which took more than 75,000 Jews from France to concentration camps during World War II, less than 3 percent of whom survived. Under current law, these foreign entities are immune from legal action. Specifically, the bill provides plaintiffs the right to seek damages against the French National Railway (Societe Nationale des Chemines Fers Francais—SNCF) in Federal Court for its transportation of French and other Jews to Auschwitz as well as its supply of personnel to facilitate the transportation and the assessed charges per person. The French Government claims immunity from legal action due to the Foreign Sovereign Immunities Act, yet the FSIA was passed 30 years after the action causing the damages for which the plaintiffs seek. The bill allows the plaintiffs to sue regardless of the strictures of the FSIA.

Nothing will ever make up for the unthinkable atrocities undertaken by Nazi Germany and its sympathizers during World War II, but every bit of justice is important. No perpetrator or accomplice of the Holocaust should ever go unpunished. This bill allows some measure of closure for those who have suffered for far too long.

#### FIRST GLOBAL MINISTERIAL CONFERENCE ON ROAD SAFETY

#### HON. ROBERT WEXLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. WEXLER. Madam Speaker, as a founding co-Chair of the Congressional Caucus on Global Road Safety, I rise today to praise the highly encouraging efforts and outcomes of the First Global Ministerial Conference on Road Safety, which took place in Moscow, Russia, on November 19 and 20, 2009.

This important conference was the result of a five-year effort by a global community of stakeholders from multilateral and bilateral institutions, from governmental and nongovernmental organizations, and from academia and civil society. These groups are dedicated to raising international awareness and to mobilizing a global response to advancing road safety.

Hosted by President Dmitry Medvedev and the Russian Federation, this conference brought together transportation ministers, health ministers, non-governmental organizations, and experts from across the globe and reflected a growing understanding among nations to seek opportunities to cooperate on tackling one of the world’s most severe problems today—the epidemic of road crash deaths and injuries.

The statistics for this epidemic are staggering: 1.3 million people are killed annually on the world’s roads and 50 million more are injured. The number of deaths each year is the equivalent of 10 jumbo jets crashing every day, and the toll is continuing to increase dramatically. At the current rate of growth, road crashes will be the fifth leading cause of death overall by the year 2030, and the first leading cause of death for children aged five and older by 2020, rivaling the top and often more well-known global health epidemics.

Road crashes do not discriminate by age, class, gender, race, or nationality. Nor do they respect the bounds of geography. In the United States alone the death toll is an estimated 44,000 people annually, and road crashes have become the leading cause of death among Hispanics under 34 years of age. Meanwhile, in some African countries, up to half of all hospital surgical beds are occupied by road crash victims, while in others the fatalities rank second only to HIV/AIDS.

Along with the unfathomable human cost of road crashes, there are also grave economic costs to individuals, families, and communities. It is estimated that road crashes cost \$518 billion globally each year. In developing countries, road crashes have a dramatic impact on their fragile economies, costing an estimated \$100 billion, and often exceeding the total amount received by these countries in development assistance. Furthermore, road crashes place a preventable strain on first responder services, health care services, and health insurance services, as many victims require extensive, and expensive, critical care, as well as follow-up care and rehabilitation. In countries where a primary bread-winner is killed or injured, or must care for the injured, this can destroy livelihoods and devastate communities.

The First Ministerial Conference on Road Safety in Moscow addressed each of these issues, as well as many other key components of the road safety epidemic, in an intensive two days of plenary sessions and panel discussions during which high level delegates from various nations and organizations shared experiences, ideas, and best practices.

I would like to commend the U.S. delegation, which included representation from the Department of State, the Department of Transportation, the Centers for Disease Control and Prevention, and other partner state and federal agencies, for its robust participation and high level representation throughout the Conference. As the first global forum for road safety, this conference was truly an historic event. I am pleased that the U.S. delegation took a strong leadership role in addressing U.S. road safety goals and objectives, as well as in working constructively with the Conference to establish new benchmarks for best practices and road traffic injury prevention, as announced in the Moscow Declaration.

The Moscow Declaration reinforces governmental leadership and guidance on road safety, sets regional casualty reduction targets, and offers a new framework for international cooperation on global road safety. It declares the decade 2011–2020 as the “Decade of Action for Road Safety” with the goal of stabilizing and reducing the forecast level of global road deaths. Finally, the Declaration encourages the U.N. General Assembly to assent to the goals and policies it proposes.

I would like to acknowledge the hard work of all those who helped make the First Ministerial Conference on Global Road Safety a success. I applaud the Russian Federation for taking the initiative of hosting this critical conference in Moscow. I would also like to congratulate the U.S. delegation and other participants from around the world for having demonstrated a promising commitment to the important goal of reducing road deaths on a global scale.

I and the rest of the Congressional Caucus on Global Road Safety look forward to maintaining a fruitful dialogue with the Russian Federation, other governments, the international NGO community and other organizations, with the aim of finding further ways to improve road safety, and I am hopeful that the Congress as a whole will continue to do so as well. Finally, I encourage the Obama Administration and the American delegation to continue their strong leadership in ensuring that the casualty reduction targets and the road safety initiatives detailed in the Moscow Declaration are accomplished, both at home and abroad.

#### PERSONAL EXPLANATION

#### HON. TIMOTHY V. JOHNSON

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. JOHNSON of Illinois. Madam Speaker, unfortunately earlier today I was unable to cast my votes on H.R. 3288, H. Con. Res. 199, H. Con. Res. 206, and H. Res. 940 and wish the record to reflect my intentions had I been able to vote.

Last night, as you are aware, there were no votes in the House of Representatives due to the White House Christmas Party. I took this opportunity to meet with some of my young constituents at the Farmhouse Fraternity on the campus of the University of Illinois at Urbana-Champaign to discuss agricultural issues and the implementation of the Farm Bill. Early this morning I boarded an airplane in Champaign, Illinois, and unfortunately due to weather, my plane was drastically delayed, I was unable to arrive in Washington, DC to cast my votes.

Had I been present on rollcall #931 on the Motion to Instruct Conferees on H.R. 3288, Making appropriations for the Departments of Transportation, HUD, and related agencies for FY 2010, I would have voted “aye”. This vote would have blocked any attempt by the Majority from using H.R. 3288 as the vehicle for an Omnibus Appropriations bill and require that the language for this bill be posted online for 72 hours prior to any vote. Madam Speaker, omnibus appropriations bills that are hundreds of pages long and have not been fully vetted is no way to fund our government and I urge you to refrain from using this bill for those purposes.

Had I been present on rollcall #932 on suspending the rules and passing H. Con. Res. 199, Recognizing the 10th Anniversary of the activation of Echo Company of the 100th Battalion of the 442d Infantry, and the sacrifice of the soldiers and families in support of the United States, I would have voted “aye.”

Had I been present on rollcall #933 on suspending the rules and passing H. Con. Res. 206, Commending the soldiers and civilian personnel stationed at Fort Gordon and their families for their service and dedication to the United States and recognizing the contributions of Fort Gordon to Operation Iraqi Freedom and Operation Enduring Freedom and its role as a pivotal communications training installation, I would have voted “aye.”

Had I been present on rollcall #934 on suspending the rules and passing H. Res. 940, Recognizing and honoring the National Guard on the occasion of its 373rd anniversary, I would have voted “aye.”

#### CONGRESS IS TAKING THE WRONG APPROACH ON ESTATE TAX REFORM

#### HON. JERRY MORAN

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. MORAN of Kansas. Madam Speaker, farmers, ranchers, and other small businesses are the backbone of the Kansas economy. The ability to pass a business from one generation to the next is critical to a business's ongoing success. Rural America has enough trouble retaining a youthful workforce. The estate or “death” tax does not aid our efforts in promoting long term growth and curbing depopulation.

A major obstacle to the continuity of a business is the estate tax. I have long sought a permanent repeal of the estate tax. This tax comprises less than one percent of U.S. reve-

nues, but poses a substantial impediment to the growth of family farms and small businesses. H.R. 4154, Permanent Estate Tax Relief for Families, Farmers, and Small Businesses Act of 2009, does not provide the necessary reforms. While the certainty provided by H.R. 4154 would be welcome, passage of this legislation reduced the chances to next to none that any significant changes will occur to estate taxes in the future. I have sponsored an alternative that, for a while, was expected to be brought to the House floor. While it does not do all that I would like; it is reasonable and continues to have the chance for broad bipartisan support.

While I will continue to look for ways to achieve a full repeal, I believe the next best alternative, given today's political and economic climate, is H.R. 3905, the Estate Tax Relief Act of 2009. H.R. 3905 will exempt, from the estate tax, estates worth \$3.5 million in 2009, increase the exemption to \$5 million by the year 2019, and index the exemption to inflation to allow it to automatically increase in the years following 2019. Enacting exemptions at these levels should prevent a majority of Kansas' small businesses from being affected by the tax. H.R. 3905 will also reduce the maximum tax rate, for estates in excess of the exemption, to 35 percent by the year 2019.

While I am encouraged to see the House's willingness to address this issue, I feel Congress has missed an opportunity. I could not support H.R. 4154 because I believe it did not sufficiently address the damaging consequences of the estate tax while limiting the chances that Congress will ultimately do so. It is apparent that the House is currently unwilling to consider a full repeal. Until Congress is ready for that discussion, I will continue to work for initiatives that alleviate financial pressure from our farmers, ranchers, and small business owners.

#### OUR UNCONSCIONABLE NATIONAL DEBT

#### HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. COFFMAN of Colorado. Madam Speaker, today our national debt is \$12,086,172,114,368.23.

On January 6th, 2009, the start of the 111th Congress, the national debt was \$10,638,425,746,293.80.

That means the national debt has increased by \$1,447,746,368,074.43 so far this year.

According to the nonpartisan Congressional Budget Office, the forecast deficit for this year is \$1.6 trillion. That means that so far this year, we borrowed and spent an average \$4.4 billion a day more than we have collected, passing that debt and its interest payments to our children and all future Americans.

IN HONOR OF DECATUR TRADES &  
LABOR 50TH ANNIVERSARY

**HON. PHIL HARE**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. HARE. Madam Speaker, I rise to honor the Decatur Trades and Labor Assembly on the occasion of its 50th anniversary. For over 5 decades, this Council of affiliated unions has improved the lives of working families in Decatur, Illinois and the regions that surround it.

From day one, Decatur Trades and Labor made a positive impact on local residents. Its Council fought hard to organize the unorganized, giving more workers the opportunity to bargain collectively and access the American Dream. For those already under union contract, the Council was a fierce advocate for better wages, benefits, and working conditions. Each victory it achieved helped all workers, union or nonunion, affiliated or non-affiliated. Decatur Trades and Labor recognized early on that a rising tide lifts all boats.

The great work of Decatur Trades and Labor went far beyond the union bargaining table. It worked with groups like the NAACP to achieve racial justice. It promoted blood drives for the American Red Cross and food drives for the hungry. It registered people to vote. And it encouraged members to give what they could to local charities.

Fifty years later, Decatur Trades and Labor remains a staple in the community. Everywhere you go, there are living testaments to the Council's great work. But it is a landmark downtown—the monument honoring fallen and injured workers—that sticks out most in my mind. Nearly every April, I travel to that monument for Workers Memorial Day. It is a towering reminder of our moral obligation to ensure workers return home safely to their families each and every night. We have Decatur Trades and Labor to thank for making it such a unique focal point of the city's downtown.

On this golden anniversary, I thank Decatur Trades and Labor for making the city it calls home a better place to live. I look forward to seeing what more it can accomplish in the next 50 years.

HONORING FREEMAN HRABOWSKI

**HON. STENY H. HOYER**

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. HOYER. Madam Speaker, I rise to honor Freeman Hrabowski, President of the University of Maryland, Baltimore County, who has recently been honored as one of Time magazine's 10 Best College Presidents.

President Hrabowski's deep commitment to fostering talented students, especially in science and math, has helped increase UMBC's number of African-American science and engineering majors sevenfold. Today, UMBC is one of America's biggest producers of African-American science and engineering Ph.D.s. As a fellow college president put it, President Hrabowski "has taught all of higher

education that minority and low-income students . . . can meet the highest standards and excel."

Those high standards are, importantly, a matter of national competitiveness—but they are also a measure of this nation's promise of equality. As a child in Alabama, Freeman Hrabowski remembers Martin Luther King, Jr. telling civil rights marchers: "What you do this day will have an impact on generations as yet unborn." Today, at places like UMBC, that promise is coming true in the lives of the young men and women who are making the most of what those marchers won for them.

I join the members of the Maryland House delegation in thanking President Hrabowski for his commitment to his students and his extraordinary contribution to higher education. We congratulate him for this much-deserved recognition of his achievements.

HONORING THE 75TH ANNIVERSARY  
OF THE UNIVERSITY OF  
WISCONSIN ARBORETUM

**HON. TAMMY BALDWIN**

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. BALDWIN. Madam Speaker, I rise today to honor the 75th anniversary of the University of Wisconsin Arboretum, and to recognize the efforts of the community organization Friends of the Arboretum. Since June 17, 1934, Madison area citizens have worked with University of Wisconsin officials to develop and maintain an invaluable collection of restored ecosystems. Though thousands of committed people have contributed to the Arboretum in countless ways, one group in particular offers an ideal example of dedication to the Arboretum's mission. The nonprofit organization Friends of the Arboretum has helped preserve this valuable ecological resource both by fundraising for the Arboretum and through volunteer work. Those efforts, and the work of many others, have made possible invaluable scientific research and unique community opportunities.

Of course, Madison's Arboretum may not have been possible without the initial commitment of 200 hardworking individuals from the Civilian Conservation Corps. During the Great Depression, the efforts of these young government workers produced a natural sanctuary free from encroaching development and biological contamination. Just a few years after its dedication, the Madison Arboretum became the site of several important ecological experiments on conservation and restoration. One historic study conducted on the Arboretum's Curtis Prairie helped establish the use of fire as an effective prairie restoration technique, a method now widely recognized. Those 60 acres of Curtis Prairie today comprise the oldest restored prairie land in the United States.

As University of Wisconsin scientists continue to develop and enhance methods of ecological restoration, the Arboretum remains an important resource in the research process. The Arboretum now contains several preserved forests, prairies, and other lands, spread over hundreds of acres, which make

possible influential ecological studies. Since the Civilian Conservation Corps first began reintroducing native flora to the various ecosystems of the Arboretum, it has grown to house over 300 different species of plants. Though urbanization and the invasion of new plant types have provided new, modern challenges for this space, the commitment of university workers and community volunteers, such as those from Friends of the Arboretum, have kept the Arboretum strong. In addition to scientific research, Arboretum workers and volunteers facilitate a variety of community events, and offer unique educational opportunities in the field of ecology.

Today, Madison's University of Wisconsin Arboretum contains the single most comprehensive assortment of restored ecosystems and a highly dedicated group of supporters. I therefore honor the 75th anniversary of the University of Wisconsin Arboretum, and commend both Friends of the Arboretum and all other Arboretum volunteers. The sustained commitment of numerous community members has maintained and enhanced a truly priceless natural resource.

IN RECOGNITION OF CHEROKEE  
COUNTY HIGH SCHOOL WINNING  
THE ALABAMA 4A STATE FOOT-  
BALL CHAMPIONSHIP

**HON. MIKE ROGERS**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. ROGERS of Alabama. Madam Speaker, I would like to request the House's attention today to pay recognition to the Cherokee County High School football team in Centre, Alabama, which recently won the 2009 Alabama 4A State Football Championship.

On December 3, the Cherokee County Warriors defeated Jackson High School by a score of 31–24 at Bryant-Denny Stadium in Tuscaloosa, Alabama. The Warriors finished the season with a record of 15–0, making them the only undefeated team in the state.

The Warriors are coached by Tripp Curry, and the school's principal is Doug Davis. I'd like to congratulate the football team, coaches and high school students and staff on this outstanding achievement. All of us across Cherokee County and East Alabama are deeply proud of these talented young Alabamians.

HONORING COLONEL JONATHAN  
FLAUGHER

**HON. GEORGE RADANOVICH**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. RADANOVICH. Madam Speaker, I rise today, along with my colleague JIM COSTA, to commend and congratulate COL Jonathan Flaugh upon being recognized as a "Citizen Soldier" by Fresno City College. Colonel Flaugh was recognized on Friday, November 6, 2009 at the annual Veterans Peace Memorial event held at Fresno City College in Fresno, California.

COL Jonathan Flaucher assumed command of the 144th Fighter Wing, California Air National Guard in Fresno, California in October 2004. He is a "Command Pilot" with over 4,000 hours of Air Force jet and fighter time, and is currently an F-16 Instructor Pilot. He graduated from North Carolina State University in 1977, with a bachelor of arts degree in History, and entered the United States Air Force through the ROTC program.

Colonel Flaucher was on active duty until 1995, and he has been with the 144th in Fresno ever since. Prior to his assignment as the 144th Wing Commander, Colonel Flaucher served as the Active Duty Advisor, 194th Squadron Flight Commander and Operations Officer, 144th Logistics Group Commander, 144th Maintenance Group Commander and 144th Operations Group Commander. He graduated from the United States Air Force Air War College in-residence program at Maxwell Air Force Base, Alabama in 1998. Previous assignments include a staff tour with HQ USAF and flying assignments in the F-16 at Spangdahlem Air Base in Germany, the F-106 at Griffiss Air Force Base in New York. After pilot training at Williams Air Force Base in Arizona he was assigned to the T-33 at Tyndall Air Force Base in Florida. His first Air Force assignment was with the 726th Tactical Control Squadron base at Homestead Air Force Base in Florida.

Madam Speaker, Mr. COSTA and I rise today to commend and congratulate COL Jonathan Flaucher upon being recognized as a "Citizen Soldier." I invite my colleagues to join us in wishing Colonel Flaucher many years of continued success.

IN APPRECIATION OF MILLBRAE  
MAYOR ROBERT GOTTSCHALK

**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. SPEIER. Madam Speaker, every community should be so fortunate as to have a dynamic and committed public servant like Millbrae Mayor Robert Gottschalk.

Mayor Gottschalk is stepping down after eight years on the City Council, including two stints as Mayor. Bob's tenure on the council has been defined by his steady advocacy for the people of Millbrae, giving special emphasis to youth and senior programs, improving downtown and mitigating the impact of BART on Millbrae residents.

Mayor Gottschalk graduated from San Jose State University and went on to receive an M.B.A. in Finance from the University of California at Berkeley and a J.D. from UC Hastings College of the Law. He served our nation with distinction, retiring as a Captain from the U.S. Navy Reserves and worked for 21 years in banking before becoming an attorney.

Mayor Gottschalk represents Millbrae on the Association of Bay Area Governments, Peninsula Congestion Relief Alliance and the Joint Powers Authority for County Emergency Medical Response. He has also served as a member of the Millbrae Community Preservation Commission and was citizen advisor to the San Mateo County Transportation Authority.

Madam Speaker, I have worked closely with Mayor Gottschalk and my impression of him can be summed up as "leadership with a velvet glove." Bob has always led with gentility and a sense of decorum and the simple fact is that Millbrae, California is a better place to live because of his work. I know of no better barometer for public service than that.

HONORING JERRY "ICEMAN" BUTLER  
ON THE OCCASION OF HIS  
70TH BIRTHDAY

**HON. BOBBY L. RUSH**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. RUSH. Madam Speaker, I rise to pay tribute to and honor a legendary singer and songwriter, Jerry "Iceman" Butler, on the occasion of his 70th birthday today. An award-winning performer, producer and composer, and one of the architects of Rhythm and Blues, Mr. Butler, has enjoyed a 51-year career that began at the young age of 18, when he and Curtis Mayfield formed a rhythm and blues group, The Impressions, in Chicago in 1958.

The same year, Butler wrote a song titled For Your Precious Love, which became "the first of the Soul Music recordings" and a "landmark recording," according to Rolling Stone Magazine. The single, on Vee-Jay Records, became the first for The Impressions to "go Gold."

Mr. Butler, named "The Iceman" in 1959 by Philadelphia radio personality Georgie Woods for Butler's "cool as ice" delivery and debonair, effortless style has had numerous million selling recordings ("Gold") during his career: For Your Precious Love (with The Impressions, Vee-Jay, 1958); He Will Break Your Heart (Vee-Jay, 1960); Moon River (Vee-Jay, 1961); Never Gonna Give You Up (Mercury, 1976); Hey Western Union Man (Vee-Jay, 1968); Brand New Me (Mercury, 1969); Only The Strong Survive (Mercury, 1969); and Ain't Understanding Mellow (Mercury, 1973).

Nominated for three Grammys for singing and composing, Mr. Butler is the recipient of numerous awards, including several from ASCAP (American Society of Composers, Authors and Publishers) for his songwriting and publishing work; two Billboard Magazine Awards as a writer and artist; two Humanitarian Awards and several BMI (Broadcast Music Inc.) Awards as a writer and publisher. Butler was inducted into the Rock & Roll Hall of Fame in 1991 as "... one of the architects of Rhythm & Blues;" and was the recipient of a Rhythm & Blues Foundation "Pioneer Award" in 1994.

Madam Speaker, Mr. Butler, married for 50 years to Annette and the father of adult twin sons, is now using his considerable talent to serve the public as a member of the Cook County Board of Commissioners. First elected in 1986, Mr. Butler is currently the longest serving member of the Board. In his official capacity, he has led efforts to improve the quality of health services in the second most populous county in the United States, serving as Chair of the Board's Health and Hospitals

Committee. Butler also serves as Commissioner and past President of the Northeastern (Illinois) Planning Commission, responsible for the planning and consultation for the six counties of Northeastern Illinois.

Madam Speaker, it is my great privilege and honor to congratulate my friend and colleague, The Honorable Jerry "Iceman" Butler on the occasion of his 70th birthday and I am privileged to enter these words into the CONGRESSIONAL RECORD of the House of Representatives.

TRIBUTE TO MR. SALVATORE F.  
(SAL) PERRY

**HON. DANNY K. DAVIS**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. DAVIS of Illinois. Madam Speaker, I take this opportunity to congratulate Mr. Salvatore F. Perry on the occasion of his 70th birthday which was November 16, 2009 and to salute him for his many years of outstanding service as a businessman and civic mainstay in the Taylor Street area of Chicago, commonly known as Little Italy.

Madam, Speaker, Salvatore F. Perry was born on November 16, 1939 at Mother Cabrini Hospital in Chicago to Francis and Grace Perry, both of whom were born in Sicily Italy. Sal was educated at St. Phillip High School and graduated in 1957. When he was 9 years old, his father bought Perry's Bakery at 1052 West Taylor Street. Sal worked there all through high school. After graduation he worked at the South Water Market and later joined the Army and served 2 years at Fort Leonardwood, Missouri as a quartermaster. On November 12, 1962, Sal married Roseanne Raimondi Perry and they had two children, Cynthia and Salvatore.

In 1962, Sal opened Westside Foods at 1152 West Taylor Street and operated the store until 1990. In 1990, Sal opened Rosals Cucina and it continues to operate to this day. During this time Sal has won the Humanitarian Award from Holy Family Church and contributed to many charities in the form of food donations and volunteer work to improve the community in which he has lived and worked.

On several thanksgivings, working with Congressman DANNY K. DAVIS, he has donated dinners to seniors and the children at The Boys and Girls Club on Taylor and Racine. He helped to promote the rehabilitation of Holy Family Church by soliciting donations and other forms of marketing.

Madam Speaker, Sal retired in 2008, yet he continues to donate food and time to local charities. In his spare time, he enjoys fishing and spending time with his grandchildren.

Madam Speaker, Salvatore F. Perry is a true humanitarian who has contributed significantly to humanity and I take this opportunity to commend him for his great work.

IN APPRECIATION OF MILLBRAE  
CITY TREASURER MARY VELLA  
TRESLER

**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. SPEIER. Madam Speaker, this evening the city of Millbrae, California will say thank you and farewell to a true public resource as City Treasurer Mary Vella Treseler retires from the post she has held for eight years.

Mary Vella Treseler was elected by the voters of Millbrae in 2001 and re-elected four years later. She brought thirty years of experience in the banking industry to her job and helped guide the city through the many challenges that local governments have had to deal with in recent years.

This City Treasurer, however, serves her community in many ways. She has donated her time and talents to the Constitution Bicentennial Planning Committee, Millbrae Beautification Commission and Public Access Television Committee. Ms. Treseler also took an active part as a member of the Mayor's Civic Coordinating Council and Millbrae's Smoking Ordinance and 50th Anniversary Committees. In addition, she represented Millbrae on the San Mateo County Sesquicentennial Committee and was President of Soroptimist International of Millbrae-San Bruno. As if that is not enough, Mary has somehow found the time to serve as President of the Millbrae Historical Society for the past eight years.

As should be expected, Mary is no stranger to civic honors. She was named "Millbrae Woman of the Year" in 1999 and is the recipient of the Millbrae Historical Society's "Living History Award."

Mary moved to Millbrae in 1977, where she and her husband, Joseph Amoroso, raised their children, Adonna and Joseph Raymond, in Millbrae schools. Sadly, Mary was widowed in 1985. Her response was to get more involved in her community, which began her quarter-century of service to Millbrae. In 1990, Mary married then-Mayor Robert Treseler and her involvement in local government increased. So, too, did her family as Mary embraced the addition of step-children Robert Jr, William, James and Catherine. Sadly, we lost Mayor Treseler two years ago.

Madam Speaker, this is a remarkable woman with boundless energy and a passionate interest in her community. On behalf of my colleagues in the United States House of Representatives, I want to thank City Treasurer Mary Vella Treseler for her longtime service to the people of Millbrae and to our nation.

COMMENDING AND CONGRATULATING THE HONORABLE ROBERT WEXLER

**HON. MICHAEL E. McMAHON**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. McMAHON. Madam Speaker, I rise with a mix of sorrow and optimism as we wish fare-

well to Congressman ROBERT WEXLER, a true friend, fellow New Yorker—by birth—and leader on the House Foreign Affairs Committee as he moves ahead in the next stage of his successful career. Congressman WEXLER leaves behind a great legacy as one of the first legislators to truly harness the great potential of a U.S.-Turkey partnership. This legacy is illustrated time and again through the warm reception Congressman WEXLER receives from even the most skeptical audiences in Turkey, Israel and the Middle East. His example reminds us all of the power of diplomacy and American values.

As an outspoken advocate for increased dialogue between the United States and Turkey, he has created an environment of increased stability, security and friendship for all people in not only the United States and Turkey, but throughout the Middle East. Turkey is a strong partner with the U.S. in combating terrorism, particularly in Iraq and Afghanistan. Turkey also is on the verge of a successful rapprochement with Armenia. Additionally, Turkey is actively engaged in facilitating multilateral negotiations that often complement U.S. foreign policy on delicate post-conflict matters, greater economic and trade cooperation and of course, global energy needs.

As a founding co-chair of the Turkish Caucus and the Chairman of the Europe subcommittee, Congressman WEXLER has played a key role in all of these achievements. Most recently, his work to facilitate greater communication between legislators in the U.S. and Turkey culminated in last month's announcement that the Congressional Turkish Caucus hit a record number of 104 Caucus members since its inception in 2001.

Though the departure of Congressman WEXLER is saddening and no doubt a huge loss to the Turkish-American community and the U.S. House of Representatives, I am encouraged that in his new position as president of the Center for Middle East Peace and Economic Cooperation he will continue to bestow his vision of greater peace and understanding upon legislators and world leaders alike.

I would like to thank Congressman WEXLER for his great service to this country and look forward to continuing to work with him to develop a long-lasting diplomatic relationship with our allies in Europe and the Middle East.

IN APPRECIATION OF REDWOOD  
CITY COUNCILWOMAN DIANE  
HOWARD

**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. SPEIER. Madam Speaker, in an era of increased animosity in public life, Redwood City Councilwoman Diane Howard has been a breath of fresh air. Fans of good government and humble leadership are sorry to see her retire after fifteen years serving the people of Redwood City.

Diane was born in Rockville Center, New York, the first of eight children. In 1981, after graduating from nursing school, she and husband Steve moved west. Upon arriving in

Redwood City, Diane jumped into her community, serving on the Housing and Human Concerns Committee, Parks and Recreation Commission and Child Care Advisory Committee. She has also been active on the Economic Development Committee of the Redwood City Chamber of Commerce, the San Mateo County Medical Auxiliary Board, and the Redwood City Housing Advisory Board. Her work with the Redwood Shores Neighborhood Association led to the financing and development of schools, fire stations and a community center.

Diane was elected to the City Council in 1994 and was re-elected three times. Passionate about the issues of concern to her, Councilwoman Howard is nonetheless known for her kindness, warmth and positive attitude. Even those of opposing views will attest that Diane brought a new tone of civility to the City Council and its meetings. She is known for her patient willingness to listen to all points of view and has advocated for increased cooperation between City Hall, local businesses and community groups.

Madam Speaker, I have worked closely with Councilwoman Howard over the years and enjoyed every minute of our interactions. I wish there were more people in public life like her. On behalf of my colleagues in the United States House of Representatives, I thank Diane for her service. I also wish to thank her husband, Steve, and son, Geoffrey, for sharing this remarkable woman with the greater community.

TRIBUTE TO MS. FLORENCE  
LOGAN ON THE OCCASION OF  
HER 100TH BIRTHDAY

**HON. DANNY K. DAVIS**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Mr. DAVIS of Illinois. Madam Speaker, I rise to express congratulations to Ms. Florence Logan of Hillside, Illinois on the occasion of her 100th birthday which took place on October 27, 2009.

Ms. Logan is one of rare individuals who have not only lived a long life, but have lived a long and productive life. She has been a bright shining star whose life has been a beacon of hope. She has been active in politics for many years. She worked as an Election Judge, volunteer, ran a family store in the Garfield Park Community before moving to Hillside. She and her husband were married for 72 years and represented the true essence of family. She and her husband have five children, twelve grandchildren, and fifteen great-grandchildren.

Madam Speaker, it is a great honor for me to offer this tribute to Ms. Logan, congratulate her on her accomplishments and wish her well as she continues a very productive life.

IN APPRECIATION OF REDWOOD  
CITY COUNCILMAN JIM HARTNETT

**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 8, 2009*

Ms. SPEIER. Madam Speaker, Redwood City, California said good-bye to one of its most effective leaders when Councilman Jim Hartnett retired from public service this month.

Jim Hartnett is a story of "local boy makes good." Raised in Redwood City, he attended Mount Carmel School, Sequoia High School and Cañada College. The son of a long-time captain in the San Mateo County Sheriff's Office, Jim grew up well-versed in local issues and with a passion for public service. He, too, is passing on this tradition to his sons, Josh

and Jake, and daughters, Julia and Lydia, all of whom have grown up in the city that Jim loves so much.

Anyone who has attended a Council meeting in Redwood City over the past fifteen years has witnessed Councilman Hartnett's intellect and ability to explain dry, complex issues in accessible language that everyone can understand. Equally important to thinking clearly is a public official's willingness to take the lead on contentious issues. Councilman Hartnett was never timid about speaking his mind and his constituents always knew where he stood. I have had the privilege of working with Jim on numerous thorny topics over the years and found him to be, not only quick to grasp the issues, but equally effective at developing solutions. His leadership will be sorely missed.

Prior to being elected to the City Council, Jim served on the city's Planning Commission and Charter Review Committee. He has also served as chair of the Housing and Human Concerns Committee and the San Mateo County Business Development Commission and was President of the Redwood City Chamber of Commerce.

Madam Speaker, Mr. Hartnett has given much to the community where he was raised. He has dedicated decades of his life to improving Redwood City and San Mateo County and for that, deserves our thanks. While he is retiring from office, I know that Jim Hartnett will not wander far. He will certainly continue his involvement with Redwood City Little League and other youth activities and will very likely be pressed into service in other ways by his wife, current Redwood City Mayor Rosanne Foust.
